Buzzworks Hospitality Ltd – Vics and The Vine, 132 Main Street, Prestwick
Extended Hours Application – 13th /14th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in Main Street, Prestwick, which is a mainly commercial area with some residential properties nearby and to the rear.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are already granted later hours and have a regular terminal hour of 02.30am on a Thursday to Saturday and therefore already have the mandatory conditions attached to their licence. On a Monday to Wednesday the current terminal hour is 12.30am. However, as the game on Saturday 13th into Sunday 14th June has a kick off time of 2am, Extended Hours until 5am are requested to facilitate watching the full game on this date and as the game on 24th into 25th June begins at 11pm, a terminal hour of 2am is sought on that day.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and the maximum capacity of the premises is **300**.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known

Ultimate Leisure (Scotland) Ltd – Notion, 1-5 Arthur Street, Ayr
Extended Hours Application – 13th /14th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in Arthur Street in Ayr, which is a mainly commercial area.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has set a maximum capacity of 400.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event
- No under 18's permitted on the premises

Members will be aware that these premises predominantly operate as an events venue and are used to managing large numbers who attend for entertainment late at night. Whilst the capacity figure is 980, the operators have limited ticket sales to 400 in order to ensure this event can be easily managed. Additionally they do intend to support the showing of the other two initial Scotland games but do not require to apply for additional hours for this due to already having a 2.30am terminal hour.

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions

Greene King Retailing Ltd – Rabbies, 23 Burns Statue Square, Ayr
Extended Hours Application – 13th /14th , 19th/20th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in Burns Statue Square in Ayr which is a mainly commercial area.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are NOT late night operators and have a regular terminal hour of 12.30 Monday to Saturday and therefore the extended hours requested will add an additional 4.5 hours to trading on 13th June and 1.5 hours on 19th and 24th.

In order to ensure consistency, I have discussed the late night operating conditions with the applicants representative and confirmed that they are willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- The Mandatory Conditions for premises opening beyond 1.00am

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a maximum of 270 tickets available mainly to regulars via the Bellhaven/Greene King app.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event
- No under 18's permitted on the premises

Having discussed plans for the football with the applicants representative, I would ask the Board to consider granting this application with the addition of the suggested conditions

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**

Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in Cassillis Road in Maybole which is a mixed residential and commercial area.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are NOT late night operators and have a regular terminal hour of 1am Thursday to Monday and 12.30am on Tuesday and Wednesday and therefore the extended hours requested will add an additional 4 hours to trading on 13th/14th June and 1 hour on 19th /20th & 1.5 hours on 24th /25th June.

In order to ensure consistency, I have discussed the late night operating conditions with the applicant and confirmed that she is willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a total of **60 tickets** available to purchase at a nominal fee and a snack/buffet will be provided.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known

JD Wetherspoon (Scot) Ltd – The West Kirk, 58a Sandgate, Ayr
Extended Hours Application – 19th/20th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in the Sandgate in Ayr which is in a mainly commercial area.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are NOT late night operators and have a regular terminal hour of 12.30am Monday to Saturday and 12 Midnight on a Sunday and therefore the extended hours requested will add an additional 1.5 hours to trading on 19th /20th & 24th /25th June.

In order to ensure consistency, I have discussed the late night operating conditions with the area manager and confirmed that the premises are willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator and area manager supports the suggestion that the event should be ticketed and has advised there will be a total of **300 tickets** available to purchase in advance.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known

Bourne Leisure Ltd – The Lighthouse Bar, Craig Tara, Ayr
Extended Hours Application – 13th /14th , 19th/20th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which forms part of a family entertainment complex on the park at Craig Tara.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a total of **120 tickets** available to purchase in advance and they will not use the full capacity of 257.

The applicant is therefore in agreement with the following condition being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**

Members will be aware that whilst the Board agreed to hear each application individually, as LSO I have requested consistently that conditions are added to the grant of Extended Hours for the football world cup to ensure all premises are treated the same. These conditions and guidelines were supported by the South Ayrshire Local Licensing Forum in their letter to the Board.

In line with the licensing objective 'Protecting Children and Young People from harm' the Board have been satisfied that the most appropriate approach for the grant of Extended Hours has been to add a condition that NO under 18's are to be permitted on the premises, which has been a request from the LSO in each report.

In relation to this specific application, I would ask the Board to consider the very particular individual circumstances of this venue and in this case, I would suggest that this approach may be necessary in order to comply with the objective 'Protecting Children and Young People from harm'.

Board members will be aware that whilst these premises do NOT operate as a Members Club, they are not open to the wider 'public' and those attending must be staying in accommodation at the holiday park. Therefore, those who attend the premises are 'residents' of the park and all are on holiday and therefore not attending work or school the following day.

The park have applied for extended hours for two other venues at the same site, one which is to accommodate caravan owners (who attend a separate venue) and one which will be showing the world cup football and allow over 18's who do not wish to watch the TV in their caravan or lodge to watch the game on a large screen with company.

The purpose of this Extended Hours application is to offer the showing of the world cup football as a 'family function' and therefore provide an alternative venue for those adults who want to attend a premises and take children and young people with them.

Having discussed this extensively with the applicants, I am aware that it would be the intention to allow adults to purchase tickets for children and young persons aged 10 years and over and that the premises will be offering football themed games, crafts and activities in the adjoining spaces and to have staff (such as the themed characters) to assist with the supervision of these activities so that under 18's were not simply sitting in the 'bar' area. The purpose of this proposal is to provide residents (holidaymakers) with the option of bringing their children to a supervised 'event' instead of leaving them in the caravans and lodges whilst the adults attend to watch the football.

Having spent considerable time discussing this with the applicant and visiting the premises to identify the area intended for use during this event, I support this application as I believe that providing residents with the option of attending a family friendly environment is preferable to requiring staff to turn away anyone who wants to bring a child or young person with them and to prevent adults choosing to leave under 18's in the caravan or lodge unsupervised.

If the Board were minded to grant this application, I would ask that the following condition was added:

- **Children and young persons aged 10 years and over may attend the event if a ticket is purchased in advance (by a responsible adult) and they must be in the company of a person aged 18 years or over**

-

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known.

Board members will be pleased to note that the applicant engaged with the LSO at the beginning of this year to discuss proposals for the football and to seek guidance on the Boards requirements.

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known.

Bourne Leisure Ltd – Live Lounge, Craig Tara, Ayr
Extended Hours Application – 13th /14th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated within the main complex at Craig Tara which has a large capacity and no residences directly nearby.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are already granted later hours and have a regular terminal hour of 2am on a Monday to Sunday and therefore already have the mandatory conditions attached to their licence. For this reason they do not need to apply for extended hours to show two of the Scotland games as these can be accommodated within their current late hours.

However, as the game on Saturday 13th into Sunday 14th June has a kick off time of 2am, Extended Hours until 5am are requested to facilitate watching the full game on this date.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and the maximum capacity for this venue would be **700**.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

Board Members will be pleased to hear that a representative from Craig Tara engaged with the LSO early this year to discuss the Football World Cup. I am grateful for the information shared by the DPM regarding his experience which has assisted when considering appropriate conditions and expectations regarding extended hours.

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known.
