

Hi

I have played badminton at the activity centre since it opened. Once on a Fri night

and once on a Thur afternoon. When a court became available on a Wed night that

was about 5 years ago we got that too. If the centre was taken over by Dundonald club

we would definately not get playing there again. I think this centre should be kept for the

community, as there is nothing else. The amount of new houses going up near by will obviously

increase demand of the centre. The gymnastics club say there are other facilities, I have spoken

to numerous people in the council regarding the hire of Marr College, several people

have said they would get back to me but this hasn't happened. Also we defintately wouldn't get

during the day, and school holiday times are unknown.

Cheers
