

Hi there,

I'm very concerned to hear that the council may be closing this Centre to the community and handing the premises over to Dundonald Gymnastics.

I have been using this Centre since 2009 to run a small community exercise class. My concern not only lies with losing a place to keep this going but for everything else that takes place there. Afterschool clubs, jo jingles, walking football, handball, badminton, squash, dance classes, kids parties the list goes on! So many activities are held here that serve the community in so many different ways. It helps to bring people together and enables people of all ages and backgrounds to be more active and have the opportunity to take part in various activities.

With so many new builds in Troon too as the population expands where will we have if Muirhead Activity Centre goes? If anything it should be invested in not closed off to the public.

I hope there will be a change and this doesn't go ahead! Would be a huge loss to the community. Please keep me informed of any news and changes or if there's anything else I can do.

I look forward to hearing from you soon.

Kindest Regards
