

Hi 

As part of the Colmonell Development Group I am in full support of the community taking on the former public toilets as the Development Group thinks it will be an asset to the village and will help to bring more tourism to the village with the relaunch of the walks in the area.

Yours

Morning All,

Colmonell Community Association (SCIO) is working with South Ayrshire Council to purchase the former public toilets in Colmonell by Community Asset Transfer and reopen these for public use again. As part of our paperwork submission we need to show that this project will be supported by various organisations and groups in the village, therefore we would be grateful if you could respond to this email to let us know if you would be in support of this, and which organisation you represent, e.g. Church, bowling club, Brownies, community council, development group etc. We would appreciate this information by 18th September to allow us to submit paperwork in time for the next CAT advisory panel meeting on 19th.

Many thanks for your help.

Regards

CCA SCIO
