Hi

I wish to write in full support of Dundonald Gymnastics Club to be granted a community asset transfer in Muirhead.

As a parent the club taught my daughter for 2 years and she has now gone on to be a cheer leader with Infinity Allstars and the skills she developed with DGC allowed her to progress as a cheer leader.

My son up until recently has done 2 years of recreational gymnastics. This has provided him with an out of school activity at the weekend and has improved his flexibility and fitness.

To have a top class place of excellence for Gymnastics in Troon will be an amazing opportunity for the club and the community of Troon. I have read the business plan and I am satisfied that provision for the community to be included has been made also. This I hope will allow the community and the club to benefit for years to come.

Kind regards
