

This communication raises objections to the Community Asset Transfer submission by Dundonald Gymnastics Club in relation to Muirhead Activity Centre, Central Avenue, Troon, KA10 7AZ.

I am a regular daytime user of the Centre, sometimes up to three times in a week. The likes of Marr College is not available during the day and there is no alternative daytime venue for badminton or other indoor sport within a reasonable travelling distance of Troon.

I find it shocking that the South Ayrshire Council is to abandon us so that one single specialist activity club can further their private needs at the expense of all Council provision of daytime indoor sports within the Troon area. Furthermore, with more housing arriving the clamour for facilities will only get worse.

Please do not go ahead with this ill-founded Community Asset Transfer.
