

Dear sir/madam

I wish to protest most strongly about the above! While I realise the council need to save money, I was lead to believe that asset transfers were only accepted if they were in the best interests of the community. I cannot see how Dundonald Gymnastics Club represents even 0.01% of the community.

The centre is used a lot by pensioners(OIR Troon), School groups, infant/nursery groups, and a wide cross section of the community-both young and old. I use it for Table Tennis/squash, and there is nowhere else nearby with such facilities.

Please reconsider this ludicrous decision!!!!
