

TERTIARY TREATMENT ROUTES

Meadowhead Depot in Coylton operates seven tertiary gritting routes confined to the north and west of the council area treating urban roads and rural numbered unclassified roads.

Grangestone Depot in Girvan operates five tertiary gritting routes, confined to the south of the council area and treating urban roads and rural numbered unclassified roads.

Acting on advice received from the Council's weather service provider and local knowledge, tertiary gritting routes will receive treatment during daytime hours at the discretion of the Winter Duty Manager when resources are available.

Dependent on prevailing weather conditions priority may be given to tertiary routes in certain areas taking account of various factors including altitude.

Document	Winter Service 2011/2012	Revision	0
Operational Plan & Policy Appendix 3 – Tertiary Treatment Routes	Page 1 of 10	Date	13/09/2011

Meadowhead Tertiary Route 1.
