

Troon Community Sports Hub & Dundonald Gymnastics Club

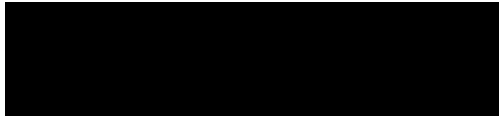

The Troon Community Sports Hub supports all sporting activity in Troon and district. To that end, we support Dundonald Gymnastics Club in their attempt to secure a permanent base in the area.

We are aware of the feelings of the local people regarding the Muirhead Activity Centre but we see the change of ownership – if it is approved – as part of a much bigger picture.

Our long term strategy is to maximise the use of existing facilities and build new ones around the town. Central to this plan is an indoor sports facility on the Marr Playing Fields that would accommodate everything and more that the community requires. This would leave the Gymnastics club to be run as a separate entity sharing as much of their facility with the community as possible.

With upgraded facilities in the town i.e. the new Marr College Games Hall and the larger hall at Struthers Primary, there should hopefully be space for what we need in the short term. We are more than happy to work with everyone involved to find replacement venues.

South Ayrshire Council and the newly formed Troon Development Trust are aware of the Hub plans and they are at the centre of the new sport strategy for the town. A community survey will also be carried out in the near future to determine what the community wants in terms of facilities.
