

## CHARTER OF RIGHTS

As you know a couple of years ago our Self Advocacy group created our own Charter of Rights for Girvan Opportunities, based on the principles from the Charter for Involvement. This was displayed in our Ailsa Room for well over a year however after the creation of our wall mural we had to find a new area to display this. After consultation with service users we decided to give our Charter a bright new design. This will now be displayed in our social support room as well as throughout the building. We think the new design captures our service perfectly with elements of service as well as community projects. We hope you like it as much as we do 😊
