The Public Catalogue Foundation is creating a comprehensive inventory of oil, acrylic and tempera paintings in public ownership in Britain. This is being done in partnership with the BBC to create a vibrant and highly searchable website www.thepcf.org.uk. South Ayrshire Museums and Galleries service is participating in the project and work on photographing your paintings for the website will be carried out during the first few months of 2012.

With the emphasis on the story behind the paintings, the exhibition, *Your Paintings*, will be shown in three parts to enable visitors to see the range of oil, acrylic and tempera paintings held in the Maclaurin and South Ayrshire Council collections.
