Due to the lack of members in attendance who had been present at the meeting of 9 December 2025, consideration of these minutes was continued to the next Board meeting,

The Board

**Decided:** to continue consideration of the Minutes of 9 December 2025 until the next Board meeting of 12 February 2026.

#### 4. Update by Licensing Standards Officer (LSO)

The Licensing Standards Officer advised

- (1) that feedback following the festive season suggested that whilst hospitality venues were well supported at Christmas and New Year, the increased running cost of premises meant that profits were less than had been in previous years; and
- (2) that the rise in minimum wage and national insurance contributions for staff had a significant impact on all licensed premises large and small and as a result they are operating with less staff resulting in a lot of premises having shifts with only one staff member on duty. This is also significant in terms of the Boards policy statement and the expectation that a personal licence holder should always be on duty and this may mean that premises will require all staff to hold a personal licence (or at least have completed the SCPLH training) to ensure that all staff are trained to the same level and equipped with the knowledge they require regarding complying with the legislation; and
- (3) that whilst January is traditionally a quiet month for the licensed trade, the LSO is extremely busy with visits requested by licence holders and premises managers looking for information and guidance on future projects, events and increased facilities. This is extremely positive in terms of strong working relationships with the trade but also an indication of continued investment and new ideas for South Ayrshire this year; and
- (4) that there will be several significant events for the hospitality trade in 2026 but the most eagerly anticipated is the football world cup. The Scottish Government are very clear that the decisions regarding Licensing in each Local Authority area will lie firmly with the relevant Licensing Board. Each Board will take decisions regarding what is most appropriate for premises in their area and in anticipation of a future debate by the Board the LSO had met with a few licence holders to discuss their views about extended hours. Additionally, the South Ayrshire Local Licensing Forum will meet at the end of this month to hold a full discussion with the intention of providing feedback to the Board for their February meeting.

The Board

**Decided:** to note the update from the LSO.
