Item/Description	Discussion	Action
<b>Welcome and Introductions</b>	Mark Fletcher opened the meeting welcomed the group and informed them that he would chair the meeting in David Kilties absence	
<b>Notes of previous meeting</b>	The notes of the previous meeting proposed as an accurate representation of the meeting by Janette Heggs and seconded by Kate Anderson	
<b>Matters Arising</b>	No matters arising.	
<b>3. PB North Carrick Decides</b>	<p>The 2<sup>nd</sup> North Carrick Decides Decision Day took place on 3<sup>rd</sup> December 2016. 34 groups pitched on the day and 31 groups securing full funding. For more detail please refer to the table of groups funded on P4 of these notes.140 registered voters participated in the day. Local entertainment was provided by South Ayrshire Percussion Ensemble, North Carrick 3 Schools Choir and Maybole and District Youth Choir.</p> <p>Mark Fletcher spoke about the PAR project which has 80k available to distribute to community projects across North Carrick via a Participatory Budgeting process the PAR decision Day will take place on 4<sup>th</sup> March.</p>	
<b>4. Self - Directed Support update</b>	<p>Self-Directed support has been an on-going priority for the Locality Planning Group. The uptake of self-directed support is relatively low in South Ayrshire. 226 service users across South Ayrshire have opted to take up a SDS option between 2014 to current date.</p> <p>Nicola Scott (Social Worker) identified some of the perceived</p>	

	<p>barriers to SDS citing the biggest challenges are with older people's services when many situations reach the social work department when at crisis point. Also people don't clearly understand what they can expect of SDS. The fact that South Ayrshire operate an equivalency model often leads to people feeling that they'd be getting 'less' if they moved from traditional services to a flexible model of care.</p> <p>The group discussed the fit between community transport and self-directed support and their role as a locality planning group in promoting the range of local options for flexible care. It was agreed that Ayrshire Independent Living Network (AILN) should be invited to present at the next Locality Planning meeting</p> <p><b>Community Transport</b> Mark Fletcher informed the group that NCCBC in partnership with Leader and South Ayrshire Community Transport (SACT) have agreed to purchase a 16 seater minibus and an 8 seater multi- purpose vehicle. The challenge will be to let the wider community know that these vehicles are available for use <b>Mapping</b> the group agreed that it would be a good idea to add mapping into the Locality Planning Action Plan and that the Locality Planning group might have a role to both promote this service and also to map the potential use. It was agreed that this activity could tie in with the work of the access group and awareness raising sessions planned for later in the year. It was also suggested that the group could follow up on this conversation under matters arising at the next locality planning meeting.</p>	
<p><b>5. Action Planning against Priorities and Annual Report</b></p>	<p>Dawn showed the group an example of how she has broken the activity of each sub group into a section of the Locality Planning Group action plan. Callum Reilly noted that would benefit from intermediate outcomes to bridge the gap between Local and national outcomes <b>Annual report:</b> Dawn informed the group that the Community Engagement Officers have been working on a locality planning annual report. The first draft will be available for comment by group members at the next locality planning group.</p>	<p>Follow up on Locality Planning Groups role in facilitating a local community transport conversation</p>
<p><b>6.Subgroup activity Feedback AOB</b></p>	<p>The group discussed how they might publicise the work of the Locality Planning Group, through both traditional forms of communication such as a poster/flyer to advertise the work and also social media locality planning it was agreed that localised branding and a consistent focus on communicating would help raise awareness.</p> <p><b>Access:</b> The Access short life working group successfully secured funding of £1,695 from NCCBC to host a range of awareness raising sessions for those who live work volunteer and study in North Carrick.</p>	<p>Dawn Link with Ryan to discuss</p>

<p><b>7. AOCB</b></p> <p><b>Date of next meeting</b></p>	<p>The awareness-raising session will work with a minimum of 10 identified partners and alongside promoting a 'safe and accessible place for all' The sessions offers an opportunity to engage with the wider community, promote the work of Locality Planning in North Carrick and consult on Maybole and North Carrick Villages Locality Planning priorities.</p> <p>There has been a break in subgroup activity over the December and this will be picked up in the next 2 months</p> <p>Mark identified that as vice chair he is finding it difficult to commit to any meetings outwith Maybole he is keen to stay involved in Locality Planning but urged other representatives to come forward to support locality planning activity. Both Mark and David are currently sharing the SPAG rep role it would greatly help if someone would consider taking on this role as the lack of attendance at SPAG meetings means that North Carrick issues are not being represented.</p> <p>Kate Anderson intimated that she is interested in the SPAG role but would feel more comfortable if she could share this role with another representative form the group.</p> <p>Further information on the role and function of the SPAG can be found by following the link below  <a href="http://www.south-ayrshire.gov.uk/health-social-care-partnership/documents/strategic%20planning%20advisory%20group%20terms%20of%20reference.pdf">http://www.south-ayrshire.gov.uk/health-social-care-partnership/documents/strategic%20planning%20advisory%20group%20terms%20of%20reference.pdf</a></p> <p><b>The next meeting will take place on Thursday 16th February at 10am in the Carrick Centre.</b></p>	
--	---	--

<b>Organisation</b>	<b>Summary of Project</b>	<b>Amount Requested</b>
1st Maybole Brownies	To allow the group to use The Little Art School to provide a programme of Art for the children.	£1,000.00
