

04/03/2019

I am writing to object to a Community Asset Transfer request from Dundonald Gymnastics Club, in relation to Muirhead Activity Centre. The reasons are as follows.

1. The club aim to put in sprung flooring which will mean that there will no longer be facilities available for football and other hard court activities. I object to the loss of an all round sporting facility.
2. Will the After School Club still be at the Activity Centre? If so will the council have to lease it from D.G.C.? If not where will it be based as this must be a major concern for working parents?
3. Dundonald Gymnastics Club are very positive about their aims concerning gymnastics but very vague about what will happen to the groups which will be displaced, some of which have used the centre for many years. They are also vague on how much access there will be for the local community.
4. In conclusion I object to the Community Asset Transfer request as it means the loss of sporting facilities for our community.

Yours sincerely
