

South Ayrshire Council

**Report by the Depute Chief Executive and Director
of Housing, Operations and Development
to South Ayrshire Council
of 11 December 2025**

Subject: Ayr Parking Strategy (2025)

1. Purpose

1.1 The purpose of this report is to present the Ayr Parking Strategy (2025) outlining proposals to modernise Ayr's on and off-street parking arrangements through revised residents' permit schemes, rationalised pay and display (P&D) systems, and an approach to implementing new charges and digital permit systems

2. Recommendation

2.1 It is recommended that the Council

2.1.1 approves the Ayr Parking Strategy (2025) (Appendix 1) as the framework for managing on and off-street parking in Ayr town centre;

2.1.2 agrees to implement revised residents' parking schemes with revised annual charges, introduction of visitor, carer and business permits, 1 hr Limited Waiting in Zone B, and digital permit systems;

2.1.3 approves the rationalisation of P&D charging hours to 8am–6pm (Monday–Saturday) and to the extension of charges to Zone A5 (west of Wellington Square);

2.1.4 agrees to introduce seasonal charging (April–September) for Esplanade parking, with free parking retained outwith this period;

2.1.5 approves the restructuring of parking tariffs which encourage short stays on-street and long stays off-street;

2.1.6 approves the Head of Roads' proposal to commence a consultation process for the implementation of proposed charges within existing free car parks;

2.1.7 notes that implementation will be subject to statutory consultation and Traffic Regulation Orders (TROs) where required, and;

2.1.8 notes the capital investment required to support new parking infrastructure.

3. Background

- 3.1 The South Ayrshire Parking Strategy 2020–2024 established the Council's commitment to improving parking management across the area.
- 3.2 Following two extensive public consultations (2021 and 2023/24) involving over 1,700 responses, officers developed the Ayr Parking Strategy (2025) to address long-standing challenges related to outdated resident permit schemes, inconsistent P&D hours, and enforcement limitations.
- 3.3 The consultation results highlighted strong support for visitor and carer permits, continued free parking initiatives, and modernisation through digital systems, alongside concern regarding affordability and fair implementation.
- 3.4 The Strategy also outlines proposals relating to a modernised approach to managing the Council's existing free off-street car parks which enables a strategic, evidenced based approach, balances economic vitality through demand management, ensures fair access, and establishes a sustainable funding stream for reinvestment

4. Detail

- 4.1 **Residents' Parking:** The consultation proposed new or amended permit schemes within 14 zones across Ayr town centre with Zone A split into four zones and Zone B split into 10 zones. Detailed analysis of the consultation feedback has revealed that there are areas of high opposition. Therefore, after further review the following areas have been removed from any further consideration –
- Zone B8 – Fotheringham Road / Content Avenue
 - Zone B10 – Newton on Ayr
- 4.2 The consultation also set out a proposed charge of £60 for a residents' permit across both zones (based on previous Council feedback) and the Zone B proposal met with strong opposition. In response, a benchmarking exercise has analysed the fee against comparable permit fees across the country and it has been determined that it would be prudent to lower the proposed fee from £60 to £45.
- 4.3 Strong opposition from residents against the proposed limited waiting free stay of 3 hours has also been considered and in a further amendment from the original proposals, it is now proposed to reduce this period to 1 hour.
- 4.4 All other areas subject to the consultation remain within the scope of the Ayr Parking Strategy (2025), and the proposals relating to residents parking are summarised as follows:
- 4.4.1 Increase the annual charge for Zone A residents' permits from £50 to £60;
- 4.4.2 Replace the existing Type B permit system with shared-use bays (residents/limited waiting) with a maximum, non-permit, stay of 1 hour;
- 4.4.3 Increase the annual charge for Zone B residents' permits from £0.50 to £45 per annum;
- 4.4.4 Introduce visitor permits (£5.00 or £2.50/permit), business permits (£400 or £100/per annum), and carer permits (free);

- 4.5 **Pay & Display Parking:** the only departure from the consultation proposals pertaining to on-street pay and display parking is a proposal to extend the amount of time available within proposed Zone A5. This zone encompasses the court and other businesses where there is demand for longer on-street parking. It is, therefore, proposed to introduce a new tariff (B) to cater for such.
- 4.6 The Strategy has also been expanded to consider the introduction of a modernised off-street parking charging strategy across Ayr to address growing financial, operational and environmental pressures. Surveys show that free car parks regularly operate at capacity. A structured, category based tariff helps reduce dwell time, increases turnover and improves space availability.
- 4.7 The proposals relating to Pay and Display parking are summarised as follows:
- 4.7.1 Standardise on-street charging hours to 8:00am–6:00pm, Monday–Saturday, across Ayr town centre;
 - 4.7.2 Extend on-street P&D coverage to Zone A5 (west of Wellington Square/Charlotte Street) with appropriate tariff structure;
 - 4.7.3 Apply on-street seasonal charges from April to September along Ayr Esplanade to manage seasonal demand (retain free parking out-with these times);
 - 4.7.4 Redesign tariff structures so short-stay on-street parking remains premium, and long-stay off-street car parks are priced lower to encourage use.
 - 4.7.5 Retain the Free Parking initiative as a key support to town centre regeneration;
 - 4.7.6 Consult on the introduction of new off-street parking tariffs within existing free car parks.

5. **Legal and Procurement Implications**

- 5.1 Implementation will require amendment and introduction of Traffic Regulation Orders (TROs) in accordance with the Road Traffic Regulation Act 1984. Initially, draft proposals are presented to statutory consultees over a 21 day period. Thereafter, a wider consultation including each individual household affected by the proposals, takes place. Consultees will be informed of their right of objection and a further committee report shall be submitted with associated recommendations, should there be maintained objections.
- 5.2 Procurement of digital permit systems and signage will be undertaken in line with the Council's procurement regulations and financial procedures.

6. **Financial Implications**

- 6.1 Initial implementation costs (ticket machines, signage, software, TROs etc.) are estimated at £158,000 and a request will be submitted for funding under the Repairs & Renewal budget. The revised permit and P&D structure is expected to generate annual income of approximately £125,000 (based on a 25% low occupancy rate), which will be reinvested into parking enforcement and road projects.

7. Human Resources Implications

7.1 Additional enforcement and customer support capacity may be required. This will be reviewed during the implementation phase within existing staffing structures.

8. Risk

8.1 *Risk Implications of Adopting the Recommendations*

8.1.1 Public opposition to charges can be mitigated by a phased introduction and demonstration of reinvestment in active travel, public realm and road maintenance.

8.2 *Risk Implications of Rejecting the Recommendations*

8.2.1 Rejecting the recommendations may impact the Council's reputation and hinder the ability to implement the strategic priorities set out within the South Ayrshire Council Parking Strategy.

9. Integrated Impact Assessment (incorporating Equalities)

Our Integrated Impact Assessment (IIA) considers the following areas:

- Public Sector Equality Duty, Human Rights and Fairer Scotland Duty;
- United Nations Convention on the Rights of the Child (UNCRC);
- Sustainability, climate change and biodiversity;
- Potential impact on older people;
- Rural communities;
- Health and wellbeing;
- A trauma informed organisation; and
- The Promise.

9.1 An Integrated Impact Assessment has been carried out on the proposals contained in this report, which identifies potential positive and negative impacts. The IIA Summary Report is attached as **Appendix 2** which includes information on any mitigating action required. A copy of the fully completed IIA can be accessed [Ayr Parking IIA - ARA.xlsm](#)

10. Sustainable Development Implications

10.1 ***Considering Strategic Environmental Assessment (SEA)*** - The strategy supports reduced congestion and emissions by encouraging efficient parking turnover and sustainable transport choices. Implications are likely to be felt for over 10 years, supporting long-term regeneration.

11/

11. Options Appraisal

- 11.1 An options appraisal has been carried out in relation to the subject matter of this report. The following table summarises which options were considered and their ranking of preference:

Option	Description	Ranking
Full Cost Charging	Introduce new charging regimes with immediate effect.	1
Phased Implementation	Gradually implement new permit charges over a period of 5 years	2
Status Quo	Maintain parking schemes and associated charges in their current format.	3

12. Link to Council Plan

- 12.1 The matters referred to in this report contribute to Priority One of the Council Plan: Spaces and Places supporting commitments on sustainable communities and transport and vibrant local economies.

13. Link to Shaping Our Future Council Yes No

- 13.1 Not applicable.

14. Results of Consultation

- 14.1 There has been two public consultations on the contents of this report with over 1700 responses. The feedback has been carefully analysed and used to help shape the revised proposals.
- 14.2 The draft strategy has also been the subject of three separate Member's briefings and feedback provided through these forums has been used to help establish the various outcomes and recommendations.
- 14.3 Consultation has also taken place with Councillor Alec Clark, Depute Council Leader, Policy Lead for Commercial/ Operational Services, and the contents of this report reflect any feedback provided.

15. Next Steps for Decision Tracking Purposes

- 15.1 If the recommendations above are approved by Members, the Depute Chief Executive and Director of Housing, Operations and Development will ensure that all necessary steps are taken to ensure full implementation of the decision within the following timescales, with the completion status reported to the Cabinet in the 'Council and Cabinet Decision Log' at each of its meetings until such time as the decision is fully implemented:

<i>Implementation</i>	<i>Due date</i>	<i>Managed by</i>
Prepare draft TROs and manage statutory consultation process (for residents' permits and on-street pay & display schemes)	01 June 2027	Head of Roads
Prepare and submit subsequent panel report	31 August 2027	Head of Roads
Implement new permit and pay & display schemes	01 June 2028	Head of Roads
Undertake public consultation on the proposals for off-street parking charges	30 April 2026	Head of Roads
Prepare and submit subsequent panel report	31 July 2026	Head of Roads

PART 1: 2023/24 AYR PARKING CONSULTATION

Executive Summary

The **Ayr Parking Consultation (2023/24)** generated a significant level of engagement, with 751 responses to the online survey and hundreds of free-text submissions across Questions 8 and 9. The proposals sought to modernise Ayr's outdated residents' parking scheme, rationalise pay & display charging periods, and extend paid parking zones to support turnover and accessibility.

Key Findings

Residents' Parking: There was strong opposition to the proposed £60 annual charge for Type B permits (up from £0.50 lifetime fee) with concerns that charges represent an unfair tax with no guarantee of a space, and would disproportionately affect low-income households, carers, and tradespeople.

Shared-use bays maximise efficiency and ensure turnover, reducing commuter abuse, however, clear opposition was expressed to the proposal for 3-hours limited waiting in shared use bays. Clear support was given for the introduction of visitor, carer, business, and tradesperson permits.

Comparable UK towns already charge more for permits; Ayr's proposed fees are moderate according to benchmark results.

Parking reform is necessary to balance residents' needs with economic regeneration, especially in the town centre.

Pay & Display Parking: With respect to Pay & Display (P&D) parking, the majority of respondents opposed rationalising charging hours (8am–6pm, Mon–Sat) although it is not clear why. There is also opposition to extending P&D zones into streets within the vicinity of the County Buildings.

The 2-hour free parking initiative has been widely welcomed and is credited with boosting footfall and business confidence. Businesses and the public support simplification of tariffs but want recognition of different needs (short-stay shoppers vs long-stay workers).

Other Concerns: Calls for more bays and exemptions for Blue Badge holders was a recurring theme along with a recognition of acute pressures during large events and school drop-offs, with calls for special measures.

In relation to town centre vitality, fears were expressed that further charges could accelerate decline compared to nearby towns with cheaper/free parking, however, revenue is essential to fund enforcement, infrastructure, and digital permit systems.

Other Considerations

Benchmarking shows that Ayr's original proposed £60 fee across both resident's zones, while steep compared with the historic £0.50 fee, is low compared to most Scottish towns, but further thought should be given to potential mitigation to avoid perception of a punitive "tax."

Tariff reform should clearly distinguish short-stay on-street (higher rates) from long-stay off-street (lower rates) to manage demand effectively.

Seasonal parking at the Esplanade could address peak visitor demand and generate much needed revenue while protecting the free parking scheme and enabling wider roads infrastructure investment.

Conclusions

Successfully implemented schemes will depend on fair charging structures with allowances for residents; exemptions and flexibility for carers, disabled groups, and essential trades; targeted support for Ayr's economy through free short-stay parking and reinvestment and; robust enforcement and infrastructure improvements funded by permit revenue.

If implemented with sensitivity, transparency and reinvestment, parking reform could deliver a more balanced, sustainable system that protects residents while supporting Ayr's long term growth.

Recommendations

It is recommended that the structural and fundamental changes to the P&D and the residents permit schemes which manage parking within Ayr town centre are implemented, incorporating amendments to the original proposals which have been identified through the public consultation process.

Introduction

As urban areas continue to grow and more people own cars, finding a convenient parking space on the street is becoming increasingly difficult. In many areas within South Ayrshire, residents compete with commuters, shoppers and others for limited parking spaces.

In order to alleviate this problem, local authorities have implemented residents' parking permit schemes, which allow residents to park on their street whilst placing certain restrictions on non-permit holders.

Residents parking schemes operate within numerous towns and cities across the UK where the control of on-street parking is required to preserve the characteristics of residential streets located within the catchment areas of town centres.

Without control measures, residential streets can be subject to non-residential shopper, worker or commuter parking to the detriment of residents and their visitors particularly those households without access to off-street parking.

Whilst residents parking schemes by their nature aim to serve the needs of residents, there are additional benefits in terms of a reduction in CO2 emissions through encouraging travel behaviour change and a reduction in non-residential traffic.

Permit charges should be set at levels which ensure schemes are self-financing with any surplus revenues re-invested into roads related projects such as maintenance programmes or traffic calming schemes.

Pay & Display (P&D) parking is a proven effective means of controlling limited and in demand on-street parking bays and the proposals detailed within the Outcome Report are designed to further enhance the existing town centre offer.

A comprehensive review into off-street parking is the subject of a separate "South Ayrshire Council Off-Street Car Parks Strategy" which will be presented under a separate report. While the subject matter contained therein is linked to many of the topics referred to in this strategy, it is important to draw a distinction between on-street (residents and P&D) parking and off-street (car parks) parking.

Ayr Parking Consultation 2023/24

Previous Consultation

The South Ayrshire Council Parking Strategy 2020 - 2024 details the Council's aims and aspirations for parking within the Council area and the first Ayr Parking Consultation took place between Monday 5 July 2021 and Monday 16 August 2021.

The findings of the consultation survey, published in the Consultation Outcome Report, was presented to the South Ayrshire Cabinet on 17 January 2023.

Further Consultation

A further "Ayr Parking Consultation 2023" was conducted between 18 November 2023 and 31 January 2024 which presented refined proposals for residents parking and pay & display parking with the aim of addressing long standing issues concerning visitor and tradesperson parking. Consultees were invited to review the proposals and have their say via the survey on:

- Whether they consider the refined proposals for residents parking and P&D are appropriate;
- Whether the refined proposals for residents parking and P&D extend far enough;
- And if there are any other issues we should consider.

The results of this consultation were intended to help shape scheme development and it was stated that they would be collated and presented to South Ayrshire Council Cabinet at a later date, along with officer recommendations on how any future schemes should proceed.

The parking scheme proposals for residents and P&D were detailed within the consultation narrative and there were multiple drawings available to view by clicking the appropriate PDF links.

Consultation Proposals

The proposals set out within the consultation are described in detail below.

Residents Parking Proposal:

Permit parking within Ayr needs to be overhauled to make it fit for purpose. The existing scheme for residents' only streets was introduced in the 1970s and has remained unaltered. Households are limited to a maximum of two permits, and there is no visitor permit option, even for short stays of under 3 hours.

There are two schemes which apply:

- Type A permits, which cost £50.00 and apply to residents who live within designated pay & display zones.
- Type B permits, which cost £0.50 (50 pence) and apply to residents who live in residents-only streets.

Under both schemes, there is no option available for tradespeople who work in and around the town centre or for carers or other health care practitioners who make regular visits to residents within the proposed zones.

How the proposed Resident Parking Permit scheme will work:

- Remove residents-only exclusivity within existing residents-only streets and create shared-use "Residents Permit / Limited Waiting" parking zones (Scheme applicable Monday to Saturday, 8:00am to 6:00pm / £60 per permit per annum).
- Introduce visitor, business, carer and tradespeople permit parking options (Scheme applicable Monday to Saturday, 8:00am to 6:00pm).
- All permits will be issued virtually via an online booking system (assistance available if required), and applicants shall be required to provide relevant documents to prove eligibility, such as a driving license or medical certificate.

Type A Resident Permits within Pay and Display Zones:

- Residents permits will continue to be available to anyone who lives in a property within a P&D zone and owns a vehicle registered to that address.
- Resident visitor permits would be available to anyone who lives in a property within a pay and display zone.
- Business permits and business visitor permits would be available to any business located within the zones.

Type B Permits within Residential Zones:

- Resident only streets would become shared-use parking areas where parking bays are available to anyone for up to a maximum of 3 hours or for unlimited time by anyone who has a permit.
- Resident permits would be available to anyone who lives in a property within the zone(s) and owns a vehicle registered to that address.
- Resident visitor permits would be available to anyone who lives in a property within the zone(s). This means that visitors can stay for longer than the maximum permitted stay (proposed as 3 hours). Up to 5 vehicles may be registered against each permit.
- The residents' carer permits would also be available to carers or medical professionals who regularly visit the resident.
- Business and visitor permits would be available to any business within the zone(s).

Pay & Display Parking Proposal:

There are currently two different charging periods applicable within certain streets within the South Ayrshire paid for parking zones:

- 9:30am to 5:00pm Monday to Friday and 9:30am to 1:00pm Saturday
- 8:00am to 6:00pm Monday to Friday and 8:00am to 1:00pm Saturday

In the interests of simplifying the offer for citizens and enabling a smoother transaction process, there is no longer a sound rationale for maintaining two different charging periods.

The Council introduced a "2 hours free" at any time during the day parking initiative, replacing the need for the free parking periods currently available under the existing set-up.

The streets within the vicinity of the County Buildings are the only streets within the wider town centre areas not currently subject to P&D. The existing limited waiting restrictions are difficult to manage, and the desired turnover of spaces to enable ease of access to the County Buildings, Court and various other businesses is not achieved.

Under the current system, there are no permit options available to residents, businesses and guest houses located within these areas.

How the pay and display parking proposals will work:

- Rationalise charging periods across the existing zones to apply charges between 8:00am and 6:00pm Monday to Saturday.
- Extend pay and display into Bath Place, Pavilion Road, Cassillis Street, Charlotte Street (West) and Place de St Germain En-Laye (to be known as Zone A5).

Consultation Analysis

Question 1 to 5 – General

The on-line consultation generated 751 responses and consultees were asked to provide some background information in Questions 1 to 5 in order establish that they were familiar with the subject matter and to gauge their connection to the town centre and their main reasons for visiting.

Table 1 - Consultation Question 1

Question 1		
Have you reviewed the information available on the Ayr Parking Consultation - 2023 webpage?		
Answer choices	Responses	Number
Yes	95.34%	716
No	4.66%	35
Total		751

Table 2 - Consultation Question 2

Question 2		
Have you reviewed the information available on the Parking Strategy?		
Answer choices	Responses	Number
Yes	95.07%	714
No	4.93%	37
Total		751

Table 3 - Consultation Question 3

Question 3		
Have you reviewed the information on the Consultation Outcome Report?		
Answer choices	Responses	Number

Yes	92.14%	692
No	7.86%	59
Total		751

Table 4 - Consultation Question 4

Question 4		
What is your connection to Ayr town centre and surrounding areas?(select all that apply)		
Answer choices	Responses	Number
I own a business	7.72%	58
I work in Ayr town centre	15.8%	117
I live in or close to Ayr town centre	77.90%	585
I visit Ayr town centre	29.43%	221
I have no connection to the town centre	1.20%	9
Other (please specify)*	6.92%	52
Total		751

* to view “Other” responses please see below.

Table 5 - Consultation Question 5

Question 5		
What are your main reasons for visiting Ayr town centre? (select all that apply)		
Answer choices	Responses	Number
Work	29.03%	218
Socialising	51.13%	384
Recreational	40.21%	302
Shopping	66.44%	499
Commuting	15.05%	113
Other (please specify)*	27.83%	209
Total		751

* to view “Other” responses please see below.

Question 6 – Pay & Display Parking

There were three statements posed to gauge opinion on the proposals to amend designated parking arrangements where consultees were asked confirm their level of agreement or disagreement.

All three statements generated majority opposition. Opposition to the proposal to rationalise charging periods to create one simplified period across the town centre (8am – 6pm Mon – Sat) may be attributed to a general sense that parking charges should be scrapped altogether. However, the introduction of the 2 hours free parking initiative has been well received and could perhaps address many of the concerns raised. There also remains the need to manage parking such that a turnover of spaces continues to be generated particularly on Saturdays.

It is difficult to determine why the proposal to extending charges to the west of Wellington Square and Charlotte Street were opposed. It may be that the many respondents were workers who currently use

this area to park for free. Further consideration needs to be given as to how best to meet their needs whilst still encouraging the desired turn over of spaces.

Table 6 - Consultation Question 6

Question 6						
Please indicate whether you agree or disagree with the following three statements surrounding Pay and Display parking.						
Answer Choices	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	Response Total
The hours during which on-street parking charges apply should be made the same across the town	11.85% 89	23.30% 175	13.85% 104	13.18% 99	37.82% 284	751
The on-street charging hours should be 8:00am to 6:00pm Monday to Saturday	5.19% 39	12.65% 95	12.52% 94	23.04% 173	46.60% 350	751
The streets listed as zone A5 near to the County Buildings should be included in the pay and display zones	9.99% 75	15.05% 113	15.58% 117	16.91% 127	42.48% 319	751

Question 7 – Residents Parking

Question 7 was designed to test opinion around the resident parking proposals and the five statements generated a mixed response. A majority of consultees expressed their opposition towards the statement relating to whether they agreed that the permit schemes required updating.

There was clear support for the introduction of visitor, carer, business and tradespeople options but clear opposition to the proposed permit prices. Conversely, there was clear opposition to the proposal to implement an equitable permit price to the two types of permit and a quite significant negative response to the proposal for a 3 hour maximum stay limited waiting option for non-permit holders.

Table 7 - Consultation Question 7

Question 7						
Please indicate where you agree or disagree with the following five statements surrounding residents parking.						
Answer Choices	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	Response Total
Existing resident permit schemes require updating and amending	10.79% 81	20.37% 153	18.51% 139	10.79% 81	39.55% 297	751
Resident permit schemes should have a visitor option	36.09% 271	33.16% 249	10.79% 81	4.39% 33	15.58% 117	751

Question 7						
Please indicate where you agree or disagree with the following five statements surrounding residents parking.						
Answer Choices	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	Response Total
Resident permit schemes should have a carer/business/tradesperson option	36.62% 275	31.42% 236	12.25% 92	5.33% 40	14.38% 108	751
The price for a Type A (pay & display zone) and Type B (residential area zone) resident permit should be the same	8.39% 63	13.58% 102	17.98% 135	16.78% 126	43.28% 325	751
3 hours maximum length stay within the shared use bays within the Type B permit areas is the right amount of time.	4.93% 37	14.11% 106	18.38% 138	15.58% 117	47.00% 353	751

Other Priorities / Other Comments

Questions 8 & 9

The last two questions encouraged consultees to put forward their comments in free text boxes to better understand the various points of view. All comments are available for review at **Appendix 3** with detailed analysis covering the key emerging themes set out as follows;

Table 8 – Q8 and Q9 Emerging Themes

Concern	Counter Argument
<p>Resident Parking & Permit Costs</p> <ul style="list-style-type: none"> The strongest opposition focused on the proposal to charge residents £60 per year to park outside their homes. Respondents described this as unfair, discriminatory, and a “money-making exercise,” noting they already pay road and council tax. Concerns included: no guarantee of a space, potential house price impacts, and inequality compared to areas outside the scheme. 	<ul style="list-style-type: none"> Many UK towns already charge residents for permits; Ayr’s proposed fee is modest. Revenue is necessary to fund administration, enforcement, and improved infrastructure. Parking is not a guaranteed right included in council tax – it is a managed public resource.

<ul style="list-style-type: none"> Carers and tradespeople facing £400 charges were singled out as especially unreasonable. 	<ul style="list-style-type: none"> An effective permit scheme should add to a street’s desirability (as opposed to having a street consistently blocked).
<p>Visitor & Shared Parking</p> <ul style="list-style-type: none"> Heavy criticism of the proposal to allow non-residents to park for up to 3 hours in residential areas. Residents fear they would return home to find no available spaces. Visitor passes were suggested as a fairer solution, with time limits of one hour or less. 	<ul style="list-style-type: none"> Allowing limited visitor use makes better use of underutilised spaces during working hours. Shared use supports local carers, deliveries, and shoppers, encouraging a vibrant town centre. Time-limited parking ensures turnover and prevents streets lying half empty.
<p>Tradespeople, Carers & NHS Staff</p> <ul style="list-style-type: none"> Strong resistance to charging tradespeople or essential service providers. Respondents argued this would push up repair costs, deter trades from working in the area, and penalise carers and NHS staff providing critical services. 	<ul style="list-style-type: none"> A specific permit for tradespeople provides accountability and reduces abuse of visitor passes. Fees reflect commercial use of public space. Tailored exemptions or discounts could protect carers and NHS staff without opening loopholes.
<p>Disabled & Vulnerable Groups</p> <ul style="list-style-type: none"> Calls for more disabled bays, especially in Ayr town centre and at shops. Repeated concerns about whether Blue Badge holders would be exempt. Anxiety that the scheme disproportionately impacts pensioners and low-income households. 	<ul style="list-style-type: none"> Disabled bay provision can be reviewed to ensure proportionality. Blue badge exemptions may apply under certain circumstances and this will be carefully reviewed. Integrated Impact Assessments will identify any mitigating actions.
<p>Town Centre Economy</p> <ul style="list-style-type: none"> Respondents argued parking charges would accelerate Ayr’s retail decline, deterring shoppers and tourists. Comparisons were made with Prestwick, Troon, and retail parks with free parking. Many suggested 1–3 hours of free short-stay parking to encourage turnover and footfall. 	<ul style="list-style-type: none"> Evidence suggests free parking alone will not save high streets; broader regeneration is needed. A structured approach (free short-stay, charges thereafter) encourages turnover, helping shoppers rather than long-stay commuters. Parking revenue could be reinvested into town centre improvements, signage, etc.
<p>Enforcement & Infrastructure</p>	

<ul style="list-style-type: none"> • Widespread frustration with poor enforcement of existing restrictions. • Perception that new rules will fail unless backed by investment in enforcement staff and technology. • Car parks described as poorly maintained, with unclear markings and unwelcoming conditions. 	<ul style="list-style-type: none"> • New income streams would allow for improved enforcement and clearer, well-maintained parking bays. • Better technology (digital permits, handheld ANPR) can streamline operations and reduce abuse.
<p><i>Events & Schools</i></p> <ul style="list-style-type: none"> • Events such as football, bowls, and the airshow already create chaos for residents. • Residents argued visitor parking allowances would worsen congestion. • School parking raised as a safety risk, with requests for designated drop-off bays and stronger enforcement. 	<ul style="list-style-type: none"> • Restrictions protect residents from being displaced during events. • School safety measures, drop-off zones, and enforcement funded by permit revenue can address long-standing risks.
<p><i>Conservation & Local Issues</i></p> <ul style="list-style-type: none"> • Conservation areas highlighted as sensitive to signage, meters, and painted bays. • Some residents feared driveways and garden conversions would ruin historic character. • Specific streets (e.g., Union Avenue, Bellevue Crescent, Park Circus) were raised as already suffering from severe pressures. 	<ul style="list-style-type: none"> • Sensitive design of signage and bays can minimise visual impacts. • A consistent, town-wide approach prevents spillover into unregulated streets.

Consultation Outcomes

In addition to the emerging themes discussed in the previous section, the feedback has been analysed to identify zone specific feedback to help determine whether there are areas that should be discounted at this point. The zones are listed as follows (and further indicated in the maps included at **Appendix 1**) –

Table 9 – Zone Descriptors

Zone	Parking Scheme	Location Description	Proposal
A1	Existing P&D	Wellington Sq / Charlotte Street (West)	Amend
A2	Existing P&D	Fort Street / Sandgate	Amend
A3	Existing P&D	Central area incorporating High Street	Amend
A4	Existing P&D	South East area covering Kyle Street / Burns Statue Sq	Amend
B1	Existing Resi Permit	Fort Tower area and Queens Terrace	Amend
B2	Existing Resi Permit	Park Terrace / Barns Crescent	Amend
B3	Existing Resi Permit	Bellevue Crescent / Park Circus	Amend
B4	Existing Resi Permit	St Andrews Street / Dongola Road	Remove
B5	Proposed Resi Permit	Miller Road	Add
B6	Proposed Resi Permit	Bellevue Street	Add
B7	Proposed Resi Permit	Garden Street	Add
B8	Proposed Resi Permit	Fotheringham Rd / Content Avenue	Add
B9	Proposed Resi Permit	Newton Green Area	Add
B10	Proposed Resi Permit	Newton on Ayr Area	Add

High Opposition Zones

Detailed analysis of the feedback also reveals pockets of high opposition to the proposals. Existing permit zone residents have expressed opposition to the additional charges and the free waiting period. Residents of proposed new permit zones have expressed opposition based on a feeling that there is no need for the introduction of such. The following tables highlight these areas along with further recommendations.

Table 10 – Zones B1 – B3

Zone	Main reasons	Comment/Recommendation
<ul style="list-style-type: none"> • B1 • B2 • B3 	<ul style="list-style-type: none"> • Viewed as a parking tax (360 signatories to a petition) • At full capacity already • Tree-lined streets mean fewer formal bay options • Elderly population – need close parking • Terraced streets with no off-street alternatives • 3-hour free visitor parking would make spaces unavailable all day 	<p>Proposed permit price reduced by 25%. These areas are already subject to resident permits.</p> <p>The proposals seek to modernise and ensure street characteristics are preserved. Residents will retain priority. Carer and visitor permits will benefit residents. Proposed free period to be reduced to 1hr.</p> <p>Recommendation: proceed to implementation.</p>

Table 11 – Zones B8 and B10

Zone	Main reasons	Comment/Recommendation
<ul style="list-style-type: none"> • B8 • B10 	<ul style="list-style-type: none"> • Commuter parking issues are no longer evident • College parking issues are intermittent • No strong evidence base to support new restrictions 	<p>Both these areas were included due to historic complaints raised directly by residents or through community reps.</p> <p>Both areas sit remote from the town centre and parking by workers/shoppers is not a factor.</p> <p>The evidence base for the introduction of a new residents permit scheme is weak.</p> <p>Recommendation: remove from proposals.</p>

Table 12 – Zone B9

Zone	Main reasons	Comment/Recommendation
<ul style="list-style-type: none"> • B9 	<ul style="list-style-type: none"> • Charities rely on free parking for vulnerable clients • Non-residential businesses leave vehicles abandoned • Displacement will affect turning areas and adjacent streets 	<p>The streets subject to the previous consultation need to be reviewed. It is evident that the proposed areas require further research.</p> <p>There remains a distinct clash between the needs of residents and that of businesses.</p> <p>To retain the status quo will not address the complaints.</p> <p>Recommendation: review proposals and consider options through further dialogue with community representatives.</p>

Table 13 – Zone A5

Zone	Main reasons	Comment/Recommendation
<ul style="list-style-type: none"> • A5 	<ul style="list-style-type: none"> • Staff shuffle cars every three hours – this wont stop this. • Charges should be imposed on staff not residents • Extra capacity in nearby car parks 	<p>The introduction of P&D is designed to help stop existing parking practices and free up more spaces.</p> <p>Residents would benefit from the introduction of permits with greater opportunities to park close to their homes.</p> <p>Recommendation: proceed to implementation.</p>

Residents Permit Parking

The argument for implementing the proposed amendments, particularly those which seek to replace the outdated Type B residents permit system which has been in operation for over 40 years remains strong. That said, the proposals put forward in the consultation do require some revisions having taken cognisance of the detailed feedback received.

Residents were particularly concerned about the proposed levels of charging with many seeing this as a parking levy or “tax”. The proposed charges were based on existing charges applied within Permit Zone A (£60) which have not been reviewed since implementation in 2012.

However, it is recognised that to increase charges within Permit Zone B from £0.50 for the lifetime of occupancy to £60.00 per annum, or, to impose a new charge of £60.00 per annum in areas not currently subject to any charges, is perhaps far too great an increase.

Therefore, a benchmarking exercise has been undertaken to establish comparable permit costs in other the towns and cities to determine if there is a more appropriate level of charging which should be considered within Zone B.

The exercise demonstrated that there is a wide variation in fees which vary hugely depending on zone, vehicle emissions and number of vehicles per household. The more central or congested the location, the higher the fee tends to be. Councils use permit pricing as part of local traffic/parking management strategy.

The results of the benchmarking exercise are presented in the following table:

Table 14 – Permit Charges Benchmarking

Local Authority	1 st Resident’s Permit (closest equivalent)	Additional Permits	Visitor Permits
Glasgow (peripheral locations)	£98.00	£98.00	£25.00 for 5
Edinburgh (peripheral locations)	£36.50	£43.80	£36.00 for 10
Dundee (Broughty Ferry)	£90.00	£90.00	N/A
Aberdeen City (peripheral locations)	£100.00	£150.00	£80.00 for 15
Aberdeenshire	£78.00	£78.00	N/A
Argyll & Bute (Oban)	£98.00	£98.00	N/
Perth & Kinross (outer zone P&D)	£144.00	£144.00	N/A
Highland (Inverness)	£61.00	£61.00	£61.00
Highland (Nairn)	£42.00	£42.00	£42.00
Stirling Council (Stirling)	£95.00	£95.00	N/A

Fife (Cupar)	£50.00	£50.00	N/A
Fife (Dunfermline)	£100.00	£100.00	N/A

The proposed £60 residents permit fee is low in comparison with most other fees charged across Scotland. It is, therefore, proposed to maintain the proposed Zone A fee of £60. This reflects the premium nature of on street parking within the P&D zones.

As for Zone B, it is now proposed to set a lower fee for residential areas out-with the P&D zones. This reflects the distinction between residential areas and more sought after on-street parking zones. The resultant proposal is to introduce an annual permit of £45 per annum.

Consultation feedback also indicated that there is strong support for the proposed visitor and carer permits. Visitor permits may be available to purchase in multiples of 10 or more and this will be determined when a new permit database is configured. Carer permits are likely to be allocated for an agreed duration.

And the consultation highlighted that there is little need to draw any distinction between a tradesperson permit and a business permit. It's also important to note that these permits are designed purely to aid businesses located within the permit zones – they are optional.

Proposed Permit Charges Summary Table

Table 15 – Permit Charges Summary

Permit	Cost	Duration
Zone A Resident	£60.00	Annual
Zone A Visitor	£5.00	Per visit
Zone A Carer	Free	As agreed
Zone A Business	£400.00	Annual (£120/quarter)
Zone A Business' Visitor	£5.00	Per visit
Zone B Resident	£45.00	Annual
Zone B Visitor	£2.00	Per visit
Zone B Carer	Free	As agreed
Zone B Business	£100.00	Annual (£30/quarter)
Zone B Business' Visitor	£2.50	Per visit

Emissions Based Charging

Emissions-based charging for residents' parking permits is a system where the cost of a residential parking permit varies depending on how polluting a vehicle is. The goal is to encourage cleaner travel choices and reduce local air pollution.

Vehicles can be classified into bands based on their CO₂ emissions (sometimes NO_x, fuel type, or engine size). The permit price increases for higher-polluting vehicles and decreases for low-emission ones.

Councils use these schemes to help reduce air pollution and CO₂; incentive cleaner vehicles; encourage fewer car trips and car ownership; and align with climate and clean-air goals.

1. Emission Bands

Councils often use categories such as (exact bands differ by authority):

- Band A – Electric / Ultra-low emission (usually cheapest or free)
- Band B–E – Low to moderate emissions (mid-range fee)
- Band F–H – High emissions (highest fee)

2. Fuel Type Adjustments

Some schemes add surcharges or discounts for:

- Diesel vehicles (often higher due to NOx emissions)
- Hybrid vehicles (lower fees)
- Fully electric vehicles (lowest/no charge)

3. Second-car or multi-permit surcharges

Many councils charge more for a household's second or third vehicle, regardless of emissions.

4. Administrative Caps or Minimum Charges

Even if a vehicle has very low emissions, councils may charge a minimum administrative fee.

5. Examples of How Pricing May Look

Research would suggest that the following are typical ranges used in the UK.

Table 16 – Emission Banding/Permit Fees

Emission Band (CO ₂ g/km)	Typical Annual Permit Fee
0 g/km (EV)	£0–£45
1–100 g/km	£45–£90
101–150 g/km	£90–£150
151–185 g/km	£150–£250
>185 g/km	£250–£350+
Diesel surcharge	+£50–£100

It is recommended that further evidence based research is undertaken to establish the feasibility of introducing this type of charging framework.

Pay & Display Parking

Based on the fact that the 2 hour free parking initiative has now been fully implemented and well received, and considering the need to ensure there is a turnover of parking bays particularly on Saturday afternoons, the proposed rationalisation of charging periods to apply charges from 8.00am to 6.00pm Monday to Saturday across the whole pay for parking zone is still merited despite feedback to the contrary.

This would simplify the options and compliment the free parking initiative by replacing the existing charging periods of 8:00am to 6:00pm Monday to Friday and 8:00am to 1:00pm Saturday (Zone A) and 9:30am to 5:00pm Monday to Friday and 9:30am to 1:00pm Saturday (Zone B).

The other main proposal relating to P&D parking; the extension of the pay for parking zone to the west of Wellington Square and Charlotte Street, met with opposition. However, the 2 hours free parking initiative and the proposed residents permit system should help mitigate concerns.

Also having given further consideration into the typical usage of these areas by court attendees and workers etc., it may be prudent to increase the amount of time available to purchase as there is a clear business need for extended parking stays within this area.

Esplanade Parking

Ayr beach front is a popular tourist destination and there is an opportunity to apply parking policy which capitalises on this popularity. Throughout the peak visitor season the Esplanade is regularly subject to unregulated parking over its entire length on both sides of the road.

There is also an opportunity to address known peak demand issues by creating additional parking on the Esplanade to the north of the Bath Place junction by adjusting the cycle route.

Managing peak season congestion helps reduce overcrowding, encourages turnover and prioritises those who value the space the most during peak times. Parking charges could be introduced which would support the 2 Hours Free Parking Scheme, manage demand and enable better parking practice to enable the most efficient use of the road space available.

Many seafront destinations across the UK manage parking through modest seasonal charges or the application of time limits. Revenue is often re-invested in litter collection, public toilets, coastal protection and general road maintenance.

Therefore, in addition to the proposal to extend parking charges to the west of Wellington Square, it is also now proposed to apply a new seasonal tariff to the Esplanade which would apply between 01 April and 30 September. Approximately 250 on-street parking bays can be installed along the length of the Esplanade

Parking Tariff Review

General

Amendments to the level of charges and the structure on which the charges are based have been applied periodically over the years and the existing on-street and off-street parking tariffs have not been reviewed since July 2018.

In this time the parking landscape changed due to the Covid-19 pandemic which altered parking demand significantly, but as we see demand for off street parking recover to pre pandemic levels, it would be appropriate to review the current set up.

Further, the on-street situation has been radically changed by the introduction of the 2 Hours Free Parking scheme and with the scheme now fully embedded it would also be appropriate to consider what the tariff set up should be going forward.

The significant proposals to amend and update existing residents permit scheme arrangements should be complimented by better car park management arrangements to encourage greater use through improved tariff options which cater for longer term parking by shoppers and workers alike.

On-Street Proposals

The proposals include an amendment to the existing charging hours in order to simplify the offer in recognition of the fact that the existing free periods have been nullified by the 2 Hours Free Parking scheme.

The on-street parking zone is split into two areas with Zone A subject to a £0.50 per 30 minute tariff up to a maximum of £2.00 for two hours (first visit incurs a free 2 hour session). Zone B has a similar set up but with a maximum payment of £3.00 for 3 hours.

With reference to the charging periods, the proposal to simplify the arrangements across the town and help ensure parking availability is maintained Monday to Saturday is recommended to remain as originally proposed.

There are also several proposed changes to the on-street tariff structure whereby the two existing tariffs would incur changes to the increments, charges and charging periods. It is also proposed to create a third tariff to accommodate the proposals outlined in relation to the Esplanade.

Whilst the new charges all represent a price increase, these are proposed within the context of the 2 Hours Free Scheme and the aspiration to encourage long stay parking within the car parks.

There are also proposals to extend parking charges into the streets to the west of Wellington Square. This would add an additional 249 chargeable parking spaces into the public domain.

Table 17 – Existing and Proposed On-Street Tariffs

ON-STREET - Existing			ON-STREET - Proposed			
Charging Period	8am-6pm Mon-Fri, 8am-1pm Sat	9.30am-5pm Mon-Fri, 9.30am-1pm Sat	Charging Period	8am - 6pm Mon - Sat	8am - 6pm Mon - Sat	8am - 6pm Mon - Sat (April - Sept)
Duration	Zone A	Zone B	Duration	Zone A	Zone B	Zone C
First 2 hours free and thereafter;			First 2 hours free and thereafter;			
30 mins	£0.50	£0.50	30 mins	£1.00	£1.00	N/A
1 hour	£1.00	£1.00	1 hour	£2.00	£2.00	N/A
1 hour 30 mins	£1.50	£1.50	2 hours	£2.75	£3.00	N/A
2 hours	£2.00	£2.00	3 hours	N/A	£4.00	N/A
2 hours 30 mins	N/A	£2.50	4 hours	N/A	£5.00	£2.00
3 hours	N/A	£3.00	Over 4 hours	N/A	N/A	£3.00
(tariff introduced in July 2018 and 2 hour free option introduced in Jan 2024)						

Off-Street Proposals

Currently there are two off-street tariffs which apply within Ayr town centre. Kyle Street and Barns Crescent Car Parks are subject to a £1 per hour tariff up to a maximum payment of £5 for over 4 hours. The Charlotte Street Car Park is subject to a similar tariff but the maximum payment is £3 for over 2 hours.

The existing tariff set up is anomalous in the fact that there is no distinction in the hourly rate between the on and off-street set ups, whereas, it is common practice to encourage greater use of off-street car parks through a cheaper tariff. On-street parking within the busier town centre areas is traditionally more in demand and should be seen as shorter term parking and as such, the tariff should reflect this.

It should also be noted that previous price increases have been based on flat percentage increases without any real detailed thought given to restructuring tariffs to try and make them more competitive against the two privately operated car parks located at Boswell Park and Ayr Central.

Therefore, whilst the core aim of any tariff changes would be to increase revenues in support of other roads functions, it is proposed to try and achieve this through a carefully considered tariff restructure based on the aforementioned criteria and through a range of price increases and decreases.

It is proposed to retain two tariffs. Tariff A would be subject to a price increase for the 1 and 2 hours increments of 50% and 25% respectively. However, the charge for 4 or more hours is proposed to be decreased by 25%.

Charlotte Street Car Park would move from Tariff B to Tariff A and a new Tariff B is proposed which would provide cheaper all day parking for town centre workers applicable to additional car park. **Further details on the proposal for charging in additional car parks is discussed in Part 2 of this report.**

There are no proposals to amend the car park permit charges. In holding the permit charges at the current rates this will continue to offer a discount equivalent to approximately 70% of the annual cost to park at the proposed daily rate.

The existing and proposed tariffs are set out as follows:

Table 18 – Existing and Proposed Off-Street Tariffs

OFF-STREET - Existing			OFF-STREET - Proposed		
Charging Period	24/7	24/7	Charging Period	24/7	24/7
Duration	Tariff A	Tariff B	Duration	Tariff A	Tariff B
1 hour	£1.00	£1.00	1 hour	£1.50	N/A
2 hours	£2.00	£2.00	2 hours	£2.50	N/A
3 hours	£3.00	N/A	3 hours	Removed	N/A
4 hours	£4.00	N/A	4 hours	£3.00	£1.50
6 hours	£5.00	N/A	Over 4 hours	£4.00	£2.00
Over 6 hours	£5.00	£3.00	Quarterly Car Park Permit	£130 (+ vat)	N/A
Quarterly Car Park Permit	£130 (+ vat)	£60 (+ vat)	Annual Car Park Permit	£360 (+ vat)	N/A
Annual Car Park Permit	£360 (+ vat)	£200 (+ vat)			
(tariff introduced in July 2018)					

2 Hours Free Parking

The 2 hours free parking scheme was fully implemented in January 2024 and, following an initial bedding in period, the system has now been fully integrated. This has allowed for an appraisal process involving engagement with the business community and the general public to establish the effectiveness of the scheme and whether there have been any economic benefits.

An online survey was released to the community on 13 November 2024 and remained live until 06 December 2024. The survey was promoted through social media, press releases and the Council's website. A consultant was also engaged to canvass town centre businesses, manage the survey and prepare the 2 Hour Free Parking Report included at **Appendix 2**.

The survey received 942 public responses and 91 business responses. The overall response from the business community was very positive with many stating the scheme is crucial to maintaining footfall levels within the town. Over 60% indicated they have observed an increased footfall and an increase in customers. This feedback is supported by separate footfall surveys undertaken on behalf of the Council which also indicate an increase in comparison with previous years.

The overall feedback from the public is also overwhelmingly positive with many stating the initiative has influenced their decision to visit the town centre. There were also many positive responses in relation to the ease of use of the ticket machines, the information provided on associated signage and the availability of parking.

Recommendations

1. *Residents' Parking*

- 1.1. Reduce resident permit fee to £45/annum
- 1.2. Research emissions based charging framework
- 1.3. Introduce visitor and trades permits to address long-standing gaps.
- 1.4. Develop special permits or exemptions for carers and NHS staff.
- 1.5. Reduce 3-hour shared bay limit in residential streets—consider 1-hour limit.

2. *Pay & Display*

- 2.1. Maintain free parking town-wide as the cornerstone of town centre vitality.
- 2.2. Rationalise hours to 8am–6pm Mon–Sat.
- 2.3. Extend paid zones cautiously, with tailored tariffs for areas used by court staff and attendees, workers, and visitors.
- 2.4. Introduce seasonal paid parking (April–September) on Ayr Esplanade to manage peak visitor demand.
- 2.5. Retain free access off-season.

3. *Tariff Structure*

- 3.1. Redesign tariffs so on-street short-stay remains premium, while off-street long-stay is cheaper to encourage use of car parks.
- 3.2. Consider all-day rates in additional car parks (e.g., Queens Terrace) to support workers (linked to Off-Street Car Parks Strategy).

4. *Enforcement & Technology*

- 4.1. Invest in enforcement teams.
- 4.2. Introduce digital permits (on-line/app-based) to cut fraud and simplify visitor/trades access.
- 4.3. Repaint bays and upgrade signage to ensure clarity and compliance.

5. *Disabled & Vulnerable Groups*

- 5.1. Guarantee Blue Badge exemptions and expand disabled bays in key shopping areas.
- 5.2. Consider reduced-rate or free permits for low-income households.

6. *Conservation Areas*

- 6.1. Use discreet signage, minimal markings, and non-intrusive meters in heritage streets.

Budget Implications

Capital Costs

The proposals for Residents Permit and Pay and Display schemes will require investment in supporting infrastructure. There will be a need to procure and install new ticket machines, new road markings, new traffic signs, cashless parking options and a permit database.

The permit schemes shall be underpinned by a new web hosted permit database which links to the existing parking database and parking attendant handheld devices. Permits will be issued on a virtual basis.

There will also be a need to prepare, advertise and implement traffic regulation orders which will underpin all the new restrictions outlines herein.

Table 19 – Capital Costs

Item	Cost
Permit database – configuration and integration	£12,000.00
Traffic Regulation Orders – preparation, consultation and advertising	£5,000.00
Traffic Signs and Road Markings – manufacture and installation	£30,000.00
Parking Ticket Machines – supply and installation	£110,000.00
Cashless Parking – Configuration and integration	£1,000.00
Total	£158,000.00

Revenue Projections

AYR – Proposed Additional On-Street Parking Tariff B

Table 20 – Projections

Location	Spaces	Additional annual income per space*	High – 75% of Max Occupancy	Medium – 50% of Max Occupancy	Low – 25% of Max Occupancy
Pavilion Road	71	1560	83,070	55,380	27,690
Bath Place	43	1560	50,310	33,540	16,770
Casillis Street	37	1560	43,290	28,860	14,430
Wellington Square	20	1560	23,400	15,600	7,800
Place de St Germain	10	1560	11,700	7,800	3,900
Charlotte Street	68	1560	79,560	53,040	26,520
		Totals	£291,330	£194,220	£97,110

* based on bay occupied all day for £5 Mon – Sat

Table 21 - Projections

Location	Spaces	Additional annual income per space*	High - 75% of Max Occupancy	Medium – 50% of Max Occupancy	Low - 25% of Max Occupancy
Esplanade	253	£450	£85,388	£56,925	£28,463

* based on bay occupied all day for £3 Mon - Sat

Conclusion

Overall Summary

The Ayr Strategy presents a comprehensive review of parking in Ayr following two rounds of public consultation (2021 and 2023/24). It evaluates the public's response to proposed updates to both the residents' parking permit scheme and the Pay & Display (P&D) system. The goal was to modernise Ayr's outdated parking framework, improve turnover in key areas, and align pricing with broader transport and regeneration objectives.

Key Analytical Findings

1. Consultation Engagement and Public Sentiment

- 751 individuals responded to the online consultation, showing a high degree of public interest.
- Respondents were predominantly residents living near Ayr town centre (77.9%), with strong representation from local businesses and commuters.
- While most participants agreed that parking systems needed reform, opposition focused primarily on new or increased charges, especially for residents.

Core themes:

- Strong resistance to the £60 annual permit fee (up from £0.50 lifetime).
- Support for visitor, carer, business, and tradesperson permits.
- Opposition to 3-hour shared use bay limits in residential zones.
- Recognition that some reform is necessary to modernise management and support town centre regeneration.

2. Residents' Parking Analysis

The existing system is unchanged since the 1970s and is deemed outdated. However, proposed increases triggered equity and affordability concerns:

- Residents' reactions:
 - Many viewed the £60 annual fee as an unfair tax, especially given no guaranteed parking.
 - Strong opposition emerged from low-income residents, carers, and tradespeople.
 - Calls for phased implementation to avoid shock and resentment.
- Council benchmarking showed that Ayr's proposed £60 fee is modest by Scottish standards (lower than most cities).
- Revised proposal: Zone B permits set at £45 annually with further consideration to be given to emissions based charging framework

3. Pay & Display (P&D) Parking Analysis

- The proposal to standardise charging hours (8am–6pm, Mon–Sat) was largely opposed, although reasons were unclear.
- Extending paid zones near County Buildings met resistance, likely from workers using the area for free.

- The “2 Hours Free Parking” scheme was a major success, credited with:
 - Increasing town centre footfall and customer numbers.
 - Strengthening business confidence.
 - Improving public satisfaction and fairness.
- Evidence supports maintaining the free parking initiative while simplifying and rationalising P&D structures.

4. Economic and Social Implications

- Many respondents feared that increased parking charges could drive shoppers and visitors to nearby towns with cheaper parking (Prestwick, Troon, retail parks).
- However, analysis supports that strategic parking charges, coupled with free short-stay options, can improve turnover, enhance accessibility, and fund reinvestment in roads, enforcement, and infrastructure.
- Equity concerns were raised about the impact on carers, tradespeople, and low-income groups — mitigations and exemptions are recommended.

5. Enforcement, Accessibility & Technology

- Public frustration with weak (alleged) enforcement and unclear signage was widespread.
- Successful reform will depend on:
 - Investment in enforcement staff and technology.
 - Introduction of digital (virtual) permits.
 - Better bay markings and signage for clarity and compliance.
- These measures are essential to restore public trust and ensure compliance.

6. Disabled and Vulnerable Users

- Recurrent calls for more disabled bays and clear exemptions for Blue Badge holders.
- Concerns that the reforms could disproportionately affect older and disabled residents.
- Recommendation: guarantee Blue Badge exemptions and consider reduced-rate permits for low-income or vulnerable households.

7. Esplanade and Seasonal Parking

- The Ayr Esplanade faces heavy, unregulated summer parking demand.
- Proposed seasonal paid parking (April–September) could:
 - Manage congestion during tourist season.
 - Generate modest revenue.
 - Support infrastructure maintenance while preserving free off-season access.
- Suggests careful balance between visitor management and public goodwill.

8. Tariff Review and Structure

- Last reviewed in 2018, tariffs no longer reflect demand patterns or market conditions.
- The document proposes a restructured, fairer pricing model:
 - On-street (short-stay) = premium rates to promote turnover.
 - Off-street (long-stay) = cheaper to encourage use of car parks.
- This tiered structure aims to reduce congestion, support businesses, and align with regeneration efforts.

Strategic Conclusion

The Ayr Parking Strategy presents a balanced, evidence-led reform that acknowledges the strong public resistance to rapid change while highlighting the long-term necessity of modernising Ayr’s parking systems.

The success of the proposals will hinge on gradual implementation, clear communication, and visible reinvestment of revenues into local infrastructure.

If executed sensitively, the scheme can achieve:

- Fairer access for residents, businesses, and visitors.
- Improved parking efficiency and turnover.
- Financial sustainability of parking enforcement and maintenance.
- Enhanced town centre vitality through smart use of free short-stay periods.

Final Recommendations Summary

Table22 – Final Recommendations

Area	Recommendation	Expected Outcome
Residents’ Parking	£60 Zone A and £45 Zone B fee; introduce visitor, carer & trades permits, consider emissions based framework	Fairer cost distribution; reduced backlash, achieve climate goals
Pay & Display	Keep a free parking scheme for on-street; simplify hours (8am–6pm)	Increased footfall, easier management
Tariffs	Differentiate on-street vs off-street pricing	Better space use, higher car park occupancy
Disabled/Vulnerable	Guarantee exemptions and concessions	Inclusion and fairness
Enforcement & Tech	Invest in digital permits and stronger enforcement	Efficiency, compliance, trust
Seasonal Parking	Introduce Esplanade charging (Apr–Sep)	Manage tourist demand sustainably

PART 2: OFF STREET CAR PARKS - REVIEW OF EXISTING FREE CAR PARKS

Executive Summary

South Ayrshire Council is considering the introduction of a modernised off-street parking charging strategy across Ayr to address growing financial, operational, and environmental pressures. At present, only three Council-managed car parks—Charlotte Street, Kyle Street and Barns Crescent—levy charges, while all remaining facilities operate free of charge despite high utilisation and rising maintenance obligations. Surveys show that free car parks regularly operate at 80–100% occupancy, generating long-stay use, reduced turnover, and limited availability for shoppers and visitors. Charging car parks also operate at high utilisation (70–90%), and existing tariffs are lower than those of many comparable Scottish towns.

The Council faces significant financial constraints. South Ayrshire’s road repair backlog stands at £50.6M, with a further £6.7M required annually to maintain the network at its current condition. Parking assets themselves are estimated at £8.2M, with no dedicated funding stream for their upkeep. National investment reductions further amplify the need for sustainable, locally-generated revenue. Introducing proportionate charges across the wider off-street estate provides an opportunity to secure predictable funding for maintenance, public realm upgrades, active travel infrastructure, and EV charging expansion.

A comprehensive economic and policy review demonstrates that parking charges, when modest, well-communicated, and reinvested locally, support town-centre health rather than undermine it. Evidence indicates that moderate tariffs reduce excessive dwell times, increase turnover, and improve space availability—key factors in sustaining retail footfall and customer convenience. Research from the British Parking Association and ClimateXChange reinforces that effective parking management is integral to economic vitality, congestion reduction, and climate commitments.

A structured, category-based tariff framework has been developed, reflecting each car park’s location, utilisation, accessibility, and role within Ayr’s transport network. The proposed system introduces four tiers of charging, from premium central locations to peripheral sites remaining free. Benchmarking shows the proposed tariffs remain competitive nationally while aligning with local conditions and strategic goals. When applied to Ayr’s car park portfolio, revenue modelling indicates a potential annual income range of £90,000–£180,000 at 25–50% of maximum projected capacity, offering a conservative and realistic estimate of financial return.

Surplus revenue, as required under the Road Traffic Regulation Act 1984, would be ring-fenced for transport and environmental improvements. An indicative reinvestment framework allocates funding toward roads and car-park maintenance (40%), active travel (25%), public realm enhancement (20%), EV infrastructure (10%), and contingency/pilot projects (5%). This ensures visible community benefits and strengthens public confidence in the charging strategy.

Equity, accessibility, and legal compliance underpin the proposal. Measures include disabled-driver exemptions, concessionary permit options, fully accessible payment systems, and adherence to the Equality Act 2010 and Community Empowerment (Scotland) Act 2015. A comprehensive public engagement programme—spanning early-stage education, full Cabinet reporting, and statutory consultation via Traffic Regulation Orders—ensures transparent and inclusive decision-making.

Robust monitoring and annual performance reporting will enable the strategy to adapt to economic, behavioural, and technological change. KPIs focus on occupancy, turnover, revenue, business

sentiment, accessibility outcomes, and environmental impact. Regular review cycles (quarterly, annual, 3-year, 5-year) ensure the tariff system remains fair, effective, and aligned with broader regeneration, climate, and mobility targets.

In summary, extending off-street parking charges across Ayr represents a strategic, evidence-based response to financial pressures, infrastructure needs, and climate commitments. It balances economic vitality with demand management, ensures fair access, and establishes a sustainable funding stream for reinvestment in Ayr's roads, active travel networks, and town-centre environment. Implemented with care, transparency, and robust engagement, the strategy can become a key driver of long-term resilience and regeneration for South Ayrshire.

Introduction

Ayr town centre is well served by a mixture of free and charging public car parks as well as several private car parks. They experience differing levels of pressure and turnover, and the current tariffs which apply to Kyle Street, Barns Crescent and Charlotte Street Car Parks are below many Scottish comparators. The opportunity exists to extend charges to the free car parks through a modern charging framework while aligning with climate, transport, and regeneration goals. Integration with Ayrshire Roads Alliance initiatives and wider regional mobility planning will strengthen the case.

Ayrshire Roads Alliance manages on behalf of South Ayrshire Council 9 public car parks - 6 under the parks and roads accounts with a further 3 held under the Common Good account. Charges currently apply to the Charlotte Street, Kyle Street and Barns Crescent Car Parks in Ayr with all other facilities free to use. Surveys show varying occupancy levels, with 70–90% utilisation in the charging car parks and 80-100% within the free car parks.

From the 2025–26 Road Improvement Plan, the headline figure for the backlog in road repairs across South Ayrshire is £50.6M (compared with a national backlog of £2.5B), while the investment required to maintain the road network at its current condition is valued at £6.7M. Investment nationally over the past 7 years has seen a reduction of 26%. SAC has committed £4.2M to network upgrades over the next 2 years.

The Council's off street public parking estate is not currently included within asset valuation data but it is estimated that these assets (and, therefore, maintenance obligation) could be valued in the region of £8.2M.

Operational evidence suggests that moderate parking charge increases, help reduce average occupancy and dwell time but typically by less than proportional amounts. This means revenue tends to rise initially before demand stabilises at a slightly lower level. Reduced cruising improves local air quality and safety.

Economic impacts are mixed. Most research finds limited direct effect on retail performance when pricing changes are communicated clearly and when the revenue is visibly reinvested in the town. Equity concerns remain for lower-income workers and essential car users; targeted exemptions and better public transport can mitigate this.

Objectives

Secure sustainable funding for maintenance

Why it matters: South Ayrshire faces a significant £50.6M backlog in road repairs. Sustainable funding is critical to address this deficit without relying solely on central government grants or unpredictable budget allocations.

Parking revenue role: Introducing charges in currently free car parks creates a new, consistent income stream. This can be ring-fenced for infrastructure upkeep, ensuring roads and car parks remain safe, functional and attractive.

Long-term impact: Reduces reliance on reactive maintenance, supports planned upgrades and improves asset longevity.

Support economic vitality and turnover in town centres

Why it matters: High parking occupancy without turnover can deter shoppers and visitors, reducing footfall and harming local businesses.

Parking strategy role: Modest charges encourage short-stay use, freeing up spaces for new arrivals. This increases customer flow and supports retail and hospitality sectors.

Manage demand and reduce congestion

Why it matters: Free parking often leads to long stay use and “search traffic” – drivers cruising for spaces, contributing to congestion and increased emissions.

Parking Strategy role: Tiered pricing and time limits discourage long-stay parking in high demand areas, promoting turnover and reducing unnecessary traffic.

Environmental benefits: Less congestion means lower emissions, improved air quality, and a more pleasant urban environment.

Ensure equitable access

Why it matters: Parking should be accessible to all, including disabled users, low income residents, and those without digital payment access.

Parking strategy role: The strategy includes concessions (e.g. disabled driver exemptions) and mandates inclusive signage and payment systems.

Legal framework: Compliance with the Equality Act 2010 and Community Empowerment (Scotland) Act 2015 ensures fairness and inclusivity.

Promote reinvestment in roads and public realm

Why it matters: Visible reinvestment builds public trust and demonstrates the value of parking charges.

Parking strategy role: Surplus revenue is earmarked for reinvestment in the road network e.g. EV infrastructure, active travel routes, and public realm improvements such as lighting and pedestrian zones.

Community benefits: Enhances the attractiveness and usability of town centres, encourages more visits and supports broader regeneration goals.

Economic Rationale

Introducing parking charges is not solely a revenue measure; it is an economic management tool designed to optimise turnover, accessibility, and local vitality. Parking availability is a key determinant of town centre performance, influencing both retail footfall and the perceived convenience of local shopping areas.

Economic modelling and evidence from comparable Scottish towns show that modest tariffs—particularly where the first hour is free or low-cost—encourage short-stay visits and increase parking turnover. This allows a greater number of visitors to access prime locations throughout the day. Increased availability directly benefits retail and hospitality sectors that rely on high customer footfall.

Studies from the British Parking Association’s “Re-Think! Parking on the High Street” and ClimateXChange’s review of parking policy and car use reduction demonstrate that parking charges, when paired with visible reinvestment and high service quality, can strengthen local economies by:

- Encouraging active travel and mixed transport modes.
- Supporting shorter, more frequent trips that sustain high-street vibrancy.
- Reducing “cruising” traffic, thereby improving air quality and town centre ambience.

The economic rationale therefore rests on optimising space utilisation rather than maximising occupancy. Full occupancy may indicate under-pricing and reduced turnover. A target utilisation rate of 75–85% is considered optimal for balancing accessibility, revenue generation, and user satisfaction.

Introducing modest charges encourages turnover, freeing up short-stay spaces for shoppers and visitors. Increased availability boosts retail footfall and business performance. Charges can also reduce congestion and emissions by limiting search traffic and providing predictable availability.

Charging Rationale, Benchmarking and Framework

The rationale for charging is based on existing occupancy levels, location, seasonal variations, and maintenance costs. High-occupancy car parks located within short walking distances to town centres are most suitable for charging followed by shorefront car parks subject to seasonal spikes.

Parking charges currently apply within three car parks located within the town of Ayr – Charlotte Street, Kyle Street and Barns Crescent. The tariff currently consist of a linear tariff based on £1 per hour up to a maximum of £3 or £5 and charges are applicable at all times.

There are also two permit options available; Option A is applicable within all three facilities and Option B applies only within the Charlotte Street Car Park. The charges are outlined in the following table.

Existing Off-Street Parking Tariff

Table 23 – Off Street Tariffs

Tariff A	Duration	Cost	Permit Cost
Kyle Street Barns Crescent	1 hour	£1.00	Option A
	2 hours	£2.00	Quarterly £130 Annual £360
	3 hours	£3.00	
	4 hours	£4.00	
	Over 4 hours	£5.00	
Tariff B	Duration	Cost	Permit Cost
Charlotte Street	1 hour	£1.00	Option A (as above) or Option B Quarterly £60 Annual £200
	2 hours	£2.00	
	Over 2 hours	£3.00	

Benchmarking

A benchmarking exercise indicates that Tariff A (£1–£5) is below average compared with Stirling, Perth, and other towns further afield such as Cheltenham, and aligns with lower-tier or peripheral car park rates.

Tariff B (£1–£3) with reduced permit costs offers strong value and would likely support short-stay turnover.

Season/permit costs are moderate compared with English towns and larger Scottish authorities.

Table 24 – Tariff Benchmarking

Town / Authority	Up to 1 hr	Up to 2 hrs	Up to 3–4 hrs	All day / Over 4–8 hrs	Quarterly Permit	Annual Permit
Kyle St / Barns Crescent (Tariff A)	£1.00	£2.00	£3.00–£4.00	£5.00	£130	£360
Charlotte Street (Tariff B)	£1.00	£2.00	£3.00	—	£60	£200
East Ayrshire	£1.30	£2.30	£3.00	£4.00	£130	£410
Stirling Council	£2.00	£3.00	£4.00	—	Varies	Varies
Perth & Kinross (Perth)	£1.60	£3.10	£4.80	£6.20	Varies	Varies
Highland Council (Inverness)	£1–£2	£2–£3	£3.00	£4.00 (up to 10 hrs)	Available	Available
Dundee City	£1–£2	£2–£3	£2.20	—	Varies	Varies
Falkirk Council	£1.00	£2.00	£3.00	—	£95 (res.)	£470 (bus.)
Cheltenham (England)	£2.10	£3.60	£5.30	£11–£15	Varies	Higher
Woking (England)	£1.50–£2+	—	—	Varies by site	£190–£270 (monthly)	High

Framework for Charging – Categorisation

There are different frameworks available for identifying and setting appropriate levels of parking charges such as demand based charges which are set in recognition of observed and forecasted demand. In this instance a categorisation based approach has been adopted as the model on which charges should be based.

Rationale: This framework links parking charges to a car park’s location and usage (e.g. commercial, residential, tourist) and its accessibility by public transport, walking, and cycling. It aligns parking pricing with supporting economic vitality.

How It Works:

1. Classify car parks (utilisation, location, capacity, facilities etc.)
2. Assess public transport accessibility and active travel options
3. Apply appropriate tariff band to each classification

Table 25 – Classification Pros/Cons

Advantages	Disadvantages
Simple and consistent — easier to explain to the public and elected members	Less flexible — may not respond well to short-term changes in demand
Supports strategic planning goals — integrates transport, air quality, and economic policies	Potential equity concerns — higher charges could affect access to town centres for lower-income residents
Lower administrative cost — doesn’t require continuous monitoring	Requires periodic review to ensure classifications reflect actual accessibility

Predictable revenue — useful for funding parking maintenance or transport improvements	May under- or over-price specific car parks without demand data
--	---

Proposed Tariffs

Ayr is served by a range of car parks which have been classified in accordance with the following criteria:

Table 26 – Classification

Classification	Characteristics / Utilisation
Tier 1	Central / High Demand
Tier 2	Outskirts / High and Medium Demand
Tier 3	Tourism / Seasonal / Access to Amenities
Tier 4	Peripheral

And based on the existing tariffs which apply to the existing pay & display car parks, the following tariffs are proposed:

Table 27 – Proposed Tariffs

Classification	Tariff	Hourly Rate	Daily Rate
Tier 1	A	£1.00	£4.00*
Tier 2	B	£0.80	£3.00
Tier 3	C	£0.50	£2.00
Tier 4	D	FREE	FREE

*Based on proposed new Tariff A (see Part 1)

Having assessed the car parks against the classification criteria, the following tariffs are recommended:

Table 28 – Proposed Tariffs / Car Park

Town	Car Park	Tariff
Ayr	Queens Terrace	B
	Esplanade	B
	Millbrae	B
	Castlehill	B
	Cromwell Road	B
	New Road	C
	Kings Court	D
	Greenan Road	D
	Castle Walk	D

Revenue Projections and Reinvestment

Revenue Projections Modelling

A modelling exercise using current occupancy rates has been prepared in support of the strategy. Based on existing income generated by existing tariffs applicable to the Ayr pay & display car parks, projected annual income rates per parking bay have been established.

A range of figures are presented from maximum income rates based on capacity utilisation to 10% rates. Using the conservative range between 25% and 50% of the maximum projected income, projected income generated as a result of the proposed strategy ranges from £90,000 to £180,000.

Table 29 – Projected Revenue

Tariff	Car Park	Projected annual income per bay	Maximum Income Based on Maximum stay	75% of Max Income	50% of Max Income	45% of Max Income	35% of Max Income	25% of Max Income	10% of Max Income
Parks/Roads Account									
B	Queens Terr	430	£18,490	£13,867	£9,245	£8,320	£6,471	£4,622	£1,849
B	Esplanade	430	£154,800	£116,100	£77,400	£69,660	£54,180	£38,700	£15,480
C	New Road	280	£7,000	£5,250	£3,500	£3,150	£2,450	£1,750	£700
			£180,290	£135,217	£90,145	£81,130	£63,101	£45,072	£18,029
Common Good Account									
B	Mill Brae	430	£44,290	£33,217	£22,145	£19,930	£15,501	£11,072	£4,429
B	Castlehill	430	£71,380	£53,535	£35,690	£32,121	£24,983	£17,845	£7,138
B	Cromwell	430	£67,080	£50,310	£33,540	£30,186	£23,478	£16,770	£6,708
			£182,750	£137,062	£91,375	£82,237	£63,962	£45,687	£18,275

Reinvestment Framework

Under Section 55 of the Road Traffic Regulation Act 1984, all surplus income from parking charges must be reinvested into transport or environmental improvements.

The following indicative allocation of net surplus offers a theoretical breakdown of how surplus could be spent:

- 40% – Roads and Car Park Maintenance: Addressing the £46.44M road repair backlog and resurfacing priority assets.
- 25% – Active Travel Infrastructure: Expansion of cycling and walking routes connecting town centres and coastal paths.

- 20% – Public Realm Enhancements: Lighting, planting, wayfinding, and accessibility improvements to enhance the attractiveness of high streets.
- 10% – EV Infrastructure Expansion: Installation and maintenance of EV charging points in Council-operated car parks.
- 5% – Contingency / Pilot Initiatives: Support for trials, such as digital permit systems or “first-hour-free” promotions.

Public Engagement Plan

These proposals have not previously been subject to public consultation. Effective implementation depends on community support and stakeholder confidence. The engagement plan therefore emphasises transparency, early involvement, and iterative feedback.

South Ayrshire Council's public consultation protocol is guided by principles of being honest, open, and fair, ensuring that information is communicated clearly and feedback is kept confidential and used in accordance with data protection laws.

The council aims to provide sufficient time for responses and will explain any restrictions or factors, such as financial or legal issues, that must be considered.

Core Principles

- **Open and honest communication:** The council is committed to providing necessary information to ensure informed feedback.
- **Fair process:** The consultation will be fair and open, with feedback used to help shape decisions.
- **Confidentiality:** Your feedback will be treated as confidential where necessary, and all information will be handled in compliance with data protection laws.
- **Transparency on restrictions:** If there are any factors that will influence a decision (like financial, legal, or technical issues), these will be explained from the outset.
- **Sufficient time:** The length of the consultation will vary, but the council will aim to provide as much time as possible for people to have their views heard.

Stage 1 – Pre-Consultation (Awareness and Education)

- Public information campaign explaining the purpose of the proposed strategy and introducing charges.
- Creation of online materials (interactive maps, FAQs, and feedback forms) hosted on the Council's website.
- On-line consultation to gather relevant feedback.

Stage 2 – Cabinet Report

- Full report detailing the outcome of the engagement exercise with proposed recommendations.

Stage 3 – Statutory Consultation (Legal and Technical)

- Conducted under the Road Traffic Regulation Act 1984 via Traffic Regulation Orders (TROs).
- Public notices in local media, 28-day comment period, and opportunity for formal objections.
- Integrated Impact Assessment consultation with disability groups and social inclusion partners.

Key Communication Principles

- Clear explanation that revenues are ring-fenced and reinvested locally.
- Transparent reporting on how parking income funds visible community benefits.
- Use of consistent branding across signage, leaflets, and social media to reinforce the message: “Your Parking, Your Town, Your Investment.”

Monitoring, Review & Performance

Monitoring ensures accountability and enables the strategy to evolve with changing demand and economic conditions. A data-driven approach will be adopted, supported by annual reviews and public reporting.

Key Performance Indicators (KPIs)

- Occupancy & Turnover: Target 75–85% utilisation in peak hours.
- Revenue Performance: Comparison of actual vs. forecast revenue and operational costs.
- Business Health Indicators: Surveys of town centre footfall, retail turnover, and trader sentiment.
- Equity & Accessibility: Number of concessionary permits issued; compliance with accessibility standards.
- Environmental Impact: Estimated reduction in congestion and CO₂ emissions.

Review Schedule

- Quarterly Internal Review: Data tracking and operational adjustments.
- Annual Public Report: Published as part of the Road Asset Management Plan.
- Three-Year Comprehensive Review: Full reassessment of tariffs, technology, and policy outcomes.
- Five-Year Strategy Refresh: Incorporation of new transport trends, e-mobility, and climate targets.
- Continuous monitoring will allow tariffs and enforcement to be refined to support broader Council objectives, ensuring that the parking strategy remains financially viable, equitable, and environmentally responsible.

Conclusion

The introduction of off-street parking charges across Ayr represents a pivotal shift in how public assets are managed to meet long term infrastructure, environmental and economic goals. This strategy is not merely a revenue generating exercise – it is a multi faceted policy tool designed to address pressing challenges such as road maintenance deficits, town centre vitality, congestion and equitable access.

By implementing a structured, tiered pricing framework, the Council can better manage and regulate parking demand, encourage turnover, and reduce inefficient long stay usage. This, in turn, supports local businesses by improving access for short stay visitors and shoppers, while also contributing to reducing traffic volumes and improved air quality.

The projected net annual surplus will provide a sustainable funding stream that can be reinvested directly into roads maintenance, EV infrastructure, active travel routes and public realm enhancements. This reinvestment is not only a financial imperative but also a visible demonstration of value to residents and businesses, helping to build public trust and support.

Equity remains central to the strategy. Concessions for disabled drivers, low income residents and key workers, alongside inclusive signage and payment systems, ensure that the policy does not disproportionately impact vulnerable groups. Compliance with the Equality Act 2010 and the Community Empowerment (Scotland) Act 2016 reinforces the Council's commitment to fairness and transparency.

A robust public engagement plan will help demonstrate the strategy remains relevant to the economic conditions.

Ultimately, this strategy positions South Ayrshire Council as a forward thinking authority, aligning local transport and asset management with broader climate, regeneration and mobility goals. It offers a balanced approach that combines financial prudence with social and environmental responsibility, ensuring that parking policy becomes a lever for positive change across the Authority.

Legislative & Policy Framework

Road Traffic Regulation Act 1984 (RTRA 1984)

Purpose: Core legislation enabling local authorities to regulate traffic and parking.

Parking Relevance:

- Authorises councils to create and manage on/off-street parking (Sections 32–35).
- Allows setting tariffs, time limits, and enforcement via Traffic Regulation Orders (TROs).
- Surplus parking income must be reinvested in transport or environmental improvements (Section 55).
- Section 122 imposes a duty to balance safety, traffic flow, and environmental impact.

Application: Legal basis for car park charges and enforcement systems.

Road Traffic Act 1991 (RTA 1991)

Purpose: Decriminalised certain parking offences; shifted enforcement from police to councils.

Parking Relevance:

- Introduced Civil Parking Enforcement (CPE) and Penalty Charge Notices (PCNs).
- Revenue from PCNs supports enforcement and transport initiatives.
- Established independent appeals (e.g., Parking and Bus Lane Tribunal for Scotland).

Application: Enables councils like South Ayrshire to manage parking enforcement.

Equality Act 2010

Purpose: Consolidates anti-discrimination laws; promotes equal access.

Parking Relevance:

- Requires accessible parking for disabled users.
- Mandates adequate disabled bays and inclusive signage/payment systems.
- Supports the Blue Badge Scheme.

Application: Councils must conduct Equality Impact Assessments (EqIA) when changing parking policies.

Community Empowerment (Scotland) Act 2015

Purpose: Enhances public participation in local asset management.

Parking Relevance:

- Requires consultation before major changes to public assets like common good car parks.
- Allows communities to request asset transfers for public benefit.
- Promotes transparency in use of parking revenue.

Application: Councils must engage with residents and businesses before introducing charges.

Research

Various local authority papers and independent research materials have been reviewed in preparation of this report with a link to some of these resources as follows -

British Parking Association

Re-Think! Parking on the High Street

[Report](#)

This report provides guidance on parking provision in town and city centres. It explores what evidence can be collated and what can be learned regarding the relationship between car parking provision and town centre prosperity. It summarises empirical relationships and offers case examples and recommended metrics.

The key findings of the report are:

- Parking operators are providing parking provision which equates to the footfall levels achieved by their location.
 - There is no clear relationship between car parking charges (set by parking owners/operators) and the amenities on offer in a location with some mid-range and smaller centres charging more than what is consistent with the national average.
 - The mid-range and smaller groupings of centres that charge more than the national average in accordance with their offer, suffered a higher than average decline in footfall for 2011
- Published in 2013, this report still provides relevant information and reference material.

ClimateXChange

Reducing car use through parking policies: an evidence review

[Report](#)

This is a Scotland focused evidence review summarising international and UK literature on how parking policy affects car use and climate goals. The development of parking policies support the joint commitment by Scottish Government and COSLA to reduce car use by 20% by 2030.

Parking pricing can contribute to car kilometre reduction and modal shift. Promoting parking management should be undertaken within the context of workplace travel plans.

Aberdeen City Council

Strategic Car Parking Review (SCPR) update (2025, AECOM)

[ACC Aecom Report](#)

This provides an example of a strategic review for a major regional city including car park pricing, demand modelling and stakeholder feedback.

It contains practical appraisal methods (outcomes appraisal, sensitivity testing) and local consultation findings. Many of the key themes are mirrored in this report.

Dundee City Council

Parking charges press coverage

[Revealed: Full list of parking charges set to rise in Dundee in 2025](#)

This provides an example of recent price increases in a Scottish city and the short-term public reaction; practical for modelling likely local responses.

Parking Charges — Myth-Busters

Parking charges are not a punishment — they’re a management tool to keep towns accessible, vibrant, and fair.

When implemented transparently and with clear reinvestment, they benefit residents, visitors, and businesses alike.

In an effort to separate fact from fiction about parking fees and explain how smarter charging can actually support town centres, not harm them, the following myths are examined.

Table 30 – Myth Busters

Myth	Reality
<p>“Parking charges always drive customers away.”</p>	<p>Research across the UK (including the Re-Think! Parking on the High Street report) shows little direct link between modest parking charges and retail decline.</p> <p>Towns with good signage, short-stay spaces, and reinvestment in public realm often perform better after reforms.</p> <p>What matters most is the overall experience — cleanliness, convenience, and a pleasant town centre.</p>
<p>“Free parking boosts the local economy.”</p>	<p>“Free” parking still costs taxpayers in land, maintenance, and enforcement.</p> <p>It can lead to spaces being filled by all-day parkers (staff, commuters) rather than shoppers.</p> <p>Charging helps keep spaces turning over, meaning more visitors can find a space when they actually need it.</p>
<p>“People will stop visiting if charges go up.”</p>	<p>Demand for parking is insensitive to changes in price or income — studies show a 10% price rise leads to only about a 2–6% drop in parking demand.</p> <p>Most people still visit if parking remains convenient and well managed.</p> <p>Clear signage, short-stay options, and alternative transport can offset effects entirely.</p>
<p>“Charges are just a money-grab.”</p>	<p>In South Ayrshire (and elsewhere in Scotland), parking revenue is ring-fenced for transport and town improvements — things like resurfacing, lighting, cycling infrastructure, and better signage.</p> <p>Councils must report annual parking account balances publicly.</p> <p>Visible reinvestment builds public trust and supports local businesses.</p>

<p>“Small businesses will suffer most.”</p>	<p>Evidence shows well-designed parking schemes help local shops by ensuring regular turnover of spaces near the high street.</p> <p>Consistent pricing and time limits prevent long-stay users blocking key bays.</p> <p>Clear communication and phased introduction are crucial to keep traders on board.</p>
<p>“There’s no alternative to driving into town.”</p>	<p>South Ayrshire has multiple transport options:</p> <p>Rail and bus links connecting Ayr, Prestwick, Troon and beyond.</p> <p>Active travel routes are being upgraded and extended.</p> <p>A combination of options ensures fairness and accessibility for all users.</p>
<p>“More car parks mean a healthier town centre.”</p>	<p>Too much surface parking can weaken town centres by removing land for housing, cafés, and green spaces.</p> <p>Well-priced, well-located car parks are better than too many free ones.</p> <p>The best-performing towns balance access for cars with pedestrian comfort and mixed land uses.</p>
<p>“Parking policy can’t affect climate targets.”</p>	<p>Smart parking management reduces unnecessary car trips and encourages walking, cycling, and public transport — supporting Scotland’s aim to cut car kilometres by 20% by 2030.</p>
<p>“Disabled drivers will be unfairly penalised.”</p>	<p>Blue-badge holders will continue to receive concessions and priority bays under South Ayrshire’s parking strategy.</p> <p>Updated digital permits and enforcement improve access, not reduce it.</p>
<p>“Nothing will change — people will just park on side streets.”</p>	<p>Complementary enforcement and, potentially, resident permit schemes will ensure parking remains fair for all.</p> <p>Continuous monitoring allows quick adjustments if displacement occurs.</p>

Proposed public consultation questions

Table 31 – Consultation Questions

Question	Options
1. General Awareness and Understanding	
1. Have you read or reviewed the draft Off-Street Car Parking Strategy?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Partially
2. How well do you understand the purpose of introducing or adjusting parking charges in South Ayrshire?	<input type="checkbox"/> Very well <input type="checkbox"/> Fairly well <input type="checkbox"/> Not very well <input type="checkbox"/> Not at all
2. Strategic Objectives	
3. How important do you think each of the following objectives is? (Please rate each from 1 = Not Important to 5 = Very Important)	<ul style="list-style-type: none"> • Maintaining and improving roads and car park infrastructure • Supporting town centre vitality and business turnover • Reducing congestion and improving air quality • Ensuring fair and equitable access for all users • Reinvesting parking revenue into community improvements (e.g., active travel, EV charging, lighting)
4. Do you agree that parking charges should help fund roads maintenance, public realm, and active travel improvements?	<input type="checkbox"/> Strongly agree <input type="checkbox"/> Agree <input type="checkbox"/> Neutral <input type="checkbox"/> Disagree <input type="checkbox"/> Strongly disagree
3. Proposed Charging Framework	
5. The strategy proposes a tiered pricing system based on car park demand and location (Ayr, Prestwick, Troon, Girvan). How fair do you think this approach is?	<input type="checkbox"/> Very fair <input type="checkbox"/> Fair <input type="checkbox"/> Neutral <input type="checkbox"/> Unfair <input type="checkbox"/> Very unfair
6. Do you agree that higher-demand, central car parks should have higher tariffs than peripheral or seasonal ones?	<input type="checkbox"/> Strongly agree <input type="checkbox"/> Agree <input type="checkbox"/> Neutral <input type="checkbox"/> Disagree <input type="checkbox"/> Strongly disagree

7. The proposed tariffs range from £0.50/hour to £1/hour, depending on location. Do you consider these rates reasonable?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure If no, please explain why: _____
--	--

4. Equity and Accessibility

8. The strategy proposes concessions and exemptions for disabled users, low-income residents, and key workers. Do you agree with this approach?	<input type="checkbox"/> Strongly agree <input type="checkbox"/> Agree <input type="checkbox"/> Neutral <input type="checkbox"/> Disagree <input type="checkbox"/> Strongly disagree
---	--

9. What other groups or circumstances (if any) should be considered for reduced or free parking?	
--	--

10. How important is it that car parks offer multiple payment options (cash, card, app, etc.)?	<input type="checkbox"/> Very important <input type="checkbox"/> Somewhat important <input type="checkbox"/> Not important
--	--

5. Local Economic and Environmental Impacts

11. Do you think the proposed approach will help maintain or improve town centre access for shoppers and visitors?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure
--	--

12. How concerned are you about potential impacts of parking charges on local businesses?	<input type="checkbox"/> Very concerned <input type="checkbox"/> Somewhat concerned <input type="checkbox"/> Not concerned
---	--

13. How much do you agree that visible reinvestment of parking revenue (e.g., road repairs, EV chargers, cycling routes) would improve public trust in the scheme?	<input type="checkbox"/> Strongly agree <input type="checkbox"/> Agree <input type="checkbox"/> Neutral <input type="checkbox"/> Disagree <input type="checkbox"/> Strongly disagree
--	--

14. How important is it that the strategy contributes to climate and environmental goals (e.g., reducing emissions and congestion)?	<input type="checkbox"/> Very important <input type="checkbox"/> Somewhat important <input type="checkbox"/> Not important
---	--

6. Implementation and Communication

15. What is your preferred approach to introducing parking charges?	<input type="checkbox"/> Phased over time <input type="checkbox"/> All at once <input type="checkbox"/> Pilot scheme first <input type="checkbox"/> Unsure
---	---

16. How would you like to be kept informed about how parking revenues are being reinvested?	<input type="checkbox"/> Annual reports <input type="checkbox"/> Council website updates <input type="checkbox"/> Social media <input type="checkbox"/> Local newsletters <input type="checkbox"/> Public meetings
---	--

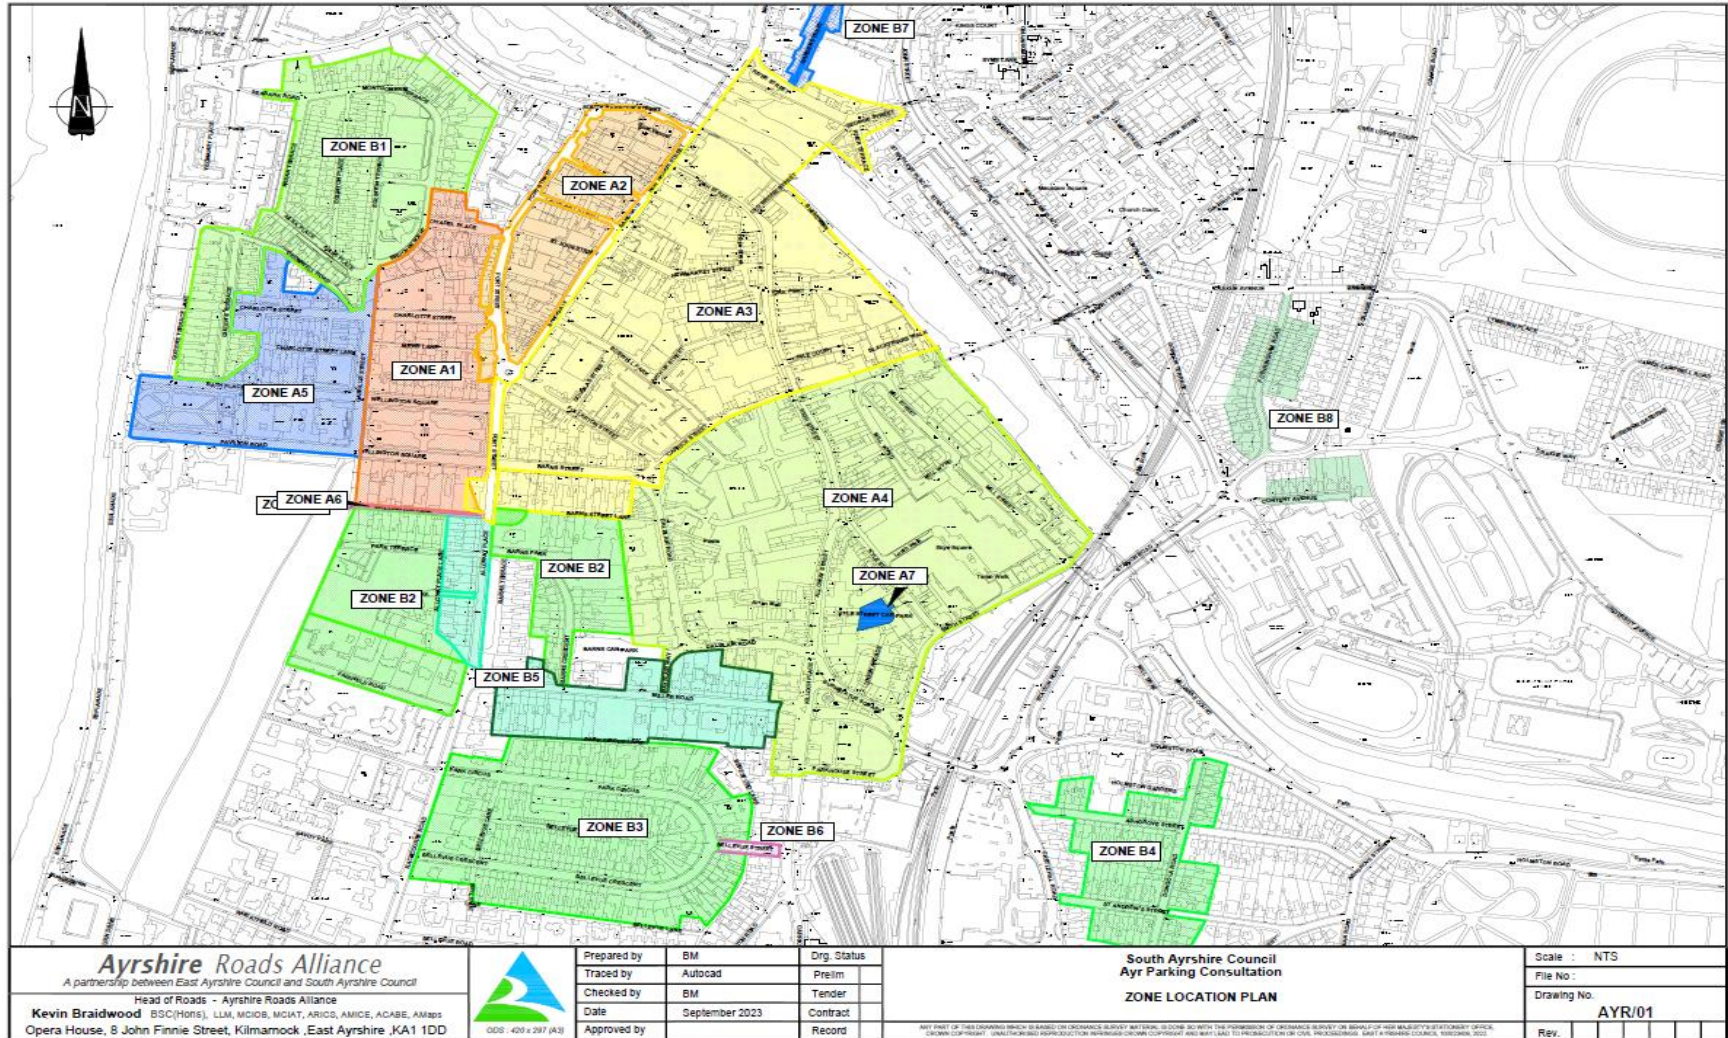

17. Do you think the proposed messaging — “Your Parking, Your Town, Your Investment” — clearly explains the purpose of the strategy?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Unsure
--	--

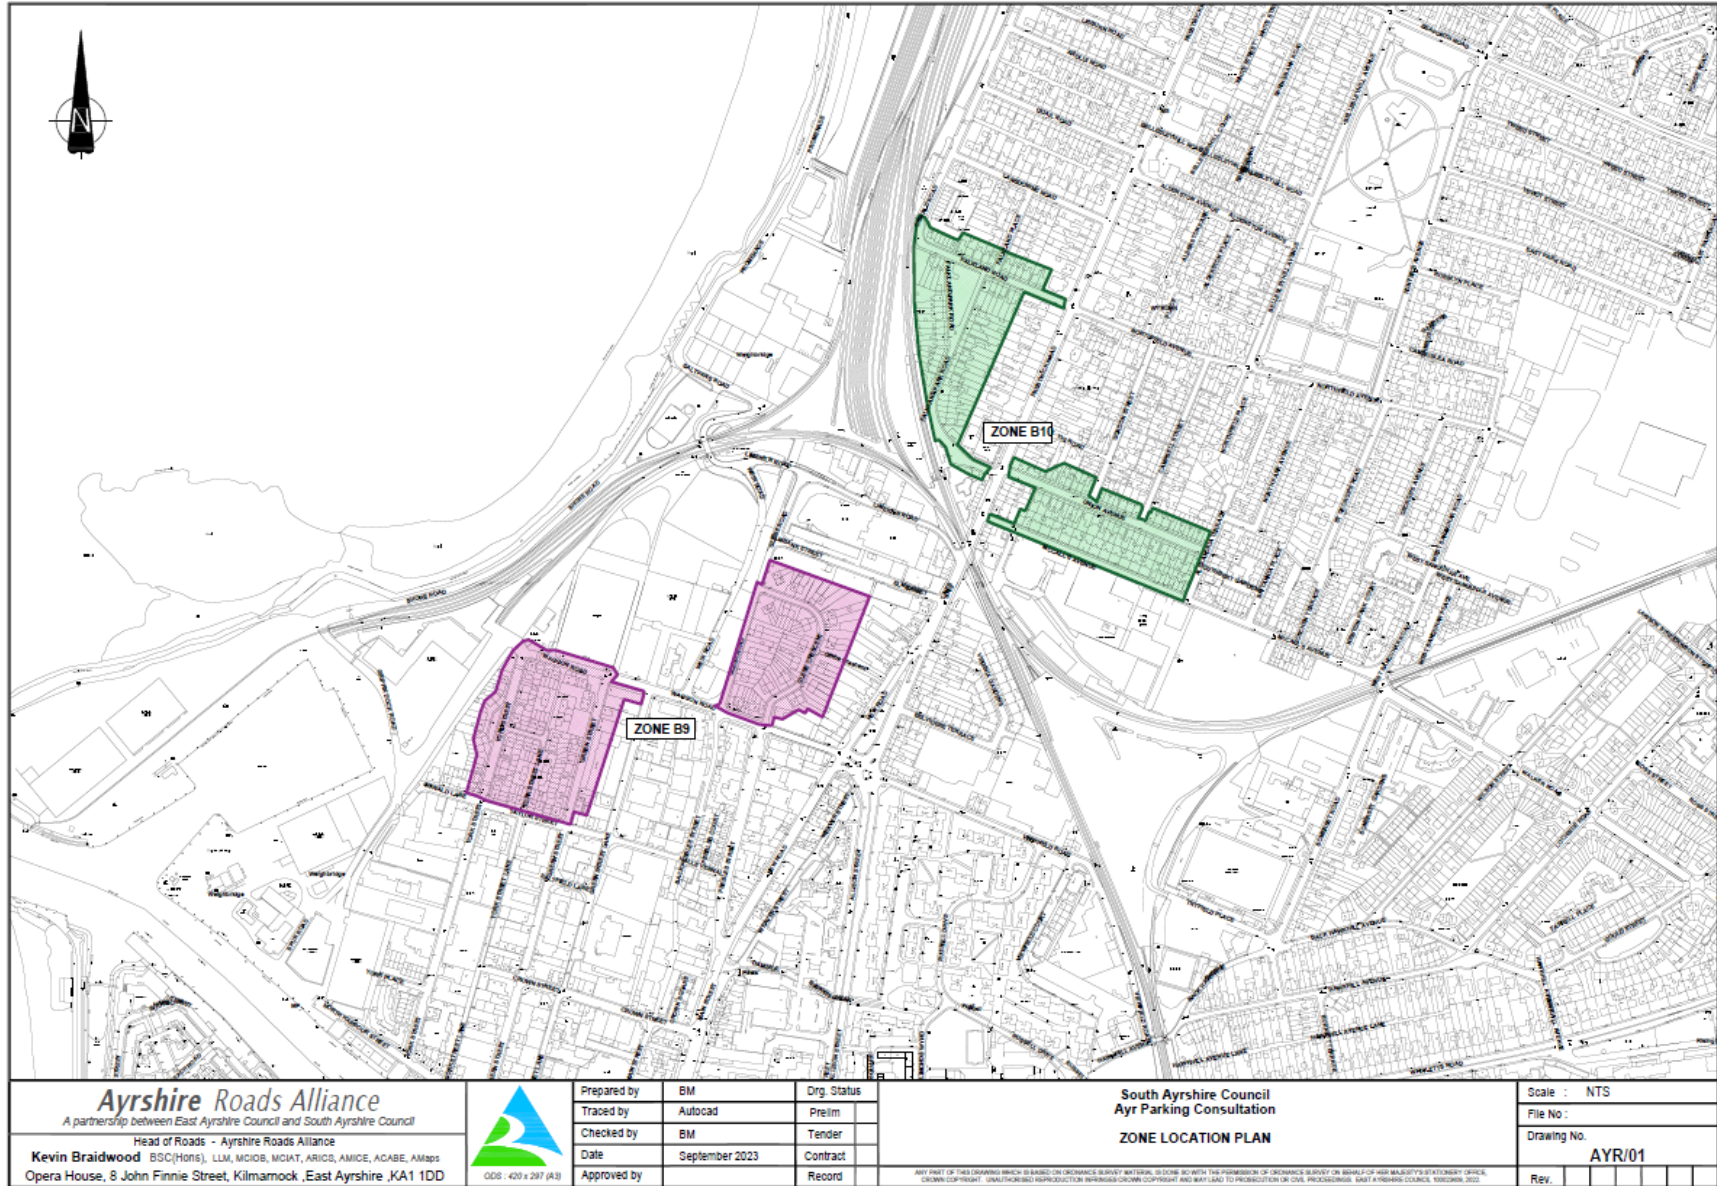

7. Open Feedback

<p>18. What benefits do you think this strategy could bring to your town?</p>	
<p>19. What concerns or risks do you think need to be addressed before the strategy is implemented?</p>	
<p>20. Do you have any other comments or suggestions for South Ayrshire Council about off-street parking?</p>

Car Parking Survey – Ayr Town Centre

1.0 Introduction

ARA created a 2 hours free parking initiative in Ayr in January 2024, where motorists can obtain one free parking session per day from any on street parking ticket machine and any extended stays or subsequent visits are chargeable.

ARA are seeking to establish the effectiveness, impact and any economic benefits of this initiative and have undertaken a survey of the local residents and business community.

The survey was released to the community online via social media, press releases and websites on 13th November 2024 and remained open to 6th December 2024 and 1,033 responses were received.

This report provides both a summary and a full analysis of the results from the businesses and residents in terms of the car parking initiative as well as commentary on the town centre as this was a recurring theme in the feedback from the wider community.

The report can then be used to support a paper to the full Cabinet at South Ayrshire Council in February 2025.

We need your help to plan car parking in Ayr Town Centre.

Please take a few minutes to complete this short survey on the existing free two hour car parking sessions.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business Responses

Overall response from businesses is very positive in relation to the 2-hour initiative with many saying it is crucial to maintaining a level of footfall in the town. Over 60% are seeing an increased footfall and over 50% have more customers entering their business, with one business stating they have increased revenues by 13.8%. In relation to finding spaces and congestion most businesses felt it was easier for customers to find a space and less overall congestion in town as there is a constant turnover of cars.

In terms of specific machines and signage there is a general view that this is all working, especially as people are now more familiar with the machines and know to enter their registration number to gain the 2 free hours. However, in relation to tariffs many felt the duration of the free tariff could be increased to 3 hours to allow for shopping plus a coffee/lunch; this would help the hospitality businesses in the town. Other more service-based businesses were benefitting from customers being able to park for free and find a space easier.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business' Comments (Total of 64 comments)

The following 5 slides is a summary of the **64 comments** received from businesses which have been grouped into the themes noted below in relation to the parking initiative and the town centre. Through the use of AI, the comments fell into the themes and an example of some comments in each area have been shared on each slide. A separate document listing all comments is also available.

The key themes from business comments

1. Footfall and increase in customers
 - 34 comments
2. Experience of parking in Ayr
 - 36 comments
3. Duration of parking
 - 17 comments
4. Use of machines
 - 9 comments
5. Congestion in town
 - 3 comments
6. State of Town Centre
 - 10 comments

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business’ Comments

1. Footfall/More Customers (34 comments)

Business respondents often highlighted the initiative’s positive influence on increasing footfall, with many reporting an increase in the number of customers visiting their establishments. However, some mentioned variability, with the benefits dependent on the location and visibility of their business.

On face-to-face visits many commented on an improvement to footfall and are very keen for the initiative to remain in place.

Sentiments:

- Positive impact on customer volume
- Greater visibility due to more people walking through the area.

We appreciate the effort to bring more customers to the area

The initiative has been fantastic for our shop; we’ve seen a noticeable increase in foot traffic.

There’s been a slight uptick in customers, but it’s hard to directly attribute to the parking initiative

It’s been a breath of fresh air for my business during difficult times. I calculate a 13.8% increase in revenue largely down to the measures. Thank you

Footfall has improved, but not everyone who parks actually visits our business

Some of my customers say it’s easier to stop by now with free parking available

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business’ Comments

2. Experience of Parking (36 comments)

Many business owners shared concerns about the ease of parking, particularly for their customers. The main issues revolved around insufficient availability of spaces during peak hours and challenges with on-street parking.

Sentiments:

- Parking can be difficult during busy periods.
- Positive comments about accessibility in quieter times.

Our customers have mentioned difficulty finding spots nearby

It's an improvement overall, but there are still parking challenges

The experience is better now that parking is free for two hours

Parking congestion hasn't improved much despite the initiative

Parking is fine in the morning, but afternoons are often chaotic

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business’ Comments

3. Duration of Free Parking (17 comments)

Many businesses appreciated the 2-hour free parking but noted that the duration might not suit all customers, particularly those spending extended time in shops or restaurants/coffee shops.

Many noted in the face-to-face discussions the need to extend to 3 hours. The visits covered all types of businesses and an ability to combine going to shops and eating, or shops and an appointment would extend the time people spend and enjoy in the town. Businesses commented on the fact that people wanted to stay longer but had to rush back to car. 3 hours was referenced on a number of occasions. There was also a strong preference for the full day free parking not to return, this being due to workers taking all spaces and then customers could not park.

Two hours is sufficient for most of our customers but not all

We’ve had customers complain about needing more time

An extension to 3 hours would be even better

Some customers feel rushed with the current time limit

The duration is a great incentive for quick visits

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business' Comments

4. Use of Machines (9 comments)

Feedback on parking machines was limited but highlighted the need for user-friendly designs and clear instructions.

5. Congestion in Town (3 comments)

Few comments were made about traffic congestion, with most respondents viewing it as a minor issue.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Business’ Comments

6. State of Town Centre (10 comments)

Comments about the town centre’s condition emphasised the need for improvements in public spaces and the quality of shops and services to complement the parking initiative.

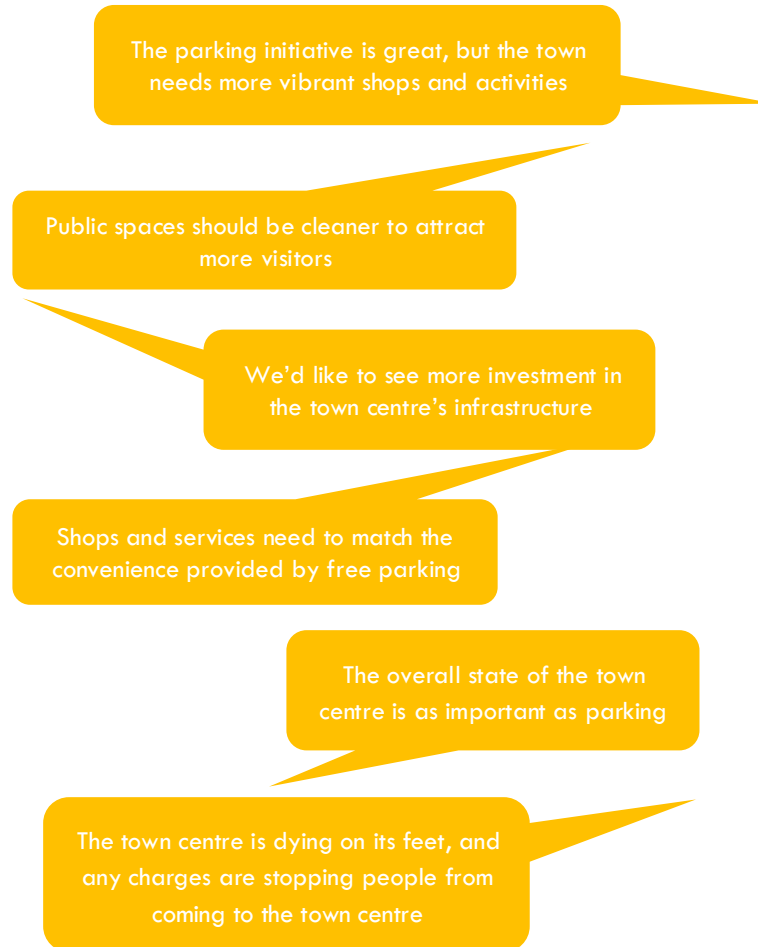

On the face-to-face visits nearly all businesses commented on and wanted to discuss the state of the town centre. The need for improvement, investment and change.

Businesses want to succeed in the town and the clear message which came across was a desire for the town to be a place people want to come to and to regain a sense of pride. A need for clear direction on the town centre after many years of proposed plans and regeneration was a constant sentiment. Some businesses are investing in their own growth and development plans and hence want to know what is next for Ayr.

Newmarket Street traders were very vocal on the potential investment on their street and seeking to know timing for this.

Parking was an important factor, and many appreciated this as a start which they hope will remain in place for years to come.

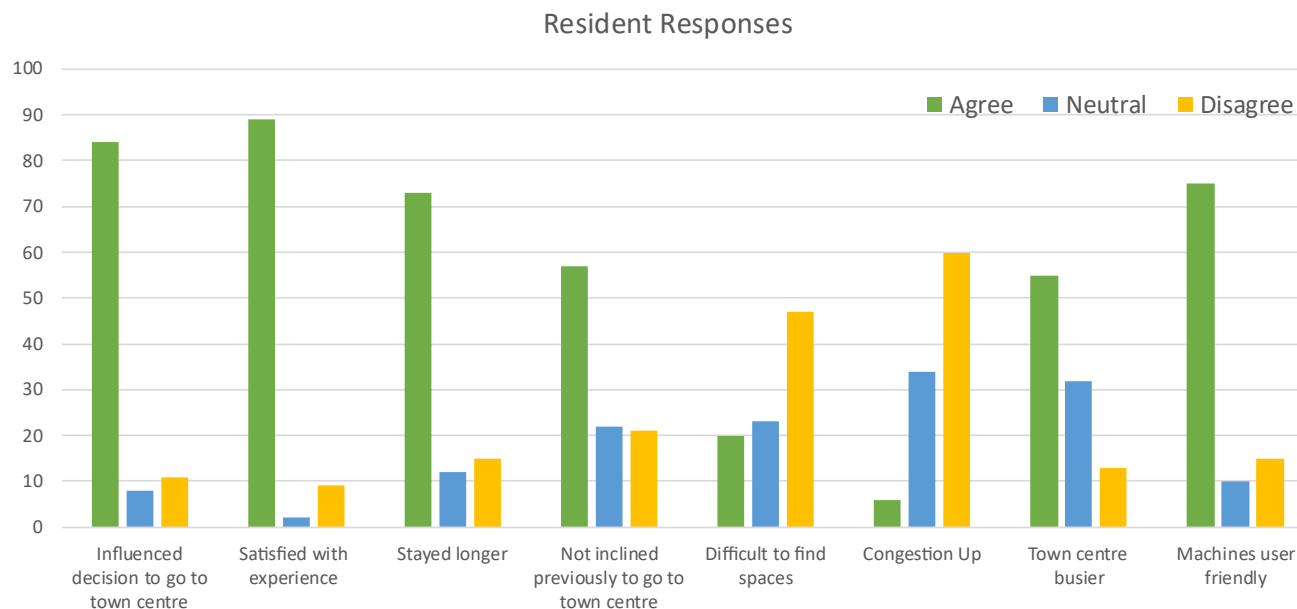

However, the bigger picture for Ayr town centre and the question of what next was by far the most frequent query.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident Responses

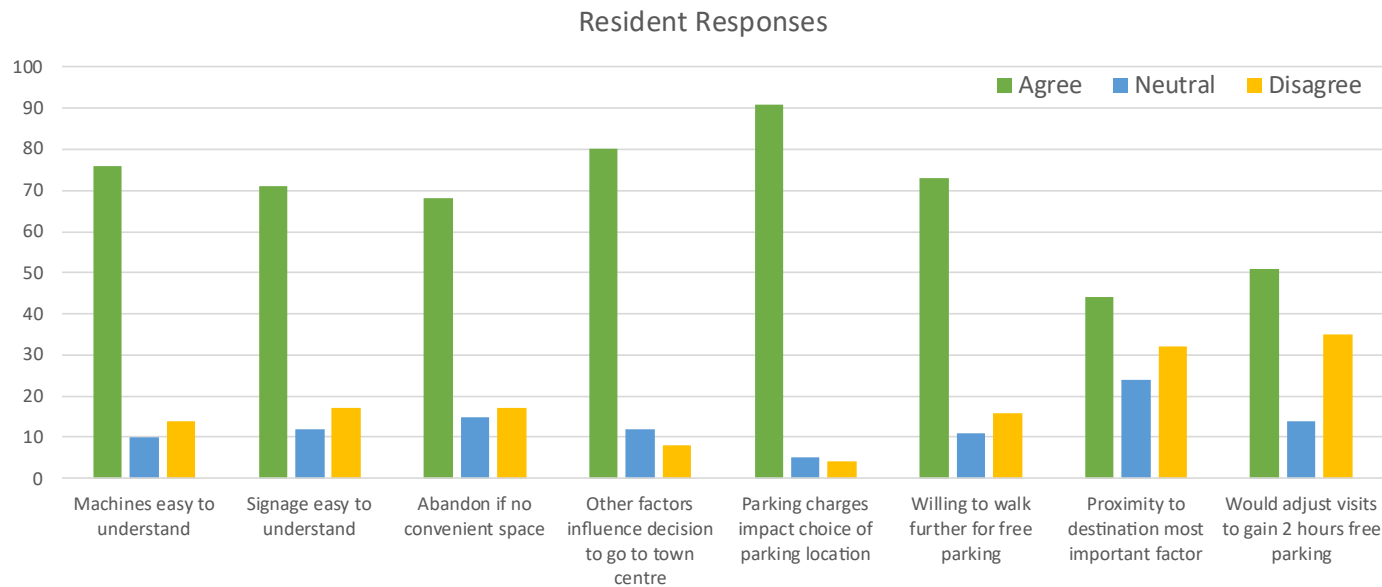

The response from residents is overwhelmingly positive in relation to their decision to go to the town centre and stay longer due to the 2-hour free parking. It has definitely created an opportunity for more people to go to or return to the town centre for a variety of reasons from shopping, eating out or attending a range of services from banking to opticians/dentists and beauticians. They are seeing the town centre busier without it being from traffic congestion and the machines and signage are working for the majority of people now however there are comments to suggest it was not widely known in the early stages of the initiative.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident Responses

The willingness to walk for free parking and proximity to key aspects of the town are important to many people although the factors which influence why people do not go to the town centre are substantially more than just a parking charge. 90% of respondents state other elements being a key influencer and make reference to this as you will see in the analysis of the comments in the next section, in relation to the state of the town centre.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments (Total of 502 comments)

The following 5 slides is a summary of the **502 comments** received from residents which have been grouped into the themes noted below in relation to the parking initiative and the town centre. Through the use of AI, the comments fell into the themes and an example of some comments in each area have been shared on each slide. A separate document listing all comments is also available.

The key themes from resident comments

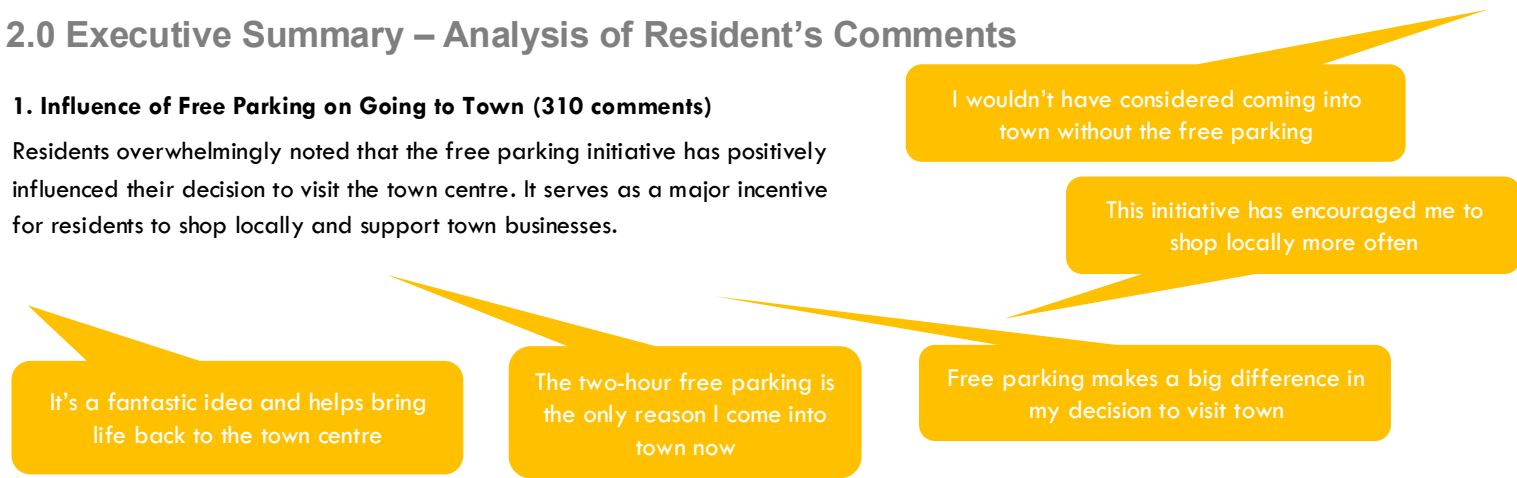

1. Influence of free parking on going to town
 - 310 comments
2. Experience of parking in Ayr
 - 287 comments
3. Duration of free parking
 - 85 comments
4. State of Town Centre
 - 84 comments
5. Use of machines
 - 56 comments
6. Level of tariff
 - 25 comments
7. Proximity of free parking to town
 - 17 comments
8. Signage for parking
 - 16 comments
9. Congestion in town
 - 14 comments

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments

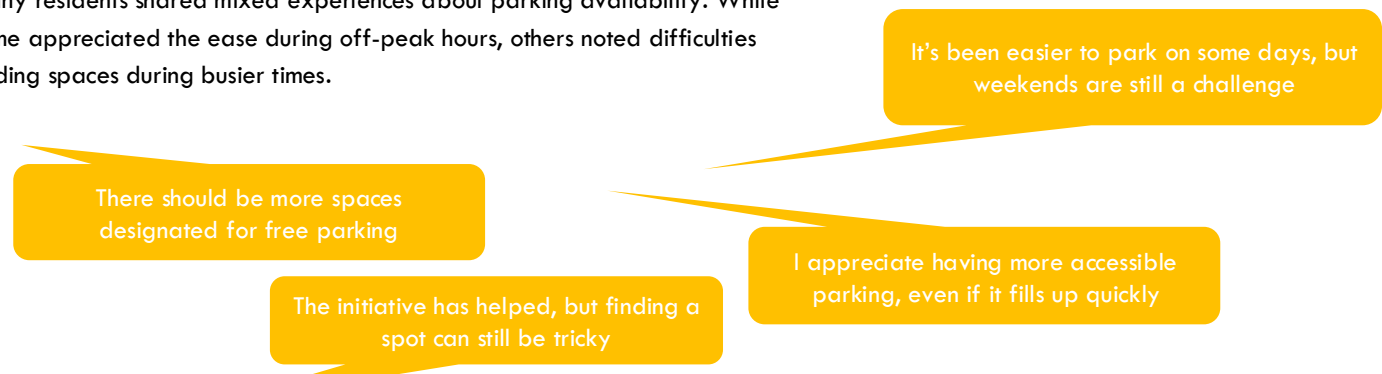

1. Influence of Free Parking on Going to Town (310 comments)

Residents overwhelmingly noted that the free parking initiative has positively influenced their decision to visit the town centre. It serves as a major incentive for residents to shop locally and support town businesses.

2. Experience of Parking (287 comments)

Many residents shared mixed experiences about parking availability. While some appreciated the ease during off-peak hours, others noted difficulties finding spaces during busier times.

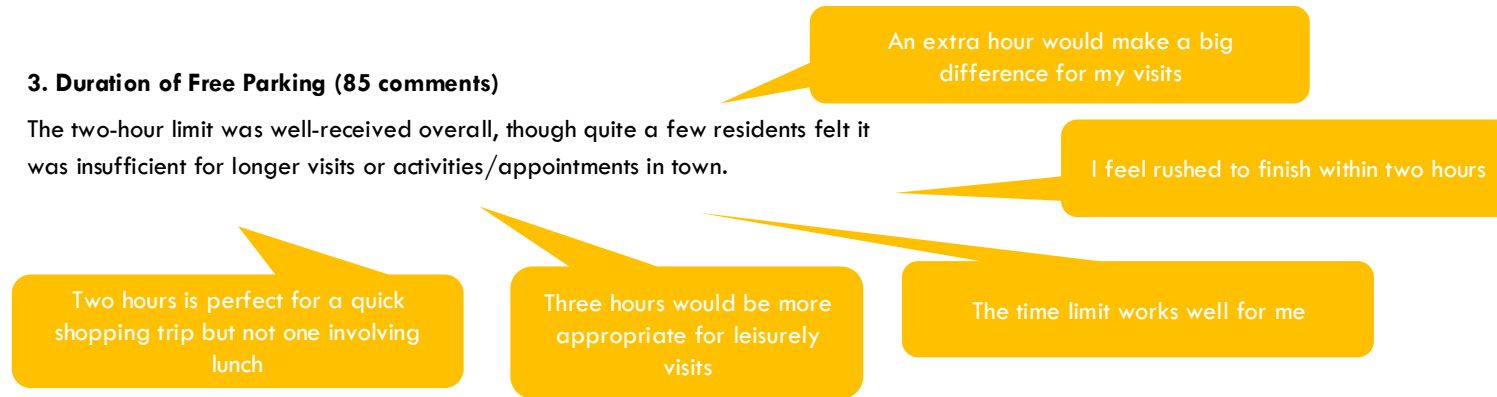

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments

3. Duration of Free Parking (85 comments)

The two-hour limit was well-received overall, though quite a few residents felt it was insufficient for longer visits or activities/appointments in town.

4. State of Town Centre (84 comments)

Many residents emphasised the importance of improving the town centre’s overall condition, including the quality of shops, public spaces and services, to improve the whole town centre experience in Ayr and to maximise the benefits of the parking initiative.

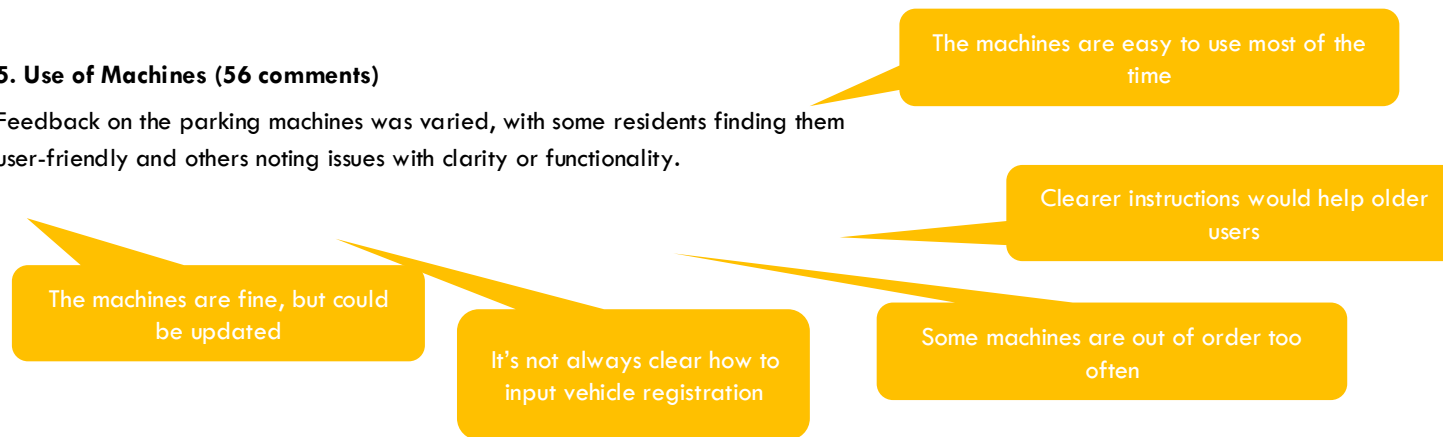

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments

5. Use of Machines (56 comments)

Feedback on the parking machines was varied, with some residents finding them user-friendly and others noting issues with clarity or functionality.

6. Level of Tariff (25 comments)

Tariffs were a less common topic but drew mixed reactions, with some appreciating reduced costs and others suggesting further reductions.

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments

7. Proximity of Free Parking to Town (17 comments)

Comments on proximity emphasized the need for free parking to be closer to key town destinations, as distance discouraged some residents.

8. Signage for Parking (16 comments)

Some residents noted issues with parking signage, particularly with clarity and visibility. However, most feedback suggested signage was adequate

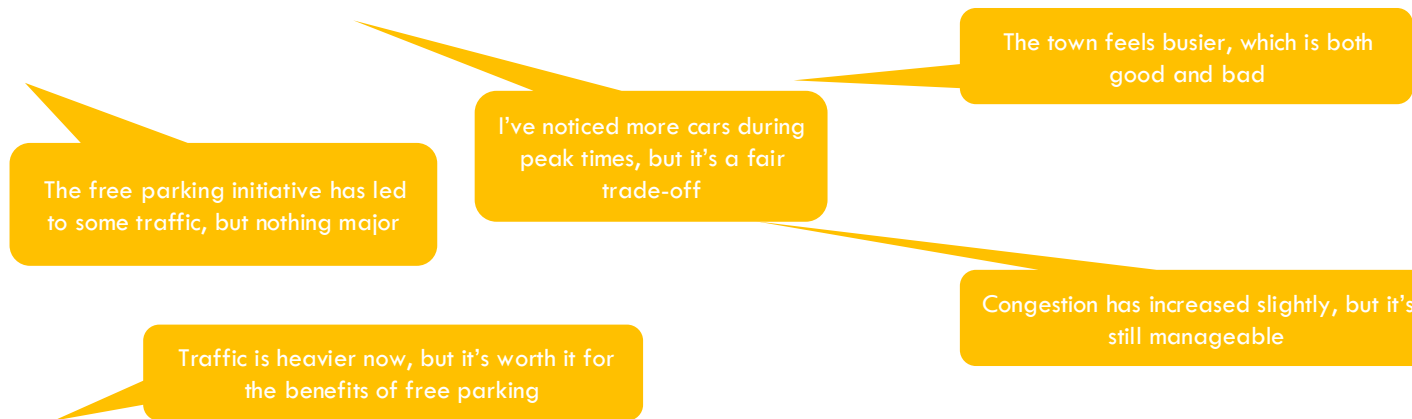

Car Parking Survey – Ayr Town Centre

2.0 Executive Summary – Analysis of Resident’s Comments

9.0. Congestion in Town (14 comments)

Comments on congestion were minimal but highlighted slight increases in traffic, particularly during weekends or busy shopping hours.

NO CHANGE TO AYR FESTIVE CAR PARKING RULES

South Ayrshire Council and Ayrshire Roads Alliance have confirmed that the current free two-hour Ayr town centre car parking sessions will remain operational during the festive run up to help shoppers and businesses.

Currently motorists benefit from one free parking session per day, up to two hours, on any street within a designated town centre area that has a street parking ticket machine. Extended stays of more than the two hours or subsequent visits are chargeable, and the free session does not apply to car parks.

Other organisations are also encouraging the public and local businesses to take part in a brief car parking survey ahead of the Friday 6th December deadline.

🗨️ **FEEDBACK ON FREE AYR TOWN CENTRE CAR PARKING SESSIONS**

South Ayrshire Council and Ayrshire Roads Alliance are now looking into the impact the delivery of these sessions has had on businesses and we would really appreciate your support by completing a brief survey.

We're keen to understand the impact the initiative may have had on increasing footfall, on trade and encouraging people into the centre.

Ayrshire Roads Alliance and South Ayrshire Council will then review the feedback from both residents and businesses to support future planning for car parking.

To fill out the survey, visit 📄 <https://engagementtea.east-ayrshire.gov.uk/ayr-parking-strategy>

APPENDIX 3 – PARKING CONSULTATION FREE TEXT RESPONSES

Consultation Question 8

Question 8		
Please outline if there are any other priorities or areas we should include.		
1	Pavement parking. Parking that obstructs vehicular access/egress to/from homes and commercial premises.	06/12/2023 17:30 PM
2	There should be no limit on how long you can park in a bay of any kind, within the hours between 08.00 and 18.00.	12/12/2023 18:12 PM
3	1. The safety in with streets with primary schools. 2. All residential areas in South Ayrshire.	12/12/2023 23:49 PM
4	Priority should be given to the fact that property prices reflect whether houses have resident parking available to them, if you then allow anyone to park for up to three hours it devalues them, and if they all pay the same amount for permits it doesn't take into account the prices paid for the parking arrangements. If shared bays are to be allowed then 3 hours is far too long, that would mean a resident would have to find alternate parking for far too long, an hour should be more than enough for anyone needing to use a space to pop in somewhere, 3 hours is excessive, and if someone is going to be there for three hours they should plan to use an official parking bay in a pay and display zone.	13/12/2023 20:19 PM
5	n/a	15/12/2023 17:04 PM
6	The absence of investment in enforcement of current parking regulations over many years means that accurate data regarding actual use or abuse cannot possibly be known - abuse of current regulations is commonplace but SAC have no way of knowing this. The data upon which the parking strategy and proposals is based upon is therefore little more than conjecture or, at best, anecdotal information and interpretation of modelling based on other situations and scenarios. This lack of enforcement would cause even more problems if many of these proposals were passed, as restrictions based on time limits alone would require more regular checks. This appears to be clearly identified in the Report from the 2021 Consultation, yet disregarded in the proposals. Town centre parking problems are common across the country and there are few, if any, issues that are unique to Ayr. However, seafront and Esplanade parking problems are particular to the town and require bespoke solutions. The current situation allows those visiting Ayr Seafront to drive directly there, use the beach and then drive home again, having contributed nothing to the local economy. This practice is incredibly common, particularly in summer season. Excessive demand for the free parking available, especially at surge times such as bank holidays or particularly sunny periods, causes those looking for convenient and free parking to encroach into resident permit areas, emboldened by the lack of enforcement. This same lack of enforcement is regularly exploited by SAC employees working at County Buildings. Implementation of paid parking at the Esplanade and surrounding area would deter long-term parking for other activities whilst generating much-needed revenue from beach-goers. This could be used to maintain the beach and ensure a safer and cleaner environment for responsible visitors. However, it would require a significant uplift in enforcement resources and robust implementation of regulations. Naturally, this would also be required in neighbouring residential streets to prevent these being used to avoid parking charges. Planned infrastructure at Blackburn Road car park, (in the form of automated barriers with ANPR system) would facilitate simple implementation of parking charges at that location. However, Esplanade and surrounding street parking would require manual patrols, which are currently so infrequent that they can be relied upon with almost total certainty to not happen during a day-	18/12/2023 19:35 PM

	<p>trip. Whilst the report recognises that introduction of parking charges may deter some visitors, it must be questioned why Ayr would wish to attract visitors who rely on driving directly to the beach then home again, having spent nothing in the town. In Resident Permit areas, the proposals to introduce additional permits for tradespersons, visitors, carers, etc. would attract a significant administrative burden (that is unlikely to be staffed), be open to abuse and, ultimately, create conditions tantamount to a free-for-all that completely undermine the point of any restrictions, leaving the residents that the current system is designed to protect unable to park near their homes. In most (if not all) of these zones, each residence is entitled to apply for two parking permits whilst businesses are allowed more or less permits according to their situation. Overall though, the current system considers the maximum number of vehicles that can be parked in these areas and ensures that there is sufficient capacity for most circumstances. Should carers or tradesmen need to park within these zones, it is common and perfectly workable practice for the property occupier to provide one of their passes for the duration of the visit. When accommodating recreational visitors, it is incumbent upon the person they are visiting to make arrangements. The proposed changes would see tradesmen abusing 'free passes' to park in these areas, including residents bringing additional 'work' vehicles home and clogging up the limited space. Up to 5 visitor permits per household could mean that, even without abuse, one or two houses could commandeer entire streets, thus preventing neighbours from being able to park near their homes. Charges for Resident Permits in resident only streets are currently charged at £0.50 for the lifetime of the residency. The Report compares this to the £50 p/a charge for a resident's permit for Fort Street. Whilst this disparity may appear unfair (and the Report suggests that it is) it reflects the fact that parking would normally be free in the first case and the permit scheme is primarily in force to protect those who live there. Conversely, in areas such as Fort Street, parking would normally be charged. Therefore, provision of subsidised resident passes denies revenue from temporary users. The principle of different rates is therefore understandable. However, the £0.50 charge is no more than a nominal fee and the 'lifetime' validity of passes is open to abuse. A fairer system would be to increase the nominal fee to wholly cover the cost of administration of the scheme whilst also contributing to enforcement of it. Visible passes are required (as they provide visual confirmation to visitors that a scheme is in force, as opposed to an online registration scheme, where parked cars have no visual display) but these can employ technology such as holograms and QR codes to prevent duplication/abuse and verify validity. Annual renewal at an increased fee, e.g. £2 p/a should fund the scheme whilst providing some contribution to additional enforcement patrols. Transparent accounting and visible, effective patrolling would benefit residents and assure them that the scheme was not being misappropriated to fund other resources.</p>	
7	<p>Given our street has a lot of listed buildings and is within a special conservation area, surely it would be pertinent to avoid overuse of the street by people who don't belong on the street, ie letting it open to anyone for 3 hours. We have a lined street with cherry blossoms which I'm sure are to be protected. I myself have seen 'random' people in the street in large vehicles giving no consideration to our trees when parking, some of the trees have been damaged and not replaced which I'd also like addressed. We also have to consider the proposed flats on Miller Road and the access along Park Circus Lane which too will bring more vehicles and exposure. The present permits do need tweaking but to a lesser extent than the proposed amount!</p>	21/12/2023 20:35 PM
8	<p>Disabled parking. There are never any free disabled parking spaces even if we arrive from Girvan at 9am on a Saturday. Plenty of empty loading bays but no disabled parking spaces. As a registered disabled person I need a space close to the shops in order to access them. No free space we return to Girvan without any shopping at all on the High Street. It has upset me so many times that this</p>	23/12/2023 16:05 PM

	repeatedly happens that I now will not ask to be taken to Ayr. I miss shopping in Ayr but until the disabled parking is increased and adequately policed I will not face another 90 minute return journey by car for nothing.	
9	Please prioritise the custom and practice of your residents	26/12/2023 13:57 PM
10	There should be free parking in Ayr to encourage people to come into the town not drive them away to other towns and shopping centres THIS PROPOSAL WILL KILL AYR AS A SHOPPING CENTRE AND TOURIST TOWN	27/12/2023 18:47 PM
11	Residents should not have to pay to park in front of their homes. Full stop!	27/12/2023 22:53 PM
12	The on street pay and display a) should not include Saturday b) should have a shorter time Mon-Friday 10-3.30pm. Alternatively extend the free parking. I shop far more in Ayr because of the free parking. You need, as a council, to promote business far more in Ayr, rather than try to raise revenue from parking.	28/12/2023 18:22 PM ID:
13	Remove car parking from the Esplanade so that this area could benefit from stall and pop up events during the summer.	29/12/2023 18:26 PM
14	One hour free parking to allow at least click and collect orders on the high street which is vital to the town.	30/12/2023 15:39 PM
15	The area around the County Buildings should absolutely have charges introduced. At the moment, people who work in the CB use the 3-hour parking to their advantage by simply moving their cars to the opposite side of the building around midday. It is unfair that councillors, council workers and heads of service seem to be exempt from paying for parking.	04/01/2024 23:54 PM
16	Please consider the impact of event parking on local residents. Don't assume that making it the responsibility of the event organisers will be fair or reasonable. Bowls Scotland tournaments are a parking shambles. Events at Rozelle are a mixed bag. Some are very well signposted and fairly organised, others are poorly managed and result in the park being completely inaccessible for the duration of the event and local residents being unfairly treated with a huge number of cars parking on the streets surrounding the park. Parking near schools needs careful consideration. It is not feasible or fair just to say walk to school without being realistic about the need for people to drive to drop off/pick up. Most of the schools in the area are a shambles at 9am & 3pm. Walking should definitely be encouraged, but some form of drop off/pick up bays should be provided near the schools. There is a definite need to maintain lollipop crossing patrollers at schools to help prevent accidents. Due to the lack of adequate parking for those who need it there are often people making poor/rushed decisions about parking which results in dangerous conditions in very congested areas where children are often unsupervised	05/01/2024 00:58 AM
17	The Tradesperson charge of £400 per annum is mad!! Tradesmen will simply refuse to contract job in these streets	07/01/2024 16:45 PM
18	Disagree with the new parking meters installed Not everyone likes to use their card so you are discriminating against the people who use cash Should be free parking all day in Ayr It's an absolute disgrace that you have to pay for parking by card and put your car registration details which is against GDPR rules and regulations No wonder people aren't coming into Ayr I used to be in town at least 3/4 times a week but now it's once a month as it's a joke And the parking Attendants aren't very helpful either some are very rude Trying to get people back into town but not helping things by doing it this way	08/01/2024 10:11 AM
19	I strongly disagree that residents should be charged £60 a car per year just to park outside their house. That is outrageous to penalise someone based on where they chose to live - note these households already pay higher end council tax rates. It's discriminatory as overwhelming majority of Ayr residents are free to park outside their homes. Also charging tradesman £400 per year will drive many away limiting the residents' choice drastically and likely increasing costs as tradesmen will pass these on to the residents. Surely a review of parking restrictions is worthwhile but it should not be a route to generating more income! The parking issues certainly do not warrant it!	08/01/2024 14:41 PM

20	Having lived in park circus for 10 years and now in Bellevue crescent, I strongly agree that the permit system needs changed, however to the benefit of the residents that live there, not to provide further parking for anyone to just abandon their car outside my property to go into town. It is hard enough to find a space outside the property I have paid a considerable amount of money for and pay high council tax for, yet very rarely does a traffic warden ever manage this area. I have over the years had many arguments with people who just park in park circus to go into town and think it's acceptable to park outside my house in a residents only street. To now suggest I pay more and have less chance of parking is unfathomable and simply ludicrous.	08/01/2024 14:55 PM
21	It seems as if there aren't many options being offered, and I believe that three hours is far too long for anyone to be able to park in a resident street, it would lead to residents not being able to park throughout the day, just because people are trying to avoid pay and display areas. There is no requirement for additional parking around the county buildings, this just screams of council workers wanting easier access for them. Also why are we even considering these areas when they aren't appropriately "policed" as they stand, I almost never see traffic wardens capturing people abusing the double yellow lines around Victoria park, and never see them moving on non-residents from the surrounding streets, if they can't deal with it as it is, how will they be able to cope with the proposed changes, and if it isn't controlled, then what's the point?	08/01/2024 15:35 PM
22	If you let people park for three hours in the residential streets near the beach the residents' will not get to park anywhere near their house so why should they pay £60 for the privilege of not getting parked at their door This already happens in the summer with the guest houses being full in the street but that was acceptable as we were not having to pay to park But to pay £60 I would want a guaranteed spot at my door.	08/01/2024 15:39 PM
23	Shocking trying to gleam money from tradesmen and carers to and also visitors. The roads are a mess! Get them sorted!	08/01/2024 16:54 PM
24	I live in Park Circus and strongly object to the street being open to non-residents because sometimes it's difficult enough to park on the street. There are no suitable streets round about to park on instead. Also the street is known for being picturesque with the cherry blossom trees and had been used for marketing within Ayr - it will look horrendous with bays painted in and pay and display meters. I'd worry this would impact the trees, let alone the residents. I'd happily pay more for a permit, but leaving this open to other visitors would make it really difficult to park during the day.	08/01/2024 17:07 PM
25	It is ridiculous that residents are being made to help maintain the Council budgets. Parking outside residential areas should be free no matter how close to the town.	08/01/2024 17:22 PM
26	I live in zone A1, it is already extremely difficult to get parked at any point within the day. This has been exasperated by the introduction of two free hours and free parking throughout December and into January. I note your proposals would remove Fort St and several others as an option for myself and fellow residents of my street to park in. If we can't get parked in Citadel Place which we invariably rarely can then our closest option is then Charlotte St (west) and then Wellington Square. And charging us £50. With the recent introduction of a 2 hour free, I suspect the residents will be generating the bulk of income in our street in terms of parking charge revenue but are the ones who benefit the least from the changes. How are encouraging visitors into the plentiful supply of parking spaces within the nearby council car parks rather than on-street. Whilst addressing the residents parking permits, it may also be worthwhile looming into the number of doctors permits of which there are at least 2 in daily use within our street. These cars park 1st thing and do not move until into the evening. It is my understanding these were issued for doctors having to make house calls. These cars do not move.	08/01/2024 17:38 PM

27	Residents should have designated spaces if paying for parking, it is difficult to find parking particularly when all other cars had free parking during December.	08/01/2024 17:55 PM
28	Parking should be free for all residents in South Ayrshire	08/01/2024 18:34 PM
29	I cannot understand why there should be any parking charges in the town at all. I think we should welcome visitors to the town and allow parking, for free, in properly dedicated areas, which should be properly policed. I strongly disagree with parking charges at all. Further, as a resident in a street where it is proposed there should be an annual £60 charge, I also strongly disagree with that totally unreasonable proposal.	08/01/2024 20:18 PM
30	No 3 hours stay allowance placed on zone B areas, it is hard enough to get parked as it is around Park Circus/Bellevue Crescent. There is zero enforcement of current restrictions, so hard to see how this will change. Double yellow lines/marked bays required on these streets if this proposal is to go ahead, allowing for vehicular access to properties/garages where required. Current parking a nightmare due to cars double parking beside cherry blossom trees.	08/01/2024 21:14 PM
31	Upgrade those car parks in the town which are in poor condition and set a reasonable fee which is clear and easy to pay, to encourage people to use them and visit the town.	08/01/2024 21:16 PM
32	double yellow lines re-instated.	08/01/2024 21:46 PM
33	Parking charges are driving people out of the town. Residents should not be charged to park outside their homes. Workers using vehicles should not be charged to park while working. Visitors to the town should not be charged to park. Unreasonable parking charges will discourage business and visitors within Ayr in general.	08/01/2024 23:13 PM
34	I would like to know why you are trying to kill off our town centre completely. Visitors will not come, tradesmen will avoid, the town will become even more of a ghost town	08/01/2024 23:17 PM
35	If McCalls avenue and Union Avenue is to become permit only so should Alexandria Terrace, Britania place etc. and surrounding streets as people will park in surrounding areas.	08/01/2024 23:33 PM
36	Parking charges at leisure/sports centres such as Prestwick & Troon pools and the Citadel are completely inappropriate. Local people and visitors should be actively encouraged to use these facilities to improve health and well-being. Parking charges will not improve availability of spaces, they will only serve to put people off using the facilities. Parents using the car parks for kids swimming lessons for example will be charged approximately £50 per year for parking per child. Please don't suggest using public transport instead of driving. It's not feasible to take children out with wet hair to wait for buses. The cost of a one hour stay during swimming lessons will increase the price from £23 to £27/29 per month which for many families will be the difference between being able to afford the lessons and not. This is not a wise move. It may improve a short term shortfall for money to paint new white lines and improve lighting in the car parks, but it will put people off using the sports centres and leave kids unhealthy and unable to swim. The parking at Prestwick pool is used during the day for parents doing pick up & drop off at the space place nursery. This is unavoidable as this nursery is used as the overspill for all over Ayr/Prestwick where kids cannot get places at their local nurseries. Parents of siblings at other schools often need to drive to two different establishments and parking close by is therefore necessary	08/01/2024 23:37 PM
37	I personally feel that residents should not be charged to park in their street. There should be no on street parking charges. Make more car parks and charge to use them.	09/01/2024 00:04 AM
38	The town centre is in serious decline. You are partly responsible for this because you allowed out of town centre parking at Heathfield free of charge. There is rarely a vacant shop at Heathfield whereas we have lost our major shops in the town centre where you charge for parking. We need a strategy to bring business back into the town centre including an integrated bus/train hub at the station as	09/01/2024 00:50 AM

	well as free parking to encourage those in rural Ayrshire to shop and visit Ayr. Ayr should be themed a history town with a new interactive museum in the High Street to attract tourists enough of Rabbe Burns what about Bruce, Wallace, smuggling, and transport. Go look at the 1.5 million visitors to the Riverside Transport Museum in Glasgow and stop this petty minded focus on charging people to live and visit Ayr. It's called vision.	
39	You are driving people away from the town and its amenities with the proposed changes. Revitalise the town with free, longer duration parking so people can go out and experience Ayr.	09/01/2024 01:11 AM
40	I think it's absolutely disgusting you are trying to make residents pay to park that live in a street! Cost of living is bad enough without adding anything else on! If you are making these rules each house should have a permit free and a visitors parking permit they can use for different cars when they visit! There will be elderly and vulnerable people in these streets and this could stop people visiting if they have nowhere to park! Make the visitors pay parking rather than the residents! Shame on you south Ayrshire council!!!	09/01/2024 06:59 AM
41	The area around McCalls Avenue is absolutely chock full of cars and residents can't park outside their houses. The ironic thing is its mostly council employees that are blocking the roads. On my own street (Falkland Park Road) there is a funeral director and church which will be affected by this. I personally don't think there is a problem with the parking on this road and purely see this as another cash machine for the council.	09/01/2024 07:31 AM
42	I do not think that there should be such a complicated arrangement. It is neither cost effective nor encourages visitors to the town. The permits should be freely available to residents and parking for others free for 3 hours at a time.	09/01/2024 07:34 AM
43	Maybe focus on bringing people to Ayr town centre rather than driving them away.	09/01/2024 07:48 AM
44	Further enforcement needs to be taken in Mews Lane, although there are double yellow lines and the road is barely wide enough for one vehicle cars are often found blocking the lane, residents driveways and pavements and this is due to the inadequate parking available to people using the food outlets at the top of Fort Street,	09/01/2024 08:16 AM
45	Residents should not be charged to park outside their property. Parking charges are a big reason I try to avoid using the town centre. The retail parks and shopping centres like Silverburn and Braehead have free parking I would rather travel than pay parking charges for less shopping choices.	09/01/2024 08:19 AM
46	Some of the areas include streets with schools on them	09/01/2024 08:23 AM
47	The town has insufficient parking. The council needs to provide more affordable parking if the town centre is to survive. Having parking charges is the wrong solution to the problem because it results in fewer people using the town centre for shopping or entertainment. Making residents pay for parking is extremely unfair because the council have allowed housing to be built with insufficient parking. To profit from this failure is morally wrong. It is hardly fair to impose new charges on residents if their only option to not pay is to move home.	09/01/2024 08:25 AM
48	What is to happen when a resident in a residential street has pavement lowered to park in front of the house off-road.is that parking space available?	09/01/2024 08:41 AM
49	Town centre needs more free parking and not privately owned by an English company	09/01/2024 08:43 AM
50	I stay in York street and it's far enough from the town to be excluded from any parking charges	09/01/2024 09:24 AM
51	I do not agree with the principle of car parking charges. A free and fair scheme could include short and long term parking arrangements properly monitored. Further, as a regular customer of the Citadel, several times per week, I would object strongly to a further charge in using that facility - I already pay a membership and the proposals would add a further unreasonable cost to each	09/01/2024 09:42 AM

	visit, in fact in effect more than doubling my current membership fees... That is outrageous.	
52	Ayr is just going to die on its feet! They need to look at how to bring people in not keep them away.	09/01/2024 09:44 AM
53	I live on Taylor Street, I see on the map that York Street, wagon road and green street residential areas are included. My concern would be that Taylor Street would be the dumping place for the businesses, like carpet shop, garages etc. to leave their customers cars and work vans for weeks on end and the residents that live on Taylor Street and those that park there that live in York Street Lane with no on street parking would not be able to park near their home. I have previously complained to local MPs and councillors about parking issues as right now Taylor Street has cars that haven't moved for months from local garages it's frustrating to not get a space when you come home from work. They also park dangerously close to residents' cars, and close to junctions making it very difficult to drive on or leave your space.	09/01/2024 10:30 AM
54	Trades people should not have to pay to work on properties in the area. Residents should not have to pay to park outside their properties.	09/01/2024 10:55 AM
55	Forget this whole thing. South Ayrshire Council must stop destroying Abandoned Ayr	09/01/2024 11:16 AM
56	The presentation of the current parking wardens is rather unacceptable. The uniform is poorly fitting, the wardens are untidy in appearance and do not provide a good representation of the service that they provide. The wardens should be smart, tidy and approachable.	09/01/2024 11:25 AM
57	Resident parking should remain free of charge for all streets. The town centre is not busy therefore changing residents to park should not be necessary other than to increase revenue and penalise residents in the town centre. The parking strategy should be encouraged visitors and businesses with free parking available.	09/01/2024 12:23 PM
58	Ayr town is dying. Should be three hours free parking town wide to encourage visitors to the town. The cardboard clock idea same as Dumfries.	09/01/2024 12:50 PM
59	Introducing permits in certain streets will just move any potential issue to another street. I live on McCalls Avenue and don't see an issue with the parking. It's quite busy but not so busy you can't get a space! Permits would introduce more hassle than they would reduce especially if there was no visitor option.	09/01/2024 12:58 PM
60	Will you be numbering the parking spaces in the residential permit areas and only allowing permits for each numbered space, if not I could pay £60 for a permit and not be able to park. There is not enough space to allow 3 hrs parking free to non-residents or visitor permits, there is barely enough space right now just for the residents	09/01/2024 13:18 PM
61	Residents should be prioritised over visitors. Residential streets should be for Residents, carers and tradesmen only	09/01/2024 13:27 PM
62	Absolute disgrace this, Ayr is a dump	09/01/2024 13:34 PM
63	The parking in Ayr is a joke, then we wonder why small business are closing and the town is empty, give business owners some kind of incentive to want to improve the town e.g. free parking!!!! I'm currently almost £100 a month to park in town, this is forcing us out as SAC seem to care about anything more than improving the town and supporting business owners! Give residents and business owners' free parking.	09/01/2024 13:37 PM
64	Parking in cycle lanes and pavement parker's should be a higher priority for parking enforcement officers.	09/01/2024 13:54 PM
65	Residents should NOT have to pay I'm order to receive a permit to park outside their home.	09/01/2024 14:10 PM
66	Residents should NOT be made to park outside their own homes!! We live on York Street and NO ONE PARKS HERE TO GO INTO THE TOWN CENTRE! This is a disgrace, not only are these parking charges running people away from the town centre, which isn't generating much business from locals or tourists because it's a	09/01/2024 14:38 PM

	dump and has already been run into the ground, we are now being pushed away from our own homes!! We pay council and road tax! And now we and our visitors are being made to pay to park outside our own homes!!! No! It is a disgrace! At worst residents should all be provided with a parking passes for residents and visitors FREE OF CHARGE!	
67	I have lived in Dalbair Road for almost 50 years. When the Zones were introduced my late husband and I immediately had to make a case for our parking Zone to be A2 instead of A3 in which Dalblair Road had been placed. Every time since that time we I got a permit for A2 and I know several of my neighbours have had to do the same in the intervening years. As you will be aware Dalblair Road only has a few parking spaces at the its south east end , so those of us with no personal off street park and who live at the north end of the road, especially the historic red sandstone terrace no's 2 to 10 have to park in neighbouring streets. Barns Street, Fullarton Street, Boswell Park etc. which are accessible and feel reasonably safe to park. I.e. the proposed Zone A3. Parking in the streets in A4 where Dalbair Road has been placed is completely unworkable for several reasons eg carrying shopping, offloading young grandchildren etc. etc. and being expected to park so far from my home feels very unsafe for me and my car. Please could you sort this anomalous zoning so that my neighbours and I are in the most appropriate zone when we don't have the luxury of parking outside our homes. It may be that the flats at the south east end are happy with A4 zoning so similar to Fort Street which appears in Zone A2 and A3 Dalblair Road should be included in Zones A3 and A4.	09/01/2024 15:02 PM
68	I feel it's out of order asking residents to pay £60 to park outside their homes. When they have never had to. We have a campervan that has to sit on the street as no space on drive for it. So we will have to pay to park it outside my house. Also, charging business owners like joiners to park outside when doing jobs is another expense for them and this in turn drives up their prices and it's the customers that feel the brunt of these changes.	09/01/2024 15:02 PM
69	It should be free parking to attract people back to the town.	09/01/2024 15:02 PM
70	I believe west Sanquhar road should be considered for residential parking only due to the volume of traffic that is created by the summer set football ground location and race course making the days that these places have events on dangerous for young families children and the local community with parking both sides of the street traffic jams parking on pavements and blocking of streets and dangerous if emergency services need to access the locations	09/01/2024 15:30 PM
71	We purchased a house in Ayr centre (12 Miller Road) in September 2020. We were told by the seller that residents parking was being addressed (this turned out to be false and it is our fault for not confirming this). We spoke with ARA when we arrived and they were very kind to offer us a Type A permit for parking. We access Dalblair Road from the rear gate of our house. We would like to request that the limited parking on Miller Road be made into pay and display bays, at least at the top of Miller Road which is in front of 12 Miller Road, so that parking can be extended for the Type A permit (soon to be the Type A4 as I can see). All businesses at this end of Miller Road have onsite parking already and there are only a few residents, none of which own a car. Most people that park in this limited parking area are off into town for a meal or shopping. The previous owner had put plans forward to make a parking bay in front of the house (similar to others in that area) but planning would not allow due to conservation area. It seems as if we are perhaps the only people living in Ayr town centre that don't have parking (other than the Type A permit)! It would be lovely if we could park in front (Miller Road) or rear (Dalblair Road) with our permit (or preferably with a residents permit so we could access visitor parking if necessary). We are a one-car family. Your strategy for parking in the centre seems fair to us, especially allowance of visitor, carer and tradespeople parking in residential areas. It seems	09/01/2024 16:28 PM

	that it is indeed long overdue for a change! Many thanks and please consider the Miller Road issue!!! Ann Lightfoot	
72	Utterly ridiculous amount of areas included in the first place. There is no requirement, no request from resident and certainly not from business owners in a vast majority of the area's that are suddenly included in this proposal.	09/01/2024 16:35 PM
73	Zone B9 ie waggon road should not be made to pay to park outside our own homes we have for years fought to keep our parking down here residents should be able to park here for free and make the people that use the free parking here pay i.e. dock worker peacock salts the bus garage stagecoach, and when sac famous air show is on amongst other events when we are always forgotten down here!!	09/01/2024 17:37 PM
74	Off road parking bays should be installed in all areas like Kincaidston where there is more than adequate room to do so, it is ridiculous having all this off road space available & clogging up streets needlessly with parked cars, commercial vehicles should be forced to use the available car parks, some vehicles (commercial) parking on Kincaidston Drive, a blind bend is not only obstructive but dangerous, I'm surprised the police, road safety, a joke, & the Ayrshire Roads. Alliance allow such dangerous parking, sort it out ASAP.	09/01/2024 18:21 PM
75	You should not be charging people to park outside their own property that's what Road Tax is for - are your trying to close Ayr down permanently	09/01/2024 18:47 PM
76	You have a bloody cheek even singling out streets like Falkland Road where we live - 4 adults all working and all paying tax and contributing to society. Even streets like Glebe Crescent, Glebe Road, Green Street, Waggon Road, York Street - hardly areas where you'd WANT to park your car or van. All that people will do is park round the corner in Falkland Place for example, I have a garage round in this street, and park in the other streets where your permit is not needed. We have a guy up our street who has 5 vehicles outside his door, including 2 works vans. If you are going down the permit route then it should be EVERYBODY in Ayr and surrounding areas, not just the areas you think. You lot probably live in the posh bits anyway and can afford it! Take a visit to the areas and speak to US, the residents, there is not an issue at all with parking but there will be if you intend to go ahead with this. Why not employ a few more traffic wardens and get better tech where they can scan a number plate and see who is parking for work and who actually lives in that area. One show does not fit all BUT IF YOU ARE GOING DOWN THIS ROUTE THEN I'M ALL FOR IT, certainly including the council officials 1st and foremost. [REDACTED]	09/01/2024 19:23 PM
77	Will blue badge holders be exempt from these parking charges?	09/01/2024 19:31 PM
78	Think you've covered more than enough.	09/01/2024 19:47 PM
79	More disabled bays on Ayr High Street	09/01/2024 20:30 PM
80	Resident bay parking should be for residents only and the allocated space should match the permits issued in the street. If there is additional room on the street this area could be for shared use	09/01/2024 21:24 PM
81	I never park in or around town but to encourage people out with the town there should be more free parking not less. My objection is to extending further parking charges in residential streets as far out as Tams Brig	09/01/2024 21:43 PM
82	I STRONGLY DISAGREE WITH ALL OF THE ABOVE AS PARKING IN AND AROUND AYR SHOULD BE FREE. TOWN IS AN ABSOLUTE DISGRACE. IF THE MONEY FROM PARKING WAS USED TO SORT OUT OUR TOWN THEN MAYBE I'D HAVE A DIFFERENT OPINION.	09/01/2024 21:59 PM
83	I think the council should be encouraging people into the town centre and that parking should be free to assist the economy in the town. People can park free in retail parks across the country so why would shoppers want to pay to shop in Ayr.	09/01/2024 23:26 PM
84	Towns dying, beach is dying. Nothing pulling anyone into Ayr to spend money in actual businesses. Instead they're concerned and worried about the time on the meter. SAC do nothing to help in the revival of the town. It's all schemes, pretty	10/01/2024 01:41 AM

	portfolios but when it gets down to business, they're only concern is making money. You have parents in a cost of living crisis having to pay £2 a day to take their kids to school (Ayr Grammar) oh but they should take the bus! From a less than reliable bus company whose brand new electric economy buses break down with a light frosting. Then factor is those parents who need to drop the kids off and get straight to work. Any parking allowances goes against the eco policy. Absolute JOKE. Hundreds of hundreds of pounds per parent who have no choice but to drive their kids to school, into your back pockets. Great "free education" that is. And county buildings. Literally charging your own employees to park and work.	
85	Please do not allow residents only areas to become shared use by anyone for up to three hours. This would cause chaos. Unfair on residents. Yes have visitor permits which allow households in residents' only areas to have visitors. Do not charge for this. Just issue visitor permits to existing residents. Do not charge residents £60 a year to have a permit to park in front of their own house! Unfair! A small charge is sufficient e.g. £5 Charging tradespeople to park in residents' areas is crazy. It's difficult enough getting plumbers etc. to come to a house for repairs. Free access for tradespeople please.	10/01/2024 08:36 AM
86	Care and NHS staff visiting patients should not have to pay a parking charge to provide an essential health service	10/01/2024 09:00 AM
87	Don't think residents in B areas should be made to pay to park at home. Why not give them permits.	10/01/2024 09:09 AM
88	TAYLOR STREET AND ALL THE WAY ALONG YORK STREET AND GREEN STREET.	10/01/2024 09:15 AM
89	Newton area. Taylor street, Green street junction	10/01/2024 09:20 AM
90	Loading and unloading for trades people should be allowed in parking bays for short periods and traffic wardens should not issue tickets for these deliveries. Areas like the Cutty Sark Centre and outside the shops is the High Street should have a designated loading time between 8-10a.m. Coaches should not be parked up in bus stops by the Gaiety or at Burns Statue Square. Buses should be required to move from bus stops after passengers have disembarked and should not wait in bus stops until they are due to leave 20 minutes later. The need for better access to the town centre should be encouraged by the circular movement of car buses and taxis not being impeded by badly parked vehicles.	10/01/2024 10:58 AM
91	Ayr needs free parking to attract people to the town centre. Ayr has substantial disposable income but the people with that income don't spend it in Ayr. We need free parking to attract people to the town centre which will attract businesses which will attract shoppers. Ayr Council and ARA don't seem to talk to each other.	10/01/2024 12:45 PM
92	Potholes- sort the potholes that are causing damage to countless cars Free Parking- why did u introduce this without thinking about residents. If you free up parking then you need to think about where the residents park.	10/01/2024 13:25 PM
93	Why is Falkland road and Falkland park road singled out? Maybe a simple idea of displaying a sticker provided by the council to prove you're a resident and not someone who parks here before boarding a train or bus or to attend bowling events when the council already provide a park and ride service. Your proposal will encourage people to move to the next nearest street. As we pay road tax and. Council tax it's unrealistic to charge us to park outside our own home. Sounds like another ridiculous idea to make money as due to the state of the town with the bad management of the council and colossal amount of money wasted in SAC on stupid things that bring more hassle to locals like the golf and air show etc. You will argue it brings revenue but unfortunately the only ones who benefit from that will once again be the hierarchy in the council and the businesses who are not local that you allow to tender for these events to sell overpriced food drinks etc. Also surely we should have all been lettered at the very early stage of this process but I get the impression it was part of your plan it would slip under the radar. How two or three traffic wardens who cover the	10/01/2024 13:32 PM

	whole of South Ayrshire police this??? One day they are in Ayr next Girvan then Troon. If this were to go ahead I would not comply unless it was the whole of South Ayrshire then watch as your plan crumbles before your eyes!	
94	Why not have a parking permit scheme for all of Ayrshire Roads Alliance responsibilities. Spread the parking tax pain to all that would reduce the burden of a few and you might have a scheme that is acceptable to all. Or more likely have a riot on your hands.	10/01/2024 15:56 PM
95		10/01/2024 17:11 PM
96	No all its doing is stopping people from coming to Ayr to shop	10/01/2024 17:14 PM
97	If Newton-on-Ayr is to move to permit holder restrictions it should be all streets from Waggon Road up to and including all sub streets, such as Gordon Street, Campbell Street, Alexandria Terrace, Northfield Avenue up to and including Heathfield Road and not just certain streets as people will just move to parking in the 'free' streets, therefore causing more problems for local residents and these new areas will be empty! I have seen a massive reduction in commuter parking since a lot of companies have moved to hybrid working.	10/01/2024 18:07 PM
98	The streets in the County Buildings area should all be pay and display and an extended period (6 hour tariff) applied, especially since 2 hours free parking was introduced in the town. Following the 2 free hours, patrons could be offered the option to extend their stay by payment for up to 6 hours. County Buildings staff have continuously abused the 3 hours limited waiting for over a decade and parked all day with very little enforcement. As these staff arrive first, there is little to no opportunity for visitors to use the extra hour. Should staff not wish to pay they could easily use the free car parks at Cromwell Road or Blackburn Drive. The introduction of the above would also allow day visitors to the town. A reasonable cost for the extended period could be considered as £3 which would equate to 50p per hour. The free 2 hours would still be available.	11/01/2024 08:01 AM
99	Consider how tradespeople will increase their costs to residents. Also consider how difficult it will be for residents to employ a trades person who does not have a permit.	11/01/2024 16:44 PM
100	How do we ensure access to residents' parking when anyone can park? How will the time limit for non-residents be monitored? How will the extra road wear and tear be dealt with in cul-de-sac areas? Accessing and exiting some roads on to the highway is already difficult and this would be exacerbated.	11/01/2024 19:47 PM
101	Content Avenue should not be within the restrictions. We are residents and do not believe we should have to pay for parking permits or visitor permits.	11/01/2024 22:29 PM
102	Bellevue Road and Midton Road in Ayr should be included.	11/01/2024 22:36 PM
103	I am a concerned resident of Content Avenue & I am not happy about having to pay for a permit. Basically we are being charged to park outside our homes. This is not a problem area and why are we being singled out when there are other streets closer to town centre that are completely unrestricted. Take content Avenue out of the restrictions.	11/01/2024 23:07 PM
104	I am writing to express my strong objection to the proposed introduction of residents' parking permits on Content Avenue. As a resident, it is concerning that we will now be required to pay for parking outside our homes, especially when there has never been a need for permits in the past. Content Avenue is not part of the town centre, and this proposal seems unjust considering many other streets in the vicinity remain unrestricted. I urge you to reconsider this plan, as it appears to be an unnecessary burden on the residents of Content Avenue. Thank you for your attention to this matter.	11/01/2024 23:15 PM
105	I don't think residents should pay to park outside their homes. We all pay council tax. B zones should remain for residents with some provision for their visitors and tradesmen. If shared parking in B zones is introduced, then non-residents should have to pay, especially if residents have to pay for a permit. Some roads near the centre are narrow and congested and parking there should be residents and their visitors only. We need more detail about how proposals would work in	11/01/2024 23:45 PM

	practice How would visitor permits work? Would they be transferable? How would the scheme be "policed"?	
106	Parking & fees should be designed to encourage trade to the town. Free on Saturdays for example. Perhaps the use of a park & ride scheme on weekdays for commuters?	12/01/2024 10:00 AM
107	There should not be a parking charge to park at your home!!	12/01/2024 10:03 AM
108	This is hugely frustrating around the town. Example - riverbank nursery operates at an area where most surrounding streets are pay and display. Citadel place should not be a pay and display. For a parent dropping and collecting their child 5x a week this means I have to pay 10x to park my car for less than 3 minutes at a time. The alternative is to park a great distance away and walk with a new-born car chair, a 3 year old and 4 year old. This becomes a higher risk area when solo parenting. When running late due to temporary traffic lights etc. which regularly happens around the area a £60 fine is a huge dent to a family with multiple young children. These areas should be reflected or there should be concessions for parking slots less than 15 minutes near nurseries.	12/01/2024 10:23 AM
109	Please consider the needs of charity based at 7 York Street, its service users and staff. AHAC are a local homeless and housing advice and support charity, established in 1986 who have regular community visitors to our offices. Many of the Council offices are still closed and so people come to see someone face to face if this is their preferred method of contact. We often liaise with the Council and facilitate communication, if people have to pay for parking then this will deter them from coming to see us which has wider concerns when many already struggle to reach out for help with poverty, rent arrears and eviction. If charges are put in place it would deter vulnerable service users who rely on us from coming for help. We are concerned that as a registered charity we would not be able to afford business permits and put additional pressure on our already tight budget. If all our workers were liable for parking it would put additional financial pressure on them and may cause them to look for employment elsewhere. Many of our Advisers and Support staff require a car as part of their employment to ensure we can take people to appointments and visit them in their homes. Suggestions:- Free parking permits for around 6 essential workers Create at least one disabled bay at front of office to ensure can get a space Provide 3 free re-usable Visitors passes for us to give to those who are in poverty and unable to pay There are many offices in York Street which the Landlord is unable to let, with this additional burden it will further impact them being able to let these empty office spaces. The street would benefit from parking space lines being painted as often 2 cars take up space for 3 cars.	12/01/2024 12:24 PM
110	Short narrow residential cul-de-sac's should be limited to residents, visitors and trades people only. If type A parking is allowed on such roads and they stay beyond their time limit, presumably they will be fined but, that still doesn't give residents, visitors and trades people access to their legitimate parking space. There is no description of how this system will operate. It appears SAC are prioritising type A parking over residents.	12/01/2024 12:37 PM
111	Please consider charities, their workers, volunteers and service users and the impact this will have on them.	12/01/2024 12:48 PM
112	There should be a clear distinction between the town centre and areas out with that. There is no need for parking to be charged out with the centre - areas south of river should be free along with residents. Free parking should be encouraged to increase footfall into the town.	12/01/2024 13:26 PM
113	As a charity based at 7 York Street we believe this could have a detrimental impact on our service users and staff team. Our budgets are tight we would not be able to afford business permits. This may have the following impacts: Customers want face to face contact. This often involves the customer coming to our offices. Any costs which could be levied at a time where our customer may already be facing financial difficulties could act as a barrier to getting advice. Loss	12/01/2024 13:50 PM

	<p>of staff to other employment due to additional financial pressures - many of our team require transport to enable home visits, facilitate training sessions, attend appointments with service users etc. Suggestions: One disabled bay to be allocated at the front of AHA offices allowing vulnerable services users to get a space. Provision of free parking permits (from our analysis 6 would be required) Provision of free re-usable visitor passes (3 such passes would allow us to ensure parking did not become a barrier to advice) Street Management There are empty premises any cost to parking could result in those premises being harder to rent/sell leading to an overall demise of the area Introduction of parking lines to ensure one car does not occupy an area for 2 cars Currently the street has many abandoned cars - management of this would be a huge positive. Introduction of charges could see more congestion on other local streets. This may lead to local neighbourhood issues if local residents find parking at their house more difficult when previously it had been of no concern.</p>	
114	<p>Residents have children and typically have no other parking options. You are currently proposing that we might have to wait up to 3 hours for a shopper to move their car so we can park outside or near our homes. Where, exactly, should we go when there's no space on the street where we live? I don't have a God given right to park exactly outside my own home, but I do believe it's fair & reasonable that I can park within a reasonable distance - the proposal completely cancels that. In reality - rather than in a council officer's fantasy - is that residents will have to use pay-and-display parking and walk hundreds of meters with their shopping / small children. This a war on resident's cars and unacceptable.</p>	12/01/2024 17:16 PM
115	<p>Gutters and drains In zone B2 are not cleared nearly often enough, leading frequently to insanitary pools of water. Bellevue street is particularly bad, kerbside parking needs to be suspended at times to allow the drains to be properly cleared. How is ARA proposing to manage this?</p>	12/01/2024 21:25 PM
116	<p>Priorities should be serving the representative views of the people that live and work in Ayr- who DO NOT WANT to pay more money to park outside their homes, not finding a way to rephrase the consultation as an insult to their intelligence suggesting that it is not desired because it has not been "promoted" well enough.</p>	12/01/2024 21:42 PM
117	<p>Absolutely ridiculous idea to do this! The council will push everyone away from Ayr! Even the people who live here! Do not enforce payment on parking outside your own house! As if people have enough money to even live! let alone pay ridiculous charges. No no no no no! Do not put these parking permits in place!</p>	12/01/2024 21:58 PM
118	<p>No on street parking charges. Council tax and road tax are high enough as they are. High Street parking charges are a deterrent to visitors, shoppers and a tax on the people who need to park e.g. workers. If you insist that they are 'essential' then the payments should be minimal i.e. £1 for 3hrs. Residential parking should not exist, that's why we pay council tax for 'services'. Ability to park a car outside/close to someone's property is a person's right. Visitors should not be penalised either. I strongly condemn plans to extend residential parking zones.</p>	13/01/2024 10:42 AM
119	<p>Turning out onto Alloway Place from Park Terrace and Alloway Park is dangerous. Parked vehicles make visibility poor and often inhibit smooth movement of traffic along the stretch from Miller Road traffic lights to the lights at Wellington Square. This situation requires to be considered.</p>	13/01/2024 13:00 PM
120	<p>Turning out onto Alloway Place from Park Terrace and Alloway Park is dangerous. Parked vehicles make visibility poor and often inhibit smooth movement of traffic along the stretch from Miller Road traffic lights to the lights at Wellington Square. This situation requires to be considered.</p>	13/01/2024 13:00 PM
121	<p>School drop off at Ayr Grammar must be considered. The current situation is dire. Parents/carers should not have to pay to pick up and drop off their children or consider parking a significant distance away for free parking. Parents and carers should have a dash board pass to display for school drop off times to allow</p>	14/01/2024 03:23 AM

	them to legally park without risking fines and to encourage people to park responsibly. (8.45 -9 and 1505 - 1520)	
122	More free parking for shoppers and what is happening with the multi storey carpark	14/01/2024 15:25 PM
123	Certainly not more areas! Fewer if anything. Union Avenue. Who would park there for access to Ayr town centre?	14/01/2024 23:10 PM
124	I strongly disagree that anyone can park in residential bays for free. This devalues our property. We are being asked to pay for a residential permit but will not be able to park outside our house as anyone can park for free. We also pay a high level of council tax to live in this area - band G = £3,682.92pa.	15/01/2024 10:40 AM
125	These plans are killing the town. People don't want to have to think about parking when they are running chores. I am not going to pay 50p to pick up my dry cleaning. And then another 50p to pick up my shoes from the shoe repair shop. And then another 50p if I want to collect a pair of tights for my daughter's school uniform. These shops are not close enough together and sometimes you just want to run an errand on the way home from work. The weather is also not good enough for lots of traipsing through town. Do any of the council have a clue? What's going to happen is that no one will run errands in town any more. I will end up going to the supermarkets where parking is free which is a shame as I have relationships with shops in town. Similarly, why on earth would you charge for parking at the citadel? I have a daughter that swims. She's at the citadel 7 times a week. If you think I'm paying £14 a week just to take her to practice you are insane!	15/01/2024 12:54 PM
126	1. If it's true that Tradespersons will require to have a permit to work in residential zones then will severely restrict residents' ability to obtain competitive quotes. Which in turn will reduce the value of property in the areas with such restrictions. 2. It would appear complicate the matter of household's receiving visitors that may decide to just drop in as they are passing. Many elderly people and others that depend on visitors as a means of keeping contact with friends and family will be inconvenienced at the very least or isolated in some instances. 3. I would like to have the same opportunity to park on the street outside my house for free as it is in other postcodes and indeed one street along. It would appear to be discrimination of one residential street against another!!	15/01/2024 14:29 PM
127	Outrageous that residents should have to pay to park outside their own house. This has come into place by people parking in these streets to go to the bus or train station - residents are paying for this!!! Residents should all be issued with permits and not have to pay for it Round the county building, does this mean workers have to pay to go to work? Or walk from the beach, what if there's a health issue but not qualified to be disabled	15/01/2024 16:01 PM
128	This is a joke and no areas should be included especially streets!	15/01/2024 17:43 PM
129	I live & own a property on Park Terrace-I should not have to pay to park outside my house! The resident parking scheme with a token payment is totally sufficient & right for the all the residents.	15/01/2024 20:57 PM
130	Although I would not be affected directly, as I live in an apartment with parking provided, I am very much against these proposals. Parking charges in AYR should only apply in exceptional circumstances. We have seen recently the Council being forced to abandon charges due to Station Hotel fiasco. The result was an immediate increase in visitors to Ayr. Ayr has declined as a place for visitors from elsewhere to come and shop, socialise and make use of our wonderful beach, golf courses and leisure attractions. This impacts us all in the community. As such the logical conclusion is to abolish all parking charges in Ayr. The only exception to that would be the Council run car parks. The charges proposed are ludicrous for residents. It is even more so for tradesmen going about their work and trying to make a living. For most, they barely scrape by. Many will choose not to provide services where they require to pay fees such as £400 per time. Whoever	16/01/2024 15:56 PM

	thought this is a good idea is clearly a public servant who has never run a business. In addition, it will affect residents in these areas, many who may be old and infirm who will not be able to employ their local trusted tradesman, as they will not want to either pay SAC or charge their customer £400.	
131	I believe that to encourage the use of town centre businesses that on street parking in the town centre should be free of charge.	16/01/2024 16:53 PM
132	Absolutely not	16/01/2024 17:47 PM
133	I think residents should have two permits to each house to use on their street and should still only be 50p each not £60 annually. Just another way to get money out of us.	16/01/2024 17:54 PM
134	The inclusion of Bruce Crescent where I reside in the proposed chargeable streets is an anomaly in the strategy for selecting chargeable streets and is illogical. It is in essence an extension of Montgomery Crescent in all but name, which is not included, and is an integral part of the inner Fort conservation area which includes Montgomery Crescent and Eglington Terrace, with very similar resident parking difficulties.	16/01/2024 19:41 PM
135	The High Street is more of a priority with outdated regulations which need reviewed immediately. Protect loading bays until 3pm then allow the public to use them for 15 minutes to allow them to pick up large items from shops. This would hopefully encourage a wider variety of shops to be able to trade effectively. Protect the disabled bays.	16/01/2024 20:41 PM
136	Parking for residents in zone B can be tight enough as it is. If free parking (for any period of time) was introduced then it would be even more difficult to park.	17/01/2024 20:49 PM
137	Should include residents and businesses from 2-16 Prestwick Road as where are these residents going to park 6a and 6b both residents have blue badges and require parking as close to home as possible. Me and my Partner from 6b Prestwick Road use to park on Union Avenue as it was safer to take my partner from car into her wheelchair. But had to stop as people were coming from all over and parking to travel to Glasgow via Train or bus leaving NO parking. Now we have to park on union Avenue which is much more dangerous as road is much busier and cars enter and leave street very fast. If the new proposals for McCalls Avenue and Union Avenue does not include us and allow us to park we will need to move house. Thanks [REDACTED]	17/01/2024 22:23 PM
138	My family have lived in Arran Terrace since 1993. Throughout that time we have diligently paid our Council Taxes, have maintained our property, have abided by council rules and regulations, have watched in horror as parts of the foreshore area (Plot 9) were sold to developers and granted permission to throw up grotesque apartments and a still empty and unused nursing home and now it seems the tiny area in front of our homes where we park our cars is under threat. Will residents of Doonfoot also have to pay fees for parking in front of their own homes? My wife and I are now in our late 60s, we have one small car between us. We need to vehicle for shopping - we are too old to lug food and home essentials on foot from the town centre. Is it too much the new policy could allow one car per family free then, if you must, charge a fee thereafter for additional vehicles?	17/01/2024 22:50 PM
139	Stop charging for parking in the town...definitely don't charge for parking on a Saturday...outrageous!!	18/01/2024 06:01 AM
140	Scammers	18/01/2024 09:56 AM
141	There is a cul de sac on York Street/ York Street Lane and it's supposed to be a turning point t junction. I think this needs to be yellow lines and no parking as residents cars are in it meaning cars, and delivery vans cannot get down there. Also bin lorries can't get in to turn, residents bins are blocked by cars so sometimes there not emptied. Also Taylor Street not being included in the permit area is a big mistake. That'll just become an area where everyone parks there car and not needing to pay. Being a car owner and a resident I would even consider	18/01/2024 10:03 AM

	doing this or parking in a free bit in the area instead. I welcome the change as it can be congested but needs to be fair to all	
142	Permits should be given free of charge to council employees who have to travel to their place of work in private car (due to working hours/public transport availability). Consideration should be given to all council employees and where would be accessible for parking that is close to their place of work. Consideration to be given to lone females travelling and having to walk to and from their cars. No dark area or long walking distances due to personal safety! This clearly hasn't been thought through about thoroughly and it is clear no consideration has been given to employees! This appears to be furthering greed and taking money from all in times of rising costs and rising council tax costs and the general cost of living! Many unions have recently had to argue for employees to have pay increases due to the cost of living and now the councils want to take it back off us with parking permit costs! Are the unions aware of this?	18/01/2024 10:19 AM
143	My partner and I live at 6E Prestwick Road, Ayr but there is no parking outside our property as it is on a main road with double yellow lines and a bus stop outside our property so we have to park in Union Avenue or McCalls Avenue. Our address hasn't been included in any of the areas that would be covered with a Parking Permit so we don't know where we are expected to park if we are not able to park in Union Avenue or McCalls Avenue. There are 6 flats within our block, along with a number of houses on this section of Prestwick Road and it seems like they have been forgotten about when the plans were being made. I have a disabled neighbour who uses a wheelchair and needs access to their car so they should not be expected to have to park a significant distance from their property. Would our address be considered in the plans to be included under McCalls Avenue or Union Avenue so we would be able to get parking permits? If not can you please advise where I would be expected to park?	18/01/2024 10:28 AM
144	Our longstanding and increasingly important homeless support charity dependent on Council and other fundraising for survival should be supported, e.g. Free working hours parking for essential employees. 7 off Free visitors labels for poverty stricken clients	18/01/2024 11:39 AM
145	As a resident of Montgomerie Terrace (which I note you have misspelled in your consultation) I object to any change to the permit parking scheme which is simply not necessary and was not supported even by the extremely small percentage of the population to your "consultation". You claim to be addressing a problem which doesn't exist. If you want to do something useful you could mark up parking bays for residents on our street to allow us to make the best use of the space.	18/01/2024 12:05 PM
146	No areas should be included at all, this is so stupid!!!	18/01/2024 12:47 PM
147	I strongly disagree that residents only zones should be open to non-residents for limited waiting parking. I strongly disagree that traders should have to pay for a permit in resident only zones.	18/01/2024 14:45 PM
148	Ailsa Place is currently a conservation area with all the planning restrictions to development applying without adding further penalties. Is it the "Councils" intention to make this area a no go zone for future home owners.	18/01/2024 14:46 PM
149	Make an online system for applications please!	18/01/2024 15:16 PM
150	You should look closely at the negative impact of removing exclusive resident parking on the general upkeep of the look and layout of the residential properties within conservation areas around the town. If you remove these resident only parking zones and residents find it more difficult to park close to their homes, they will undoubtedly dig up front gardens and knock down front walls to create private parking on their premises - especially when previously they wouldn't think of doing this in order to maintain the look of the area. If you force their hand they will have no option other than to do so, which, will spoil the look of the areas.	18/01/2024 15:18 PM

151	Horizon Hotel....Queens Terrace Lane Car Park I and my friends will no longer visit my favourite coffee place as it will place an extra £2 on my coffee.	18/01/2024 15:22 PM
152	Falkland Park Road, Falkland Road, Union avenue, McCall's Ave and Glebe crescent were NOT restricted previously and I fail to see why they included now. NO parking problems here.	18/01/2024 16:53 PM
153	We should not be forced to pay to park at our own doors. If this is enforced, then we should be guaranteed a parking space. Non-residents should be charged with family visitors charged a reduced rate. As a pensioner, I feel as I'm sure others do - it is yet another unneeded expense. The new proposals are not exactly going to encourage folk in to Ayr. Considering the gross expenditure that is being poured in to the Station hotel, it is beyond a joke.	18/01/2024 18:23 PM
154	Current residential permit areas are very busy with vehicles already - opening up free parking in these areas will exacerbate this problem. People are not always away from home in the day.	18/01/2024 21:30 PM
155	The proposal would mean that our household would be charged £140 to park outside our house. When a member of the public could park for free for 3 hours. It also means that it is unlikely I would get parked anywhere near my house. This is an unfair tax on residents whilst giving public free parking. It is discrimination and revenue collection at its worst. Those who put forward such a biased proposal should be sacked. Also the proposed revenue raised would probably not meet the cost of the consultation..... Another waste of tax payers' money.	19/01/2024 09:06 AM
156	As a resident of Cromwell Road Ayr. An external preservation street. Cobble road. Parking only available on one side. Not a full width street. Blind entrance. Residents have been asking for one way traffic for two years now. Police report agreed. To try prevent buses not realising how narrow the street actually is, when they are following bus parking signage for Cromwell Road car park. I have to object to the new parking proposal for my street of 3 hours. If a lorry decides to park the street is blocked. This happens regularly pushing passing cars onto the pavement. Why is there no safety concerns?	19/01/2024 11:37 AM
157	As a resident of Cromwell Road Ayr. A external preservation street. Cobble road. Parking only available on one side. Not a full width street. Blind entrance. Residents have been asking for one way traffic for two years now. Police report agreed. To try prevent buses not realising how narrow the street actually is, when they are following bus parking signage for Cromwell Road car park. I have to object to the new parking proposal for my street of 3 hours. If a lorry decides to park the street is blocked. This happens regularly pushing passing cars onto the pavement. Why is there no safety concerns?	19/01/2024 11:41 AM
158	Questions - The way you phrase your questions here is misleading. For example. Should there be a permit option for carers or tradespeople? What? At the ridiculous cost of £400! Taxing carers and businesses? They should be able to park for free, if it can be evidenced they care for someone in the street or are working on a resident's property. Cost increase - As a resident of Dongola Road, I have paid 50p for my permit. 50p to £60? That's inflation gone crazy, is it not? I do agree the scheme should be overhauled, but this is ridiculous. All the while reducing our opportunity to park in our own street as you open up our spaces to everyone, who can park for free? So residents will be taxed an inflation busting amount, while others can park for three hours for absolutely nothing? What do you think will happen? Residents will be pushed out. Again, this beggars belief. Your consultation lacks real transparency, verging on dishonesty. You will be charging a small fortune with no likelihood of a parking space for the residents of some streets. Disgraceful. I agree with a ground swell of local residents that this is a raid on our finances for no benefit whatsoever. In fact we face being stripped of the benefits of permit parking. As local campaigners' state: "this is anti-resident, anti-trade and anti-business". Anti-business in that the operators of small businesses, like B&Bs, could potentially face an eye-watering additional charge to continue trading. Visitors permit - granted, this is not a bad idea. But	19/01/2024 12:12 PM

	again, the cost has to be considered. If you are imposing £60 per resident, it is just not feasible. Not feasible at all.	
159	Your proposed flawed scheme if implemented should include all of the town of Ayr. Why should I be discriminated against for living in Queens Terrace?	19/01/2024 12:15 PM
160	My mother stays in union avenue. I don't think it's fair that she should need to pay for parking in her own street when already pays council tax and road tax. Residents should be getting this free along with visitor passes. Union avenue is now a quiet street since the hairdressers moved location at the bottom of the street. There is no need for parking restrictions. It is just going to force more people onto Gordon street and Campbell street and these streets are already a nightmare. Strongly disagree with this money making scheme from the council. There is no mention of the streets closer to the town. Main Street, New road. There is a car park in new road getting used for business advertising on cars. These people aren't getting moved on	19/01/2024 12:37 PM
161	I disagree with the introduction or continuation of parking charges in the town centre. Whilst a reduction on reliance of vehicles is good we also need to encourage people into town (not away from it). There used to be a 15 minute bus service to Alloway along the Loaning - now it's a one hour service if you are lucky. Making it pointless to quickly pop into a shop to support local trade by bus. It's either car or online. Easy parking encourages trade. I lived elsewhere that had 2 hour free parking all through centre of town to encourage people into town. Residents should be able to have visitors. So highly recommended providing a service (improved bus provision) before restricting parking. Indeed I went into town more in December when there was 2 hours free	19/01/2024 12:56 PM
162	Making majority of parking in Ayr free.	19/01/2024 14:43 PM
163	The people who actually live in these areas should be the only priority	19/01/2024 17:56 PM
164	This was an issue when lots of cars wanted to park in the town centre, either because of shoppers or council staff working there. This is no longer the case, and this exercise has been created to charge an additional tax to people. It masquerades as a traffic calming measure for congestion. There is no longer congestion in the town - and as such this is a false narrative. The only issue is that residents get fines if a visitor goes to their house, or their parking permit has fallen from the floor. This plan does more to destroy business in the town and local by-laws should not be created through public consultation but from a place where necessity is proven in law.	19/01/2024 18:24 PM
165	Instead of punishing drivers who pay their Road taxes to use their vehicles to get into the town, invest in the infrastructure of Ayr to make it a more welcoming town. The pavements conditions and surface areas are a disgrace the cleanliness of the streets and pathways are also a disgrace, simple measures like weeding the roads and pavements, get the heads of service and directors out walking the streets to see what is required to improve the town. Simple measures like clearing the sand off the pavement areas along the Esplanade at Ayr improves the outlook.	19/01/2024 20:23 PM
166		20/01/2024 09:23 AM
167	As I live across the road from Newton Rail Station, I feel that the spaces outside the station should be exempt from the parking restrictions as we should be encouraging car users to park at the station and travel to work by train.	20/01/2024 10:58 AM
168	At Eglington place you have to park on the pavement or large vehicles such as bin lorries can't get down the street. There are a lot of older residents in the area that need parking outside their home for themselves or family carers. The houses have driveways but are so small in width that you can't get cars on.	20/01/2024 12:14 PM
169	SAC routinely refuses planning permission for creating parking in the grounds of a property. This would allow house owners to remove cars and visitors from the street. It would also allow me to realistically provide a charging point for an electric vehicle. The most common reason for refusal is that "the proposal is	20/01/2024 14:08 PM

	contrary to the amenity and / or character of the area. I can find no definitions of these terms. If there are definitions then they need updating more quickly than street parking. The policy of refusing off street parking permission should be addressed urgently. If we are to introduce parking and business visiting taxes why do they not apply to all street parking in residential areas across South Ayrshire?	
170	Bellevue Crescent proposals will disadvantage residents if non-residents are given free parking other than for carers and tradespersons There are insufficient spaces now without adding to the problem of parking in this street near to our residences at certain times of the day as it is.	20/01/2024 16:08 PM
171	Regarding parking, if you wish to discourage drivers parking in or around the town centre then perhaps you should consider improving the bus service which is abysmal.	20/01/2024 16:41 PM
172	THE MAIN PRIORITIES SHOULD BE THE RESIDENTS OF THESE STREETS WHO SHOULD BE ABLE TO PARK OUTSIDE THEIR OWN HOMES AS EASILY AS POSSIBLE.	20/01/2024 17:12 PM
173	I strongly disagree with the proposals to charge residents and allow anyone to park in our streets. At present we can park in our street as it is residents only parking during daytime hours? It is completely unfair to charge us for parking permits only to allow our streets to become available to all to park. ARA should leave parking as is with residents able to offer a visitor permit to tradespeople / carers during the hours they attend our homes. The proposed excessive charge for tradespeople is outrageous as are the proposals for residents.	20/01/2024 21:08 PM
174	Pleased to see the introduction of a free period in Pay and Display car spaces, which should allow much needed short term car parking within the town without penalty. Extremely disappointed that car parks which bring people in to the town for various reasons (e.g. Citadel Car park, Blackburn car park, Cromwell Road, Castlehill Road, Kings Court, Riverside Place, and New Road, Millbrae) as well as the Prestwick ones at the pool, the train station and the esplanade will now have a charge attached. These bring people in to the various towns, as public transport frankly isn't up to the job. Without car traffic, you are basically stating that the town is closed for business, and you should be ashamed of yourselves for even suggesting putting a charge on these car parks. I really do hope you see some sense and cancel these plans, and make the towns more driver friendly. No wonder out of town centres are doing so well! At the expense of the town centre too! The citadel in Ayr and Prestwick pool are leisure facilities, promoting a healthy lifestyle. You should be encouraging people to come in and use these facilities rather than charging them more for the privilege. This will have a negative impact on people's health levels and as a priority should be cancelled. The car parks at Prestwick Train station and Millbrae & Castlehill road in Ayr (which have both often been used as overspill for the woefully inadequate Ayr Train station car parking) should also not have a charge attached, as this causes an environmental issue, as the railway journeys which are already expensive, become much more so with a daily parking levy. People will just drive to their destinations instead, which raises harmful emissions. The other car parks bring in vital footfall for shopping and leisure activities, and these should be promoted rather than punished. There are many reasons why the town has much fewer shops that 10-20 years ago, but this could be a defining moment as to whether the council gives the message that they are supporting the facilities in the town centre, or simply encouraging those shoppers / tourists to go elsewhere	20/01/2024 21:24 PM
175	Loading bays outside closed shops that are no longer in use should be automatically converted into disabled bays. Disable people have just the right to access Ayr High Street and other areas as delivery drivers do	21/01/2024 09:15 AM
176	In resident only parking areas marked bays for nominated disabled parking will be required should the parking status be altered.	21/01/2024 11:38 AM
177	Parking should be free to encourage people to use Ayr town centre. I resent having to pay money to visit the bank. It also fills me with terror having to walk	21/01/2024 12:10 PM

	<p>from car parks to the bank carrying large amounts of cash. The council shouldn't look at parking as a cash cow but look at strategies to regenerate Ayr town centre. So far the council are failing dismally. There is no long term strategic plan, vast sums of my money is being used on planning and consultations using companies based out with Ayrshire. I think South Ayrshire should look at other councils for best practice.</p>	
178	<p>All parking charges in Ayr, Prestwick and Troon should be abolished. Do SAC not see what parking meters have already done to Ayr??? Nobody wants to travel to Ayr for shopping and services as parking is prohibitive and businesses are being decimated. Surely we don't need to do the same to Troon and Prestwick? We pay enough road tax and workers are being penalised for travelling to work. Leisure facilities are meant to encourage healthy lifestyles, yet these proposed parking charges will stop people like myself and my adults daughter from using Citadel, Prestwick pool etc. We already pay a membership.</p>	21/01/2024 12:57 PM
179	<p>One should look at Fotheringham Road, with a view to inclusion in residents the Parking Scheme. This street can be adversely affected by college student's using the nearby Ayrshire College and visitors to the Craigie Bowling Club. Also Content Ave adjacent to the college can be adversely affected by student parking. The Residents Parking Scheme (1971) which was introduced in Dongola Rd and I believe other nearby streets should be reviewed as the reason for introducing this element of the scheme was due to the close proximity of Ayr County Hospital which created parking pressures in nearby streets. The hospital closed around 1994 and is now a flatted development. The presence of the former Cattle Market (Now Morrison's Supermarket) may also have had a bearing on this element of the scheme e.g. St Andrews St The telephone exchange in Boswell Park with a very large footprint and rear yard must be near its end of life and is very much underused since the exchange removal and the transition from Analogue to Digital systems. It may be worth investigating BTs future plans for this building with a view to additional town centre parking opportunities. The same theory may also apply to the much smaller site in Dalblair Road, which was formerly Marr and Fitzpatrick's motor garage and then latterly an Office Supply Company. The site has long since been empty and is a visual blight on the street. The parking strategy 2020/2024 Question 3 Introducing parking charges was rejected by 60% of respondents Question 4 Introducing parking charges would increase the turnover was rejected by 65% of respondents Question 5 the removal of residents only exclusivity was rejected by 35% of respondents (the highest response) Question 9 proposals to better manage shorefront parking was rejected by 55% of respondents On Q9 - there is an opportunity to raise income from visitors with a modest summer time pay and display parking scheme. Many such visitors put very little into the local economy - they visit only the seafront , but purchase their picnic and petrol elsewhere, bring portable BBQs (burn the grass on the low green) the town gains little from these visitors, a small parking charge would go some way to fund beach cleaning and play park improvements. As was stated Ayr is one on the few seaside towns that do not impose a charge for shorefront parking. I believe tourists expect to pay a modest charge. More information on the virtual permit would be welcome!</p>	21/01/2024 13:19 PM
180	<p>There should be charging for parking along the esplanade. At the moment it is used for all day parking.</p>	21/01/2024 14:23 PM
181	<p>It is entirely unacceptable that a resident has no guarantee of a parking spot in their own street When the focus of the consultation is so obviously skewed to increasing council revenue then many of the assumptions are flawed. Presumably if there is a concern for tradespeople and carer parking then the consultation should take account of young families and local children also. I expect there are many more young families with children that are impacted by this than anyone else. Is there a statistical analysis because absent that there is no legitimacy to the decision making? I am opposed to paying more for less</p>	21/01/2024 14:59 PM

	access on what is already a busy parking street. This is an illegitimate tax in all but name. I consider the undemocratic decision making on this opens up the risk of judicial review as decisions are being made without due process or authority. The emotive reliance on carers as a justification does not hold up when presumably that affects less than 1 in 10 houses?	
182	Parking on Roads near the town centre that have double yellow lines should be monitored much more closely and fines given. At the moment some motorists are not being charged for regularly parking on double yellow lines, especially at night when traffic wardens are off duty. This endangers both pedestrians, other motorists and access for emergency vehicles!	21/01/2024 15:27 PM
183	For a short while, there was a cycle path along the Ayr esplanade, but the road is now used for parking. I think people should be charged for parking in this area along Ayr seafront.	21/01/2024 15:41 PM
184	A distinction needs to be made between commercial areas and residential areas.	21/01/2024 16:18 PM
185	I do not think this scheme is justified, many of the streets you have included were built in the Victorian era. With the adoption to car ownership and the division of the houses into flats many of the streets already do not have space for the cars of residents who live on them let alone pay and display parking, The proposals do not consider the impact on the elderly who have regular carers and family coming to look after them. The scheme does not consider the impact on privately owned land. Park Terrace has a privately owned field in the middle of it. By introducing pay and display you are encouraging people to park on the private verge - this is not council property. Ayr is already a declining town with poor prospects for people living there - you are introducing proposals which may it an even less desirable location,	21/01/2024 17:15 PM
186	Residents should not have to pay for parking outside their own properties. This should be regardless of whether they stay in Zone A or Zone B. Priority should be town centre regeneration. Changing parking pay and display and permits could force people to avoid living/socialising and shopping in the town.	21/01/2024 17:43 PM
187	Residents should be prioritised, along with visiting family members. Residents should receive more than one parking permit. Please consider elderly residents who rely on family to visit and care for them. Where will they park and why should they be charged for this?	21/01/2024 17:47 PM
188	Disabled Bays Within Shared Use Bays As Proposed Should Be Made " For Resident Use Only" i.e. Exclusive Use For The Adjacent Property Otherwise It Will Become A Free For All As There Is Only One Disabled Bay In The Street That I live In.	21/01/2024 17:48 PM
189	Priority should be making town centre a good place to live, work in and visit. Adding more paid parking will only serve to reduce quality of service in town centre further.	21/01/2024 18:10 PM
190	Make it free to park. People will come to Ayr & spend money if they aren't getting robbed of parking.	21/01/2024 18:42 PM
191	It is totally unfair that residents near County Buildings should only be issued with one voucher while outlying streets receive five additional vouchers. Discriminates people living near town centre when this should be encouraged.	21/01/2024 20:20 PM
192	Consideration should be given to how parking charges can be proportionate and competitive with other areas (Silverburn is free parking!). Parking needs to be easy to access to encourage greater footfall to the town. Perhaps looking to increase car parking/car parks rather than charge for parking in residential areas.	21/01/2024 21:28 PM
193	The fact that people need visitors who are not carers, medics or tradesmen	21/01/2024 21:38 PM
194	The priorities of the residents who live here need to be addressed. This consultation takes no regard for the fact that residents will take the brunt of the cost of parking when we already pay for council tax. The charges for parking should not be placed on residents who are already struggling to make ends meet. The council should be taking into account that there is a rise in the cost of living and make this the priority not making life more difficult for those who live in the	21/01/2024 23:36 PM

	local area. The cost of living is also impacting the entire public therefore you will find less visitors will come to Ayr due to rising costs in parking and travel, as well as the disgraceful state that the beaches are left in. Leave the residential streets alone, you are going to devalue houses with these changes as this will create further issues in the longer term which are being underestimated!	
195	Currently parking in my street is free. There are proposals to charge with no guarantee of obtaining a parking space. This is wholly unacceptable and will be resisted.	22/01/2024 09:20 AM
196	I strongly disagree with the proposals to charge residents and allow anyone to park in our streets. At present we can park in our street as it is residents only parking during daytime hours? It is completely unfair to charge us for parking permits only to allow our streets to become available to all to park. ARA should leave parking as is with residents able to offer a visitor permit to tradespeople / carers during the hours they attend our homes. The proposed excessive charge for tradespeople is outrageous as are the proposals for residents.	22/01/2024 12:11 PM
197	Consider streets that South Ayrshire council buildings where residence live beside to be made resident parking areas with signposted SAC parking zones. Example Glenmuir place, visitors the Whittlets activity centre should use the car parks and not park outside people's homes. This was discussed with the SAC activity centre staff and manager of the facilities and should be enforced as many of the residents have had to park 15 minutes' walk when Whittlets Vicks are playing away and all the attendees are dumping the cars in the area. On pavement parking should be enforced and all motors parked even partially on the pavement should be fined per the new law passed.	22/01/2024 13:08 PM
198	Please consider the needs of charity based at 7 York Street, its service users and staff. AHAC are a local homeless and housing advice and support charity, established in 1986 who have regular community visitors to our offices. Many of the Council offices are still closed and so people come to see someone face to face if this is their preferred method of contact. We often liaise with the Council and facilitate communication, if people have to pay for parking then this will deter them from coming to see us which has wider concerns when many already struggle to reach out for help with poverty, rent arrears and eviction. If charges are put in place it would deter vulnerable service users who rely on us from coming for help. We are concerned that as a registered charity we would not be able to afford business permits and put additional pressure on our already tight budget. If all our workers were liable for parking it would put additional financial pressure on them and may cause them to look for employment elsewhere. Many of our Advisers and Support staff require a car as part of their employment to ensure we can take people to appointments and visit them in their homes. Suggestions:- Free parking permits for around 6 essential workers Create at least one disabled bay at front of office to ensure can get a space Provide 3 free reusable visitors passes for us to give to those who are in poverty and unable to pay There are many offices in York Street which the Landlord is unable to let, with this additional burden it will further impact them being able to let these empty office spaces. The street would benefit from parking space lines being painted as often 2 cars take up space for 3 cars.	22/01/2024 15:16 PM
199	Removing the proposal for Zones B09 and B10. What tangible benefits are there, and what issues are the proposed permits addressing.	22/01/2024 17:13 PM
200	Residents' ability to park outside their homes should be preserved. No one visits Ayr now anyway so I think other than visiting relatives and friends at residents homes "tourists" should be low priority. There are virtually no shops, no leisure facilities for adults or children, nothing to come and see other than beggars in the street. The only exception to the above is 1) citadel leisure centre. If you start charging to park there or in surrounding roads you will kill off adult fitness and children's fitness and pleasure too, and 2) Bellisle and Rozelle parks both of which need additional free parking space. Both are the only bits of Ayr left that	23/01/2024 10:47 AM

	are worth visiting. (Beach area is ok for locals but why would anyone other than desperate Glasgow dwellers who make it unpleasant and dirty want to come? No pretty cafes, no nice bars, nowhere to sit out on a rare summer's day. Start charging for parking there and you'll stop locals being able to use it too!)	
201	Consideration should be given to town centre residents who are not specifically included in these zones.	23/01/2024 12:00 PM
202	I work within a charity based at 7 York Street. This is a local Home and Housing Advice Centre. We are working with people who are already financially stretched and this would deter them from face to face visits to our centre. We work with vulnerable people who are already struggling /in poverty, they don't have the extra cash to pay for parking. Some Services. The concern is that a registered Charity would be unable to afford business permits. re workers, this is additional pressure on our own finances, we require a car for Home Visits, taking our Service Users to appointments etc. Suggestions: Staff - Permits for Free Parking, Visitors Passes for Service Users, allocated spaces, 1 Disabled space	23/01/2024 12:35 PM
203	You should consider not asking leading questions in your consultations to get the answers you want. It's generally considered bad practice.	23/01/2024 14:25 PM
204	If this does have to come into effect residents and business owners should be exempt from paying any fees	23/01/2024 17:23 PM
205	You are literally making council employees on minimum wage have to park further away from a workplace that they have to leave at 11pm	23/01/2024 21:44 PM
206	I own business premises in Green Street Ayr (Halliday Leisure Ltd) which has been operating from these premises for twenty five years. I have three engineers who all have their own vans which come and go at all different times throughout the day, plus a transit which is kept in the yard, a book keeper who works on a Monday from 9am-5pm and has her own car and a secretary with flexible hours also with her own car. I am objecting to the proposals made to introduce residents permit/shared use parking bays. Our address 90-94 Green Street is on the side which is all commercial properties and I do not understand why such a proposal has been put forward by Ayrshire Roads Alliance. We have a great relationship with our resident neighbours being respectful /courteous at all times by parking our vehicles on our side of the road and in our yard. I strongly object that after all these years you are expecting me to pay to park our vans in front of our commercial property. We are a small local independent business who takes pride in supporting the local community.	23/01/2024 22:10 PM
207	We are a Garage in Green Street. We have had to endure the changes to the rateable value of our property so that we now pay rates. Now you want to add another cost, an unwelcome layer of bureaucracy and potential conflict with customers and residents. What you are proposing is complex, expensive, unnecessary, unworkable and bad for business. This is not the town centre, please leave this area alone.	24/01/2024 08:23 AM
208	If these proposals go ahead, the Zone B areas can no longer be considered "residents only" areas. Zone B residents must pay for a permit to park at their residence - visitors could park for 3 hours without a charge! How is that fair? Where do the permit-paying residents park when the parking spaces are occupied by non-paying visitor?	24/01/2024 11:18 AM
209	Prioritise free parking for 2 hours near town centre to encourage trade	24/01/2024 15:35 PM
210	Please knock down Station Hotel asap and provide a transport hub with additional chargeable car parking	24/01/2024 16:05 PM
211	Either close the high street or re-open it. Keep the residents permits prices they are. Split the parking between residents and pay and display. Keep the parking charges as they are. Increase parking spaces. Have pay and display from 10-5 Upgrade esplanade and surrounding to include safe family parking. Improve size of bays for larger cars	24/01/2024 16:12 PM
212	I live in Bellevue Crescent, Ayr - Zone B3. I strongly disagree with the shared use proposals and charging tradesmen £400 per annum. Bellevue Crescent is already	24/01/2024 19:41 PM

	at full capacity with parking. Cars are already double parked and rarely can you get parked outside your house. Allowing non-residents to park for up to 3 hours will only exacerbate the issue and mean many residents will no longer being able to park in their own streets. Additionally, why should we pay £60 / year for parking and non-residents can park for free - seems very unfair - especially if we can no longer guarantee a parking space. The £400 charge for tradesmen will just get passed onto the residents. Why can't ARA use common sense - tradesmen should be allowed to park for free - but display a sign saying they are working at a particular property. The warden can always check up if required. I do believe residents (only residents) should be able to purchase (online) visitor passes - valid for 1/2 day - am or pm.	
213	The existing residents parking permit scheme should not be changed as it has worked for many years. Town centre 2 hour free hours parking should remain out with resident only places.	24/01/2024 19:46 PM
214	The new proposal for Zone B is absolutely absurd and based upon false premise. Are SAC trying to break the town completely? This proposal is not fit for purpose and should be withdrawn immediately. [REDACTED]	24/01/2024 20:20 PM
215	Keeping residential parking the same	24/01/2024 21:31 PM
216	Priorities should be reducing the amount of pay and display areas. Pay and display is contributing to the death of the town	25/01/2024 09:13 AM
217	Ensure that Type B residents' permits do not become a form of taxation caused by implementing charges. Ensure that tradespeople are not penalised or discouraged from working on the streets containing our built heritage by ensuring they have free access.	25/01/2024 11:11 AM
218	Residents parking areas should remain as is but targeted streets could be open to conversion (eg 'street with no name' at Fort tennis courts). System should have online identification of vehicles registered to residents for free local parking and a facility to identify 'guest' access including tradesmen. Paper disc permits should be abolished.	25/01/2024 13:02 PM
219	A and B are not the same - why treat them as such.	25/01/2024 15:22 PM
220	I and my wife are furious with the South Ayrshire Council and Ayrshire Roads Alliance parking proposal for North Ayr and in particular Union Avenue. We have lived here for the last fifty years, pay road tax for our car, and drive daily on the pot-holed poorly maintained roads in Ayrshire. This money-grabbing parking enterprise takes my breath away and generates a huge amount of anger. This is a residential area far removed from the town centre yet due to 50% of the street having a dropped curb to allow cars to be parked in front of houses plus 9 disabled parking places parking is already restricted. That would leave the focus on the spaces left which would victimise these residents of which I am one. My wife and I are totally opposed to what is proposed by the Ayrshire Roads Alliance consultation.	25/01/2024 16:13 PM
221	Residents pay for a yearly permit, however in reality it is only for 11 months. From 1 December until 7 January parking in Ayr is free. I believe price of permit should remain at £50.	25/01/2024 16:21 PM
222	If residents are required to pay £60 per annum per vehicle for a residents permit then they should have exclusive use of resident parking permit holders only as currently designated. Opening these up to anyone to park for free for up to three hours will mean that residents who have paid for the privilege to park outside their home will find it very difficult to park.	26/01/2024 07:55 AM
223	See next box.	26/01/2024 21:51 PM
224	I strongly disagree with any move which effectively turns residential streets into car parks. My street is in a conservation zone and has many cherry trees which are already suffering from cars parking into them. There is no problem with parking currently and the option for visitors/ carers/ tradespersons permits will ensure they can park without concerns re parking tickets. The street would suffer considerably were it to be turned into a free for all (apart from residents who	27/01/2024 19:49 PM

	have to pay to park in our own street) Furthermore we pay a high rate of council tax for no return in terms of the maintenance of our road. I note the proposals to make changes to Ayr town centre -surely you can incorporate parking arrangements into that.	
225	What about using the unused carpark at the back of the ice rink for additional park for commuters using the train or Glasgow bus service. There is also derelict land on McCall's Avenue before the council office. Why not look at using this space for council workers or other local businesses.	27/01/2024 20:14 PM
226	I understand the reason for making all parking areas the same times as this avoids any confusion. I feel there should be much clearer advertising regarding the parking 'rules'. As an officer of the council who works 'out and about' I spend a lot of time answering questions and helping people which is not my job. Anyone who works in the area is frustrated by the lack of ability to park for meetings and events, especially at County Buildings which is targeted by traffic wardens. I have difficulty walking although I am not registered disabled so do not have a parking space permit. However I find it extremely difficult when there is no parking near my work because the meeting I'm attending may exceed the time limit.	28/01/2024 05:55 AM
227	Falkland Park Road - This street has close proximity to rail and bus links which means people commuting park all day and often for up to two weeks whist on holiday!, again due to proximity and travel links to Prestwick Airport. We do not have space to have a driveway/off road parking and have to park on street, we have only one car, but due to commuter parking often cannot get parked! I would be happy to pay for resident parking, however this would have to be managed/policed to ensure residents have priority parking. The restrictions would have to be well signposted and obvious to potential commuters. Residents should have a visitor, tradesman or carer exemption included in the permit and for up to two vehicles per household thereafter a further permit per vehicle should be purchased. At times I'm sure emergency vehicles would find it difficult to access our street, due to inconsiderate commuter parking!	28/01/2024 09:05 AM
228	New road and main street in Ayr as the proposed areas in the report will push the parking problems to these areas as they are in between the proposed areas.	28/01/2024 09:26 AM
229	The lane immediately off of the High Street known as Riverview should be considered for immediate attention. Given the parking issues within the town the residents here are having increasing issues with both private and business users using this lane as a means of avoiding parking fees. While there are several signs along the length of the lane, this is no deterrent at all. I have, on several occasions, come home and been unable to gain access to our communal garage due to cars being parked in front of the doors. We have also had to leave our cars in the lane to actively go looking for the owners/drivers of vehicles inappropriately parked (this includes both private cars and delivery vans). Needless to say I have also been made late for work on some occasions. In short, all residents of this lane need help please.	28/01/2024 11:15 AM
230	Provide parking facilities in and around the town centre. There is already adequate parking at Cromwell St Car Park, Ayr Central, Matalan, TK Maxx, Charlotte St, Seafield, etc. Why not create additional parking areas for visitors coming to Ayr town with an affordable pay and display scheme. There should also be better public transport options to reduce volume of cars coming into the town. Use derelict ground to create more parking which will be a much better use, i.e. Putting Green/Crazy Golf or old Jewson's ground at Green Street.	28/01/2024 11:29 AM
231	Essential to have one extra pass for occasional visitors. Residents should control visitors' parking passes. Business people (e.g. painters, plumbers etc.) and carers should have a free pass if working in the area.	28/01/2024 12:08 PM
232	There should be no residents parking fees. These houses were council built and provided no driveways. People pay road tax and council tax so why are we required to pay more?	28/01/2024 14:00 PM

233	Parking around schools, safety needs to be a priority (don't want too many parked cars where there are children crossing roads)	28/01/2024 16:34 PM
234	Ayr Town centre is being destroyed by the lack of parking. There should be no restrictions in the tams brig / newton area as it penalises residents. No parking charges along beach front as it will discourage visitors. There's no decent parking in Ayr at all and the town is suffering. Kilmarnock has free parking all weekend and the parking in Kilmarnock is really good and if there's a shop in Kilmarnock I will go to that rather than drive around Ayr looking for a space. I've got a disabled badge and trying to find a disabled space is impossible unless you're in the town before 9am. The current council policies are totally destroying a really good town. The Bothwell carpark should be taken into council hands as it's a disgrace that innocent people are being abused by this company	28/01/2024 18:22 PM
235	We are residents in Type A (zone A1) currently paying the top rate for residents parking permits. We lost out in 2023 because we paid a full year for our permit, but for 2 months of this time, parking was free for all (Nov 23 -Jan 24). We should be given a rebate for this time. Instead you propose to put our permit up by £15 per year, reduce the area of the zones we can park in, and charge us £5 for a visitor pass. Meanwhile, other residents of Ayr can still park for 2 hours a day for free! This very much feels like us, the in-town residents paying for permits, are subsidising the changes, and to allow the 2 hours free parking for those visiting the town! Where is our value for money, here, those that have chosen to live in the Town Centre?	28/01/2024 19:47 PM
236	Trying to encourage car users to visit and use the town on a Saturday. Yes 2 hrs free in place but after 1pm it was free. Now it won't be till 6pm	28/01/2024 20:56 PM
237	Review all permit charges.	28/01/2024 21:28 PM
238	Ayr town is dead & a very sad place to live now never mind attract visitors. I moved here 17 years ago and thought it was a great wee town however, friends & neighbours that were born here have said it has been going downhill long before I moved here. There is a severe lack of funding for innovative and vibrant projects, so many empty & not looked after buildings and dare I say not a lot to do! No oomph about the place, no pride in the place from many of its residents, begging every day on the High St, drugs being sold very openly in and around the town, not ONE police presence in sight and sadly not a place that visitors are keen to come to - I wonder why?	28/01/2024 21:43 PM
239	Priority should be made to residents being able park outside their own homes without the cost of £60. Plus the ability for friends and family to visit and park without needing to pay for the privilege.	28/01/2024 22:14 PM
240	You should stop ruining our town and where we live with all your ridiculous charges you are trying to impose on households that are currently not zoned and you want to add them to zones they households bought they homes in good faith and understanding there were no such fees or parking places. Now you want to add them to cash in half the new streets considered are not even used for travellers heading into town it's just the residents that use the street so it will just be another bill for them another thing for you to destroy and ruin Ayr with .	28/01/2024 22:15 PM
241	No areas should require a permit.	28/01/2024 22:35 PM
242	Parking should be free for 2 hours to encourage people in to Ayr	28/01/2024 22:51 PM
243	N/a	29/01/2024 07:56 AM
244	Seafield Road and surrounding areas	29/01/2024 10:21 AM
245	The parking areas around the county buildings are very seldom at capacity therefore they don't represent a priority for the proposed changes to be introduced. There are already car parks that are not at capacity within walking distance.	29/01/2024 10:30 AM
246	Pedestrians, lack of support and safety.	29/01/2024 11:34 AM
247	Residents who pay their council tax and who contribute to the upkeep of the town and have purchased their property should not be penalised for parking	29/01/2024 11:43 AM

	outside their homes. Residents should be able to have a permit for free if this scheme goes forward. There is a cost of living crisis and you adding to that cost!	
248	Do not introduce pay and display at esplanade I'm disabled and it's hard enough to get parked not enough council owned car parks I have to rely on street parking and I have a distance to walk to get to places	29/01/2024 12:15 PM
249	Should include an analysis of reasons for parking in a particular street. These reasons will not be the same for every street, so different rules will need to apply. At all times the residents wishes regarding parking on their street should be paramount. They are the council tax payers and usually maintain their properties to the best of their abilities. It is them that vote for council members and maybe councillors should be aware that they will vote against councillors who uphold views that differ from their own. In the small survey that I have conducted, I have yet to find a single person who applauds the Council for their plans to charge them to park in the vicinity o their own house. Up until now that right to park has been free.	29/01/2024 12:21 PM
250	The parking in Ayr is absolutely shocking. Charging people permits to park outside their own house is also shocking. A free permit should be given to residents along with 2/3 visitor permits for friends and family and then on street parking could be charged. I own a business in town and I pay over £100 a month to park my car in an awful carpark because I can't park for any longer than 2/3 hours anywhere else around about my work. Business owners should be given permits to be able to park close to their workplace which we spend a lot of money on and also help bring people into the town.	29/01/2024 12:43 PM
251	Don't know why you're asking peoples opinion. Is it to give the public a false sense of choice, no matter what they say you have already decided what's happening lol You are and always have been idiots Ruining the town centre one step at a time	29/01/2024 13:36 PM
252	i FIND IT HARD TO BELIEVE THAT YOU ARE CONSIDERING ALLOWING PEOPLE TO PARK IN RESIDENTAIL STREETS THAT ARE ALREADY OVERSUBSCRIBED BY CARS OF RESIDENTS. I have been blocked in by double parked cars and frankly allowing more cars to park in Bellevue Crescent is crazy. The standard of the road surface is shocking and is frequently used by large delivery trucks taking a short cut. Is there an option to restrict the use of such vehicles? Perhaps if the standard of the lane was better and people did not leave their waste bins in the lane then more people would use their garages. Remove the conservation area and allow people to create a parking are in front of their house	29/01/2024 13:39 PM
253	I feel that at a time when the council is trying to encourage people to live in the town centre the zone A residents are being penalised. I live in Cathcart St and with the 2 hours free parking trying to find a space is more difficult. Whilst I agree that the 2 hours free parking will encourage shoppers to the town, I don't feel that you should be increasing permit costs when parking is more difficult than before. Also why should Type A residents be paying more than Type B residents for visitor and trade persons permits. We are in a conservation area and being penalised at every turn when having work done on a listed building. Trades persons will not be the one paying for the permit, it will fall on the residents but Type B residents have a substantially lower cost, why? Zone A2 includes road which have little or no parking, Academy St, Boat Vennel, New Bridge St and St John St. Cathcart St parking is restricted due to the 2 hour free parking and now we are being restricted due to losing the Zone A1 streets that we currently have access to . Zone A1 and A2 need to remain as one.	29/01/2024 13:44 PM
254	Working in wellington square and not being able to park around my work isn't right!! I was able to park and continue to pay for the full day I was there which wasn't an issue, if you aren't down early in the morning to get a space in the 'max 3 hour stay' spaces then I am having to go down the beach, which at night I don't feel safe walking down there alone. The 'max 3 hour stay' parking areas also isn't very practical for business owners as we then have to leave clients to go	29/01/2024 13:59 PM

	and move our cars! I really think there should be something done for people working in wellington square!	
255	You shouldn't charge for parking in Ayr. The town is dismal enough. you should maybe think about providing free parking for those employed by South Ayrshire Council working in Ayr maybe actually try attracting people here rather than the workforce leaving for other Local Authorities	29/01/2024 14:10 PM
256	I am an owner in Bellevue Crescent and when choosing this property the fact that there was free residential parking with permits was a significant factor. The fact that you now intend charging for this is unfair on all owners and in particular small businesses. It feels very blinkered to just look at the revenue this will bring in and not how this will impact our community and the Town of Ayr. The proposed charging system to park is strangling the community and future growth of our town. I find the the format of the questionnaire to be guiding me to agree/disagree with permits and parking fees and hours but personally if we want shops to thrive and businesses to grow, we need to encourage people to come to Ayr and stay for longer periods of time and park for free.	29/01/2024 18:20 PM
257	None	29/01/2024 19:42 PM
258	Lots of houses within Residents' Parking zones have been sub-divided. IMO there should only be two permits issued per street number, not street number letters. E.g., 52a and 52b should receive one permit each rather than the two permits each they currently receive. The width of each house is approximately 1.5 standard car lengths. This could have the effect of reducing the amount of cars owned by RPZ residents.	29/01/2024 19:46 PM
259	There should be no extension of the parking permit to zone 10. There should be no zone 10	29/01/2024 20:09 PM
260	I don't think Area B (Type B) permits should be getting an overhaul. The system works well and this initiative is simply an additional form of taxation to residents. I fail to see any benefit it would offer, instead merely punishing people who live near the town centre in a time of extreme cost of living crisis. The council should instead consider green initiatives such as greater bus pass services which would legitimately promote additional travel to the town centre as opposed to encouraging yet more car use.	29/01/2024 20:15 PM
261	I have stayed in Newton on Ayr for over 20 years and do not believe I should have to pay to park outside my house. Social isolation is the biggest killer in the elderly and most of my neighbours are elderly and rely on their friends carers etc. to support them. People would be reluctant to visit with permitted area. As usual the cost of the permits would go up and already the cost of living is driving working people to food banks this is an extra on top of increased council tax road tax insurances. You will deter people visiting Ayr and more people will shop in Irvine Kilmarnock. Most people visit areas where there is free parking. Ayr high street is already nearly derelict because rents rates have increased this will discourage business to trade here. Businesses in York street Green street will suffer as most of them are garages and people will be reluctant to take their cars here. As I've said stayed in my street Union Ave for over 20 years and parking has never been an issue here.	29/01/2024 20:20 PM
262	Free parking encourages visitors to visit the town. It worked well in December. Possibly limit to 2/3 hours free to avoid business owners parking all day in free town centre spaces. This works very well in Paisley. Soon no one will want to park in Ayr, whether you have to pay on not. Town centre is a very sad place. Only a couple of shops worth visiting, and they might soon be gone. Look at Perth. Is a similar market town, but is thriving!!	29/01/2024 20:26 PM
263	Since moving to Content Avenue 8 years ago I've been aware of the ongoing battle to have residents parking enforced in our street. I've witnessed despicable behaviour from students at the college while they drive in and out of our street, elderly neighbours unable to park near their own homes and staff from the college refusing to adhere to the sign requesting they don't park here. I myself	29/01/2024 20:32 PM

	have on numerous occasions left the house in my car only to find I cannot get parked anywhere near my property on my return. I believe this fight has gone on for over 15 years now and our rights as residents have been ignored. If I understand correctly you now wish us to pay for residents parking however others (which will include college students and staff) will still have the right to park here for shorter periods and we will therefore potentially still face the same issues we face now. Paying for a permit doesn't therefore change the situation for us at all and is a money making scheme on the part of the council. For once I would like to see South Ayrshire council actually do something which benefits residents rather than themselves.	
264	I am concerned that Ayr town centre is already struggling big time the mess with the train station and station hotel doesn't help. There are far more buildings being knocked down, businesses departing, pubs closing etc. it is really dire. You need to find ways of increasing footfall into the town centre or can see the decline continuing. Increasing areas that you pay for parking is not going to help. It's actually quite sad to see a once proud thriving tourist attraction being a shadow of what it once was.	29/01/2024 21:10 PM
265	Pay for parking outside of house should be abolished	29/01/2024 22:38 PM
266	Your priority should be encouraging people to come into town, not discouraging it. Extending to 6pm on Saturdays is an absolute joke.	29/01/2024 23:00 PM
267	None	29/01/2024 23:11 PM
268	I agree there should be visitors' passes for residents but there should not be a charge. Residents should be able to add a temporary vehicle to allow visitors or tradespersons to attend. All parking should remain free from 1pm on a Saturday also, with the time being 5pm during the weekdays to encourage out of business hours use, such as bars and restaurants.	29/01/2024 23:18 PM
269	The only thing to consider is to throw out this ridiculous suggestion.	29/01/2024 23:24 PM
270	The charges	29/01/2024 23:41 PM
271	DISABLED PARKING I find it so difficult to get a disabled parking bay on the high street unless I go very early first thing in the morning. I sometimes circle 3 or 4 times but if there's none and I'm on my own I just go back home. I can't push my own wheelchair very far and there's not many other parking spaces nearby.	30/01/2024 04:20 AM
272	Ayr is a disgrace and should be free parking all around, then it might actually bring business to the town. FREE parking for everyone	30/01/2024 07:47 AM
273	Between the Zone B permit holders and the centre of town there are hundreds of empty parking spaces. Just because Mill Street and Boswell Park are busy does not exhaust the town centre parking provision. Behind Morrisons - Half Empty, Dalblair Road - Half Empty, Miller Road - Half Empty, Charlotte Street - Almost Empty, Cromwell Road - Half Empty,	30/01/2024 09:09 AM
274	The Council needs to realise that it is a coastal town not Glasgow or Edinburgh with an abundance of shopping, bars and restaurants! Ayrshire towns are dying with little visitors and shops closing due to parking restrictions and associated costs with them. Residents and visitors want to access the beach areas with free parking and enjoy what the coast has to offer without being limited on time - that is what drives people to areas with free parking.	30/01/2024 10:10 AM
275	The lack of parking is the problem in Ayr. Boswell car park should be council owned and then people would not be reluctant to use it due to fear of harassment from private companies. The state of the roads around parking areas also needs to be resolved. Overall, your priorities are all wrong.	30/01/2024 10:57 AM
276	Provide better car parking facilities for the town centre	30/01/2024 11:33 AM
277	Content Avenue does not require permit parking. Ayr college are managing student parking effectively.	30/01/2024 13:34 PM
278	Strongly disagree with the loss of resident only parking areas ...I live in Bellevue Crescent and it is seriously overcommitted and congested for parking at the moment! So there is no room for the general public as there is barely room for the existing residents as it is.	30/01/2024 14:21 PM

279	Strongly disagree with the loss of resident only parking areas ...I live in Bellevue Crescent and it is seriously overcommitted and congested for parking at the moment! So there is no room for the general public as there is barely room for the existing residents as it is.	30/01/2024 14:21 PM
280	I would like to know why Union Avenue is included in this proposal as there are no issues with parking in this street	30/01/2024 14:36 PM
281	I do not agree with having to pay to park at my own door, especially when it would appear that I am not guaranteed a parking space.	30/01/2024 14:55 PM
282	We do not parking restrictions within proposed zone B9. This is a residential area and not close to town. People do not park within those areas to nip into town. It would be a step backwards to do this to the residents of the area, specially the Glebe Crescent.	30/01/2024 16:23 PM
283	There is now no need for the restrictions put in place for the county Hospital and the cattle market when it was in Castlehill road	30/01/2024 17:27 PM
284	Enabling greater access to high-traffic areas such as the town centre with a vehicle makes perfect sense, but I would discourage the widening of general access to parking into residential areas where the footfall does not benefit local businesses and residents already struggle for on-street parking.	30/01/2024 19:57 PM
285	Priority should be on parking wardens implementing current parking restrictions instead of wasting money on new permit systems. Double parking and stopping on double yellow lines is frequently encountered on Citadel Place, and I imagine this is replicated on many other streets.	30/01/2024 20:13 PM
286	Priorities should be to encourage shoppers into the town and allow plenty free parking to accommodate this. There is free parking at Silverburn and Braehead which makes for more attractive shopping than Ayr. So you have to compete with instead of time limits and charges for shoppers.	30/01/2024 21:39 PM
287	None	30/01/2024 23:19 PM
288	The whole proposal should be rejected and a more informed and considered plan developed. Proposals are one thing but there is no confidence in the implementation of any parking system since there is constantly blatant misuse of systems that are currently in place. The proposals would only exacerbate the issue. Priority should be ensuring that residents and small businesses are not detrimentally impacted. There should be greater consideration of the streets and how many residential properties, small businesses etc. are located upon them. Some of the streets physically cannot take any more traffic. Businesses are not a one size fits all, there at different requirements for different industries. The proposal neglects this. What businesses/industries have been part of the development of the proposal?? This proposal disproportionately affected smaller businesses negatively.	30/01/2024 23:46 PM
289	My company is O'Neil Gas Services, our head office is based in Green Street in Ayr and we have been providing Gas, Plumbing & Electrical services to private house holders and a range of public sector clients such as South Ayrshire Council and Ayrshire & Arran NHS for 30 years. I strongly disagree with the council proposal to potentially charge £400 per permit for trades people in Zones B9 and B10 because of the significant impact it will have on our ability to successfully run our business and provide essential services for our customers, many of who are elderly and vulnerable and live within the residential zones highlighted in this proposal. Currently we employ 25 people, including 17 mobile engineers, who travel around the whole of Ayrshire, providing a full 24/7 service. We are therefore a significant employer within the local community. We are also very supportive of local charities, regularly fundraising for organisations such as Ayrshire Hospice and we patronise other local businesses ensuring we purchase parts from a local supply chain which in turn increases tax revenue for the local authority. In short we are very supportive of South Ayrshire as a whole, we understand that some parking changes may be necessary but feel it is not justified for the council to impose this additional cost which may force us to limit	31/01/2024 00:29 AM

	<p>or reduce the assistance and help we provide locally. Additionally we do not feel serious consideration has been given to the negative impact these changes will have on the local economy. Currently we run 17 vans, these vehicles do not operate at a specific, routine time of the day or night and could be called upon to visit the specified zones at any time, and such is the nature of our job when responding to emergency situations. Under South Ayrshire Council's proposals we would have to buy a permit for each van and pay this upfront with an approximate cost of £7,000. This is before we incur any further charges for extra vans we may purchase in the future if the company continues to grow. This is clearly unfair, it would be far more practical for tradespeople to pay the current one off parking fees, if and when they are in those areas rather than pay £400 per van, especially when some of our vans may only be in the specified zones for a fraction of the time paid for. It is fair to say that South Ayrshire Council's reputation with local businesses has already been severally damaged due to recent problems with the Station Hotel and high business rates. To introduce another measure which would hinder the growth of local businesses without really listening to the views of local business owners would be a devastating blow to the already fractious relationship which exists. We feel that if this proposal was passed it would be a punishment for all of our hard work in serving our community, which we continued to do without falter during both lock down periods. We hope the proposed excessive financial penalty for tradespeople will be dropped completely or at the very minimum changed to a more practical and fairer method. Therefore we propose some alternative options: (A) South Ayrshire Council take the opportunity to publicly support local businesses in deeds and not just words and make tradespeople exempt from any parking charges between the hours of 8am to 6pm to allow us to carry out the majority of our work. (B) Trade businesses pay a nominal one-off fee of £250 for approximately 20 vehicles rather than payment per vehicle, as this is clearly not realistic for the type of work carried out in these areas and which limits the growth of businesses in the public and private sector. (C) Keep the status quo and allow tradespeople to pay one-off parking fees if and when they are working in the specified zones rather than a blanket £400 per van charge which is excessive and ultimately anti-business. We cannot stress enough that we have the same goals as South Ayrshire Council in that we want to provide a quality service for the local community. We appreciate that increasing parking charges may be seen by some in the council as a way to increase finances and achieve this aim but it is clear this proposal would be very short sighted. In the long-term it would be very damaging to the financial health of local companies, which would lead to reduced profits which would ultimately have consequences for employees and customers. Businesses simply cannot continue to provide steady, employment opportunities, special services for the elderly and vulnerable and make a significant contribution to the revenue of the local authority and be hindered in return. The result would surely be that local businesses are pushed out of the area and to other local authorities which are more supportive. Therefore we strongly disagree with this proposal and hope that the right decision is made to support local businesses going forward.</p>	
290	<p>a) Consider Park & Ride - Airport, Heath-field Retail Park & Dobbie's area - as means of reducing parking demands in the town. Of course this will not be considered, as it does not raise the money parking charges generate. b) Limiting parking time, by charges, reduces shopping & social time, to the detriment of business. c) Proposed charges against residents, to facilitate public parking spaces in residential streets with NO GUARANTEE residents themselves can park, are totally unacceptable - a money grab. d) A 5%+ increase in our Council rates this year is almost certain - compounding financial difficulties in the current financial climate. e) At the end of free parking time, in residential streets, a motorist will move their car to another area for more free time - creating more traffic whilst searching, increasing Co2. f) All carparks should be pay and display</p>	31/01/2024 09:28 AM

	at a reduced rate (compared to any free time plus charges after) with no free time apart from special occasions, e.g. Christmas.) Pay & display zones should only be in the "close to town streets". h) The cost of all the new signage will be significant.	
291	Instead if penalising the residents moderately close to the town centre this proposed parking change should extend on an equal footing to every street in the town. We live in close proximity to a school in a residents only parking and on a daily basis this is contravened on a daily basis by vehicles on school drop off and collection - how do you propose to monitor this(no doubt affecting all schools in the area) As affected residents we should have been notified individually of these proposals rather than learn of these changes by chance as the whole consultation process seems to have taken an inordinately long time giving plenty of time for communication of these changes. The proposal about virtual permits seems farcical and unworkable and costly.	31/01/2024 11:45 AM
292	The 2 hour free parking should continue but the new machines should be replaced as continually broken	31/01/2024 11:54 AM
293	The residents parking permits work reasonably well in Bellevue Crescent, although there are people who disregard the permit requirement and park for visiting the town, as evidenced by the fact that parking penalties are issued. As a resident, I sometimes find it difficult to get a parking space on the street; there isn't room for the residents to park, let alone add three hour parking bays. £60 is too expensive per permit. Even per household. What am I getting for that in addition to the £2845.77 that I'm currently paying for council tax? I accept that 50p is too low to cover the administration of the permits. £30 per household is the most that should be charged. Two vehicles is a suitable number for a dwelling. When we have tradespeople/visitors, they use one of our household permits, and I have to move a vehicle. This is an inconvenience that I can live with due to the greater benefit of the residential permit system.	31/01/2024 14:02 PM
294	The parking for residents should remain vastly the same. There should be no changes that would result in further charges to residents nor allow the public to park in resident only streets. There are only just enough parking spaces as it is.	31/01/2024 14:24 PM
295	No proposing shared areas within the residents only areas is ridiculous there is not enough space as it is without adding additional vehicles.	31/01/2024 14:42 PM
296	Keep residential permits, people who live in the town centre area deserve to be able to park in the streets that are currently residential	31/01/2024 17:21 PM
297	LISTEN TO THE VIEWS OF THE CURRENT RESIDENTS. THIS IS A HUGE PRIORITY... TAKE ON BOARD THE CURRENT FINANCIAL SCOTTISH PROBLEMSNONE OF US HAVE SPARE MONEY AT THE END OF A MONTH TO PAY FOR PARKING OUTSIDE OUR OWN HOME WHICH WE PAY A HUGE AMIUNT OF COUNCIL TAX ON. KEEP THE STATUS QUO -- IT WORKS	31/01/2024 17:24 PM
298	Resident parking permits should not increase from 50p to £60 annually. This is extremely unfair to residents without a driveway. Also, the new rules would be abused by non-carers or tradespersons as they would park in the residents only streets when they are not visiting, a carer or a tradesperson. I live in Ashgrove street where parking is made worse by parents picking up and dropping their kids off at school. They have even blocked our driveway on a couple of occasions. In my view this street should remain as residents only and parking attendants should be visible when school starts and finishes to deter parents from parking selfishly and dangerously. I strongly disagree with the increase to the residents parking permit price	31/01/2024 17:41 PM
299	Why is South Ayrshire Council making it so difficult for visitors to visit and spend a day with their families in a historic town? Residents penalised for buying a property in town. To try and make Prestwick come under the same rules is madness as it's thriving with shops and people.	31/01/2024 18:00 PM
300	Parking within Ayr is a disgrace, it has been for decades and your proposals are only going to make the situation worse. The cost of parking in Ayr town centre	31/01/2024 20:47 PM

	<p>has driven trade from the town centre. The cost to park during the working week has made it very expensive to do so, so car owners are forced to park on surface streets further out, which causes difficulties for residents. It is unbelievable that you think it is fair or appropriate to increase the residents parking permit for Park Circus and Bellevue Crescent to £60 per annum. It is simply a stealth tax! I have paid a premium to reside in that area and pay my council tax, road fund licence and now have to pay an additional cost to park my car where I reside. If I have to pay to park in the street I live, then I should be able to park at least within 100m of my front door. The road surface in Bellevue Crescent and Park circus is dangerous it is only a matter of time before a cyclist falls from their bike due to the road surface condition. It will also cause damage to car tyres and wheels. The gutters are full of debris and detritus, which blocks the gutters and drains, causing floods. It is impossible to get out of your vehicle without stepping in wet mud. I have reported this several times but as usual nothing ever happens to resolve these issues. The council are only interested in generating revenue by taxing the motorist. Parking attendants: They are a disgrace! Their appearance is shocking with personal hygiene sadly lacking. They are rude and unprofessional. I witnessed a parking attendant ignoring a member of public who was trying to ask their advice.</p>	
301	<p>This proposal should be rejected. There has been no consideration towards Airbnb's whom often have multiple cars (guests, owners and maintenance/cleaners) with little to no monitoring, especially when the council has already stated it is unable to monitor the new legislation in place. Under this proposal they would use standard residential permits. Why should this business model be able to use residential permits yet guest houses would have additional charges within their business whilst doing the same thing. This would discriminate and put other small businesses at a disadvantage. Putting Pay and Display around the County Building (A5) would only push parking onto already congested residential streets and thus unfairly impacting upon the community. Introducing shared use on these streets would be detrimental to the neighbourhoods.</p>	31/01/2024 21:28 PM
302	<p>We need to look at ways to encourage visitors to the town not ways to put people off.</p>	31/01/2024 21:37 PM
303	<p>More free parking making town more accessible should be the priority not creating zones to exclude and make any visit to town more expensive. Business owners having to pay more to people pay huge council tax bills to live in Ayr and businesses are trying to survive. We need footfall throughout the town to make Ayr a place worth dropping into not creating hugely expensive parking. Visitors charged £5 for visiting is not very welcoming however you want to explain it.</p>	01/02/2024 05:16 AM

Consultation Question 9

Question 9		
Please submit any other comments you would like to be considered.		
1	I strongly disagree with charging residents for a permit. I could pay £60 for a permit and still not get parked anywhere close to my house because of visitors, tradespeople and others parking for 3 hours. The permit should be free for residents. Why do we need to register visitor's cars? Why not issue paper permits which can be placed inside the car similar to what happens during the bowling tournament at Northfield? I would imagine that most households will need a resident's permit and a visitor's permit which would cost them £80 per year. I think it's extremely unfair that residents in these zones have to pay this for the privilege of parking in their street and having visitors parking in the street when residents in neighbouring streets don't have to pay.	05/12/2023 19:58 PM
2	Resurrect the plan to provide a Park & Ride site, serving Ayr & Prestwick from an out-of-town site.	06/12/2023 17:30 PM
3	As a resident of Dalblair road with a parking permit it is very hard to get a parking space in my street or surrounding areas because anyone can park and pay and display in the limited parking spaces. I have to park in barns street carpark and pay for parking which is very unfair when I have already payed for a permit. It is very difficult to carry bags of shopping etc. from surrounding streets because I cannot park in my street. We have a problem with large vans parking in the parking bays that overhang into other spaces thus not allowing another vehicle to park in the adjoining spaces. Also we have a problem of vans parked on the pavement across from the shop called carpet king which are large box vans parked on double yellow lines at the side of the Ayrshire and Galloway hotel. I think it would be a good idea to allow residents parking permit holders to park in Barns Crescent carpark without having to pay since we have already payed for our parking. It used to be residents only parking before the pay and display was installed in Dalblair Road and it was much better for residents to park. I can understand why South Ayrshire Council installed them so they can make more money but at least allow residents to park in Barns Crescent carpark using their permits then I don't mind paying an extra ten pounds for my permit. [REDACTED]	06/12/2023 21:29 PM
4	Have all the residents in Ashgrove Street, St Andrews and Dongola Road been advised about these changes. Why was the consultation not sent to every house in these areas The consultation is flawed. The local residents in the bottom half of Dongola Road were informed that due to the development called Holmston Gardens that resident parking was to be removed from one side of the road, but we were assured that the other side would remain resident parking, was also told that there would be adequate parking spaces within Holmston Gardens development for the residents, this is not the case, majority of cars parked in Dongola Road are from Holmston Gardens residents, whilst the parking bays in the development lie empty	12/12/2023 17:16 PM
5	This consultation should be delivered to every property affected either by post or email. To expect residents to complete the consultation online without being informed it is taking place is totally unacceptable.	12/12/2023 19:05 PM
6	I think you should consider the increase in parked cars outside primary schools where at present those picking/dropping up pupils find it difficult. These proposals will increase the risk of accidents as congestion will be higher given residents cars are not usual in the street at these busy times. Parents will be looking to find space at same time as watching out for children. Why all properties in zone B now expected to are pay £60 + £20 annually to allow residents and their visitors to park outside their house? Sounds like a revenue raising exercise to compensate for the loss of parking in the central Zone. Clarification of how the visitors permit will operate is needed. Feels like you are doing your best to drive visitors away from the centre towards the nearby	12/12/2023 23:49 PM

	residential areas thereby making it much harder for residents to park near their home. You are increasing my tax burden over and above other South Ayrshire residents at the same time as providing them with the benefit. Perhaps you should be providing visitors to Ayr with designated car parks rather than spreading the cars over a wider and wider area. The increase in parking spaces outside the centre and the proposed cycle walkway will not lead to increased number of visitors to the town. The hunt for parking places in residential areas is not an attraction most drivers relish. What extra benefit you are providing for those residents paying for parking?	
7	Never give free all day parking as they are being used by shop/office staff so it defeats the purpose. 2 or 3 hour free parking should be available all year round.	13/12/2023 17:24 PM
8	Parking permits should be issued with QR code that can have a registration linked to it online. That way they can't be photocopied and used by short term lets to allow guests to park, whilst not requiring a new pass every time a resident changes their car, they simply go online and update the system. If shared bays are to be allowed then 3 hours is far too long, that would mean a resident would have to find alternate parking for far too long, an hour should be more than enough for anyone needing to use a space to pop in somewhere, 3 hours is excessive, and if someone is going to be there for three hours they should plan to use an official parking bay in a pay and display zone.	13/12/2023 20:19 PM
9	Parking for visitors to the town centre, should still be free from 1pm on a Saturday and a Sunday across the board, and there should be a minimal or no charge for parking around the town centre, you can drive quite easily to Irvine and park for free, we should be encouraging visitors to visit Ayr especially with the sorry state of our town centre at present, also the current bays especially on mill street could be doing with the lines being repainted and the barns street car park could be doing with a resurface, if you are going to charge the people of Ayr for parking the car parks and bays should at least be well maintained.	14/12/2023 18:51 PM
10	Resident permits should be free. If I live in Belmont or Craigie for example I don't get charged to park outside my house so it shouldn't be any different because I live in the town centre	14/12/2023 21:40 PM
11	I live in Bellevue Crescent, close to the town centre which is currently a resident parking only Mon-Sun between 10am and 5pm at a cost of £0.50p per household. I have lived here for 5 years and almost every day get frustrated with non-residents coming in to our street, parking for work, shopping, socialising etc. within the parking areas outside our houses which are resident only. Houses in the street are high value ownerships and we pay one of the highest bands of Council Tax in South Ayrshire (band G) and very often we struggle to manage to park our cars near our house! It's not good enough and the system needs to be tightened up in favour of the actual residents living in these streets, not relaxed!! Therefore, the new proposals putting forward a huge rise in the cost of a permit to £60, whilst trying to open our street to a 3 hour 'free for all', is ridiculous and has no consideration for all of the residents of Bellevue Crescent and Park Circus. It's one thing raising the cost of the Permit, in order for the Council to increase revenue, however any relaxation in resident exclusive parking will negatively impact people's daily lives who own and live in houses on this street. The street then effectively becomes a town centre car park - it's okay if you live in Alloway or anywhere else out with this zone of Ayr and people come in and park for free, whereas, us as residents are having to pay a much higher cost for the privilege of being able to park outside our own houses! Who actually comes up with these proposals! Absolutely absurd! I am strongly against these new resident parking proposals within Zone B3 and I imagine the majority of my fellow neighbours within Bellevue Crescent and Park Circus will be on the same page. I sincerely hope these proposals are rejected ASAP.	15/12/2023 17:04 PM
12	One of the basis for this proposal is to encourage residents to use public transport and to help the council meet its Net Zero goals None of these proposals	18/12/2023 13:50 PM

	will do this. It should not be local government role to dictate whether people do or do not use cars. This smacks of an overreach of governmental control which these days seems to be more prevalent.	
13	As identified in the 2021 Consultation Outcome Report, the previous consultation asked questions that were too general and lacked facility for a free text response. These same mistakes have again been made with this consultation and the questions above wrap too many conditions together. Whereas residents may be supportive of parts of each proposal but unsupportive of other parts, there is no way to express this. For example - the statement 'Existing resident permit schemes require updating and amending' has some merit but many of the changes that are proposed would be detrimental. There is no way to explain this or isolate each aspect. Again, as noted in the Report, the way that these consultations are conducted provide no insight into the status of respondents or where they reside. Anyone with an internet connection can return multiple submissions, even if they do not live in the area or if they have a vested interest in a particular outcome. As most of these consultations return very few responses, a significant skew in true outcomes could be easily achieved. One of the reasons that there are very few responses to these consultations is that most people do not know about them. This consultation can only be accessed via the ARA Website and is not advertised in the SAC Website 'Have Your Say' Section. This is inexcusable and a cynical, yet understandable view could be that this is contrived to ensure that public objections are never voiced.	18/12/2023 19:35 PM
14	Areas such as Park Circus and Belview Crescent can be a nightmare for residents currently due to limited spaces. If what limited spaces were to become available to the public it would be unbearable, especially in the summer months. There's also the fact that currently there are a designated marked bays, therefore, those less able to park correctly do so inconsiderately and can reduce overall parking availability due to the trees planted in the road. Furthermore, due to this area being a conservation area, residents who have no access to off street parking but do have available garden space are forbidden to be granted planning approval for a drive. This further limits those able to get EVs. Your point about a drive for public transport is laughable given the current state of public transport. I personally work in Port Glasgow currently a 100 mile round trip. Public transport would create a 5 hour round trip. I have no choice but the car.	21/12/2023 14:52 PM
15	As far as Park Circus is concerned there is barely enough parking for residents at present with 2 permits per household considering some of the townhouse properties are split into 2, i.e. 4 permits? Allowing non-resident parking will mean that residents won't be able to park their vehicle in the street where they reside.	21/12/2023 14:55 PM
16	I live in a resident only parking street. If you open up parking to everyone we would struggle to get a space close to our house. The street is already busy with resident's cars. A lot of the houses (including ours) do not have garages as they were built in a time before cars were invented. We live in the longest terrace of houses in Ayr and I do not think your proposals are taking into consideration the age/design of the properties. The current system works well and I am strongly opposed to any change. It would be unfair to charge £60 a year to park in our own street when we have no other option. If you make the proposed changes the street would be full of cars of people visiting nearby cafes, with the people who reside there unable to park outside their own home. STRONGLY AGAINST THIS CHANGE.	21/12/2023 16:21 PM
17	Will there be a public consultation?	21/12/2023 20:35 PM
18	I have rang you several times to explain about the dreadful lack of disabled parking in Ayr but every person I have spoken to simply does not care. As a disabled person I feel marginalised and discriminated against by South Ayrshire Council.	23/12/2023 16:05 PM
19	I've lived in this area for many years and already pay more than enough Council Tax. I do not want any more stealth charges being applied to me.	26/12/2023 13:57 PM

20	Park Circus and Bellevue Crescent are full every evening and I struggle to get parked when I finish late shifts. Allowing shared use bays in these streets is completely unnecessary and detrimental to residents. There is no off street parking! I am fine paying more for my permits, and I am fine for other residents and myself to be able to get visitor permits. But people will dump cars there to visit the town centre all day, why? There are so many places available for people to park - it should absolutely not be a free for all in Park Circus and Bellevue Crescent. Strongly disagree.	27/12/2023 11:06 AM
21	As above	27/12/2023 22:53 PM
22	The on street pay and display a) should not include Saturday b) should have a shorter time Mon-Friday 10-3.30pm. Alternatively extend the free parking. I shop far more in Ayr because of the free parking. You need, as a council, to promote business far more in Ayr, rather than try to raise revenue from parking	28/12/2023 18:22 PM
23	The survey does not include the impact of parking on other forms of transport. 8 bicycles can park in a space needed for a car. If you made the roads safe for cycling then you would not need so many parking spaces for cars.	29/12/2023 18:26 PM
24	Making it even more difficult to shop in Ayr will make it more likely that as a family we will travel to Silverburn rather than shopping in Ayr. Many others who we know are of the same opinion. Anticipate this could result in even more businesses in Ayr closing.	29/12/2023 21:09 PM
25	I reside in Arran Terrace and the main issue I have is that visitors to my property are unable to relax for fear of getting a ticket. I do not consider that Arran Terrace and surrounding streets should be permit parking at all. We already pay for our cars, large council tax bills and are now potentially being asked to pay a ridiculous amount to park outside our homes. The council message this Christmas is that Ayr is Open for business, all fine and well but please consider the town centre residents who stay here, pay council tax, road tax etc. and do not penalise them for staying close to the town centre.	29/12/2023 23:14 PM
26	Whilst this survey focuses on the town centre and surrounding streets, more has to be done with parking in the wider Ayr area. Parking penalty charge notices should be increased.	30/12/2023 15:39 PM
27	Monday to Saturday 8 to 6 is going to be completely detrimental to the town. If you are not going to give a two hours free period, you need to have free parking earlier in the day through the week to encourage people to come into a town which is struggling. Also on a Saturday... Please help our town by creating a fairer and more flexible parking system. It works in Prestwick?!?!?	31/12/2023 08:19 AM
28	Introduction of parking charges in areas such as County Buildings, Tams Brig, Cromwell Street and Prestwick Pool/Bowling Club will unfairly impose charges on people who work in the local area. They will effectively impose a £15 weekly charge on people who most likely cannot afford to pay it. This will result in these workers parking on streets further out which are not metered. This will not benefit SAC income potential and will result in a nuisance for residents. These areas proposed for parking charges are not prime locations, needed for regular turnover. They are seen as an easy income target, there is no real pressure on these parking areas midweek to attract visitors to the area. It is noted that post pandemic many businesses, including SAC, are actively trying to encourage staff to be in the office more often. Introduction of parking charges will provide another reason for staff to press to work at home more often. Metered parking on the street could end at say 4pm. This would enable people who have errands to run to do so without the hindrance of having to pay to park. It may also encourage people to pop into town later in the day/after work to shop locally or meet a friend for coffee etc. Which would provide a welcome boost to the local economy. This is unlikely to result in workers blocking spaces so no real risk to income revenue during the day.	05/01/2024 00:58 AM
29	This proposal is a money grabbing ruse. It will do nothing to improve Ayr. It will antagonise and anger residents and visitors.	07/01/2024 16:45 PM

30	The stated aim of pay and display Zone 5 is to allow better access to county buildings and courthouse. These premises are only open Mon to Fri therefore pay and display should be for 5 days only not Saturday or Sunday.	08/01/2024 09:50 AM
31	See Above	08/01/2024 10:11 AM
32	I think the major issue not adequately addressed in the review of parking arrangements is the displacement effect. I am quite clear that we will not visit Ayr town centre as often as currently but move our shopping to supermarkets and out of town retail centres like Heathfield. I also feel that the study exaggerates the impact of visitors to Ayr. Largs has pretty steep parking charges, but I suspect has more day visitors than Ayr. I fail to be convinced that out of town visitors are deterred from coming to Ayr by problems with parking close to the seafront. Nor can I see how asking visitors to pay for parking will attract more visitors. Finally, I think Ayr suffers currently from poor public transport services, lacking joined up bus, train and cycling hubs (currently worsened by a poor rail service). The idea that these proposals will lead to a move to more cycling and public transport seems without foundation. It has real potential to just 'kill' Ayr town centre.	08/01/2024 12:13 PM
33	Please stop this. Ayr is dying, and ludicrous, greedy, money grabbing addition parking restrictions are NOT is what is needed to help breathe a small amount of help to restore the struggling town. I expect no one to listen or care. Money is the only priority here. How to fleece the residents of Ayr as they watch their town expire. Please look at the bigger picture, with a long term focus. If anyone has an ounce of common sense they would see Ayr needs to be more accessible and welcoming. STOP DRIVING PEOPLE AWAY WITH PURE GREED.	08/01/2024 12:46 PM
34	I appreciate that the Council wants you make money but surely it's more important to ENCOURAGE people to come to Ayr. The cost of parking can put people off driving into town and small businesses are suffering. More should be done to encourage business to come to the town and improve the local economy. The state of the High Street and the surrounding areas, especially the top of the town is a disgrace with derelict buildings and closed down shops. Residents should not have to pay to park in front of their own house!	08/01/2024 13:25 PM
35	When Holmston garden properties where built on Dongola Road, the residents parking was removed from one side of the street, we were told that the other side of the street would remain resident parking due to the fact the houses on Dongola road from Holmston road to Ashgrove Street do not have off road parking available, and there is no way that parking spaces could be created in the front gardens. There is already a problem with overspill car owners from Holmston Gardens parking in Dongola Road, even though they have parking bays within the development, which are usually empty, this is probably down to the property factors charging for these spaces, which again we were assured this would not happen.	08/01/2024 15:08 PM
36	When Holmston garden properties where built on Dongola Road, the residents parking was removed from one side of the street, we were told that the other side of the street would remain resident parking due to the fact the houses on Dongola road from Holmston road to Ashgrove Street do not have off road parking available, and there is no way that parking spaces could be created in the front gardens. There is already a problem with overspill car owners from Holmston Gardens parking in Dongola Road, even though they have parking bays within the development, which are usually empty, this is probably down to the property factors charging for these spaces, which again we were assured this would not happen.	08/01/2024 15:08 PM
37	Once again a very biased set of questions that don't allow for consultees to actually add to the discussion, and instead try to trick them into the findings you already want, not to comment on the underhand way this consultation has been conducted, tucked away on the Ayr Roads Alliance website, with next to no advertising to the affected communities, and no notice given locally or to residents, as well as almost no indication on the council website.	08/01/2024 15:35 PM

38	I have to double park as it is to get my shopping from my car to my door Than have to move my car before I can go in and pup shopping away.	08/01/2024 15:39 PM
39	The idea of a permit system in residential areas is flawed. We live on St Andrews Street, have two vehicles registered to our address, have off street parking for both vehicles and have two £0.50 permits. Why would we pay £60.00 per vehicle per year for on street parking? Further, many of our neighbours would be in the same situation. The one exception is an elderly widow who does not have off street parking. She has recently undergone knee surgery but refuses to apply for a blue badge as she feels there are individuals who are more in need than she is. Is the Council going to charge a pensioner on a low fixed income £60.00pa to park her car in front of her house? As demonstrated, of the 18 properties on St Andrews Street between Castlehill Road and Dongola Road (Area B4), the revenue generated MIGHT be £60.00pa, assuming our widow friend does not apply for a blue badge! If the thinking behind the proposed scheme is to encourage visitors into the town then on street parking in residential areas, certainly at weekends, should be free. If the thinking behind the proposed scheme is to raise funds, I would suggest it needs re-thought. As demonstrated above, two parking fines would generate more income than a single annual parking permit. Further, when the current permit system was introduced on St Andrews Street, the Council erected a number of sign posts and signs advising motorists of the parking restrictions. I would like to know (a) how much did these signs cost to purchase and erect and (b) how much revenue the Council has generated through parking fines issued to drivers / vehicles without permits 'illegally' parked? I would be greatly surprised if the revenue generated was greater than the cost of the signs. By implementing the current scheme, the Council have only succeeded in discouraging people from visiting the town-centre. This revised proposal will do the same and does not appear to have been well thought out!	08/01/2024 16:16 PM
40	As above, I would strongly ask that you consider the impact for residents.	08/01/2024 17:38 PM
41	I think the increased charges being proposed from 50p to £60 is outrageous!	08/01/2024 17:45 PM
42	Free parking for residents in their own street	08/01/2024 17:55 PM
43	We live within a Type B permit zone, and while enjoying the right to park in our road, we do appreciate that the system needs to be brought up to date. However having paid our Council Tax, Road Tax, and other taxes, we wonder if the cost of administration of parking in the town should not come out of a general fund rather than the pockets of those residents who happen to live closest to the town centre.	08/01/2024 18:03 PM
44	I disagree with shared spaces being made available in resident parking areas. There is little space available and allowing this would make it increasingly difficult for residents to park at their own homes, notwithstanding parking for which they are to be charged. In summer months beach areas are busy and resident parking is paramount for those that live in streets surrounding beachfront. Happy to pay for resident parking but utterly disagree with shared spaces.	08/01/2024 18:16 PM
45	Don't come into Ayr very often There is very little to attract me into the town, and I certainly would come in even less if I had to pay to park.	08/01/2024 18:17 PM
46	As a resident of St. Andrews St., Ayr, I am very concerned about the proposal to remove resident parking permits (as far as I can understand the rather complex proposals). During certain busy periods e.g. Christmas, the street is already used as an overspill area from Morrisons Supermarket. There are also instances where cars are left in the street all day when their owners take the train to work/ shopping in Glasgow etc. I would be very concerned that opening the street to everyone will result in residents being unable to park in the street. If I have misunderstood and it is intended to create a shared use street, this would also cause me concern as this could result in paying £60 per annum and still being unable to park in the street.	08/01/2024 18:56 PM

47	Why Prestwick and Troon allowed free on street parking but Ayr are is not? They are part of SAC	08/01/2024 19:10 PM
48	Parking in Ayr- park circus and Bellevue is difficult enough without adding extra vehicles into that equation through visitor's passes and tradespeople. There are a lot of flats and split houses in these streets. Therefore double the cars- especially in Bellevue crescent. Visitor permits will cause even more chaos if people are parking outside in our already busy street. I do not have a garage and I do not have a driveway. If you want to fund a grant I will gladly put a garage and put parking in my back garden and would not need to park outside and you can then have that space for people shopping in the town centre or visitor and tradespeople. I regularly park at the bottom of my street and lug heavy shopping up the street. Therefore what you are proposing will not reduce the volume of traffic in our street but increase it. I think it will be difficult to police who has been parked for 3 hours and who hasn't and I will end up parking further away each day when I come home. We pay a high council tax and should be able to park outside our house. These are not decisions to be made lightly and a lot of thought is needed.	08/01/2024 19:49 PM
49	Parking in Park Circus, can be difficult enough. With no off street parking we have to park on the street - Bellevue Crescent is even busier. Parking is further restricted by the cherry trees. I cannot see that introducing parking bays can be appropriate or sensible. Had this arrangement been in place, we would not have considered buying a home in this street. How can you impose a £60 annual charge and then open the parking to all comers if they pay? If residents have to pay £60, this should mean securing a dedicated parking place - not have to drive around trying to find one in amongst those buying a ticket. That is illogical and unfair. We see traffic wardens about twice a year - the extrapolation of your scheme must mean hiring more traffic wardens to police the scheme - what are you trying to achieve? You couldn't possibly generate enough income to hire additional traffic wardens - is a business plan available to see your evidence? Where can I access this?	08/01/2024 20:14 PM
50	As above, I strongly disagree that annual fees should be introduced in areas such as Ashgrove St, Dongola Rd... Why are these outlying areas considered to be within a charging scheme, this does not make any sense, please explain.	08/01/2024 20:18 PM
51	This is just another scam by our so called council under the disguise of making it better for residents and the community but in fact all this is, is a complete money making exercise. Where would all this revenue go? It's certainly not on repairing or resurfacing the roads in and around Ayr?	08/01/2024 20:37 PM
52	Residents should be able to park for free outside their own home. Two Parking permits and one visitor permit should be issued to all households otherwise permit driveways to be built in zones where residents need to buy permits to park. Alternatively, make Bellevue Crescent and Park Circus one way with many more parking spaces for residents	08/01/2024 20:59 PM
53	Limiting the time people can park is restricting. Hair dressing appointments can typically take longer than 3 hours. If going out to a restaurant I don't want to be clock watching. If I am taking my children swimming I am already paying for that, it is unfair to also charge to park (it will not be 50p as nobody uses these facilities for 30 minutes or less). Further parking restrictions will only further strangle an already dead and dying town.	08/01/2024 21:11 PM
54	I do not agree with the proposed 3 hrs waiting in residents' only streets. I do not have a problem with the increase in parking costs, but feel B&Bs and other businesses operating in the area should have to pay more to allow more cars to park.	08/01/2024 21:14 PM
55	I strongly disagree with the proposals. Residential areas should be left as they are with charging remaining the same. Proposals have no benefit other than to the council's coffers. The only point that I would agree with is that there should be	08/01/2024 21:14 PM

	provision made for carers or business people working at any of the residents properties.	
56	It already costs a lot to maintain and heat the mainly old properties in these streets, but they add character and are an asset to the town. I resent paying an additional yearly fee just to park outside my own house. It may encourage more people to increase off street parking by removing front gardens which is contrary to climate saving ideals. Free public parking in Ashgrove Street is likely to encourage more people to park here making it harder for parents to collect children safely from the primary school. Some of the streets where you propose introducing public parking are extremely busy, with residents already finding it difficult to park in the street where they live. I don't think that anyone in Ayr should pay to park in the street where they live. I would be interested to know if this policy extends to any other town in South Ayrshire. If not why is Ayr being singled out? I am unaware of any on street parking charges being applied out with Ayr. I still love living in the town of Ayr but it is no longer the attraction it was. I see no reason why the residents should be paying for parking in their home street when the same policy is not being applied to any of the other towns in the region. If parking is in short supply in Ayr then reducing the parking bays in Riverside Car Park and elsewhere for the proposed new cycle lanes needs to be reviewed. I realise the council needs to raise money but excessive parking charges and more competition for spaces for town residents is not the way to go. As I already stated these old properties need constant repairs and maintenance. Charging workmen extra to work in these areas won't help. Why should it cost those more to carry out work at number 4 in the street than at number 44? Obviously this charge will be passed on to the consumer. This fee may penalise smaller tradesmen and those just starting out who may not have the necessary funds available. If they don't pay up then presumably those people living in the town will have less options to choose from.	08/01/2024 21:16 PM
57	Where do residents park if there are no spaces in their street	08/01/2024 21:23 PM
58	- People who live on the streets in Zone B should be able to park for free. We pay road tax and council tax, which is higher than surrounding areas, without having to pay to park outside our house on top of that when others can park outside their house for free elsewhere. - Either everyone in Ayr should pay for parking permits or we all get to park outside our homes for free. - The three hours maximum stay should be charged. Nobody should be able park on our street in the resident only permit area unless they live here or carers etc. - Our street isn't big enough for residents to park never mind allowing anyone to park for 3 hours. - I don't see why the residents permit needs to change. There is only a problem when there is big events on and there is no traffic warden enforcement. Everyone parks, some less than 3 hours, and there are cars left everywhere, blocking drives and there's not enough space for residents to park. - When residents finish work, there is a high chance that they won't be able to park outside their house or even on their street with this new permit scheme. - Resident only streets should be resident only streets. - The people who live in zone B are going to have nowhere to park.	08/01/2024 21:46 PM
59	We pay road tax, council tax and all other charges imposed on us; this permit charge is unnecessary and discriminatory	08/01/2024 22:11 PM
60	Please see above.	08/01/2024 23:13 PM
61	I thought this council and bodies working in Ayr were supposed to here to enhance the town, create easier means of getting around and try to develop our town to encourage visitors to come to our once great seaside town. It seems that the agenda is to just stop traffic coming to or stopping in Ayr altogether. It's sad to see what our Town has become	08/01/2024 23:17 PM
62	McCalls Avenue and Union Avenue require a different approach. Both of these areas are used by non-residents many working in the council facilities in McCalls Avenue. By introducing permits it will force the non-residents currently parking	08/01/2024 23:24 PM

	there to park in the surrounding streets. This is not a solution it's only moving the problem elsewhere	
63	As above residential streets already being abused by non-resident parking for local businesses in McCalls avenue and now council workers since offices moved there. Residents at present can't get parking in their household street.	08/01/2024 23:33 PM
64	Prestwick town is thriving. It is accessible and well used by many people for a variety of shopping and socialising purposes. Imposing parking charges will stifle business and discourage people from coming to Prestwick. It's a busy wee town and parking is busy, but there's plenty of parking available so charging won't improve the situation.	08/01/2024 23:37 PM
65	I cannot believe that you are charging residents for parking outside their homes. You are going to see a huge increase in people monoblocking gardens, which is awful for the environment. I am unsure what your objective is here??? Trades people have it hard enough at the moment- please do not add to that by charging them. Think about your objectives for the town - yes, you have to consider the environment, but make it easy for people to come here. I think it is accepted that if you want to park in the centre of any town or city that you pay more and if you are willing to go a bit further out you pay less. I am unsure how you have decided on these particular streets. This does not appear to be a well thought out proposal.	09/01/2024 00:09 AM
66	If a resident has a permit and you allow shared use, it could mean there is no space for a resident to park if the bays are in use. Why should residents pay for a parking permit when a space may not be available?	09/01/2024 00:49 AM
67	Please listen to the people of the town as deaf ears have fallen upon their every request they've made.	09/01/2024 01:11 AM
68	I should not have to pay to park outside my own house. I also do not agree that workmen in the area should have to pay to park in my street as this will result in , increase costs to any repairs that need doing or put businesses off attending to any repairs that need doing in the neighbourhood- hope that makes sense	09/01/2024 01:20 AM
69	This is a waste of time and money	09/01/2024 05:42 AM
70	I think, during a cost of living crisis, charging residents to park outside their own home, especially to cover a good news story like the 2 hours free parking in Ayr Town Centre, absolutely disgusting. For the record my street is not affected, yet, however I still think when people are struggling to heat and feed their homes, you shouldn't be taking more money from them.	09/01/2024 06:50 AM
71	I strongly disagree with the proposals to make more residential areas permit parking.	09/01/2024 06:55 AM
72	Car parking in Ayr should be free, the services available for people here are limited, so many derelict buildings and empty shops. Why would people want to visit! I work for a company with a town centre office and I know we will be moving in the next 2 years, Ayr has nothing to offer and adding extra parking charges certainly doesn't encourage people to operate a business or entice people to visit the few remaining decent shops, I visited the high street over the festive period and have to say, I didn't feel comfortable or safe walking down Ayr High Street in the late afternoon, so many empty and dark shops, some vandalised and boarded up! Ayr is a failing town and all you seem to want to do is discourage visitors!	09/01/2024 06:55 AM
73	Please see comments above, disgusting how you want to treat residents that have no alternative but to park on the road as there are no drive ways!	09/01/2024 06:59 AM
74	Having people pay to park outside their own homes in Union avenue and McCalls avenue is an absolute farce. Joke of a council.	09/01/2024 07:18 AM
75	Proposals particularly to residents permits and extending them to new streets will make the town more inaccessible for people	09/01/2024 07:25 AM
76	Sort the town and the parking out!	09/01/2024 07:26 AM
77	Stop trying to punish normal people for financial reasons.	09/01/2024 07:31 AM

78	The questionnaire is weighted to provide the responses desired by the ARA/SAC. It does not provide fair and reasoned questioned.	09/01/2024 07:34 AM
79	People shouldn't have to pay for parking at their place or home or work.	09/01/2024 07:48 AM
80	There is plenty of free parking available opposite the Horizon Hotel and staff at County Buildings should be encouraged of made to use these spaces rather than taking up spaces that could in fact be used to encourage visitors to the town	09/01/2024 08:16 AM
81	Parking charges around the beach front redundant we want to increase the amount of visitors to our seaside town not push them further out to Troon, Prestwick or Irvine that don't have charges.	09/01/2024 08:19 AM
82	Ashgrove street will become parking for rail commuters if restrictions are removed- this will cause greater issue for school kids attending Holmston. It is already dangerous on this street.	09/01/2024 08:23 AM
83	I work in Waggon Rd as do about 75 other people who work for the same company any one of us can start from 05.00 and last man finish anything up to 01.00. Our yard is not big enough for all our cars where are we supposed to park our cars get a grip South Ayrshire Council	09/01/2024 08:23 AM
84	There is currently no particular issues in my opinion on Dongola Rd. There is therefore no justification for charging residents £60 pa to park in their own street. I am also concerned about the impact for tradespeople attending residences. If they aren't local they won't have a permit.	09/01/2024 08:38 AM
85	I ABSOLUTELY disagree with the parking proposals for Union Ave Ayr	09/01/2024 08:41 AM
86	On street parking should be free across the town , road tax is paid and the roads in Ayr are a state with potholes and road markings , You should NOT pay to park outside your house at anytime	09/01/2024 08:43 AM
87	Not everyone has a smart phone, and even when they do, depending on the coverage from their provider, it is not always possible to connect to the parking meter - I use O2 and often in town there is barely even 3G let alone 4G and lots of places where the mobile signal is patchy too e.g. the car park near Dalblair Road, complete dead spot for my phone, yet this is where I park for doctor and optician and sometimes dentist, too. How does all of this fit with the need to use smart technology to pay for car parking in town from now on? I suspect I will be getting a lot of tickets this year as I attend my health checks and appointments. It puts me off wanting to come to the shops - I can see that I will only come in to town for essential appointments in future.	09/01/2024 08:52 AM
88	As a resident who can often not get parked on the street at my home due to high quantity of visitors to a council building I would prefer the visitors to be encouraged to use the car parks that are nearby. The people living in and upgrading their homes /very old buildings ... using many trades should be supported. Making trades pay for permits is ridiculous. It's difficult enough to get trades. Also asking residents to pay as much for parking permits and visitor permits to their homes is wrong as it will affect the housing market. Resident permits do require to be updated as they are impossible to obtain at present but the cost needs to be lower. Make pay and display more expensive and car parks cheaper.	09/01/2024 09:17 AM
89	I don't think that York street or the surrounding areas should be included in any parking charges	09/01/2024 09:24 AM
90	I stay in Union Avenue but park on Alexandria terrace as we are on the gable end of the street. If parking in union avenue is included in this consultation then those not resident will just park in Alexandria Terrace. We already find it hard to get a space when we come home due to the council workers who park here currently. It would just move the problem elsewhere. I also own a business on Green St in the affected area. I don't have a vehicle registered to my business address so how would I park outside my office?	09/01/2024 09:30 AM
91	As a resident in the Ashgrove St/ Dongola Rd area, I fail to understand why those streets remain in a residents parking scheme. This is surely historical in terms of the old hospital and the market when they were in that vicinity and there was a	09/01/2024 09:42 AM

	parking problem at times for residents. That no longer applies, so what is the rationale for retaining these streets in a parking scheme now? Please review this point as surely there is no rational argument to include this area in a residents parking scheme at all. Otherwise, I would strongly object to the imposition of a £60 per year charge plus more for any visitors I may have.	
92	People on low income / young parents need somewhere to go Meet in town for coffee. That will not work if they make the coffee plus the trip in plus the parking a nightmare!	09/01/2024 09:44 AM
93	The council are total idiots. Get rid of these stupid plans and work for the benefit of Ayr instead of trying to kill it. Leave the parking free for visitors, trades and residents. Provide more free parking. Look at the bigger picture of how many people are slipping into poverty. Unbelievable.	09/01/2024 09:59 AM I
94	I would be concerned about enforcement of this, I think it will be ignored by people. £60 a year to park outside where you live is a lot of money in the current financial climate. I already pay council tax, rent and road tax. Residents should get a free parking permit and you should be charging and enforcing charged on businesses and commuters that make the streets congested. I've sent pictures to Councillor Laura Brenning how bad my street can get at times maybe take a look. I would welcome a change that would make parking outside my home easier.	09/01/2024 10:30 AM
95	Parking charges are a barrier to people coming to the town. We should be trying to encourage people to come and visit. Ayr used to have some great shops and a great beach. Now most of the shops are closed and the beach is covered in Christmas trees. The dedicated parking area for campers would work better if there were some facilities provided. At least we don't have so many parked along the shore front now.	09/01/2024 10:35 AM
96	People should not have to pay to park outside of their own house. The council is again monetizing yet another thing that we cannot afford. Living is already expensive enough never mind another expense on top of this. What about vulnerable citizens, what will happen to them when this comes into play. Why is this what we put our money toward and not improving the town, its jobs and its development instead we have to pay to park in front of our own homes, this is a joke.	09/01/2024 10:43 AM
97	Charging people to park in front of their own houses when they already pay council tax is amoral.	09/01/2024 10:55 AM
98	South Ayrshire Council are in desperate need of drastic reform. Ayr is the biggest down and out decrepit town for miles around. South Ayrshire Council should be thankful for the last remaining people who are willing to visit 'Abandoned Ayr'. It shows how pompous this local authority is when they have the audacity to try to charge people more money to visit this abandoned town. South Ayrshire Council should maybe just spend their budgets more wisely instead of constantly wasting money on bureaucratic garbage. Maybe sort out the power and control culture that thrives within South Ayrshire Council, maybe sort out all the corruption and lies. Everything SAC does is a complete fallacy, desperately trying to make the organisation look good on paper when everything around them crumbles. The parking charges could well be the final nail in the coffin for Ayr Town and I don't even care to be honest. I come to Ayr less and less despite growing up there, Irvine and Kilmarnock are way better	09/01/2024 11:16 AM
99	Cheaper or free parking would encourage more visitors to the area and would help boost the local economy.	09/01/2024 11:25 AM
100	Many of the streets being targeted with residents parking charges are in the bottom quartile of the Scottish Index of Multiple Deprivation consideration should be given to this. Charging business to work in the local area is outrageous, the Council should be encouraging local enterprises it is very difficult for small businesses to remain viable, this charge will be too high for many.	09/01/2024 12:23 PM
101	I live in York street, pay my council tax and road tax and think that proposing that residents pay £60 a year to park outside their own house when there is a cost of	09/01/2024 12:46 PM

	living crisis happening it ridiculous! This needs reviewed. I agree that cars of people who do not live in that area should be charged but as for residents having to pay, it is a disgrace!	
102	The proposal particularly around zone B10, will merely shift to move a non-existent problem to other areas. Strongly disagree with charging homeowners, most likely tax paying car owners, to park in the vicinity of their own homes. Concerned that these plans will push a problem out into adjacent streets.	09/01/2024 13:02 PM
103	Will you be numbering the parking spaces in the residential permit areas and only allowing permits for each numbered space, if not I could pay £60 for a permit and not be able to park. There is not enough space to allow 3 hrs parking free to non-residents or visitor permits, there is barely enough space right now just for the residents	09/01/2024 13:18 PM
104	I would like to know where the money goes....we pay road tax so should be able to park anywhere (safely). The land belongs to the people not the council.	09/01/2024 13:26 PM
105	What happens if a resident cannot afford a permit? What happens if you pay for a permit but there are no parking spaces, you will have paid for a service that has not been provided and would want a refund	09/01/2024 13:27 PM
106	Aye is a dump, disgraceful charging anyone? Nobody wants to come here due to the fact your robbing everyone.	09/01/2024 13:34 PM
107	Residents and their visitors should not have to pay to park outside their homes. This is putting an additional strain on vulnerable people during the current cost of living crisis. The priorities of the roads alliance are incorrect. Too priority should be safety - not money making. Street lighting needs to be looked at. The current residential street lighting in many areas is no longer sufficient to light the pavements and therefore people are at increased risk.	09/01/2024 13:54 PM
108	Do not bring in a charge for residents to park outside their home	09/01/2024 14:10 PM
109	Overall i think a better grace period would be also be good to have as people can held up for a number of reasons - children misbehaving, invisible/visible illness/disability should really be taken into account in general	09/01/2024 14:25 PM
110	I think it is ridiculous that it is suggested that residents should pay to park outside their own homes. The cost of living is already extremely high and this is another added expense.	09/01/2024 14:26 PM
111	Ref the remove residents-only exclusivity within existing residents-only streets, I strongly disagree [REDACTED]	09/01/2024 14:56 PM
112	Kyle Street car park is already full most days with paying customers. Why are you letting residents park there all day for next to nothing? It just means less spaces for visitors/workers and much less revenue. Let them park from 6pm to 8am off peak, but not all day! I also see Residents permits in the Ashgrove area of Ayr is to be cancelled. This is where the workers will park all day now. These streets should remain permit/3 hours like the rest. Bellevue Street and Miller Road should remain 1 hour as it serves many shops/eateries/businesses and needs the turnover. Giving 3 hours is too long and decreases turnover. No residents' permits are required in Bellevue Street, as no houses use it. Cannot understand why you are giving 3 hours free limited waiting on some streets like Garden Street, while only 2 hours free in P&D in River Street right beside it? Makes no sense - give it 2, the same. Who is going to enforce all this extra area? The parking wardens can hardly cover the smaller area, so how can they do extra? Residents now paying far more annually will demand extra enforcement. Who will manage all the new permits, and will residents get new discs or will it be like Prestwick with just car registration numbers? thanks	09/01/2024 14:58 PM
113	It may be that giving people blanket access to resident's parking permits is no longer appropriate for those who have their own off street parking. I am not sure why those in B zones are being allowed to register 5 numbers against their permit for free all day parking. Many of these. Streets (Park Circus, Bellevue Crescent, Barns Park, and Park Terrace) are very close to restaurants and shops of town centre and this provision seems excessively generous. There is no doubt carer,	09/01/2024 15:02 PM

	tradespeople and visitor provision is badly needed for those of us living within the A zones although there is no indication as to how this will work. Could I suggest that in the interests of fairness, regular family visitors (who under proposals will be charged £5 per day) when they spend significant amounts of money in the town and contribute to residents' wellbeing and care should be considered in a different category than occasional visitors.	
114	For B9 that affects myself. I feel you can enforce parking charges for on the street. Especially next to the train station. But residents should be exempted. Also, they should have a visitor pass to give to people when they are coming over. Can't go from no chargers at all to what has been proposed. People are struggling as is and these changes only make things harder on the everyday person.	09/01/2024 15:02 PM
115	Parking permits for residents should be free of charge	09/01/2024 15:02 PM
116	People living in Residential areas like Union Avenue shouldn't have to pay for permit to park outside their home. Totally agree with max 3hr for non-residents as commuters parking for train/bus is a problem.	09/01/2024 15:34 PM
117	For some people parking in Ayr is a huge issue. We need to be doing all we can to encourage people to come into the town and as this is cited as one of the major drawbacks to using the town we should be making it as easy and attractive to park in town. Shopping wise Ayr is virtually a ghost town now therefore we need to sustain and encourage more people to come.	09/01/2024 15:39 PM
118	Free parking would make people come to town to shop Dumfries can manage why not Ayr?	09/01/2024 15:51 PM
119	Free parking would make people come to town to shop Dumfries can manage why not Ayr?	09/01/2024 15:51 PM
120	Retail will decline if charges are applied	09/01/2024 15:54 PM
121	As above!	09/01/2024 16:28 PM
122	It's a cash grab pure and simple. At a time when the local authorities should be encouraging people to travel to Ayr, setup businesses within Ayr, this will simply push more and more business away from the town centre and surrounding areas. Businesses should NOT foot a £400 bill/permit cost. There is no requirement whatsoever for these charges. I regularly visit a gym in York Street, as do my wife and kids. There is adequate off street parking for around 40-50 cars here. However, lots of member park out in the street and now under these proposals they will potentially be charged £2.50 for the pleasure. There is currently no issues with the parking as is. Town Centre parking charges (pay and display) in the main town centre is fine.... However to add in huge swathes of new streets/areas that now suddenly need permits/charges applied is just pushing the cars onto other streets in the same area where permits/charges don't apply. Encouragement is require to regenerate the town, local area.... Bring in new businesses etc. - Not charge them more for the benefit. This is a horrendous and uncalled for proposal for business and residents in all the affected areas..... No one wants this, no one needs this and it simply comes across as another "tax" on local people and businesses.	09/01/2024 16:35 PM
123	Do not charge people to park their cars outside of their house	09/01/2024 16:47 PM
124	Under no circumstances should residents that have stayed in the zone B9 area for years might I add be made to pay to park outside our own homes when it's people who don't stay here that clog up the streets!!!	09/01/2024 17:37 PM
125	There are little visitors or reasons to visit to Ayr town centre and parking should be free or as cheap as possible. The council should continue the free parking that they installed in December to encourage people to visit and use the town.	09/01/2024 18:07 PM
126	As above	09/01/2024 18:21 PM
127	I don't believe it's moral to pay a constantly increasing council tax bill then have to pay to park in your own town. I understand funding maybe an issue but you should look deeper into your own spending and consider where you are wasting money instead of passing the cost on to us in the middle of a cost of living crises	09/01/2024 18:27 PM

	where most are struggling to make ends meet let alone pay for luxuries like parking. If we pay to pave the streets we should be able to use them!	
128	How are they expecting small local businesses who own units on the streets expected to be changed to pay and display to run? And for people to pay to park outside their house is absolute madness. This needs strongly reconsidered.	09/01/2024 18:34 PM
129	We live in Union Avenue Ayr and the only trouble with parking is the council workers in McCalls Avenue and residents of McCalls Avenue(across from the industrial estate) parking elsewhere because they get paid NOT to park in their own Road due to the lorries needing the space to manoeuvre in and out of Newton trading estate Also train passengers using Newton on Ayr train station to travel to their work that park near the bottom end of Union Avenue (number 1 etc.) I for one WILL not pay for the parking permit as I pay my road tax and I will not pay for other people selfishness I would just park in Alexandria Terrace and surrounding streets if that is the case! I am fuming with this proposal as the council tax an Ayr town centre is a disaster I am Ayr born and bred like my family for hundreds of years and I'm so embarrassed by my home town and who is running it we definitely need change and an election and change of leader	09/01/2024 18:45 PM
130	Why do you need to change the existing parking? If you do, I will shop / eat out elsewhere where there is free parking. Many other people I know are of the same opinion. I shop locally as much as possible and have a high disposable income. I see paying for parking a waste of my money when I already pay high council tax. I feel you really need to reconsider your strategy. I enjoy going to Ayr high street on a Saturday and Sunday afternoon when I know I can park easily around town for free. You are considering taking this option away, therefore as I say, I along with many others will shop in another area where parking is free. This will affect the local businesses and SAC will be to blame. Surely you should be encouraging people to come and spend time / money in Ayr, but your proposal will make people do the opposite. Your proposal is a terrible idea and I highly object! I really hope you take heed and listen to the local residents who live, work and spend money in our town. Your proposal will only drive people away! DO NOT go through with it! It will be another one of your HUGE mistakes.	09/01/2024 19:18 PM
131	I think the proposals to charge residents in and around Ayr are an absolute disgrace. I do not agree with such payments as many people have lived in these areas for decades and they will now be charged for the privilege of parking at their homes. How dare this council propose this?	09/01/2024 19:20 PM
132	ALL OF THE ABOVE BLURB - I'll paste it again in case it's not clear enough: You have a bloody cheek even singling out streets like Falkland Road where we live - 4 adults all working and all paying tax and contributing to society. Even streets like Glebe Crescent, Glebe Road, Green Street, Waggon Road, York Street - hardly areas where you'd WANT to park your car or van. All that people will do is park round the corner in Falkland Place for example, I have a garage round in this street, and park in the other streets where your permit is not needed. We have a guy up our street who has 5 vehicles outside his door, including 2 works vans. If you are going down the permit route then it should be EVERYBODY in Ayr and surrounding areas, not just the areas you think. You lot probably live in the posh bits anyway and can afford it! Take a visit to the areas and speak to US, the residents, there is not an issue at all with parking but there will be if you intend to go ahead with this. Why not employ a few more traffic wardens and get better tech where they can scan a number plate and see who is parking for work and who actually lives in that area. One show does not fit all BUT IF YOU ARE GOING DOWN THIS ROUTE THEN I'M ALL FOR IT, certainly including the council officials 1st and foremost. [REDACTED]	09/01/2024 19:23 PM
133	People should not be charged for parking outside their own home.	09/01/2024 19:41 PM
134	Union avenue is hardly the centre of Ayr. What exactly are we getting for our money? Or is it just a money making scheme by the council? Does the fact we have a run in matter Do we get charged for parking on our own property? Does it	09/01/2024 19:47 PM

	mean our family can't visit or tradesmen do work? It sounds disgraceful. We are not bothered by people parking in our street. So why should we be charged to park at our front door.	
135	Extending the areas to what is essentially an industrial estate (waggon Road, York street) is ridiculous. Extending pay and display to 6pm on Saturday is also ridiculous The council and ARA are hell bent on killing this town, small business and squeezing every penny they can from motorists, this is plain to see. This is nothing but a money spinning exercise	09/01/2024 19:47 PM
136	I live on Charlotte Street, over Xmas there were no parking charges for on street parking, the area was busier, shops were busier, cafes were busier, and hopefully local businesses got a much needed boost after months of the train station being shut and the drop in footfall that brought to the town. The town centre is dead, even around Tams Brig, around the industrial estate, shops and businesses are shutting at an alarming rate, the town is clearly struggling to attract consumers and retailers, extending parking charges will only damage what little custom the local shops and businesses get.	09/01/2024 20:01 PM
137	Parking permits for residents should be abolished as people already pay council tax and road tax. To pay to park outside your house is really too much	09/01/2024 20:23 PM
138	Pay and display parking in some of areas within Ayr town centre should be done away with, encourage shoppers back to the high street and to socialise	09/01/2024 20:28 PM
139	Charge for use and parking in electric charge bays I have to pay for parking, why don't they	09/01/2024 20:30 PM
140	I don't think you should be made to pay when saying in the streets listed. We have just got a drive way to allow us to park at our house and this is due to the amount of people who have cars now in our street. We don't stay close to the town where this should be an issue. The problem with parking comes when the football is on, permits should be issued when the football is on to avoid this. The same way they do when the bowling is on. There is no reason for it to start now, when the cost of everything else has went up, we shouldn't need to pay to park in our own street as well. If anyone is using them streets to park it's to visit or because they stay there, it's not close enough to leave your car and walk.	09/01/2024 20:35 PM
141	Allowing non-residents to park on my street will mean I am unable to park near my house which is unreasonable	09/01/2024 21:24 PM
142	I strongly object to the extension of parking charges and restrictions beyond the main Street no one would be able to do any significant shopping and then carry it beyond that distance. Public transport would be to expensive	09/01/2024 21:43 PM
143	Changing free parking on a Saturday afternoon is a crazy initiative. Parking at the weekend should be free to allow more people to want to come to the town and spend money. Further clarity is required to why zone B needs to pay for residential parking. This is not within the town centre.	09/01/2024 21:50 PM
144	Monday to Friday parking should be 9.0am to 6.0pm and Saturday 9.0am to 1.0pm. Having already paid council tax and road tax I would resent having to pay to park outside my own home. It is unclear how the system will be policed. If someone randomly parks outside my house how will anyone know how long they have been there?	09/01/2024 22:51 PM
145	I think charging people to park outside their own house is a disgrace. Resident parking should be free. People pay council tax and road tax already. It's like charging people money because they don't have a driveway is not something any council should want to be involved with.	09/01/2024 23:26 PM
146	Parking should be free, parents shouldn't be charged £2 a day, £10 a week to take their kids to school if driving is the only suitable option. We live in a beautiful seaside town but can't enjoy parking near the seafront without getting charged for it and now to suggest residents need to pay is a joke. Cost of living crisis and the SAC concern is how can we charge people more. You don't care about a dying town, make Ayr fun. Need to get an absolute grip, if you're charge folk to park, put the money directly back into the community. Be transparent on how much	10/01/2024 01:41 AM

	you are taking in. We want to see where that money is getting spent. I know you won't, because then they'd be an uproar.	
147	DO NOT ALLOW RESIDENTS ONLY AREAS TO BE SHARED USE. DO NOT CHARGE 60 POUNDS FOR RESIDENTS TO PARK AT THEIR OWN DOOR YES HAVE VISITOR PERMITS DO NOT CHARGE TRADESPEOPLE	10/01/2024 08:36 AM
148	The cost of parking has killed the town centre. Whether it's for work, shopping or visiting family you have to pay to park everywhere - I avoid the town at all costs unless I have to go there for work. I actively look for businesses to use - hairdressers, shops etc. that are out with the town because the parking charges are ridiculous	10/01/2024 09:00 AM
149	As a resident of Taylor Street, businesses like garages are using our street as a dumping ground for their customers' cars, parking far too close to junctions making it difficult to drive around. There are cars that's sat there for 2 months now with no wheels. My worry is having the surrounding areas included in the residential permit is just going to lead to even more cars and vans being parked right outside my house.	10/01/2024 09:15 AM
150	As an elderly home owner on York Street Lane. I have to park my car on Taylor Street during to not having outside parking. I have to walk some distance around the streets to where my car is parked due to all the cars and work vans that are parked on Taylor Street and green street from the businesses in the area. I don't want to leave the house due to not being able to get a space close to my house when I come back. It's ridiculous that the police drive down green street lane to the station and haven't done anything about how dangerous the dumped cars and vans are parked along that road. But yes if more areas aren't included down this way it's going to lead to more cars being dumped in non-permit areas.	10/01/2024 09:20 AM
151	The main council car parks should revert to free parking for 3 hours to encourage car drivers to leave their cars for short periods but not all day and park and ride systems should be given priority.	10/01/2024 10:58 AM
152	FREE parking in and around the High Street. This will ultimately generate more income. Parking attendants should be re purposed as Meters and Greeters to attract people to the town centre. Finally do away with the one way system, the introduction of which started the decline of the town centre. Troon and Prestwick have free parking and look at how successful they are. Your proposal is bonkers.	10/01/2024 12:45 PM
153	You haven't consulted the residents in the new proposed area of Falkland Road around your potential to introduce parking charges So much for a road alliance more like a roads dictatorship If you are just going to introduce new areas of charging then do it in the right way with the proper consultation not just sneak in a proposal that without people finding it no one would know about. Your priorities are completely out with the things that need sorted. You introduced free parking in the town which then meant actual residents couldn't park close to their homes over the festive period. I would like to know the reasoning behind the introduction of these charges in Falkland Road area. What is this going to do?	10/01/2024 13:25 PM
154	I see no reason for introducing a resident parking fee for Falkland Road and Falkland Park Road. These are residential streets with no commercial properties. Falkland Road in particular is a street of terraced housing where the majority of residents have no option but to park on the street as they have no driveway. The only time there was a problem parking was when there was a major event at the bowling club in Northfield Avenue and this is effectively managed now by issuing temporary parking permits and providing a park and ride scheme.	10/01/2024 13:56 PM
155	Very concerned that residents parking on some streets in the Newton area will have an impact on surrounding streets as people choose not to pay and park in other streets in the area instead, impacting on residents on those streets who will be left unable to park anywhere. Parking outside of the town centre should remain free.	10/01/2024 14:33 PM
156	I totally disagree with the parking strategy of Ayrshire Roads Alliance for Ayr. Ayr is a holiday town and the present policy on parking discourages visitors. I	10/01/2024 15:56 PM

	<p>attended the public meeting that was held in the Horizon Hotel and asked the Ayrshire Roads Alliance representative if he was charged for parking outside his house. I was not surprised when he said no he wasn't. This parking scheme discriminates against me for buying a house in some arbitrarily thought up Zone. It does nothing to enhance the residents or visitor experience of visiting Ayr. Improve traffic flow or anything else. I would like to see the results if you tried to impose parking charges throughout the town of Ayr We have lived in Zone B Queens Terrace for over 20 years and have a residents parking permit. Queens Terrace has a mixture of holiday and residents parking. Even though my wife and I are in our mid-seventies and have to double park at times to offload our grocery shopping we accept Ayr depends on its visitors and we accept that inconvenience of having to find an alternative parking spot. I would be extremely unhappy if I have to pay and cannot get a spot to park. In my mind you are taking nosey for nothing. At this present time of high energy prices, grocery and other bills this is a completely wrong time for implementing this scheme. The proposal does not enhance Ayr to residents or visitors it is just another way of taxing the citizens and visitors to Ayr. Shame on you. Douglas A Herring.</p>	
157	<p>As long as the same rules apply. As a resident of the fort area we should get the same right to park outside our home as everyone else does. A lot of properties don't have off street parking. So if you charge yearly fees, visitor fees etc., you do it in Kincadston, Belmont, Mainholm, Alloway, Doonfoot etc.</p>	10/01/2024 16:05 PM
158	<p>Your questions are too exact with no place for alternative opinions. You also shoot yourself in the foot with area times as the Mill Street area (for example) has differing times. Carers/Emergency Workers/Tradespeople should have a Town Centre - All Areas Permit for free. Not all Tradespeople live in Ayr - some come from Glasgow / Edinburgh and a lot further afield - even abroad. They will have no knowledge of any Parking System in Ayr. Regarding the Promenade and a comparison with other seaside resorts Ayr is not a particularly attractive town to visit when compared with the like of Brighton so I don't think charging is a good idea along the Prom. I don't know how you are going to manage the Citadel Leisure car park charging exemption for leisure users - the Citadel can't manage the entry system to the facilities as it is! Good point - contactless charging - at long last! All the jargon that is in the Parking Strategy makes me think that it is mostly about raising funds to keep SAC afloat - that shouldn't be the reason.</p>	10/01/2024 17:11 PM
159	<p>Free parking or lack of directly influences whether I shop/eat out in Ayr. The small increase in revenue for the council from extending parking fees will be more than offset by the loss of rates from businesses they go bust. The council should make Saturday parking free everywhere. The free 2 hours didn't work to attract people into Ayr all spaces were filled by employees by 8/9am.</p>	10/01/2024 17:36 PM
160	<p>Stop Charging people to park where they live it's that simple, corrupt council killing the town.</p>	10/01/2024 17:44 PM
161	<p>It is unfair to ask local residents in the Newton area, many whom contribute massively to the local community, to pay for parking outside their house! I understand the aspect of introducing Pay and Display and the revenue this would bring to the Council but each household should receive 2 free parking permits as this would alleviate any complications for Tradesperson/Carers as Newton-on-Ayr has an elderly population. Also if Tradespersons are from out with Ayr, such as Glasgow the Council cannot expect businesses to pay for a quarterly/yearly permit for a one of visit. Introduction of any Pay and Display machines should have facilities to use money as not everyone has a smartphone and can access Apps. There is a lot more pressing issues the Council should be considering and introducing new parking measures at Newton-on-Ayr is NOT one of them....chaos and spending tax payer's money unnecessarily again should NOT be one of them!!!</p>	10/01/2024 18:07 PM
162	<p>Paying to park outside your own home is a disgrace! There is nothing in Ayr town as it is and by trying to enforce pay and display in more areas is only going to</p>	10/01/2024 18:56 PM

	discourage everyone to not come into the town. The cost of living is hard enough with bills, food, shops and everything else rising. To add parking charges for parking outside your own home is too far. A big NO from me. Do the right thing SAC don't make everyone's life even harder in these hard, trying times?	
163	Charging for residents parking, other than a small admin fee is a disgrace. It should come out of council tax if needs be: I should not have to pay to park outside my own door simple because I live close to the town.	11/01/2024 00:02 AM
164	Charging for residents parking, other than a small admin fee is a disgrace. It should come out of council tax if needs be: I should not have to pay to park outside my own door simple because I live close to the town.	11/01/2024 00:02 AM
165	These proposed charges would significantly add to the 'cost of living' burden in current 'Type B' residential parking areas. The proposed cost increase for residents appears to be much greater than any perceived benefits - has any cost benefit analysis been done in connection with this proposal?	11/01/2024 14:32 PM
166	Why expensive residents' charges are being proposed when only a minority of respondents to the last consultation were in agreement - what is the point of a consultation if the respondents are not being listened to?	11/01/2024 14:42 PM
167	This is yet another problem for businesses in this area, anything which makes it more difficult to trade or work in this economic environment is a bad idea, which will have far reaching negative impact on the town centre.	11/01/2024 16:44 PM
168	Take content avenue off of the residents permit areas. This is not town centre and will deeply affect the residents of this street and people who visit us.	11/01/2024 22:29 PM
169	I am a concerned resident of Content Avenue & I am not happy about having to pay for a permit. Basically we are being charged to park outside our homes. This is not a problem area and why are we being singled out when there are other streets closer to town centre that are completely unrestricted. Take content Avenue out of the restrictions.	11/01/2024 23:07 PM
170	I am writing to express my strong objection to the proposed introduction of residents' parking permits on Content Avenue. As a resident, it is concerning that we will now be required to pay for parking outside our homes, especially when there has never been a need for permits in the past. Content Avenue is not part of the town centre, and this proposal seems unjust considering many other streets in the vicinity remain unrestricted. I urge you to reconsider this plan, as it appears to be an unnecessary burden on the residents of Content Avenue. Thank you for your attention to this matter.	11/01/2024 23:15 PM
171	The reason Prestwick is so busy is that you have free parking. Charging for parking at the esplanades in Ayr, Prestwick and Troon means you are going to now push visitors to other areas out with SAC. You are attempting to push everyone onto public transport, pushing people who drive cars into travelling elsewhere. Compare what someone driving a car spends to what a passenger in public transport spends. People in cars will be more inclined to purchase expensive, large and large quantities of items as they will have the funds and also the space in their vehicle to get them. Anyone on public transport will be inclined to order online rather than by from the local shops as carrying things back on public transport is not feasible. The town centre is already in decline, these changes are forcing people with money to go elsewhere with more options. For example Irvine is now a more feasible place to go than Ayr, free parking and a much better selection of shops, so you will be pushing new businesses into moving there and not Ayr.	12/01/2024 08:03 AM
172	I feel the annual fee for business & tradespeople is too high & unfair. We should be encouraging local small businesses including tradespeople to thrive not subjecting them to yet another operational cost during a cost of living crisis. Surely a charge could be means tested in terms of the size of the business & annual turnover?	12/01/2024 10:00 AM
173	Parking charges have greatly contributed to lack of trade in Ayr town and are killing people's livelihoods. These charges deter both tourists and residents!!!!	12/01/2024 10:03 AM

174	See previous answer	12/01/2024 10:23 AM
175	<p>When AHAC decided to start renting 7 York Street, Ayr part of the reason we moved here in 2012 was to ensure anyone needing our service could access it without barriers, including parking and charges. We listened to our service users who told us they would prefer us to be not in but not too far away from the town centre due to parking charges and lack of available spaces nearby. It was for this very purpose we chose York Street as an area near those in need and which had plenty of free street parking. Many who visit us need to be able to park near the office and have no money to be able to pay for parking. This is important for those who are unable to walk far but are without a blue badge e.g. those who struggle to walk, have anxiety about walking past people in town centre/busy streets or those with multiple children where the logistics of parking and walking is too much due to their mental health. The majority of those who use our service are vulnerable, have mental health issues and are in poverty. During a Cost of Living Crisis we cannot add additional poverty to them by them having to pay to park when visiting and using our office. For many we are the only service which is available without appointment to drop in to get regular, face to face information and advice. We would welcome either specific spaces allocated outside our offices for those who work and are visiting us to be free or some reduction, allowance for some cars to be able to park in York street as part of a Charity Permit Scheme. We would be happy to pay a reduced rate – e.g. Charity permit - £100 annually for up to 8 cars Charity visitor permit - free for up to 3 cars at a time – we could give these to service users to display on their cars or Essential Worker permit - Free for up to 8 cars Charity visitor permit - free for up to 3 cars at a time – we could give these to service users to display on their cars There are currently a lot of abandoned cars in York street which have not MOT, Road Tax or Insurance. Some car garages leave cars there and put MOT on them to avoid them being removed.</p>	12/01/2024 12:24 PM
176	Before the final decisions on this matter are brought into action there I believe there should be another option for the public to have their say, either another survey or a public meeting.	12/01/2024 12:37 PM
177	Increased disabled bays for those who struggle to find a parking space near where they need to go Frontline and essential workers who need a car for work must be given a free permit to allow them to continue to do their job	12/01/2024 13:26 PM
178	<p>AHA have been occupying the office in York Street since 2012. The reason for taking the lease were clear: Service users had shared that they wanted to access services where parking was available and the location was in or near the town centre Free on street parking on York street addressed a wide range of needs including but not exclusively: individuals unable to walk but without a blue badge and those with mental health difficulties which may be exacerbated in outside spaces. Other info: We have found that the majority of our customers are dealing with the consequences of poverty and have complex needs including mental health concerns. Whilst parking will not change the situation alone having the option of free parking could see the individual access timely advice that may make a huge difference to their own and any family members life moving forward Suggestions If free permits were not available the introduction of a Charity Permit Rate.</p>	12/01/2024 13:50 PM
179	Work in mc calls avenue as do many others , where do you suggest we park, there is wasteland on McCalls avenue - can this not be turned into free car parking	12/01/2024 18:28 PM
180	<p>The proposed changes to residents parking in Zone B2 (Park Circus and Bellevue Crescent) are completely unworkable and will surely lead to conflict between residents and casual parkers. Has anyone from Ayrshire Roads Alliance (ARA) bothered to carry out a day time survey of these streets. Had they done so it would be obvious that there are almost no spare parking slots? Residents in Bellevue Crescent are now being forced to park two abreast in the street. Park Circus is slightly better but not by much. The proposed 3 hour max time is</p>	12/01/2024 21:25 PM

	<p>irrational. Essentially, a casual parker can park all morning or all afternoon. (Free of charge? the strategy does not make this clear) meaning residents will find it almost impossible to park in their streets during morning and afternoons. For example, a resident returning from the school run will find it impossible to park near their house. What is a parking bay in the context of these two streets? There are no street parking lines drawn. Is it proposed to mark out these streets with designated parking grids? Again the strategy does not make this clear. Is ARA aware of the large number of trees on both of these roads? Will there be allowances for these in any designated areas which will in any event, significantly affect the number of available parking opportunities. What about overnight parkers in motorhomes and overnight vans? Being so close to the seafront, this will allow this community to park up at 3.00pm and stay until 12.00 the following day, thus avoiding esplanade overnight charges. And of course the rubbish and litter that often accompanies some "wild campers". Rubbish and litter. Casual parkers litter the streets much more than residents who in general, are mindful of their surroundings. It's already bad at the Bellevue Street end of the zone. How is this going to be controlled? How is it going to be cleaned if vehicles are parked all day long? Neither mini sweepers nor hand brushing will be able to gain access to the gutters. What steps are proposed to keep driveway accesses clear at all times? Casual parkers will always push the boundaries and encroach on driveway access. Residents rarely do, because everyone knows who they are. Will there be a facility for residents to report delinquent parkers?</p>	
181	<p>Your initial consultation showed a strong desire not to charge residents more money in the areas they live to park at their home addresses, yet you continue to push for this through further consultation in an attempt to justify what you are going to do. The wording of questions are very leading and show a clear desire by south Ayrshire council to railroad what they plan to do anyway, despite no support from the public they serve. This does not make Ayr or South Ayrshire an attractive place to live, work or spend time recreationally.</p>	12/01/2024 21:42 PM
182	<p>Absolutely ridiculous idea to do this! The council will push everyone away from Ayr! Even the people who live here! Do not enforce payment on parking outside your own house! As if people have enough money to even live!, let alone pay ridiculous charges. No no no no no! Do not put these parking permits in place!</p>	12/01/2024 21:58 PM
183	<p>I shouldn't have to pay to park outside my property in McCalls Avenue</p>	12/01/2024 22:55 PM
184	<p>I've never seen a town centre look as horrible as Ayr currently is. Abandoned buildings everywhere you look. No nightclubs for the youth. Not many prospects for businesses. Why would anyone want to come on holiday here? The solution is to extend areas in which parking fees are applicable? Really? I'm glad I've moved out of Ayr and I'm hoping it's a while until I need to come back</p>	13/01/2024 00:13 AM
185	<p>Ayr town Centre is a disgrace. There is no real town centre anymore. Shops need to be encouraged back and shoppers. Free parking is essential for people to retail parks. Charging people to park at home is also a disgrace. This is not Glasgow. If there was a thriving town and reason to charge to prevent people parking where they should there would be a point. There's is not. Charging tradesmen more is awful. As a letting agent it is already hard enough to get good tradesmen and reasonable costs. This will mean they will not work in the town centre or charge more. Scandalous. Unworkable and downright stupid in a dying town centre. Look at how busy it was in December when free parking available. Difficult to get a space but busy. Give people a reason to come not to stay away.</p>	13/01/2024 07:28 AM
186	<p>I feel very concerned about restrictions to parking around Cassillis Street, Charlotte Street, Fort Street and Citadel Place and surrounding area as these streets provide drop-off and pick-up for Ayr Grammar Primary school. The driving, parking and traffic around the school can be very unsafe as things are. I know this is common around schools, however I worry that restricting parking further will drive more cars to take risks, stopping and parking inappropriately around the school causing a risk to the children. Given the reach of the school catchment it is</p>	13/01/2024 10:13 AM

	unrealistic to expect people will not drive their children into the town for school, and there needs to somewhere legal, safe and free for them to park within reach of the school. Closing down all drop off options will increase the risk to the school children who do walk & cycle to school, and restrict parents who are trying to do the right thing by parking in a sensible place to access the school. I understand parking must be a frustration for local residents but this will be worse if school parents start parking illegally/erratically around the school.	
187	ARA and SAC will be aware of the existing traffic difficulties following the relocation of Ayr Grammar primary. As a parent, I'd express huge concerns over extending the pay and display area around this area (Cassillis st, Charlotte st etc.). These are often the only safe areas to park nearby and safely collect young children. Implementing charges here will have inevitable negative impacts: increased temporary "parking" to drop off / pick up outside of the school; bottleneck traffic jams and an increase in danger to the primary school children. The residents of Ayr are already coping with the fact a large commuter town is no longer effectively served by trains. The lack of park and ride options at the station already makes using the shuttle service to Prestwick incredibly difficult. Adding extra parking charges and restrictions in the town centre will only add to this. This is all before you even start to consider businesses / workers in town. Unfortunately a once thriving Ayr has gone downhill already - implementing new charges / restrictions will only deter footfall, increase dangerous driving and make things worse for an already struggling town.	13/01/2024 10:41 AM
188	No residential parking fees. Reduction in town parking as it is a deterrent to the town centre.	13/01/2024 10:42 AM
189	Maximum length of stay should be shorter within permit areas (2 hours max.) Adequate time for attending appointments or undertaking business in the premises on Alloway Street; within County buildings etc. I presume this will be pay and display as it will be impossible to monitor compliance with max duration of stay otherwise. It is also unfair not to charge for limited time waiting if residents are paying, as residents are then, in essence, subsidising those local businesses which are not providing parking for their customers/ patients. Residents' parking- it is fair that permits should come at the same cost to those in zones A&B, if costs are to be imposed. Of course, our rates are higher than in other areas of the town and paying to park close to our homes is not a consideration for residents in other parts of Ayr. This seems rather prejudicial. There remains quite a discrepancy between costs in the zones for visitors' permits. I think it likely that residents in zone A will be rightly aggrieved at this. If your attempt is to rationalise and make charges fairer, this is inconsistent. This is not to suggest that the cost for visitors permits in zone B should be higher, rather that zone A's should be lower. Alloway Park and Park Terrace are situated around a paddock; the fencing, verges and maintenance of which, residents pay for. What guarantees will be provided that any costs incurred by potential damage to same by the expected increase in non-resident parking, will be paid by SAC who will be overseeing and imposing changes? Consultation mentions 11am to 6pm as time frame for on street charging; why now is this time period extended to 8am to 6pm? Tradespeople running businesses (the purpose of which is to generate profit), who will require to pay for permits to enable work to be undertaken within zones A&B, will pass that overhead on to their clients. Once again, residents in zones A& B will be paying extra. The road surfaces of streets opened to non-residents parking will degrade more rapidly due to increased traffic. Have the costs of this been taken into account? Both Alloway Park and Park Terrace are cul de sacs. It seems foolish to encourage increased traffic movement in these streets. There is mention of the need to provide medical certification to gain a permit in circumstances where a resident requires visits from health care professionals. Has the input of the medical community been sought on this point? The NHS is overloaded and this adds yet another administrative task for primary	13/01/2024 13:00 PM

	<p>care, most probably without its knowledge or consent. Much needed revenue will be raised for SAC by the imposition of charges. It is galling that this probably requires to be an even more necessary consideration, given the appalling, unresolved situation of the Station Hotel, with the costs of 'protecting' and dealing with that building astronomical and passed on to residents of the council area. I sincerely hope that the absentee owner is being robustly pursued to repay what he has, in effect, stolen.</p>	
190	<p>Maximum length of stay should be shorter within permit areas (2 hours max.) Adequate time for attending appointments or undertaking business in the premises on Alloway Street; within County buildings etc. I presume this will be pay and display as it will be impossible to monitor compliance with max duration of stay otherwise. I sincerely hope that the absentee owner is being robustly pursued to repay what he has, in effect, stolen.</p>	13/01/2024 13:00 PM
191	<p>I don't believe ANY resident should pay to access parking outside their own street. The council tax is high enough in certain zones without imposing further costs. Plus, it's already stressful. Often it is impossible to get parked near one's own front door but residents accept that is the nature of living in the area. It would be an insult to pay more for this. Nor should visitors/trades people be discouraged due to astronomical parking fees. A universal trades pass and careers pass/veto would solve this issue. It's fine the way it is for residents. It's far from perfect but we manage. Focus on a fair system for shoppers/visitors/commuters instead.</p>	14/01/2024 03:23 AM

192	You cannot change without consulting us first. I do not want to pay for parking in my own street.	14/01/2024 15:06 PM
193	Removing the residents' only parking status will encourage more traffic and visitors to an already busy residential street resulting in residents being unable to park outside their own house! There would be more road traffic resulting in more damage to the road surface. The exit from Park Terrace & Alloway PI is already hazardous and with more traffic visibility will be even more restricted. There is plentiful parking around Ayr for visitors and commuters, our Street (Park Terrace & Alloway PI) should be left the way it is as it is busy enough!! Consideration should be taken in view of elderly residents needing to park outside their own house.	14/01/2024 19:24 PM
194	Another trumped up waste of time for some under work bureaucrats. All parking needed for access to public services like courts, solicitors offices, and then shops, bars and restaurants should be free. You have killed trade in the centre of Ayr with your stupid parking charges and fines.	14/01/2024 23:10 PM
195	I would like residential / visitor bays only. I would be prepared to pay an additional minimum fee for parking but not if it is shared multi use and free for everyone else. Residents would be losing out on both sides, being asked to pay but not being able to use the space currently designated for their property.	15/01/2024 10:40 AM
196	I strongly disagree with the proposal that Resident only streets should become shared use parking areas. If a street primarily or entirely consists of residential properties then parking should remain exclusively for residents. Under the existing residents' only parking arrangements, it is already very difficult at times for residents to park close to their homes as the permit system is regularly abused by non-residents parking. This abuse is rarely policed by the traffic wardens. If the streets were to be opened up for non-residents to park under the limited time parking proposals, this would have a significant detrimental impact on the residents and their quality of life. Where streets have a mixed use of residential and commercial properties, it may be appropriate for limited parking proposals to be introduced to help businesses. However, as stated above, streets that consist entirely of residential properties should continue to have parking exclusively for residents.	15/01/2024 12:21 PM
197	I strongly disagree where a street is a residential only street that this could be used for non-residents parking. As a resident in a permit area I find it very difficult to get a parking space close to my property. The street is consistently full of cars which do not belong to residents in the area. The traffic wardens are few and far between. This causes me great difficulty when trying to get within close proximity of my property which is very frustrating especially when I have shopping in my car or my elderly mother in the car who has limited mobility. I do not mind paying for residents parking but I strongly object to paying for a residents parking permit when the street will be open for others to use.	15/01/2024 12:31 PM
198	These plans are killing the town. People don't want to have to think about parking when they are running chores. I am not going to pay 50p to pick up my dry cleaning. And then another 50p to pick up my shoes from the shoe repair shop. And then another 50p if I want to collect a pair of tights for my daughter's school uniform. These shops are not close enough together and sometimes you just want to run an errand on the way home from work. The weather is also not good enough for lots of traipsing through town. Do any of the council have a clue? What's going to happen is that no one will run errands in town any more. I will end up going to the supermarkets where parking is free which is a shame as I have relationships with shops in town. Similarly, why on earth would you charge for parking at the citadel? I have a daughter that swims. She's at the citadel 7 times a week. If you think I'm paying £14 a week just to take her to practice you are insane! Similarly, Prestwick pool, Troon pool. You want to encourage health and fitness not discourage it!	15/01/2024 12:54 PM

199	I have stayed in Falkland Road for 32years and don't see why we and Falkland Park Road residents should pay to park outside our house. Our house is terraced and nowhere else to park our car .if this goes through we'll just park in Falkland place across the road and the residents there won't be happy if they can't get their car parked outside their home. We pay council tax road tax and can't afford to pay any more money. I strongly disagree with these parking restrictions in a quiet residential street.	15/01/2024 16:03 PM
200	Absolute joke. You should not have to pay to park on your own street especially if you do not have a drive or the abilities to make a drive to prevent parking on the street. We do not need added bills on top all our other very overpriced bills. I have a family which includes 3 cars and to be asked to pay to park my car is an outrage and to be honest something myself, as a widow and in a low paying job which most can relate to, can't afford these additional payments. Most of the streets in question do not have parking issues with people outside the street therefore this needs to be revaluated!	15/01/2024 17:43 PM
201	I feel that you should not be charged to park outside own property it's never been an issue before so why now I think it disgusting I'm a widow and feel that yet another bill is just unacceptable	15/01/2024 17:51 PM
202	I live & own a property on Park Terrace-I should not have to pay £100 a year to park my & my daughters' cars outside our house! Surely this cannot be changed-there will be an uproar!! Be careful	15/01/2024 20:57 PM
203	I have always found the pay by app very useful (Ringo & Pay by Parking) - the convenience of extending parking if required by using app was great - think removing this is a backward step.	16/01/2024 11:31 AM
204	While there may be merit in reviewing parking charges in Ayr, the focus should be on improving Ayr as a designation itself, as indicated above. Likewise, long suffering residents continue to pay high levels of Council Tax against a backdrop of diminishing services. The Roads / pavements are a prime example. As such Ayrshire Roads would be better to concentrate on that than coming up with a hare-brained scheme like this, which will please no one.	16/01/2024 15:56 PM
205	I live on Bellevue Crescent where we require a permit to park. Despite a parking permit being required, people still park on the street when shopping in the town centre. Parking on the street is very limited as it is and often I am unable to park my car on the street and have to park on Midton Road or Bellevue Road as people without permits have parked on the street. I believe that increasing permission for anyone to park there would penalise residents as they would find it even more difficult to park if anyone can park there for up to 3 hours and we would also have to pay £60 a year for the privilege! I also can't see whereabouts parking bays could be situated. This would certainly penalise residents living close to these bay as they would never get parked! We give one of our two permits to visitors and tradespeople and this works well for us. I believe asking tradespeople to pay for a parking permit would mean that they would be disinclined to take any work in these permit parking areas again unfairly penalising residents.	16/01/2024 16:53 PM
206	Do not think people should have to pay to park outside their house or have to pay for guests visiting or ask them to pay. Absolutely ridiculous.	16/01/2024 17:47 PM
207	Ayr is a mess. Parking charges are part of the issue. There should be free parking in the town and on then sea front to encourage visitors. You should not charge to use the citadel or walk along the beach. No wonder everyone goes to Prestwick or Troon and it will only get worse. Bellevue crescent and park circus are a nightmare for residents without allowing free parking for others. This parking consultation makes no sense and is obviously only a money making exercise not a way of regenerating Ayr	16/01/2024 18:09 PM
208	Increasing pay and display areas and durations will simply detract people from visiting the town when it desperately needs footfall to attract more shops to the area. Punishing residents for living and working in the town centre is also shocking.	16/01/2024 19:30 PM

209	The inclusion of Bruce Crescent where I reside in the proposed chargeable streets is an anomaly in the strategy for selecting chargeable streets in this proposal and it is illogical to classify it differently from Montgomery Crescent and Eglinton Terrace. It is in essence an extension of Montgomery Crescent in all but name, which is not included, and is an integral part of the inner Fort Conservation Area along with Eglinton Terrace and surrounding streets with identical limited parking issues, which are not included. Bruce Crescent consists of 5 residences which is of little commercial benefit to SAC to include and stands out as a distinct anomaly in the street selection strategy and I would strongly object to its being included in the proposal and would lobby my local councillors to intervene if this inclusion proceeds to the next stage of this process.	16/01/2024 19:41 PM
210	Keep the 3 hours for free in town round the county buildings area. You need to offer free parking areas further out of the town centre. If you charge everywhere it will cause a ripple effect and cause issues in areas which currently have no issue. In a cost of living crisis people cannot afford to pay £5 a day to park. The multi-use resident, visitor or tradesman permit needs applied for in advance if it's Monday to Saturday. You will need to ensure someone is available on Saturdays to put details onto systems as emergency repairs can't be pre planned at times if a permit is required for that area. Business permits need limited to 1 per business.	16/01/2024 20:41 PM
211	I live on Montgomerie Terrace and already parking can be problematic with most households having 2 permits and both utilised. Allowing visitor parking and 3 hour slots would cause chaos. In addition the roads around the area are full of pot holes and decline despite fact we pay highest taxes in UK and now I'm being asked to pay to park outside my own house with a strong possibility there won't be a space available under these new proposals. I realise I am focusing on my street. There is a school, nursery and tennis courts here also so the parking situation could get out of hand.	16/01/2024 21:00 PM
212	Ayr High Street is dreadful, this will be the final death of what used to be a vibrant, good town to live in. You should be trying to open the town for business and make it welcoming rather than destroying what little is left.	16/01/2024 23:23 PM
213	I am concerned Ayr is already being run into the ground compared to how the town used to be. By introducing more parking fees and longer hours the council will turn more people and visitors away. Therefore, the few local shops left will have no foot fall.	17/01/2024 06:54 AM
214	As a resident living on a residents only street, I can tell you that it is already a free for all with parking with people ignoring the residents' only status. They do this not because of lack of spaces on adjacent streets, but because it suits them and they never receive parking tickets. If you plan to take away residents only status and allow 3 hour stay in these areas it would need to go hand in hand with much more effective traffic warden engagement. The reality is that people will just park up all day in residents' only areas with no consequence and residents will be left with nowhere to park or forced to park away from their homes and pay for parking. This is unfair firstly, but also impractical when trying to get things to and from your car like shopping. I appreciate the logic in what you are trying to do but the reality will be very different and cause more issues than it solves. There is a severe lack of action from traffic wardens, which means whatever rules you put in place are largely ignored anyway. Living near the coast, on hot days the road is already jammed full of people just parking wherever suits them and they are never penalised for doing so. Their cars are often left for 6 hours at a time... and that is now, when they aren't supposed to park there at all. What do you imagine will happen when you allow 3 hours of parking? The residents won't stand a chance.	17/01/2024 07:01 AM
215	,DONT OWN A CAR	17/01/2024 10:02 AM
216	I Live at 6b Prestwick Road and currently park on McCalls Avenue and use to park at Union Avenue but parking became impossible because of people parking there	17/01/2024 11:11 AM

	and travelling to Glasgow. The proposed parking for these streets don't include my area [REDACTED]. My wife is disabled and has a blue badge under the new parking restrictions we will be unable to park and this will be seriously no good for my wife [REDACTED]	
217	Removal of residents only parking would result in residents being unable to get parked again if they were to leave the street for a short period during working hours. This is the experience I am presently having due to visitors to Dr Surgery at end of street.	17/01/2024 17:21 PM
218	I sometimes struggle to get a space outside my home on a residential street in Zone B. If free parking (3 hours) was introduced then I may not be able to get parked near my house. Grammar primary is also located in this area. I doubt I would get anywhere near my house at school drop off/pick up time.	17/01/2024 20:49 PM
219	This proposed scheme seems nothing more than a targeted cash grab on a number of selected residents, businesses, and tradespersons, masquerading as an 'update of the Ayr Residents Parking Permit Scheme'. It's a raid on our finances, a tax on residents, a tax on tradespersons, A tax on business! It's anti-resident, anti-trade, and antibusiness! Councillors were elected to represent their residents	17/01/2024 22:50 PM
220	You are scamming [REDACTED]	18/01/2024 09:56 AM
221	As I live in the town centre I already pay now at my work I will also have to pay and my company will have to pay £400 it's an industrial estate always has been no reason to suddenly money grab	18/01/2024 09:59 AM
222	Was there any public/council employee consultations re this? Did anyone ask the council where they expect employees to park? Are the council providing free permits for travelling staff? Has anyone consulted the unions that have fought so hard for employee pay rises, only for it to be taken back if permits have to be paid for?	18/01/2024 10:19 AM
223	As I work at McCalls avenue I am not happy to be paying to park outside! Our work offer no parking for most workers so we have no choice to park on the street outside. McCalls Avenue is a busy and tight street, it's not fair we now have to park further away and walk into work especially with the dark nights it doesn't always feel safe. There should be more car parks build if that's the case as lots of cars get damaged on this street at it is due to big lorries transporting into the business units daily!	18/01/2024 10:49 AM
224	As a business owner for 20+ years on green street the changes being proposed are an absolute disgrace and will cripple business in this and the surrounding area which is a predominately commercial area and has been for over 40 years as customers will not pay to come and park at a suppliers to uplift goods or to do jobs, also the staff that work in these business will not be able to pay for parking permits and should not especially during these financially difficult times. This has been proposed under the radar with no consultation with business in the areas proposed for these plans.	18/01/2024 10:54 AM
225	I'm the assistant manager at an ironmongers in Green Street, charging for parking here. Staff and customers alike won't want to or be able to afford to pay for parking permits to nip into a shop for the sake of grabbing a a box of screws or to get a price to have their cars fixed etc.	18/01/2024 10:56 AM
226	No consideration appears to have been given to the fact that people need to park in many of these streets due to the proximity to their workplace. Many workers have no other practical/cost-effective alternative options, especially when they start/finish at unsociable times. Several of the proposed areas don't have suitable alternative parking nearby that workers could use. Therefore the end result will be that those restricted from parking at/near work due to these permit requirements will relocate to the nearest street that does not have such restrictions, simply causing issues in other parts of the town.	18/01/2024 11:01 AM
227	I live in Queens Terrace. ARA at the moment cannot even properly control residents parking zones, there are often non-resident vehicles parked. Cannot	18/01/2024 11:26 AM

	remember last time we saw a traffic warden. In general however I agree the scheme needs amended and if it meant better control I would have no issue with the annual £60 per resident vehicle fee. However to ask for a vehicle resident fee and then open up the street to uncontrolled parking is simply unacceptable. let's be clear charlotte Street next to us is a no return within 3 hours zone, but there are cars parked there for days at a time.- ARA have proven they cannot control these zones so why should they be imposed on residents whilst being asked to pay extra. Given anyone within these zones will now not be able to have a full array tradespersons visit (very few will be willing stump up the extra costs) how will ARA recompenses residents for the additional cost that will be incurred when having work done, the cost of these permits will be passed on by tradespersons via the cost of the work completed. Why the space around the county building should be treated any different than queens terrace, unless it is simply because there are council employees that park there. Let's be clear there were lots of council vehicles parked overnight in the car park at Cromwell road for months, which was in direct breach of the parking regulations but ARA would not act upon this, - complete double standards, how do you expect anyone to trust ARA when you cannot even uphold your own rules consistently	
228	Many of our clients are by nature of AHAC services, poverty stricken and often have ambulatory disablement Parking charges will result in congested parking in other areas Are there other ways of funding the parking charges if implemented?	18/01/2024 11:39 AM
229	As above.	18/01/2024 12:05 PM
230	I don't think it's fair to get people to pay to park outside their house and making visitors/ tradesmen's pay to also visit - 3 hours free parking is insane to visit your family or friends. The fact this is even being considered is insane, £140 to pay yearly on top of bills, car insurance, petrol, food shopping etc. not everyone can afford this?? Surely making people to pay to go into town already just to park now you're going to make people to park outside their house.	18/01/2024 12:47 PM
231	I feel that without full details of the charging strategy for permit parking, this survey is missing vital details and respondents' answers are therefore based on incomplete information. So - I question the value of the entire consultation. For example, my agreement to some items on question 7 does not mean that I agree with the charging strategy. I don't think it unreasonable that residents should pay for parking permits, but only if they retain residents' exclusive parking zones and arrangements for visitors and tradespeople are more flexible and not prohibitively expensive.	18/01/2024 14:45 PM
232	Traffic has reduced since covid with more working from home. The area around the County Buildings is the beach and some free parking is needed, in this economy it would provide families with a cheaper day out	18/01/2024 15:16 PM
233	Exclusive residential parking (for residents) in wholly residential areas should be maintained. Furthermore, any increase in the cost of resident parking permits should be accompanied by better policing (more parking officer patrols) to stamp out illegal parking in these areas by non-residents. There are plenty of car parks (including free parking areas) available for visitors to the town without creating negative impacts on the people (residents) who contribute to the local shops and businesses.	18/01/2024 15:18 PM
234	As a worker in the horizon hotel i feel you are adding an extra £40 to my wages as i will now be required to pay £10 week which is £40 month just to attend and park in the car park where most of the staff are parked. This is a lot onto our wages, how are people supposed to pay this.	18/01/2024 15:29 PM
235	I have very strong feelings about this position and the sheer lack of consideration for residents. I live in Barns Crescent, currently a residents parking zone and it seems that under this ridiculous review, this is blatantly nothing but a grab for money through essentially extorting residents and opening up resident only parking streets to a free for all. I can only speak for my experience in Barns	18/01/2024 16:25 PM

	Crescent, but already our street is over populated by residents' cars, meaning that often both sides of the street are full, leaving little to no space for cars to travel in opposite directions. Add to that the fact that it's treated as a racetrack by some as a shortcut to beat the lights at the bottom of Miller and it's a miracle that there hasn't been a serious injury or fatality in the street. The decision to lift the residents' only parking is simply going to make this even more of a hazard for residents and pedestrians, and I will be writing to all Councillors and MP's to express my sentiments.	
236	If the council charge my house in queen's terrace for two cars £120, I would like to have two parking bays that no one else can use.	18/01/2024 16:42 PM
237	Even if you do get the go ahead with these proposals, residents are still not guaranteed a parking spot, whereas visitors to the town can park wherever they want within the allotted hours. Why not give residents FREE parking permits and police the vehicles without displayed permits. Also small businesses doing work in any area would incur costs and therefore price them out of the market. Totally shameful proposal. Disgusted with even the thought.	18/01/2024 16:53 PM
238	Please do not introduce additional residential permits. These are not required in my area - Falkland Road/Falkland Park Road. I can find nothing in your consultation documentation that indicates any reason for residential permits in this area. There is no problem with parking here.	18/01/2024 17:16 PM
239	Being able to park for longer than 2hrs.....3 hrs every zone should be available to allow people to shop/use town for longer. 2hrs is not enough time...to spend money	18/01/2024 21:19 PM
240	The questions above appear sensible on first reading. The issue I have is that I do not agree with the detail surrounding the above questions. For example: Resident permits should have a visitor option - YES. Should there be an extra charge for this and limit it to 5 cars permit. - NO - *Are the 5 vehicles registrations changeable easily through the online system to cover occasions where people turn up with a new vehicle or they have not visited you before? Do I agree that there should be options for tradespersons visiting properties in areas where there are residential permits - YES - BUT should they have to pay £400 per annum for a permit where that cost will be passed on to the customer - No Pricing - It seems strange that you have to pay more for a permit to park in pay and display areas where you are not guaranteed to be able to park in the street that you live. Removing residents only parking means you are expanding this ethos to more people. People will be paying to possibly be able to park in their own street. The idea of removing resident only parking areas and introducing free parking areas are ridiculous. You want to charge people that live in Ayr for parking in the street where they live where there may not even be space to park. This is whilst letting everybody else park there for free! I am not completely against having to pay a nominal fee for residential parking in a town centre. But, I would like to think that I would be more likely to get a space. A lot of the streets around where I live are busy streets and there is already limited availability for parking. To allow everybody access to free parking during the day will make this situation worse. The number of people working Monday - Friday 9-5 has decreased in recent times. Although not stated in the consultation - The times where you would be offering parking on the premise that residents will be away at work is no longer the case. I myself work shifts and the number of people in flexible working where they work from home during the day has increased post COVID19. Has this area been looked into to see how many people still have a vehicle parked in the street during the times of the permit?	18/01/2024 21:30 PM
241	I strongly object to the proposed removal of residents only exclusivity within the existing residents only streets and I also object to the proposed creation of shared use "Residents Permit / Limited Waiting" parking zones. These proposals are punitive to those of us who live in these areas. I am disabled therefore I could drive my car to the GP in Cathcart St. and potentially be unable to park in my own	18/01/2024 21:46 PM

	street on my return. I have a Blue Badge as I'm unable to walk any distance - these proposals would be potentially discriminatory to elderly, disabled residents/drivers. The proposed "shared use" parking bays are a ridiculous idea for residential streets, it will not be "shared" as this would require a level of cooperation between residents and non-residents when it is in neither's interest to cooperate as it would just be first come first served. In addition, the consultation documents/proposals are overly complicated and wordy which may well deter people from registering their objections and undermine the purpose and reliability of the consultation process.	
242	As a resident in Zone B, we disagree to the permit parking proposals being put forward by the ARA consultation, particularly the proposals to remove the residents' exclusive only areas. If we are going to be charged £60 per annum for a Type B permit, then I would want to be guaranteed we can park on the street we reside.	18/01/2024 21:49 PM
243	Strongly disagree with the proposed residents permit parking proposal.	18/01/2024 22:02 PM
244	I strongly disagree to the proposed residents parking permits.	18/01/2024 22:07 PM
245	Parking on our street (Bellevue Cres) is already extremely limited. Extremely unhappy that there is the suggestion that the residents need to increase the fees (significantly) but with the introduction of parking for up to 3 hours with no permit for non-residents this will make this situation even more challenging. Highly likely that I will need to pay more and not be able to park on the same street that I live. Also feel that the proposed charges for trades' people is exponentially high. All this is taking place during a cost of living crisis putting more pressure on home owners and residents. Ayr Town is in a dilapidated state and these changes make Ayr Town centre less appealing to home owners.	18/01/2024 23:03 PM
246	I strongly disagree with the resident parking permit.	19/01/2024 08:59 AM
247	I strongly disagree with the resident permit parking!!!!!!!!!!!!!!	19/01/2024 09:02 AM
248	I strongly Disagree with the resident parking permit.	19/01/2024 09:04 AM
249	I strongly disagree to the resident parking permit.	19/01/2024 09:07 AM
250	This is an outrageous plan and total extortion. How can you find credibility in going from 0.50pence per annum to £60 per annum for the same benefit? I will venomously object to this with our councillors. Is there anyone with common sense in ARA???	19/01/2024 10:39 AM
251	This is an outrageous plan and total extortion. How can you find credibility in going from 50pence to £60 per annum for the same benefit? I will venomously object to this through our Councillors Is there anyone with common sense in ARA?	19/01/2024 10:47 AM
252	The survey is loaded and unfair. There should be an unbiased independent survey.	19/01/2024 11:03 AM
253	This planned overhaul is seriously flawed, and actually brings into question the integrity of our council. It has to be dropped in its current form and thought out again. I am not opposed to paying an increase for a permit, but the amount proposed is ludicrous, coupled with the annihilation of the attached benefits; being able to park in our own street! I would also like to add that to consider this move when we are living in a cost of living crisis is incredulous, given the hikes in bills, council tax etc. It is simply not acceptable to continue to plunder the pockets of people in certain postcodes.	19/01/2024 12:12 PM
254	The parking in Queens Terrace has always been a problem. Before moving to Queens Terrace from Cassillis Street we knew the parking could give us some difficulty, however we accepted that. The guest houses in Queens Terrace bring much needed income to the Town, this is just another Tax on the visitors and residents of Ayr Your intention now to make me pay over £120 plus any visitors payment and allow 3 hours free parking for others is simply ridiculous, on most days I would not be able to park anywhere near my house. I attended the initial consultation in the Horizon Hotel in 2021 the statement that the Ayrshire Roads Alliance spokesman made was that the new scheme was at zero cost. I don't t	19/01/2024 12:15 PM

	think so. This proposal has been ill thought out it is just another Tax on residents and visitors to Ayr. It does nothing to improve traffic flow or visitor experience to the Holiday town of AYR. Most of the population of the country are finding difficulty in makings meet financially at this time. Shame on you for even considering to add to that burden. Douglas Herring 11 Queens Terrace AYR	
255	Improve bus service to Alloway. Very few people use as it's pointless. Consider timetable and ensure local buses link with X77. Again currently useless. Improve leisure options especially for teenagers/young adults. They now go elsewhere..... What about encouraging new activities such as an Indoor Bouldering gym.	19/01/2024 12:56 PM
256	Why is it always the car owners who are taxed out of towns? You pay tax to be on the roads and that should be it but no, let's also tax cars to park on the very roads that they are already taxed to drive on. Let's tax everything a car does. It already costs car owners a ridiculous amount of money to travel to work in the first place, then they have to pay extortionate rates to park their car in a potholed car park, for the privilege of people reversing into your car, banging their doors off your car, scratching your vehicle with their bags when they squeeze in to the ridiculously small parking spaces. The reform that needs to be made is that car parking is free for all employees and residents. The Councils wouldn't be in such dire straits if the Head Honchos were lining their pockets with their extortionate wages and bonuses. Get the Councils back to the days of old when they had their own Joiners, Plumbers, electricians etc. and everything was in house instead of outsourcing everything and paying an absolute packet for the privilege.	19/01/2024 13:02 PM
257	i feel that parking restrictions in zone b9 are not a great idea as this is a large trade area and will restrict a lot of business as people within the zone will just park along the road in front of units that are not within the zone as per York Street and green street which will affect business in the area as the bulk of the street has no off road parking	19/01/2024 14:00 PM
258	I cannot believe that I will be expected to pay £120 (more if I choose to buy a visitors permit) to park on my own street whilst non-residents will be able to park there for free. The whole scheme is ridiculous anyway and is nothing more than an outrageous attempt to raise money without any outlay by the council. Zone B parking permits are NOT necessary - they never have been. They are not currently enforced anyway. In my street hardly anyone has a permit and I haven't seen anyone checking for years. Go back to the drawing board with this because your current proposal is a nonsense. (Are carers not currently exempt anyway?)	19/01/2024 14:32 PM
259	Rather than exploiting drivers YET AGAIN, perhaps your budget should be more effectively utilised in order that drivers aren't penalised for living within Ayr, or simply attending their place of work. I work in Ayr, and I deliberately park in a free car park, despite the fact that it is a fair way to walk to my work place. This is because I simply cannot afford to pay for parking, fuel and vehicle maintenance. I live rurally, and there are no easily accessible transport links from my home to my place of work. I also like to support local businesses and restaurants, and the reality of me having to pay to park every time means that I am far less likely to come into Ayr, I would rather travel 30 odd miles in my petrol car to a shopping centre in Glasgow on principal, which totally defeats the Climate Change Agenda. I have a friend who lived in Forfar who had to move away because of similar measures, due to the fact that they and their partner couldn't afford the extortionate charges for parking outside of their own home. South Ayrshire Council trying to destroy small businesses and forcing people to move away, yet again!	19/01/2024 14:43 PM
260	I would agree that the cost of a Residents Parking Permit could increase, but certainly not by the huge % proposed!	19/01/2024 15:14 PM
261	1) There should be no changes to the resident parking schemes - especially a) charging residents to park on their own street and b) allowing others to park free for up to three hours. There is no sense in this proposal. Residents are council tax payers as well as road tax payers - why would an additional charge be added to	19/01/2024 15:43 PM

	them? Non-residents should always have a maximum of one hour regardless of the area. This is working well and does not require to be changed. The proposal as stated is likely to increase parking issues for residents and cause further frustrations.	
262	This survey should be targeted only to the residents that it affects. This survey is open to being completed by anyone numerous times. This would make this survey null and void as being completely inaccurate and not fit for purpose. Having lived in a resident permit parking area for 37 years I totally oppose the costs I would incur, when neighbours two doors away would not be affected.	19/01/2024 17:09 PM
263	The existing parking arrangements in my street are a sham. I've paid for a parking permit but more often than not i am unable to park my car in my street due to non-permit holders parking outside my house to go shopping, socialising, commuting etc.	19/01/2024 17:42 PM
264	This consultation is too one sided and fails to properly consult	19/01/2024 17:56 PM
265	Permits to local tradesman and caters etc. should be free or minimal admin fee, but reapplied for yearly to encourage the use of local firms. When I use tradespeople they use my permit and I relocate my own vehicle if required, or borrow a neighbours which encourages community. Residents in permit areas knew the regulations when we moved here (for many) Parking is already tight adding visitors permits will escalate the number of cars in permit areas and encourage vehicles parking over driveways - which need to be accessible as many of us are endeavouring to be green and have electric vehicles which require charging. This feels like a scheme to raise revenue for the local authority, instead employ traffic wardens to cover shifts including weekends to fine the huge amount of vehicle drivers who are parking on double yellows and restricting traffic slow and are on occasions dangerous as they restrict your view of oncoming traffic. Plus consider encouraging the use of electric vehicles and introduce local legislation to introduce fines for blocking driveways.	19/01/2024 18:15 PM
266	Residents parking should be free as council tax has already been paid and while it makes sense to have visitor or carer options, this shouldn't also be free. Some of the streets Union Ave, McCalls Ave, etc.? included have no bearing on the town centre whatsoever.	19/01/2024 19:31 PM
267	I have recently bought my first home in August 2023 at York Street Lane in Ayr. I park on waggon road or York Street. Not only has my own car been damaged, a second car has also been damaged to which both myself and the other owner has had to pay £200 insurance excess (without glass cover it would have £680 per car) to have our windscreens replaced. By bringing forward a plan to put permits in across these areas is shocking and very disappointing. We are currently in a cost of living crisis, where people including myself are unable to pay for basic essentials such as food or heating, and the council now want to take extra money off home owners so they can park their own car outside their own home. The parking area surrounding york street and waggon road, is never busy. There is always parking available, so i would like to understand why bringing in permits or pay and display meters would change this. Additionally, my partner has a work van which he parks again outside our own home, he does not work in this area, but to propose the charge of £400 per year for a commercial van is ridiculous. Again, another cost that society cannot afford and it is plans like the above that effect honest, hardworking tax payers who then have to go out of pocket again to simply pay to park outside their own home. I totally understand the need for parking restrictions within the town centre such as wellington square etc. But to bring this into action in areas which are not within the main town centre is unfair for the surrounding community who are already battling such a hard time with the cost of living crisis. As a first time home owner, who works full time for North Ayrshire Council, i please urge and beg you to rethink the reasons behind why this is being put in place, and most importantly the consequences it has upon its community. Specifically in Zone B9 where currently parking for both residents	20/01/2024 09:23 AM

	and businesses is not an issue. Bringing these restrictions into place will not gain anything but more strain on the home owners and community.	
268	I live at 10 Prestwick Road Ayr and have no off street parking. Only Union Avenue is available to myself to park and this has been included in the areas that will be subject to resident parking permit. Whilst I support the revised parking plan I would need assurances that I will be able to purchase a residence parking permit for Union Avenue. Unfortunately I am not allowed create off street parking at the front of my house due to the raised kerb for the buses.	20/01/2024 10:58 AM
269	I would suggest that someone else from the council comes and looks at the street on bin day to see the issues or potential issues if you decided to let it be a free for all parking.	20/01/2024 12:14 PM
270	I cannot understand why you would consider introducing mixed pay and residential parking in areas where your own reports show that capacity in resident only parking areas already exceeds 100%. I stay in Bellevue Crescent Ayr and the number of cars belonging to residents which are double parked overnight regularly exceeds 4 or 5 cars. If you allow paid for parking in these areas currently allocated to residents the problem will be exacerbated not cured. If you need to generate more revenue then you could charge more for resident only parking and examine ways to provide additional public parking from your current estate. The proposals as they currently are would not solve the problem.	20/01/2024 13:18 PM
271	Residents have the right to park at their property without it costing them to do so. It is ridiculous expecting payment of up to £140 per household for the right to park outside their home whilst, as per the proposals, non-residents can park for up to 3 hours without having to pay it's ridiculous. It would mean that residents are subsidising non-residents. Equally to expect companies who do work in the properties to pay £400 does not make sense and more than likely they would pass the cost to the residents. Additionally I believe the process is being carried out surreptitiously. For such fundamental changes then the consultation process should be much more directed at the people affected instead of them finding out by chance. I am totally against these proposals.	20/01/2024 13:48 PM
272	Residents have the right to park at their property without it costing them to do so. It is ridiculous expecting payment of up to £140 per household for the right to park outside their home whilst, as per the proposals, non-residents can park for up to 3 hours without having to pay it's ridiculous. It would mean that residents are subsidising non-residents. Equally to expect companies who do work in the properties to pay £400 does not make sense and more than likely they would pass the cost to the residents. Additionally I believe the process is being carried out surreptitiously. For such fundamental changes then the consultation process should be much more directed at the people affected instead of them finding out by chance. I am totally against these proposals.	20/01/2024 13:49 PM
273	I live in Bellevue Crescent, and the street is over committed for parking as it ismost of the houses are converted into 2 flats and therefore each house can have as many as 4 vehicles, this results in parking congestion at best, and double parking at worst ...I cannot understand why you would expect us to pay this very large upgrade for residents permits and be faced with even less parking spaces than we have now if you open the street to shared parking with the general public. I therefore strongly object to the both the cost and the change to shared parking (I think carers should be exempt) and I think the charges outlined for tradesmen working in the area are ridiculous ! ...I will be writing to my local councillors today to make a strong objection and visiting my local MSP to inform them of the situation I also feel that there has been a complete lack of information made easily available to the public on this consultation, I only found out about it in conversation with a traffic warden. There are a large number of residents in this street who are elderly and who may not only not know about these changes, but also may not have the computer skills to find and complete this survey, I would therefore suggest that your original findings in your	20/01/2024 13:51 PM

	Consultation Outcome Report are seriously flawed and totally inaccurate as only 1199 in the whole of Ayr actually found and were able to complete the survey.	
274	The proposal will allow anyone to park in areas which are currently designated for residents only. Where is the analysis of the increased parking in these areas? The proposals would allow any vehicle to park outside my house from 3pm Saturday to 11am Monday. This is an absurd proposal The proposals will change the amenity and character of my street. It will affect the value of my house. What analysis has been done to calculate this? Assuming the effect is negative and added to the new costs for being a resident and having tradesmen work on my house what is the proposed reduction in my Council Tax?	20/01/2024 14:08 PM
275	Residents who pay council tax should NOT have to pay for a parking permit ESPECIALLY when it is proposed that visitors to the area can park FREE for up to 3 hours which will not be EFFECTIVELY MONITORED OR SANCTIONED!	20/01/2024 14:24 PM
276	We need parking permit to park as we live in Prestwick Road but need to park in McCalls Ave or Union Ave and not to offer us parking is a bit extreme	20/01/2024 15:15 PM
277	See question 8 above	20/01/2024 16:08 PM
278	South Ayrshire Council are actively discouraging residents and visitors to the town centre because of their outdated parking laws. Ayr is the largest town in South Ayrshire, it should be treated as a flagship town to encourage residents and visitors alike to want to use it, there are no incentives whatsoever and a lot of the shops have had to close because of the ridiculous rates being charged. Surely better open shops with affordable rates than empty shops and few rates going into the coffers. With some insight Ayr could be a beautiful town instead of the dump it is now beginning to resemble, it's depressing to see it nowadays. That's my rant for the day!!!!	20/01/2024 16:41 PM
279	I OBJECT TO THE AMBIGUOUS NATURE OF THESE QUESTIONS. THIS IS A CASH GRABBING EXERCISE. IF PARKING IS OPENED UP TO EVERYONE THIS IS MAKING IT EVEN MORE DIFFICULT FOR RESIDENTS TO PARK.	20/01/2024 17:12 PM
280	If you relax parking restrictions/charges this results that business employees will just using the parking leaving no spaces for visitors and shoppers. I would support the idea of a free say 1 or 2 HR slot with charges over and above that. Free parking should be available on the outskirts of the town for those who are willing and able to work.	20/01/2024 17:53 PM
281	The use of the flawed 2021 consultation is no basis on which to make proposals given that the charging structure was not disclosed at the time. Residents had no knowledge of the financial consequences of the proposals. The results of this survey alone should become the basis for any proposals. I am opposed to opening up our current residents permit areas to a free for all 3-hour parking limit. This will make it impossible to park in our street - Eglinton terrace - which is already full at many times with residents' vehicles. As noted above, I also strongly object to the proposal for tradespeople to be charged £400 p.a. This will drive up costs not only for the businesses but us as their customers.	20/01/2024 21:08 PM
282	Pleased to see the introduction of a free period in Pay and Display car spaces, which should allow much needed short term car parking within the town without penalty. Extremely disappointed that car parks which bring people in to the town for various reasons (e.g. Citadel Car park, Blackburn car park, Cromwell Road, Castlehill Road, Kings Court, Riverside Place, and New Road, Millbrae) as well as the Prestwick ones at the pool, the train station and the esplanade will now have a charge attached. These bring people in to the various towns, as public transport frankly isn't up to the job. Without car traffic, you are basically stating that the town is closed for business, and you should be ashamed of yourselves for even suggesting putting a charge on these car parks. I really do hope you see some sense and cancel these plans, and make the towns more driver friendly. No wonder out of town centres are doing so well! At the expense of the town centre too! The citadel in Ayr and Prestwick pool are leisure facilities, promoting a healthy lifestyle. You should be encouraging people to come in and use these	20/01/2024 21:24 PM

	<p>facilities rather than charging them more for the privilege. This will have a negative impact on people's health levels and as a priority should be cancelled. The car parks at Prestwick Train station and Millbrae & Castlehill road in Ayr (which have both often been used as overspill for the woefully inadequate Ayr Train station car parking) should also not have a charge attached, as this causes an environmental issue, as the railway journeys which are already expensive, become much more so with a daily parking levy. People will just drive to their destinations instead, which raises harmful emissions. The other car parks bring in vital footfall for shopping and leisure activities, and these should be promoted rather than punished. There are many reasons why the town has much fewer shops than 10-20 years ago, but this could be a defining moment as to whether the council gives the message that they are supporting the facilities in the town centre, or simply encouraging those shoppers / tourists to go elsewhere</p>	
283	<p>This survey is nowhere near extensive enough to effectively gather views and it doesn't ask the right questions. For example, there is no option to provide feedback on proposals for zone B10, therefore it's not really a consultation at all. I live in McCalls Avenue. Parking for residents only became problematic when SAC expanded its services at McCall's Business Centre and didn't provide parking for its many employees. Employees now take up much of the on street parking in McCalls Avenue and surrounding streets. The proposals mean residents will be charged for parking, with no guarantee of a parking space being available, but SAC employees can continue to benefit from free on street parking, albeit time restricted. This seems very unjust for residents and will not solve the parking issues caused by McCalls Business Centre. Address the SAC employee parking needs and there won't be a need for permits. Furthermore, introducing permits for McCalls Avenue will only serve to encourage drivers to park in the surrounding streets, Alexandria Terrace, Union Avenue, Northfield Avenue, and Campbell Street. These streets are already at FULL capacity, day and night, for on street parking. Rubbish survey.</p>	21/01/2024 08:28 AM
284	<p>Introducing parking permits in Newton on Ayr is obscene, there is nothing here and we are a community strongly affected by the cost of living crisis. It's outrageous that this is even being considered, when 1 street away the parking is free. I expected to have a parking permit when I lived a street away from Hampden in Glasgow and I am gobsmacked I'm expected to pay more for one on the middle of a suburban area with high levels of poverty.</p>	21/01/2024 08:53 AM
285	<p>We should certainly not be charged for parking outside our house.</p>	21/01/2024 10:11 AM
286	<p>There has been no issues in Union Avenue with parking so am strongly against residents paying for parking permits. Even when the busy hairdressers was working from Union Avenue parking was never an issue. Why should residents have to pay to park their car and aren't guaranteed a space when others can park for free for three hours People pay Road tax and insurance to have their car on the road and residents pay council tax so why should they pay to park at their house. This is just another unfair way to get money and if residents take down their front wall and install a carriage crossing that is just even more money for the Council and Ayrshire Roads Alliance and this also reduced the number of parking spaces. I know the issue will be the parking at the train station but it's been the same for years with no issues in Union Avenue.</p>	21/01/2024 11:24 AM
287	<p>The above survey demonstrates a level of survey bias that undermines the validity of the survey in that the answer options are based on acceptance that parking charges are required.</p>	21/01/2024 11:38 AM
288	<p>Transport hub Regeneration of town centre Compulsory purchase of redundant buildings, offices and homes Cohesive strategic plan for the future not a quick fix</p>	21/01/2024 12:10 PM
289	<p>I am astonished that anything other than a total abolition of all parking charges would be proposed. You will end up with ghost towns full of empty spaces, closed businesses and unused meters. Ayr is 80% there already. I will absolutely boycott</p>	21/01/2024 12:57 PM

	all local services if this proposal goes through and take my car to Silverburn/Heathfield for shopping & recreation.	
290	The cost increase of a permit from 50p to £60 (a 6,0000%) increase is or will be seen as yet another tax on the car owner, add this to the cost of living crisis this won't go down well with those who chose to live in the affected areas, particularly in the charming Fort area of Ayr, much if not all of which has the additional financial burden of being in a Conservation Area. The tradespersons permit costs will also be passed to the customer, all these costs may make living in or near the town centre very unattractive. The conservation area status can in some instances prevent the introduction of off street parking in certain dwellings. A reasonable cost increase for residents parking is not unexpected nor unreasonable as the current cost at 50p is outdated and unsustainable, any such increase has to be sold to those affected not imposed and the three hours shared space free parking in B zone streets must be rejected. Over the years many original town houses have been split into two flatted dwellings, which in turn increases the number of cars chasing limited on street spaces. This is very evident in streets such as Park Terrace, Eglinton Terrace, Montgomerie Terrace, Park Circus and Bellevue Crescent To create shared spaces with 3 hours free parking for Tom, Dick or Harriet is simply ludicrous and will not be at all welcome. Those who live there pay every year and others can pop along anytime for three free hours, does not appear to be fair, the three free hours also conflicts with 1.2 Objective which suggests the review, is aimed at the quality of life for communities. The introduction of shared spaces will prove detrimental to the quality of life for permanent residents within the residents Parking Scheme. The tradespersons permit at £400 per year will simply be added to the customers' bills, further adding to household costs. Should common sense simply be applied as it has done for over 50 years since the introduction of the Residents Parking Scheme around 1971? The unnamed street in front of the Fort Tennis courts should be named to remove the anomaly e.g. Tower Lane. The 1971 parking scheme was most welcome and the car usage and parking demand has increased exponentially since then, the shorefront remains popular for day visitors and to remove the scheme from areas bordering the shorefront would be bad politics as would the shared space concept. It's a difficult situation but to have a reasonable charge to retain the Residents Parking Scheme would be fine but not with the shared space add on, it's simply madness and bad politics. Town centre dwellers should not be seen as cash cows for councils or the Roads Alliance.	21/01/2024 13:19 PM
291	I feel that resident permits should cover a maximum of 3 vehicles.	21/01/2024 13:38 PM
292	Blue badge holders .they are allowed to park on double yellow lines or parking bays for as long as they want .this is totally wrong .they should be limited to two hours max same as everyone else .they park on Fullarton Street and the buses struggle to get past parked cars .also the amount of blue badge holders that park up and jump on the x77 and go into Glasgow or Prestwick etc. because they can park for unlimited time .also free parking at Christmas. All the spaces get taken up by bus drivers, post office workers by 7.30.this doesn't help the businesses in Ayr .now we have the two hours free parking this doesn't need to happen.	21/01/2024 13:53 PM
293	Allowing non-residents to park in areas that residents have to pay for is unfair. This would cause animosity in an area that is often already congested. As a resident, I would be willing to pay an annual fee for parking, but not if non-residents can park in the same area free of charge. Tradespeople and carers should be able to apply for special passes.	21/01/2024 14:23 PM
294	The statistical analysis on usage and capacity and volume of traffic is totally lacking from the consultation.	21/01/2024 14:59 PM
295	I have grave concerns that enabling public parking in residential streets near the town centre will be detrimental to the future of Ayr. I believe that encouraging people to live near the centre will bring new life into the town. By making parking worse for residents this will hinder the revitalisation process. In certain town	21/01/2024 15:27 PM

	<p>centre areas it is already difficult to park near our homes as there is insufficient parking space for the residents as it is. I live in Park Terrace and I value the work the traffic wardens do to prevent cars without permits blocking our road at the moment. There is already insufficient room for all the residents without enabling non-residents to park. I also fear the increasing the volume of traffic which would enter and exit from Park Terrace onto Alloway Place would be very dangerous! it is already very difficult to exit and non-residents would be unaware of how to negotiate this manoeuvre safely. It would greatly endanger pedestrians and other road users. I live in Park Terrace and depend on my family to visit and support me as I am widowed and in poor health. If I do not have a visitor's permit this change will make their visits harder and prevent them coming. As my health deteriorates I will find life increasingly difficult if I am unable to park near my house. I am more than happy to pay £60 for a residents permit and £60 for a visitor's permit but would expect to be able to park in my street without battling for an already hard to find space. This proposed scheme will punish residents and drive people out of living near the town centre.</p>	
296	<p>I think it would be unfair to allow non-residents to park in areas where residents have to pay an annual fee for parking. This would cause animosity in areas that are often already congested. As a resident, I would be willing to pay an annual fee for parking, but not if non-residents can park in the same area free of charge. There must be exclusivity for residents, with that exception that tradespeople and carers should be able to apply for special passes which must be carefully monitored.</p>	21/01/2024 15:41 PM
297	<p>Taking away residential parking will have a massive effect on the residents. Crossing your fingers and hoping you can get parked outside your house when you have just done 'the big shop' is not good enough. It is already a concern for me as I shouldn't be lifting anything heavy for a great length of time. Will you allow driveways to be put in to areas of conservation to compensate? Will you paint in the parking spaces? People who do not know the Park Circus and Bellevue crescent streets are not aware that you need to park tight up to the trees so 2 cars will fit and this causes much consternation to residents when visitors park in the middle cutting down the amount of cars that will fit on the street. I agree that having the ability for visitors, trades people and carers to park would be of great benefit however I was under the belief that carers and doctors had permits that allowed them to park in such areas. We have had trades people parking outside our house and as a consequence we have parked our car elsewhere so they could use our permit. When we have family from out of town staying, we park our car elsewhere and give the visitors the permit. This is not ideal, but it is preferable to allowing anyone to park on our street.</p>	21/01/2024 16:18 PM
298	<p>Your proposals are ill thought out and do not consider the needs of vulnerable residents who have visitors for health and care needs.</p>	21/01/2024 17:15 PM
299	<p>Some of the questions are too specific. Giving a space for qualitative information to be gathered would be of greater use. E.g. 3 hours maximum length stay within the shared use bays within the Type B permit areas is the right amount of time. This could be broken down into a couple of different questions to elicit better responses.</p>	21/01/2024 17:43 PM
300	<p>As There Is No Need For Additional Car Parking Facilities In The Town Centre, The Changes As Proposed, Is Nothing More Than An Easy Cash Grab Required To Help Prop Up The Inefficiencies Of Both The Local And National Governments. There are Numerous Areas Of Land Within The Town Centre That Could Be Adapted To Form Car Parking Facilities Therefore Generating An Income (Although As I Have Stated Previously I Doubt If Additional Parking Is Required). Going This Route Would Eliminate The Possible Confrontation With Residents And Visiting Vehicle Parking Drivers. Furthermore We Already Pay The Second Highest Council Tax Bracket In The Town And This Proposal Should Not Be Given Any Consideration.</p>	21/01/2024 17:48 PM

301	Not providing permits for carers will directly impact my ability to care for my elderly mother. This plan has not taken into account the concerns of people who live in the town centre. The plan to rejuvenate the town centre should include making provision for existing residents to continue to have a quality of life they deserve.	21/01/2024 18:10 PM
302	Make it free to park. People will come to Ayr & spend money if they aren't getting robbed of parking.	21/01/2024 18:42 PM
303	Penalising residents for parking on the street is unjust. Asking residents to pay for parking their cars outside their houses on the street is grossly unfair and highly biased towards more affluent areas where they will mostly have a driveway with their house and don't need to park on the street and therefore don't pay.	21/01/2024 19:55 PM
304	Having previously lived close to Ayr Town centre I appreciate the difficulties experienced by residents needing to park close to their houses and not being able to do so. To extend residents parking to be shared with paid parking is in no way acceptable. It fails to take into account the needs of young families/weekly food shopping trends/ visitors etc. asking visitors to pay each time they visit is not viable especially if people are elderly and less mobile! Asking businesses and carers to pay is unacceptable too. These proposals need more open discussion and consultation. Surveys are designed to limit responses and therefore do not provide a true reflection of the various points of view. Ayr town centre is pitiful we should be encouraging people to visit the town not charge them more for the privilege.	21/01/2024 21:28 PM
305	Please reconsider permits based on registration. Some flatted properties will have say four permits (couple per flat) whereas one person owning whole house gets one.	21/01/2024 21:38 PM
306	This is unacceptable and the previous consultation did not reach residents, it was selective and low numbers with misleading questions. A fair consultation to take into account of the resident voice is now essential given the way in which South Ayrshire Council deems it unnecessary to do so given that no information was put through my door. This consultation has been open yet I have only found out today 21st January 2024 because a local group posted through my door - this is disgraceful. A very different situation when councillors want to be elected or when the council want to push an agenda - everything is posted through my door!!! This screams of selective and biased behaviour on the part of the South Ayrshire Council. I would like the upgrade plans for the high street to be stopped in terms of making it a pedestrian area, this is an expense that the local area does not require and quite frankly probably as bad as the ridiculous building erected in the waste space in the high street. What council puts up a building that has no facilities or even income generating options for the public that is essentially an empty room!!!!!! Ridiculous, I literally could not believe what I saw, and I worked for a local authority in London, this just wouldn't have been allowed!!! Do another consultation for the public to address the issues that keep arising with bad council decision making such as moving the Leisure centre into Hourstons, at least that was stopped!. Why not show a real consultation like reviewing real examples of the impact of change such as review Paisley, they pedestrianised the high street there - now it is dead, that helped kill the high street, so why does Ayr Council not show a real consultation with examples of where this money is spent that actually is tangible to the local area! Fix up the shops, fix the buildings as it is a disgrace, make the owners/landlords fix their building - I have to as a resident! Reduce the charges for shop rentals, allow artists in empty shops, to make the high street come alive, since COVID businesses have left the high street due to the lack of footfall, this will not alter just because the council wastes money changing to pedestrian high street! https://www.local.gov.uk/our-support/financial-resilience-and-economic-growth/economic-growth-hub/dealing-empty-shops the council needs to listen to the residents as suggestions and advice is being ignored by councillors. It is disgraceful, we are in	21/01/2024 23:36 PM

	an economic crisis and you want to charge more but waste money on ridiculous ideas - lack of transparency as to why this is all occurring. I think Ayr is the worst council I have ever seen and I worked for local authority in London!	
307	<p>1. Removal of residents only parking will cause significant disruption. Instead of 2 permits per household, the new draft strategy is suggesting 7 permits per household (2 for registered vehicles and 5 for visitors). Human nature being what it is, a resident who has 5 visitors' permits and 5 friends who work in the town centre can give these permits to their friends who can then park all day, taking up spaces. 2. With each property now having a greater number of parking permits, have you thought about how many cars that in fact gives "permission" to park in any given street? Realistically, I would suggest that the street parking infrastructure is insufficient to facilitate this. 3. If these proposals are accepted, there is a real danger of reputational damage to the council and an onslaught of ongoing complaints from those unable to park in their own street as a direct result of choices made. 4. Have you given consideration to older people or those with young children? Is this policy disadvantaging them by making it more difficult for them to secure a parking space close to their own home in their own street? 5. I currently live in a Zone B street. I have no objection to paying more for my parking permit. However, I do object to paying for my (and my visitors) parking when anyone can park free - even if that is only for 3 hours. 6. Residents with lease cars are going to be disadvantaged - lease cars V5's are held by the leasing company, not the user. Residents in this category will not be eligible for a residents permit, and instead will require to purchase a visitor permit - this is unfair. 7. In December 2023, the decision was taken to remove parking charges in a drive to support local business and increase town centre footfall. This backfired when workers parked in spaces all day, meaning parking spaces were not available for those who genuinely wanted to come into the town to shop. This proposal seems to me to be building on this same principle i.e. more opportunity for parking = more footfall, when this is not the case. 8. Ayr Grammar primary school, now located on Fort Street means an increase of children walking to/from school along busy town centre routes. Have you asked children for their views and have these been incorporated into your proposals? 9. I am unsure how the increase of parking opportunity for cars sits alongside other plans to introduce more cycle lanes and safe walking routes? This proposal seems to be encouraging more cars into the town centre whilst other proposals seem to be encouraging less - this makes no sense.</p>	22/01/2024 09:55 AM
308	Don't agree with payment of up to £140 pa with no guarantee of parking outside my home in [REDACTED].	22/01/2024 10:16 AM
309	Businesses in Ayr cannot survive if they are not accessible. Are people less likely to go to Silverburn if they had enough shopping and free parking in Ayr?	22/01/2024 10:41 AM
310	If the resident's only status is removed from the streets near the seafront it will be impossible to get a space during the summer season and it will severely affect the guest house industry because of the limited spaces in these streets already. You are also creating unnecessary extra work by guest houses having to go online to enter every guest's vehicle details, to obtain a permit at a cost of £2.50 per day that will not guarantee them being able to park.	22/01/2024 11:42 AM
311	The use of the flawed 2021 consultation is no basis on which to make proposals given that the charging structure was not disclosed at the time. Residents had no knowledge of the financial consequences of the proposals. The results of this survey alone should become the basis for any proposals. As noted above, the proposed charge for tradespeople / carers is completely wrong and will result in difficulty for businesses including private care firms and increased costs for residents.	22/01/2024 12:11 PM
312	Why should we be paying £140 per annum (plus on top of this, as you are proposing, having to pay extra for visitors, health visitors and tradesmen to come to the property) to park outside our own property that we are already paying	22/01/2024 14:36 PM

	<p>premium rates for and someone from out with the area can come along and park for free for 3 hours. The residents in the street could return from work or shopping and not be able to park outside their houses or even in the street due to other people parking for free. Older residents, people with children/grandchildren could end up having to walk a distance to their properties so what we are paying £140 for! This will obviously also lead to more wear and tear on our road which is already in a bad state of repair due to the increased traffic.</p>	
313	<p>When AHAC decided to start renting 7 York Street, Ayr part of the reason we moved here in 2012 was to ensure anyone needing our service could access it without barriers, including parking and charges. We listened to our service users who told us they would prefer us to be not in but not too far away from the town centre due to parking charges and lack of available spaces nearby. It was for this very purpose we chose York Street as an area near those in need and which had plenty of free street parking. Many who visit us need to be able to park near the office and have no money to be able to pay for parking. This is important for those who are unable to walk far but are without a blue badge e.g. those who struggle to walk, have anxiety about walking past people in town centre/busy streets or those with multiple children where the logistics of parking and walking is too much due to their mental health. The majority of those who use our service are vulnerable, have mental health issues and are in poverty. During a Cost of Living Crisis we cannot add additional poverty to them by them having to pay to park when visiting and using our office. For many we are the only service which is available without appointment to drop in to get regular, face to face information and advice. We would welcome either specific spaces allocated outside our offices for those who work and are visiting us to be free or some reduction, allowance for some cars to be able to park in York street as part of a Charity Permit Scheme. We would be happy to pay a reduced rate – e.g. Charity permit - £100 annually for up to 8 cars Charity visitor permit - free for up to 3 cars at a time – we could give these to service users to display on their cars or Essential Worker permit - Free for up to 8 cars Charity visitor permit - free for up to 3 cars at a time – we could give these to service users to display on their cars There are currently a lot of abandoned cars in York street which have not MOT, Road Tax or Insurance. Some car garages leave cars there and put MOT on them to avoid them being removed. These cars have flat tyres and can clearly see abandoned. There should be something in place to ensure cars cannot be dumped and left for months even with road tax on them. You can clearly see the cars which as being used and those (including a disused caravan) which are dumped, left to rot, taking up valuable parking space in an already congested street. If parking charges are brought in it will simply move congestion to surrounding streets in the area as we will all have to park elsewhere instead?</p>	22/01/2024 15:16 PM
314	<p>I totally disagree that residents in these areas should be punished for the inability of councillors to manage the current parking areas and, disagree that you consider current regulations unfit for purpose. I am a dog walker that frequently walks around the area. Most days I will see large swathes of unused local parking areas. Both Cromwell Road and the Horizon hotel spaces remain underused on a daily basis. Equally Charlotte Street car park is rarely at capacity. To inform me that I will be taxed a huge sum for parking near my home in these times of economic difficulty and, with no guarantee that I will be able to do so is an outrage. If have voted for my local councillor to now kick me up the rear for my support, I will vote with my feet at the next election in an effort to remove that councillor.</p>	22/01/2024 15:29 PM
315	<p>I do not believe there is any justification in charging local residents for parking outside their own property.</p>	22/01/2024 15:29 PM
316	<p>Proposal to remove Zones B09 and B10 from the proposal. If parking permits for residential areas outside of Ayr town centre are being proposed, they should be</p>	22/01/2024 17:13 PM

	<p>open, transparent and encompass the entire area. The proposed zones look like 'beachheads' for future zone expansion under the next review. Permits in these two zones will reduce residential quality, affect property value and certainly displace vehicles to the surrounding 'free' streets. The latter will inevitably be exacerbated if a 'visitor' plans to stay for longer than 3 hours - far easier to just park around the corner. From page 9 of the parking strategy report, it is clear that the proposal is VERY much against the stated objectives. It is within this context that this Parking Strategy will seek to: Provide an appropriate level of parking to support economic vitality - NO Ensure that parking is inclusive for all users with on and off street charges aligned - NO, the very opposite Ensure efficient parking and traffic management to support the local economy, provide access to key services and facilities and reduce congestion from inconsiderate and irresponsible parking - NO Use parking assets to the best advantage through pricing, promotion and information whilst safeguarding access for blue badge holders, for loading, deliveries and for emergency vehicles - NO Reinforce business and visitor confidence in available modern parking options whilst also promoting walking, cycling and the use of public transport - no Use modern technologies and encourage low emission vehicle use, and - NO Discourage irresponsible and dangerous parking - NO</p>	
317	<p>Again another way of sac, robbing the working man. Idiots</p>	22/01/2024 19:56 PM
318	<p>While I don't object to paying for a residents permit I do object to the possibility of returning to my street to find it full of cars parked for free. In addition, Ayrshire Road Alliance's track record of providing adequate traffic wardens I find it difficult to believe that the 3 hour limit could be policed to any sort of acceptable standard. In short I believe the scheme is simply unworkable.</p>	22/01/2024 20:16 PM
319	<p>I would like to lodge my objection to the proposed changes to the Residents Parking permits for the Ayr Fort and adjacent area in Ayr West. It would appear that residents will be disadvantaged in several ways. Firstly, each household is to be charged £60 per car specifically registered to the household but this does not guarantee that they will be able to park outside their house or even in their road. Would residents then have to drive around to find a parking spot possibly streets away? Secondly, they would be deprived of their designated road parking by someone who is parking for free. This seems totally unjust. It could be that they are unable to park for a large part of a day. Thirdly, who would be responsible for regulating this 3 hour period if there are a lot of people parking randomly throughout the day? Another issue is that of accommodating parking for spasmodic visitors if every household can only hold permits for nominated cars. For example, we have family members who can only visit for a few days once or twice a year. Of course, none of the above begins to address the issues regarding tradespeople.</p>	22/01/2024 20:17 PM
320	<p>How can a resident in Zone B be assured they can park their vehicle in their street if they have shared use bays as proposed? There currently are certain streets in Zone B where the number of resident cars already outstrip the number of spaces e.g. Bellevue Crescent If a resident has to park their car out with their Zone but display a valid permit for their house, would they still be penalised. I have concerns regarding the increased illegal parking and usage of back lanes for Park Circus and Bellevue Crescent if this plan for shared use bays is introduced.</p>	23/01/2024 11:41 AM
321	<p>I live in Riverview flats which are above old BHS building. Whilst we have garage parking at end of alleyway access this alleyway is often obstructed by vehicles using it as a free parking area despite signage requesting to keep clear. This is also access for emergency vehicles. I realise this area is not enforceable by parking wardens but there has to be some solution to this. Regards Tom Malone.</p>	23/01/2024 12:00 PM
322	<p>Parking charges will cause congestion to surrounding areas as staff/visitors will have to park elsewhere. This will also have an impact on Disabled Users of our service.</p>	23/01/2024 12:35 PM

323	<p>Introducing paid for permits when the parking spaces on some of these streets is already beyond repair is utterly ridiculous. What is a resident to do if they've paid for their permit and arrive home from work to find that all of the spaces are taken by the '3 hour free parking' vehicles? It is an utterly ridiculous idea to begin allowing free parking on these streets but expect residents to pay their way. Shame on you, South Ayrshire.</p>	23/01/2024 14:18 PM
324	<p>Why does someone need to provide a driving licence to buy a parking permit this precludes a person buying someone else a permit, it makes no sense at all. Regarding the requirement of a driving licence, I would suggest that you leave police matters to the police. It should be of no interest to you who pays for a permit, only what car the permit goes to. Furthermore your proposal that "All permits will be issued virtually via an online booking system (assistance available if required), and applicants shall be required to provide relevant documents to prove eligibility, such as a driving license or medical certificate." makes the very bold assumption that everyone has a computer, is on-line and has a scanner. I would suggest that this may not be the case. As one further point on this part of the proposal, parking permits are related to vehicles and not people, therefore I would suggest the requirement and retention of irrelevant and dare I say, personal information like a driving licence would place yourselves in breach of GDPR. You are proposing Type A parking to move from £50 per car to £60 per car per annum. This is a 20% increase which although an above inflation increase, it could perhaps be justified in there being no increase for a number of years. You are further proposing Type B parking to move from £0.50 for 2 cars to £60 per car per annum. This is a 24000% increase which, I would suggest is slightly more than inflation, even if considering the years since an increase. I don't think anyone would argue about a reasonable or even proportionate increase, but 24,000% is beyond ridiculous. This is especially true when we all know that the wardens never come by and many residents can't park in their own street especially during the school run. The 24,000% increase in costs will also have a knock on affect to the saleability of these properties. Add to this the preposterous £20.00 per annum to allow guests to visit! The proposal to remove the residents parking in favour of a 3 hour stay with 1 hour away now makes a complete mockery of the idea of a parking permit. A parking permit definition is: "(UK) A pre-printed card, issued by several local authorities, that a resident (or his visitor) can display in his car when parking in a designated roadside place." If you now say that anyone can part there even for a limited amount of time then it is no longer a designated parking place it is in fact a public parking space, thus making the idea of a parking permit null and void. You certainly cannot have this both ways. It is either a parking permit designated area or it is a public parking area. I also note that on the original consultation that the majority did not want you to remove parking areas. I did not take part in this survey as I was completely unaware of its existence. I would further suggest that your proposal is anti-small business and anti-competition. The fact that you are proposing that trades pay £400 for the privilege to come and work at houses nearer the town centre means that many, if not all, single and small traders will simply no longer offer their services to those households and why should they when they have the rest of Ayr and Alloway to work in. Yet another penalty for the households affected. I completely reject this ill thought through plan as a whole for the above reasons.</p>	23/01/2024 14:20 PM
325	<p>Remove all current resident parking charges, but keep residents only streets and permits with cost of administration self-funded by a common charge across all relevant streets without any SAC financial gain. Property is residents registered address that is their permanent home Tradesmen can get exemption from ARA in advance for large scale work Two per household one of which a joint resident/visitor this will allow a carer and for tradesmen, with residents required if necessary to park elsewhere temporarily. This will provide for local people who contribute massively to the local economy 365 days a year whilst recognising and limiting the amount of vehicles to 2 per property, which many do not have. Thus</p>	23/01/2024 14:20 PM

	reducing the contribution of pollution from fossil fuel burning that is complicit in environmental deterioration such as acid rain with the subsequent decimation of Salmon breeding pools. This will be brought about by a reduced level of traffic movement by none residents	
326	You should be ashamed of yourselves. We are in the middle of a cost of living crisis and you intend to charge people for parking in front of their own home? The fact that a complete stranger could park on my street for free while myself, my family, and my boyfriend are expected to pay is absolutely ridiculous, and I am shocked that the ARA thought they would be able to get away with this. You have no shame, and are transparently only interested in lining your own pockets at the expense of residents who will take the brunt of the cost. Frankly, you should all resign from your positions, as you are clearly unfit for any kind of purpose.	23/01/2024 14:25 PM
327	The thought of charging people to park outside their own home is ridiculous. The notion that anyone operating a business vehicle has to pay 100 times the residents is also absurd. Pushing the wrong people if you want to charge people from out with the area ok but if you live own or rent or own a business vehicle and live in the area you should be exempt from any fees	23/01/2024 17:23 PM
328	This is the most ridiculous proposal that I have yet seen coming from SAC. I am a resident in Barns Crescent and it would appear that I am being asked to pay £140/year for the privilege of not being able to park outside my house whilst others can park free of charge for up to 3 hours. Abject lunacy. Barns Crescent is already a nightmare for residents parking for the following reasons. 1. The southern end of the crescent is constantly used by patients visiting the nearby doctors' surgeries. The patients seem to park here in preference to paying to use the car park. This frequently results in cars parked on double yellow lines on and near the junction with Miller Road. I have never seen any action taken against this dangerous situation. 2. There is a Bed and Breakfast business in Barns Crescent which attracts a significant number of cars which park on the street and not on the 'off street' paved area at the business. These two factors combine to create a large number of vehicles which frequently denies access to the residents in the Crescent. The idea of a parking 'free for all' for 3 hours in Barns Crescent has clearly been proposed by a body totally unaware of the situation. 3. Barns Crescent is constantly used as a 'rat run' by drivers attempting to cut out the traffic lights at the junction of Miller Road and Alloway Place. There have been many near accidents as a consequence of this but again, no action ever seems to be taken. I therefore object to the ARA/SAC proposal which seem to have been derived from a flawed consultation process. I fully intend to vehemently object to my Councillors and would be quite prepared to go to Law in opposing this.	23/01/2024 19:02 PM
329	Disagree completely with resident only parking, where are carers meant to park, what about the mobile attendants when a client falls, Ayrshire roads alliance refuses to give us special permits for our vans as they think we're idiots who would abuse the scheme umm my job is more important to me	23/01/2024 21:44 PM
330	The Parking Strategy considers there's a need to overhaul the Resident's Parking Permits scheme to make it "fit for purpose". The Parking Strategy recommends the introduction of charging for Residents Parking Permits in various zones. I do not object to this concept, although I am aware it is a contentious issue for many. Where an area is covered by a Resident's Parking Permit Scheme, allowing free parking to Visitors within these residential zones seems very unfair. I do not believe that every reasonable effort has been made to accommodate and balance the views of residents in this case. - How is it fair that Residents have to pay for parking in the street where they live and Visitors do not? Everyone - including Visitors - has to pay to park in non-residential designated parking places. - Where do Residents park when visitors freely occupy the parking that Residents pay for?	24/01/2024 11:18 AM

331	The 3 hour proposal allow enough time for office staff to use residential streets as car parks. It is known the county building staff car shuffle already this makes it even easier for them.	24/01/2024 13:43 PM
332	Please keep us updated on how things are progressing. We are council tax payer, so, why do we have to pay an additional fee for a permit that doesn't guarantee a space in my own street?	24/01/2024 15:10 PM
333	Park Terrace is in two bits. The red chip area is a private road that is not maintained by the council and should be excluded. The main road is regularly full of residents' cars and should be excluded. It is a dead end with steps at the end of the road giving access to the Low Green. To allow non- resident parking in this area will prevent local residents (prominently retired people) from parking their cars close by. A traffic hub near the station should be a higher priority with new additional chargeable parking where the Station Hotel ruins are.	24/01/2024 15:35 PM
334	The parking schemes on zone B shouldn't be changed as we don't see why we should pay such a high tax for parking in front of our property. We are council taxpayer, so, why do we have to pay an additional fee for a permit that doesn't guarantee a space in my own street?	24/01/2024 15:58 PM
335		24/01/2024 15:59 PM
336		24/01/2024 16:04 PM
337	The red chip part of Park Terrace (on the left near the end of the road) is a private road with no council maintenance. It should be excluded. The rest of the road is regularly fully occupied with residents' cars. The car owners are predominantly OAPs who need their cars close by. Only residents, visitors and tradesmen should be allowed to park.	24/01/2024 16:05 PM
338	Anything that encourages more parking in private residential areas will have a negative impact on safety noise pollution nuisance and access to driveways. Would also have a negative impact on property values as having residents only parking is desirable and a strong selling point	24/01/2024 16:37 PM
339	I am an elderly person that lives in the Newton area and although I don't drive I rely heavily on friends and family to help me on a daily basis. It is not clear whether I would have to purchase numerous parking permits for all those that help and support me! They are sometimes here overnight so parking for 3 hours would not be an option. Seems like local residents are being penalised having to pay to park outside their property even although it is 20 mins from town!!!!	24/01/2024 19:11 PM
340	I live in an area that is proposed to come under the permit scheme and I strongly disagree that this should be introduced. I don't believe there is a strong enough rationale for introducing this on my street (Union Avenue). I have no issues with parking on my street, and my neighbours seem to agree. The proposals may have been initially suggested to address issues with commuter parking due to the train station, but with the increase in people working from home from the pandemic, there is no longer an issue to address. I spoke with someone who lived on Falkland Park Road, closest to the station, who said there was no issue with parking. It's essential that no changes should be introduced without direct consultation with residents of these streets. There has not been adequate consultation with the affected residents - many have been unaware of this consultation and therefore may not have had the chance to respond. If a permit is to be introduced, there should at least be no charge for residents. It is ridiculous to charge people to park in their own street without a good reason, unless to deal with an evidenced and significant problem (which, as above, is not the case for my street).	24/01/2024 19:46 PM
341	See point 8 above. No need to go to the expense of changing the current parking rules.	24/01/2024 19:46 PM
342	Residential zones within this proposed plans are already close to carparks that are not fully utilised. If you think introducing another tax on residents in this area is a good idea please reconsider. It's only residents that park in out street and it's	24/01/2024 21:31 PM

	already full. I understand that but I don't think it's right to fight for a parking space in my street with people that don't live here.	
343	I am really disappointed and concerned about the lack of consultation that has taken place about this initiative! I do not support the proposals...	24/01/2024 23:26 PM
344	The number of people submitting answers to this survey is, in my opinion so low because 1) questions limited and slanted to get replies the council wants 2) many of my friends believe decisions already made so useless to complete thus as won't make any difference 3) Free car parking is needed for regeneration of town centre and to make it more appealing to tourists	25/01/2024 09:13 AM
345	This survey is not honest, transparent or open. It is poorly publicised and deliberately hidden from users of the website. The questions do not provide full information upon the likely effects of answers, for example charging schemes. Your proposed charges are an indirect tax by an unelected body at time of record high cost of living, record high taxation by government, and do not contain any proof of need or benefit.	25/01/2024 11:11 AM
346	Dear Sir/Madam I and my wife are furious with the South Ayrshire Council and Ayrshire Roads Alliance parking proposal for North Ayr and in particular Union Avenue. We have lived here for the last fifty years, pay road tax for our car, and drive daily on the pot-holed poorly maintained roads in Ayrshire. This money-grabbing parking enterprise takes my breath away and generates a huge amount of anger. This is a residential area far removed from the town centre yet due to 50% of the street having a dropped curb to allow cars to be parked in front of houses plus 9 disabled parking places parking is already restricted. That would leave the focus on the spaces left which would victimise these residents of which I am one. My wife and I are totally opposed to what is proposed by the Ayrshire Roads Alliance consultation. [REDACTED]	25/01/2024 16:13 PM
347	Fort Street is within two Zones but has not been linked to Charlotte Street in either Zone. In order to give residents of these streets the best chance of parking please link Fort Street and Charlotte Street in a Zone.	25/01/2024 16:21 PM
348	If residents are required to pay £60 per annum per vehicle for a residents permit then they should have exclusive use of resident parking permit holders only as currently designated. Opening these up to anyone to park for free for up to three hours will mean that residents who have paid for the privilege to park outside their home will find it very difficult to park.	26/01/2024 07:55 AM
349	1. Under the proposal we would be required to pay £140 per annum for parking permits for 2 cars and for a guest permit, but despite this, we may not even be able to park our cars here on this street we would be paying for, because any non-resident would be allowed to park on this street for up to 3 hours per day for free! I object for this reason to the proposal! 2. Tradesmen would be required to pay £400 for a permit to undertake work at our property or at any other property on our street – this is anti-business. Many tradesmen will simply not take on work in our street, or add this cost onto our bills. 3. As a Guest House owner, I have calculated that we would have to pay, in addition to the £140 for our own permits, another £2115 per year on top of this. This is an unfair extra cost to a micro-business providing much needed tourist accommodation in Ayr. If we decided to charge our guests for parking, rather than paying for it ourselves, we still could not guarantee they would be able to find a parking spaces available and, this problem would discourage them to book with us again on their next visit to Ayr – either because there would be an additional charge, or because there would no longer be guaranteed parking available for them on the street where we are located. 4. Clearly on drilling down into the consultation, it is shown to be not fit for purpose. Only 2.5% of the entire population of Ayr actually answered the consultation. This is not a democratic mandate to introduce a parking tax and it would appear to demonstrate that the consultation was poorly advertised to residents. 5. Further evidence that there is no mandate to introduce this tax, is demonstrated in the figures from question 5 of the survey: 48.91% voted against	26/01/2024 09:24 AM

	<p>the proposals to remove our existing Residents Exclusive Areas, and only 37.29% voted in favour of removing the Residents Exclusive Areas – the rest were neutral.</p> <p>6. Some of the questions are misleading to the reader because they do not give all the important information – here is an example of a question from the consultation (Question 6): Do you agree that we need to introduce new permits which make it easier for tradespersons, carers etc. to operate? 69.62% of responses received were positive whereas 19.45% were negative. However if the question were phrased to be honest and transparent it should have been: Do you agree that we need to introduce new permits which make it easier for tradespersons to operate, at a cost of up to £400 p.a.? Any reference to carers should have been omitted, since it states elsewhere in the consultation that carers should not have to pay for parking whilst on duty.</p>	
350	I don't think anyone that lives or works in the town centre should have to pay for parking, they contribute by other means, i.e. Council Tax & shopping locally	26/01/2024 16:11 PM
351	Having full day free parking in December was an absolute shambles - you couldn't park near the town due to staff working in the town taking up the spaces all day. Having a time limit on how long you can stay for free, i.e. 3 hours, would have worked much better. Why do we need to change to parking charges until 6pm on a Saturday? The busiest day of the week for shopping and you're trying to deter people from coming into the town. Having 2 hours free parking for all spaces would be much better and provide much needed income to the businesses of Ayr. Charging for more parking spaces is a complete backwards step.	26/01/2024 16:32 PM
352	If this is the way forward to encourage visitors into our now defunct town for day visitors and tourism as a whole then god help us Paying for parking has a negative impact on shopping restaurants entertainment and every facility that people have to use a car to enter ayr for So if this council thinks increasing that paying for parking is the way forward were in big trouble the reduction of free parking for locals and visitors must not be allowed	26/01/2024 19:33 PM
353	I live in one of 4 houses in a street with resident only parking. My household only has one car but the other three houses have 7 cars in total. That is 8 cars in total but due to excessive double yellow lines erroneously recently put down there are only three spaces outside for 8 cars. 8 cars and only three spaces! That means some of the cars have to park elsewhere in the street. I often cannot get parked outside my house and have sometimes to park half way up the street. The existing rules mean that I usually can get parked somewhere in my street. Your proposals however would mean I and others could have nowhere to park in the street and could have to park several streets away! Two permits at present is fine and when a tradespeople visits they can use one of the permits so the current system is fine for visitors. I object to the levying of proposed fees per annum. This is extortionate and daylight robbery. I object to creating parking bays available to anyone. The current rules were put in place to protect parking spaces for the residents and therefore should remain. I object to tradespersons having to pay to carry out work in our street. They can use one of the two permits already issued. If more parking fees are needed then it should come from the already existing car parks and meters in the town. Why is there free parking in the town centre if you are needing funds. I don't feel the public was consulted enough and I feel that the questions in previous consultations were not sufficiently worded. I also feel that responses to previous consultations have been ignored and that has led to the current unnecessary consultation. Life is hard and complicated enough so please don't make it worse. To those who are proposing the changes, do you get parked outside your home okay? How would you feel if when you come home, there are no spaces left even though you have paid for a permit and someone is parking outside your house for free?! Think of elderly people too. Your crazy proposals would mean, if they were still able to find a space, the chances are, it would be far away, and further to walk to. In summary, stop creating problems!	26/01/2024 21:51 PM

354	This is quite clearly a cash grab attempt by some crazy people. The fact that a resident has to pay to park on their own street, but anyone can come and park outside their house FREE for 3 hours is just unbelievable. Also trying to charge Tradesmen to park to carry out work in residents property is a disgrace, the Residents should strongly think about collectively paying for a lawyer to challenge these NUTCASES>	27/01/2024 08:58 AM ID: 236448754
355	Living in FOTHERINGHAM ROAD, I do not feel we should be included in resident permits. This street is not used for town parking and only occasionally has an issue when the World Bowling Championships are on. As this is a summer event the college carpark is available to be used. The college itself used to be a problem before lockdown but is no longer. Very little traffic due to Ayr Racecourse use this street. Therefore, I see no need to change things in FOTHERINGHAM ROAD. The restrictions of having to declare the visitor's permits by car registration seem to be incredibly restrictive when an open permit that could be given to infrequent guests (family) seems much fairer if there are to be permits. I have lived in FOTHERINGHAM ROAD for 42 years and have complained about parking, especially bowlers, from time to time over the years but as we are at the moment, and I am now retired and see daily what is happening, our street does not need permits.	27/01/2024 12:27 PM
356	<ul style="list-style-type: none"> • The data and sample used by the ARA and therefore the basis of policy proposed for consultation is flawed, inconsistent and at odds with the consultation sample results, this has resulted in the questions in the consultation being misleading, not informed and the residents from the streets directly impacted were not consulted or considered in a sample. The point of "fairness to all" mentioned, needs to consider the weighted impact on the particular street of density of parking mis-use and limited monitoring of parking mis-use. • The original basis of the existing "residents-only" exclusivity policy was not considered or the change in policy validated against it. The existing parking policy was likely due to the proximity and density of local commercial businesses and Zone A to SAC designated "residents only" streets to retain a strong family housing stock and community close to the town centre. The proposed change in policy proposal will significantly impact families being attracted to these zones due to the lack of amenity and will erode the value and use of these properties close to the town centre, pushing larger families further out of the town due to lack of parking amenity and increased anxiety on a day-to-day basis. • The available parking bays for the residents alone in "residents-only" exclusive areas is arguably lower than would normally be required for compliance of regulations if they were new builds today. • ZONE B streets are residents-only exclusive streets that are locked in by and outnumbered by commercial businesses/ business properties on adjacent streets and immediately adjacent to the town centre Zone A. • The proposed policy change to significantly widen the issue of permits for already limited parking bays in small locked in "resident-only" streets in a location adjacent to Zone A area will lead to significant mis-use and parking problems and complaints. A significant point noted is the mis-use of permits. • Residents already experience daily mis-use of the parking restrictions already due to limited and difficulty in monitoring of the area; typically, it is down to the residents to politely approach individuals who frequently mis-use the parking, this will not be viable if extended. • In response to the carers, tradespersons and visitors parking needs, I believe that providing the existing "residents-only" permit holders on the streets with additional permits would be a viable solution that enables the residents to manage and reduce mis-use. 	27/01/2024 12:53 PM
357	It's extremely unfair to charge residents to pay for parking permits to park where they live but let 'joe public' come along and have either free or pay a small charge for parking. It should either be free for all to park or made residents only. I would like to know why Union Avenue, McCalls Avenue and Falkland Road / Avenue are being added to this system with permits. There are houses/flats on Prestwick	27/01/2024 20:14 PM

	Road that also use these streets for parking, my household being one of them. If our streets are added to this scheme will be allowed to buy permits. We have more than 1 family car and frequently have visitors to our home.	
358	I feel that as a resident during Summer months and when an event is on the Low Green or Ayr Beach and promenade ie Scottish Air Show it is absurd that I may not be able to park in my street even after purchasing a permit for £60.00.	27/01/2024 21:31 PM
359	Could the council not consider an additional category so that people who work in the area could purchase a ticket or permit to be in the space longer than 2hrs without having to return to the meter to add money as this is not always possible	28/01/2024 05:55 AM
360	I don't agree that residents parking zone should be pay and display for general public. Having experienced trying to visit family in this type of zone it's difficult enough trying to get parked without expanding to the public. Questions above aren't giving a true opinion of people's views ie question about should visitors permits need reviewed, I agree in that more visitors permits should be reviewed but that it's given free of charge to residents. As with carers/workers etc. if you want true reflection of what people think you need to ask for people's written opinion after each question and not just a multiple choice questionnaire. Also these proposals were not made public enough, at the very least every household affected should have been sent a personal letter to then be given the chance to express their views and concerns. When purchasing my house I take into consideration parking as we are a family that all drive and I feel that turning our area into residents parking would firstly enforce me to move house but also I feel it would depreciate house prices. Would there then be compensation given to households for this?	28/01/2024 08:28 AM
361	In order for a residents permit scheme to operate successfully, it should be managed, have obvious restriction signage, be affordable to residents and have sensible exemptions for tradesmen, visitors and carers/medical requirements parking. We have a church and funeral directors in the street, so a two hour restriction would enable visitors to park and go in a reasonable time, also with commuter parking restricted this would ensure space could be available for funerals and church events. As stated above I would be happy to pay an affordable fee, e.g. £50 per annum, for parking in my street, but only if I can get parked within reasonable proximity to my residence!	28/01/2024 09:05 AM
362	New road and main street in Ayr still seem to be exempt from these proposed zones, makes no sense when surrounding areas are being considered	28/01/2024 09:26 AM
363	DO NOT penalise local residents who rely on their vehicles and parking facilities for nursery/school/college/university runs and transporting the vulnerable and elderly. Small business vehicles also rely on off street parking as well as many local businesses, including B&Bs who all generate revenue for South Ayrshire Council.	28/01/2024 11:29 AM
364	We live in Park Circus and pay a significant amount of Council Tax. Surely we should be able to park outside our own homes. This is a residential area with many homes and it is not a parking area for other people to use who happen to be visiting the town. It is difficult at the moment with no visitor pass for essential visitors or for friends/family to pop in. Please keep this as Residents Only and issue people with a pass for visitors which could have a time limit. Take a look at Bellevue Terrace, where many of the full houses have been turned into flats and so potentially there are already four cars to what was originally one house. There is often double parking on that street which creates danger for the elderly, infirm and children. They do not need extra people turning up to randomly park for three hours.	28/01/2024 12:08 PM
365	The town centre is a complete failure. What is left of it, should be protected. Why are we making it more difficult for people to visit? Parking charges are unnecessary. All that will happen is that people will start to use the free college car park instead of Millbrae. Seems as though we are clawing back some much	28/01/2024 14:00 PM

	needed cash from the station hotel situation. - I understand this. However I don't feel this is the way to generate that	
366	This town council should be making it easier for people to park in ayr centre not making it harder for people especially in the current climate. We should not be charged to park outside your own home or if visiting friends. We pay enough road tax council tax and this council waste it with stupid thing like the Cutty Sark at the bottom of the town which doesn't bring anything to the town well done Ayrshire Council	28/01/2024 14:11 PM
367	Absolute joke, I live on green street, I have a car and a works van and I highly reject your idea for permit parking, what will it solve exactly, the non-permit surrounding area, will then just be flooded with vehicles solves nothing, also I will not be paying £60 to park on roads that I already pay to use with my road tax. You waste that much money elsewhere, you need to punish businesses and residents with an absolute criminal idea	28/01/2024 15:03 PM
368	Where are the local workers around Wellington square meant to park currently we would use around the court area or the esplanade. Who else parks along the beach in the winter no one as there are no visitors or tourists parking during the winter yet local workers are to start paying £15 per week for parking ridiculous!	28/01/2024 17:12 PM
369	This is not central Glasgow, it's not central Edinburgh or London. There is no requirement for residents' permits here. It's insane to consider implementing this at further costs to the taxpayer and as a resident in Ayr I have never had issues parking anywhere in the town in the 35 odd years of living here. Drive visitors further from the town at your own peril.	28/01/2024 19:32 PM
370	With regard to the proposal to put parking meters in an around the Sheriff Court area and Bath Street, Cassillis Street are will greatly affect people working in that area as there are a lot of office workers and people attending the Sheriff Court either on Jury duty or as witnesses as the parking can become expensive if you have to pay for parking from say 9.00a.m to 5.00p.m. Some sort of permit or consideration should be given to workers in the area.	28/01/2024 19:35 PM
371	Residential permit parking would have a negative impact on my daily life living on Fotheringham Road. There are zero issues parking at any time along my street or surrounding streets, and permits would put off visitors traveling to Ayr. I already contribute over £250 per month on council tax and to seems unfair to pay an additional £60 per car for an issue that doesn't exist on our street	28/01/2024 19:38 PM
372	We were not notified personally as residents directly affected by the changes. It was only by chance and through social media, that we saw this consultation. It would be helpful if residents with current permits, had been notified in person of this consultation! Not everyone who lives in town uses social media. Are the plans to continue the 2 hour free parking for all? I don't think your Parking Strategy makes this clear? If so will it be set times -is that the 9am -11am mentioned? Again I don't feel this is clear. I feel strongly that those requiring residents parking permits are paying for this and that does not seem fare when we are getting less for more money.	28/01/2024 19:47 PM
373	The free parking at Christmas was great - should happen more than just once a year. Bring more people into the town shopping.	28/01/2024 20:09 PM
374	How are we supposed to encourage people to visit Ayr, which is already on its knees, by making it harder for people to park near the centre? Surely the money the council spends installing more pay and display machines and bringing in more wardens would be better spent elsewhere or negates other possible revenue that people would be willing to spend (not to mention the current cost of living crisis). This also creates more barriers for the less able bodied who can't walk long distances, especially when public transport isn't a suitable alternative as its extortionate and unreliable. Extending hours from 8-6 catches people going to early doctor's appointments, especially those who work 9-5. Why should we pay another £60 for ourselves or visitors to park in our own streets when we already pay mortgages and council tax? For our situation, this creates problems for our	28/01/2024 20:48 PM

	<p>long distance family members who visit for days, sometimes a week. And when the new Ayrshire Hospice opens on Racecourse Road, parking will already be difficult due to restricted car park space, meaning patients, visitors and staff will be presented with further problems in accessing care (namely finding a free place to park nearby as these will become increasingly congested or will incur charges). This will also deter people from visiting the hospice's fundraising office which is currently on Miller Road, affecting the charity's income and peoples' inclination to go into town. As usual, the council is looking in the wrong direction to solve the problems we face and the people most likely to suffer from these decisions are those who really shouldn't.</p>	
375	<p>Standardise the hours as 8-6 Monday- Friday and 8-1 Saturday. Stop trying to sneak Saturday parking payment up</p>	28/01/2024 20:56 PM
376	<p>It's ridiculous that my partner and I have to pay £50 a year each to park outside our home (Fort Street), but our neighbours at the bottom of our street have a one off charge of 50p. This is daylight robbery in my eyes, I pay council tax in relation to where I live. Parking should not be a financial burden for us, or a money maker for the council.</p>	28/01/2024 21:28 PM
377	<p>I have read over the parking proposal & established that if you live on Content Ave the proposal is that we pay £60 min per year to be able to park in the Ave (but doesn't guarantee you a space so if you've gone to the shops & come back & no space, tough!) but ANYONE can park 6 days out of 7 for 3 hours at a time without paying anything? Also, we need to pay for a visitors permit if anyone comes to visit you other than a Sunday? But if we wanted to park in the college car parks we wouldn't pay anything is that right? I think the whole proposal is flawed & the fact we have never had to pay or had any residents parking in place previously when we REALLY needed (when there were over 1000 students attending Ayr College each day!) it just seems like a money making exercise to me! Since covid there definitely had NOT been the same issues with parking in the Ave and think the college have been fairly proactive at asking students not to park in the Ave. Personally, and having spoken to most neighbours they all agree we DO NOT need residents permit now, we did try to get this in place 10/15 years ago only to be told our Ave needed to be part of the WHOLE parking review- which has taken a lot longer, due to many factors- most of them of which I'm not really sure of! So I'm now of the very strong opinion, along with the neighbours that we no longer need a resident permit and that this proposal is just years & years too late</p>	28/01/2024 21:43 PM
378	<p>We should not be expected to pay £60 per year to park outside our own homes. Nor should we need to pay extra to allow our friends and relatives to park at our homes. The 3 hours unrestricted parking offered to anyone on these residential streets will result in residents, who have paid to park outside their homes, being unable to find a space. Residents should have priority on their streets and should not be expected to pay so much for the permit. I would have thought £10 per year would be more reasonable, including 10 permits for friends. I have more than 5 friends/relatives who visit me regularly. Why should I be penalised for this? What would happen to those I am unable to register within the permit scheme? Why are you preventing me from seeing my friends? I have never had to pay to park on my street and this new cost will significantly affect my household budget. You are penalising residents while offering non-residents the chance to park for free. This is completely unfair. I disagree with the plans.</p>	28/01/2024 22:14 PM
379	<p>I think you should consider to stop walk g government money then you wouldn't have to rob the people of Ayr to make up the loses you have created</p>	28/01/2024 22:15 PM
380	<p>No requirement for parking charges on Fotheringham Road. This is where I live. There are rarely a significant number of visitors to the town centre or college who park here, other than very occasional surges for bowling club attendees.</p>	28/01/2024 22:21 PM
381	<p>No residential area should require a permit.</p>	28/01/2024 22:35 PM

382	Parking for free works, why charge for parking when there's less shops and less footfall	28/01/2024 22:51 PM
383	We should be trying to encourage people to come to Ayr, not that there is anything to do when they get here!	29/01/2024 06:43 AM
384	Residents should not need to pay a permit just b	29/01/2024 07:52 AM
385	I strongly disagree with the addition of Content Avenue to a permitted area. It may have been helpful 10years ago however the college is now dealing with their students parking in our street. Therefore if permits are introduced the only people penalised and facing charges will be the residents of the street. I would far prefer for the parking to remain the same.	29/01/2024 07:56 AM
386	Do not introduce parking charges along the esplanade!! This town is dire and needs visitors, and its workers, I work 12hour shifts and simply cannot afford to park nor use public transport as stagecoach don't run a late bus or even run at all. If you want to make money? Start your own local authority bus routes like Edinburgh.	29/01/2024 09:06 AM
387	Extend double yellow lining on Seafield Road as dangerous parking is the norm - close to corners, on double yellow lines, near or over driveways	29/01/2024 10:21 AM
388	You claim that the parking zones haven't been updated since 1970. In 1970 it was correctly decided that residential streets shouldn't be used as overflow parking for the town centre and a cheap way for people to be allowed to park by their homes should be allowed. Now you have decided that not only should people be allowed to use residential streets as free parking for the town centre, the residents of these streets should pay £60 per car for the privilege of parking outside their own homes. This is a disgusting cash grab by the council during a cost of living crisis.	29/01/2024 10:26 AM
389	Why should I have to pay for residential parking only for me to go somewhere and come back later to find I can't park thanks to non-residents cars parking up to 3 hrs free? Where do I park then?	29/01/2024 10:29 AM
390	The parking needs to be considered alongside the wider town centre strategy and longer term plans. It doesn't appear that there are significant plans to introduce major changes around the county building areas. That being the case then there are chargeable car parks (e.g.) Charlotte St & the Horizon hotel area and these are not always at capacity during the week. There is also the opportunity to add capacity to the car park at the Horizon hotel by re-allocating some of the coach parking. The residential areas around the county buildings and next to the beach will be adversely impacted if the current restrictions are changed as per the proposal. The intention to introduce parking charges for contractors will also adversely add to this burden for residents. It appears punitive to introduce restrictions that will make it more difficult to access your property (if you are low mobility but not a registered blue badge holder, especially during summer peak periods), maintain listed properties cost effectively (given that specialised contractors are required from out with the area for certain types of work) and that these restrictions are not being applied to all households in Ayrshire. Furthermore, it is my understanding that the process that you went through to consult and generate the initial information was flawed as was your interpretation of results. In terms of the original questionnaire, it was not fit for purpose and appears to have had a low response rate. As with this consultation, there has been formal communication from SAC. I would suggest that some kind of postal notification would have been appropriate to generate a proportionate and fair view from local residents.	29/01/2024 10:30 AM
391	Residents should be encouraged to use the garage and parking spaces to the rear of their houses. Unfortunately the lanes servicing these amenities, such as Bellevue Lane, are crowded with bins which are not returned to within the curtilage of properties and often cars and vans block access to along the lane despite double yellow lines being present. When the bins and the cars/vans are combined space in the lane becomes very restricted which suggests that	29/01/2024 11:16 AM

	residents leave cars in the street to avoid the hassle of trying to gain access to the garages/parking areas. South Ayrshire Council's Tenancy Agreement requires their tenants to return bins to within the curtilage of their homes and if the same requirement were made of owners then more people may utilise the parking available at the rear of properties. The lane surface referred to is also in poor condition.	
392	Ayr is gradually dying, due to a lack of input from the Council and its managers. Working from home is a great, but people that use the town centre for shopping and recreation are now going to Heathfield also Irvine and Kilmarnock shopping centres free parking, better choice. Continue with this stupidity and Ayr will be a town to be avoided. Bring in more pedestrian friendly actions, close off the Esplanade, the town centre to vehicles, rather than grub about for more cash. Improve the environment. Simples. Why not meter Prestwick Main Street area?	29/01/2024 11:34 AM
393	As above.	29/01/2024 12:43 PM
394	Idiots	29/01/2024 13:36 PM
395	No more than 2 cars per household and give each house a minimum of 1 dedicated space outside their residence	29/01/2024 13:39 PM
396	The New Road Ayr is full of cars from 2 garages which sit for weeks without moving. Rep My Car New Road Ayr has outside my showroom had his own car sitting from before Christmas it has a flat tyre but its road taxes. The other culprit is Caledonian Motors Peeble Street Ayr. They just dump cars here which sit for weeks. We had an old caravan with van attached sitting in the road for about 3 years which I am glad to say has now been removed. It was a fire hazard. The businesses in this road are affected greatly because of this. Delivery's and customer parking is dire. I have heavy marble fireplaces & fires trying to be delivered to my showroom but I am finding that I am having to get them delivered to my home as Delivery Driver's cannot get parked. Thus us not convenient or fair. Also Carrick Bathrooms has a small plastic removable ramp out on the pavement with an electric cable under it which plugs into their store facility to charge the owners electric motor. Bollards are placed out on the road continually so that his car can park to use this facility. It is not every day but it is quite a few days every week. Scary to think that all of the businesses could start to do this. It is very easy to trip over as I have done. Someone from SAC site visited and has deemed this as okay despite Counsellor Cavanagh having put in a complaint as he also thinks it is dangerous. He was dumbfounded to be told that it was okay. Parking meters will help this busy little roads businesses greatly and I think what you are proposing for the town of Ayr is really a great idea despite residents not being happy. I personally think more people will park and use Restaurants etc in the town and surrounding areas if better parking is available. Keep up the great work. Kind Regards [REDACTED]	29/01/2024 14:09 PM
397	The New Road Ayr is full of cars from 2 garages which sit for weeks without moving. Rep My Car New Road Ayr has outside my showroom had his own car sitting from before Christmas it has a flat tyre but its road taxes. The other culprit is Caledonian Motors Peeble Street.Ayr. They just dump cars here which sit for weeks. We had an old caravan with van attached sitting in the road for about 3 years which I am glad to say has now been removed. It was a fire hazard. The businesses in this road are affected greatly because of this. Delivery's and customer parking is dire. I have heavy marble fireplaces & fires trying to be delivered to my showroom but I am finding that I am having to get them delivered to my home as Delivery Driver's cannot get parked. Thus us not convenient or fair. Also Carrick Bathrooms has a small plastic removable ramp out on the pavement with an electric cable under it which plugs into their store facility to charge the owners electric motor. Bollards are placed out on the road continually so that his car can park to use this facility. It is not every day but it is quite a few days every week. Scary to think that all of the businesses could start	29/01/2024 14:11 PM

	<p>to do this. It is very easy to trip over as I have done. Someone from SAC site visited and has deemed this as okay despite Counsellor Cavanagh having put in a complaint as he also thinks it is dangerous. He was dumbfounded to be told that it was okay. Parking meters will help this busy little roads businesses greatly and I think what you are proposing for the town of Ayr is really a great idea despite residents not being happy. I personally think more people will park and use Restaurants etc. in the town and surrounding areas if better parking is available. Keep up the great work. Kind Regards [REDACTED]</p>	
398	<p>Response to Ayr Parking Consultation 2023 1. We do not consider your proposals for residents parking in Park Circus and Bellevue Crescent appropriate, in particular the proposal to allow shared use parking bays available to anyone for up to 3 hours. 2. In the 2021 Ayr Parking Consultation a majority of respondents disagreed with the proposal for introduction of shared use bays in resident's only streets. Despite this these proposals have still been progressed. It was also advised that it was not possible to determine where respondents resided. Therefore we believe this consultation survey should have asked whether there is support for shared use bays in residents' only streets and asked for residents' post codes thereby determining the views of residents in the streets affected. This consultation has assumed there is support for shared use bays in residents' streets and only asked whether the 3 hours maximum length of stay is the right amount of time. 3. A significant number of the houses in Park Circus and Bellevue Crescent have been converted to flats leading to multiple residents' vehicles at each property. Also the vast majority of properties don't have driveways. As a result of this it is already difficult for residents to find parking places within these streets, without the proposal to introduce limited waiting for non-residents. The number of parking spaces is also restricted due to the tree lined nature of the streets. 4. Currently there are also problems experienced by residents due to non-residents parking in Park Circus and Bellevue Crescent, leading to difficulties for residents finding parking spaces in these streets. This is exacerbated by the fact that enforcement is extremely infrequent. 5. The rationale in the Parking Strategy for changing parking arrangements in Residents Parking areas is to accommodate displaced parking. However, I cannot identify where there is displaced parking in the town centre arising from the proposals. In fact a number of car parks adjacent to the town centre, for example Barns Crescent, are underutilised. 6. It is stated in both the Strategy document and the introduction to the consultation survey that the existing 3 hour limited waiting arrangements around the County Buildings are difficult to manage and demand considerable resources to effectively monitor compliance, thereby not achieving the desired turnover of spaces. This difficulty in enforcement of such limited waiting arrangements would lead to non-residents parking for considerably longer periods than 3 hours in Park Circus and Bellevue Crescent with the consequence of residents being unable to access parking spaces. 7. We therefore consider your proposal to allow non-resident limited waiting for up to 3 hours in Park Circus and Bellevue Crescent entirely inappropriate.</p>	29/01/2024 14:15 PM
399	<p>I feel that this parking consultation has been do e in an underhand way, a really has made very little effort to ensure contact with residents. It feels like the consultation has been done in the laziest and most self-serving ways to suit the Ayrshire roads alliance and the south Ayrshire Council while pretending to be up front, while just trying to do a money grab. With no consideration for anyone other than themselves, shame on you all...</p>	29/01/2024 14:35 PM
400	<p>If all parking spaces are charged for, six day a week this will adversely affect trading in the town and put shoppers off coming to Ayr to shop. Some free longer stay parking areas should be available for day trippers, and short stay parking for local people to use during the week to encourage shopping in the town and to stop the town centre from dying altogether.</p>	29/01/2024 15:49 PM

401	Residents are being penalised for staying near Ayr Town Centre. We are being advised we can only have 2 resident permits - some have more than 2 vehicles, who are Roads Alliance to say how many vehicles a house may have? This is basically a tax on the householders who already pay Road Tax and also Council Tax to SAC. The streets that are residential should remain that way and they should not have the option of 3hrs free parking for anyone while we have to pay to park at our front door, ultimately this could result in no spaces at my own property and I have paid to park there. SAC recent message was that Ayr was open for business, which is all good and well just don't be a resident as it will cost you!	29/01/2024 16:24 PM
402	Resident Parking Permit should be reduced, not increased from £50 a year to £60. Why am I punished for living in a zone that requires a permit to park? If the car is registered to the address, as is mine, then shouldn't need a permit or pay for just needing to park outside of where I live. Also take back Boswell's carpark, the cowboys running that are outrageous, have you seen the state of it in there and they have the cheek to try charging for parking and then threatening court action when you don't.	29/01/2024 18:15 PM
403	I object to the proposed residential parking fee for Bellevue.	29/01/2024 18:20 PM
404	Think this is killing Ayr as people will not come to the town and there is hardly any shops in town and you're not in it long. So try get tourists back in to the town not kill it more.	29/01/2024 18:50 PM
405	I disagree with the proposal to have parking bays for non-residents in Park Circus and Bellevue Crescent.	29/01/2024 19:40 PM
406	To charge £60.00 for residents to park outside their own property is ridiculous! As a tradesmen I work all over Ayrshire and Glasgow but on the off chance I might be working in South Ayrshire and working on someone's property, I have to pay £400 a year???!!!! What about someone who have a business from out with the local authority?? They'll then be penalised?! It's wrong. This is small business getting penalised and taxed for South Ayrshire Council to make up the loses elsewhere!! I also feel that the 'option' to have 'carer, business or tradesperson' option is an absolute joke! So someone would have to choose this option and pay on the off chance that they might require a repair or care coming to their house. It is farcical and financially penalising an already struggling town.	29/01/2024 19:41 PM
407	This will deeply affect the buying and selling of houses in the local area. It is an additional cost for people to consider when moving to this area. It will impact on houses which are already impacted by high costs of living by adding additional charges to each household. By having a permit, it does not guarantee a space either therefore you could be paying for something you can't even get access too.	29/01/2024 19:41 PM
408	I'm a resident in [REDACTED] for over 30 years Residents from Content Avenue have campaigned for almost 15 years with SAC to consider resident parking in our street.. The reason requested for residents only parking was the staff & students from Ayr College we're parking in Content Avenue Monday - Friday. However, the residents working together with Ayrshire college regarding parking in Content Avenue has been resolved. With Ayr College providing more parking spaces available to accommodate students/staff attending Ayr Campus. In my opinion Your proposal is 10 years to late [REDACTED]	29/01/2024 19:42 PM
409	The current system of Residents' Parking permits is less than perfect but the proposed changes would render it completely unbearable for residents. People park in Residents' Parking zones and make the short walk in to Ayr town centre not because there isn't ample parking within Ayr town centre itself but because they want to save the small amount parking in town car parks would cost.	29/01/2024 19:46 PM
410	Zone 10 is mainly residential area and residents should not have to pay to park their cars outside their property	29/01/2024 20:09 PM
411	As per my response to Question 8, I think these proposals are a disgraceful tax on residents. To dress this up as something for the benefit of said residents is frankly	29/01/2024 20:15 PM

	<p>an outrage. The prospect of charging residents of Ayr more money for less chance of a parking space in their own street is ludicrous. What benefit exactly will this move apparently bring aside from a quite blatant cash grab from ARA? ARA are also being very sneaky in the way this is all being conducted, the wording of questions (particularly Q7) has been crafted very deliberately to confuse readers to give ARA answers that supports their agenda. This will be getting emailed to the Elected Councillors and my dissatisfaction and anger at this move from ARA will be highlighted. ARA should also consider the prospect that such a move (which effectively removes any parking to residents) will very likely have an impact on property values, which is something that home owners are allowed to take to Court for the lost value. This could work out VERY costly to ARA.</p>	
412	<p>I have stayed in Newton on Ayr for over 20 years and do not believe I should have to pay to park outside my house. Social isolation is the biggest killer in the elderly and most of my neighbours are elderly and rely on their friends carers etc to support them. People would be reluctant to visit with permitted area. As usual the cost of the permits would go up and already the cost of living is driving working people to food banks this is an extra on top of increased council tax road tax insurances. You will deter people visiting Ayr and more people will shop in Irvine Kilmarnock. Most people visit areas where there is free parking. Ayr high street is already nearly derelict because rents rates have increased this will discourage business to trade here. Businesses in York street Green street will suffer as most of them are garages and people will be reluctant to take their cars here. As I've said stayed in my street Union ave for over 20 years and parking has never been an issue here.</p>	29/01/2024 20:20 PM
413	<p>Mostly listed above cannot see the rationale for widening the areas that are going to mean additional costs to those that are still taking the trouble to visit ayr when there is less and less that could be seen to be attractive for them to continue doing so.</p>	29/01/2024 21:10 PM
414	<p>Content Avenue does not need residents parking. There are no parking issues with either college students or the public parking on the street. Historically some parking problems have occurred with excessive student parking but since Covid-19 this has not been the case. Additionally the proposed allocation of 3 hours parking for free for non-residents would result in students parking on our street, should they wish to, and taking up residents parking. Therefore the proposed changes would not help with parking and penalises the residents by charging us to pay to park outside our own homes. While potentially finding our paid-for spaces occupied by non-residents. This will not work. There is no need to add parking permits to this street. A similar case can be said for Fotheringham Road which only has residents parking on it and the odd Bowling member. Permits are unnecessary here too.</p>	29/01/2024 21:38 PM
415	<p>The three hours maximum length stay is acceptable at best, however not acceptable if the residents have to pay £60 per permit! I'm absolutely horrified that residents of a street have to pay park in their own street. Content Avenue (where I live) is not as busy as it used to be, however I still believe there needs to be some kind of parking regulations. We have two cars in our household, and I believe £120 / year for a permit to park in our own street is totally unacceptable.</p>	29/01/2024 21:50 PM
416	<p>I live and work in Ayr and would be victim to the proposed changes in Content Avenue. I have written to various people over the years about the difficulties parking in my street when most of the spaces are used by college students and staff, despite signage from the college advising staff/students not to do this. Instead of helping this situation at the time, nothing was done and now it is proposed that I may have to pay £60 per permit for the luxury of parking my car outside my own house. In addition to this, the college staff and students could still be able to park outside my house and use up the spaces there for three hours a day per person! (Some of which even block my driveway, even if there is a car in it) I'm not sure how this 3 hour limit will be enforced either - will my £60 a year</p>	29/01/2024 22:01 PM

	be covering the cost of staff to monitor this situation? I wouldn't have thought so. If no one is enforcing the 3 hour rule then it means nothing. I would like the security of parking outside my house but paying money and then people parking in the street just as much as they have done before with no consequences seems like a waste of my money that I'd rather be spending in the local community.	
417	More disgraceful revenue collecting schemes designed to penalise people This town needs to encourage people to visit and stay, not to extort and penalise	29/01/2024 22:33 PM
418	I should not need to pay for parking when visiting a friend's house. Outrageous. Maybe put money towards making Ayr town a better place to visit before charging for parking!	29/01/2024 22:38 PM
419	You are absolutely killing the town. There will be no reasons left to visit Ayr and you will be at fault for making it all but impossible to visit. A town centre should not only be accessible to those who can afford it, I deserve to access the seafront just as much as someone who can afford to pay and display. You are creating a two tier town. Ayr town centre is dying, this will only further damage businesses and send shoppers elsewhere.	29/01/2024 23:00 PM
420	Extending the hours of pay and display on a Saturday is going to absolutely kill business in the town. It's a joke this is even being proposed. Shame on you for killing our local economy through parking charges	29/01/2024 23:03 PM
421	Leave things as they are.	29/01/2024 23:11 PM
422	This will destroy the town. Parking should be free (at the very least on the weekends). Why are you killing our town and businesses	29/01/2024 23:12 PM
423	All parking should remain free from 1pm on a Saturday also, with the time being 5pm during the weekdays to encourage out of business hours use, such as bars and restaurants. Also, the logic of knowing that the council is ignoring the fact that free parking over the Holiday period had a significant positive impact on the town, in favour of implementing this restrictive scheme.	29/01/2024 23:18 PM
424	People who reside in this area should not be penalised and made pay to park at their own front door and family visiting should also be able to do so without penalty. Furthermore hard working people who work 8 hour days (not 3) within the town have no parking facilities. Ayr is already a ghost town and this will discourage people to live and work in the town. This will bring moderate financial gain but cost the town massively in the long term. It is also morally wrong to impose this at a time most people are already struggling and will cause added, unfair and needless stress to those affected and also the wider community. I am totally against these proposals.	29/01/2024 23:22 PM
425	As a council you are already killing what was once a great town for residents and visitors, and this latest ridiculous suggestion beggar's belief! The residential parking areas need to be left as they are. I would like to know how many councillors this ridiculous suggestion actually impacts. We sometimes struggle to park near our own property as it is without allowing every Tom Dick and Harry park outside our properties. You will also then also kill the value of all our properties who don't have off street parking....but of course that doesn't matter to those who are not impacted! Hard working people like myself who are spending money on their homes and businesses to help improve these areas are going to lose money on our investments if this stupid Parking tax was imposed. We would also probably not be able to get trades people to work on our properties due to the additional taxes to them or simply be charged an inflated price to cover work being done on our properties because of this ridiculous Parking Tax suggestion, while all the other streets in the town who are not impacted just carry on as normal while we are unfairly penalised???? I have lived in this town for over 40 years, but only moved to Montgomerie Terrace relatively recently. It's an area of town which over time has become a really nice part of town with a great mix of people who have spent their own time and hard earned cash to help improve their properties, only to be penalised by such a decision. Can you also imagine in the better weather where residents are unable to park at	29/01/2024 23:24 PM

	<p>their homes while anyone playing tennis just parks up for free!! Maybe should have thought about not doing away with the multi storey car park (now social housing)? And whilst I appreciate there is a lack of social housing.....why should I and all the others be penalised. There is nothing wrong with the parking in the town as it stands as there is very little for anyone to come into this town for anyway. The people and businesses of this town are doing their best to bring this town back to its glory days, while the council are killing it with an embarrassing high street. It's hard to believe that Prestwick and Ayr are run by the same council. You really need to listen to the good people of Ayr like myself who invest in their homes and shop local. Why oh why should I pay to park outside my own house when someone else's can do it for free??</p>	
426	<p>People shouldn't have to pay through the roof to park their car at their house especially if their house doesn't have access to a driveway. It should be one bill per household and businesses should be subject to the same cost of permit as residents. Not £60 and £400! Make stay up to 4hrs</p>	29/01/2024 23:41 PM
427	<p>There seems to be a lot of empty loading and taxi bays when the disabled bays are full. Maybe these could be reduced to increase disabled parking.</p>	30/01/2024 04:20 AM
428	<p>When traveling into town I purposely park in the side streets which are free such as the bottom half of Mill Street or Mill Brae car park. Especially as most shops are now in Ayr Central. Making these streets pay and display would put me off parking in town. As someone who lives in Ayr, I imagine this would also put off visitors who are traveling from neighbouring towns etc. More needs to be done to generate more footfall into our town, not just focusing on another way as to how money can be made.</p>	30/01/2024 07:45 AM
429	<p>If the waiting restrictions in the new zone are difficult to manage currently, why would a pay and display option be any easier. Furthermore, the 1pm end time on a Saturday seems to work well.</p>	30/01/2024 07:47 AM
430	<p>FREE parking all around Ayr</p>	30/01/2024 07:47 AM
431	<p>I own a business in Ayr based at 108 Green Street, KA8 8BG and this falls within Zone B9 of the planned strategy. We employ 26 operatives, and this property is our office and workshop. Within these premises 9 people are based and work full time commuting to the office and parking on Green Street. We also have 8 vans/commercial vehicles which regularly drop off or pick up materials from our workshop and, being a construction company and joinery manufacturer, we would also therefore be classed as tradespeople. My concerns are as follows: • We have not been formally informed of this and there has been no direct communication regarding this consultation. We only discovered this through a third party by chance and I find this unacceptable given we pay a substantial sum in rates for our property and should be kept informed by South Ayrshire Council of any changes that may affect our business both logistically and financially, after all a consultation can only be effective if it involves consulting the people it will ultimately impact. I have been informed that it has been widely publicised and has been in the local paper however I have not seen this anywhere and neither have a number of business on the street. • The proposal is unclear regarding the impact on businesses within the Zones. As I have stated we pay a substantial amount in rates already for our property and get very little in return and this proposal would appear to have further financial impact on our business as well as having an impact on our employees. The consultation does not refer to how ARA and SAC would treat business like ours who do not trade within the town centre but rather carry out manufacturing. The consultation seems to focus on parking within the town centre and I do not understand why only our section of Green Street requires these restrictions and the remainder of Green Street and the surrounding streets do not. • The proposal is unclear regarding what would be available to businesses within the Zones. It states that "Business and visitor permits would be available to any business within the zone(s)" but it does not state clearly how many permits would be available, if a permit covers only one</p>	30/01/2024 08:14 AM

	vehicle, would we require permits for deliveries , would we require permits for our vans, etc.	
432	I do not like the wording of some of the questions as they can be interpreted as dishonest. For example, 'The price for a Type A (pay & display zone) and Type B (residential area zone) resident permit should be the same' implies that I agree there should be a charge for a residents permit. In contrast, I DO NOT think people should have to pay to park outside their house at all and would prefer if questions were worded more honestly to acknowledge this.	30/01/2024 08:38 AM
433	I stay in Montgomerie Terrace where at times residents struggle at times to get a parking space. Quite a few of the properties have been converted in to upper and lower conversions with up to 4 cars. This is the same for Eglinton Terrace. If the proposals were to go ahead with residents not assured of a parking space where are we expected to go. My downstairs neighbour is 83 and is dependent on her car to get about as her walking is poor. What is she expected to do if there is no available space near her home? This would be exacerbated if nearby streets {Citadel Place, Charlotte Street, Casillis Street} are pay and display then non-residents would head to Zone B areas where they can park for free. Eglinton Place is included in Zone B. This is a narrow lane with garage access needed down both sides - parking here would prevent this.	30/01/2024 09:05 AM
434	I am a resident in the Zone B area. While I recognise updating the Zone B permit in order to allow Visitor or Tradesman / Carer access could be a good idea. I object in the strongest possible terms to the shared use in the Permit areas with the 3 Hour waiting and the high costs as proposed. As a parent of three young children it is difficult even under current set-up to park near my door in adverse weather. The construct and conclusions of the survey are poor in my opinion. The survey does not ask if the Zone B areas should be shared use it pre-supposes this and that effectively amounts to a tax on the people who live and work in the town centre. There are hundreds of empty parking spaces in the town deal with them and let me get my kids from the house to the car in safety.	30/01/2024 09:09 AM
435	Parking should be free to encourage people to visit the Town. The lack of free parking makes people want to Travel to places like Silverburn & Braehead as you can park free, plenty of spaces and accessible.	30/01/2024 09:47 AM
436	An advantage of visiting Ayr town centre is having the choice to park closer and pay for parking, or park further out from the high street and use the streets with no parking charges. I like the option of free parking on Saturday afternoons. The car park at Citadel is often busy and having free parking on Fort street helps ease the congestion there. Under the new scheme I would use Ayr town centre less often as it hasn't got the attractions that would make me want to pay to park and visit.	30/01/2024 10:00 AM
437	Residents pay Car Tax for their vehicles to be on the road - residents' permits should be free as this is another excessive tax. If South Ayrshire Council really value the town then they would be looking at areas for free parking to encourage visitors to visit - stay and spend money in the town. Instead they are killing the town which soon will become a ghost town	30/01/2024 10:10 AM
438	It is shocking that we pay council tax and are expected to pay even more for parking on roads that are not looked after.	30/01/2024 10:57 AM
439	I don't believe that there is any need to change the permitting system in residents parking permit zones	30/01/2024 11:33 AM
440	I live in Park Circus and the existing parking arrangements seem to work well - although there is only one car here, so we can ensure tradesmen can display a permit. Admittedly permits for visitors would be useful - but this seems complex to monitor. No doubt the new parking strategy was commenced before the pandemic - when parking for non-resident workers might have been causing more pressure on availability of parking. But I think that pressure may have declined significantly. When we pay high amounts of Council Tax, why should	30/01/2024 12:12 PM

	Zone B residents have to pay more than a token amount for parking? And what would ARA do with the funds raised?	
441	Content Avenue does not require permit parking. Ayr college are managing student parking effectively.	30/01/2024 13:34 PM
442	To go from 50 pence per permit in perpetuity to £60.00 per permit per annum is a huge leap in cost...a smaller increase might be more acceptable in a street where every other home is owned by retired people on a pension or fixed income .	30/01/2024 14:21 PM
443	To go from 50 pence per permit in perpetuity to £60.00 per permit per annum is a huge leap in cost...a smaller increase might be more acceptable in a street where every other home is owned by retired people on a pension or fixed income .	30/01/2024 14:21 PM
444	Please supply evidence the reasoning behind including Union Avenue in this proposal as there are no problems with parking in this street	30/01/2024 14:36 PM
445	As a pensioner paying to park in my own street is the last thing I need, and I am not ready to give up my car yet. Why, can residents not be issued with own street permits the way they are issued when the bowling is on. By all means put up non-residential parking meters.	30/01/2024 14:55 PM
446	It certainly does nothing to encourage footfall in the town. Penalising residents who have invested in properties in the town centre	30/01/2024 16:56 PM
447	Blue badge holders should be allowed to park in residence restricted areas without payment or penalty	30/01/2024 17:27 PM
448	Points: 1. There is a long-standing parking problem in Bellevue Crescent and it is insoluble. The problem is, there are more residents' cars than there are parking spaces. The problem is particularly acute at night, of course, but as residents have aged and folk have begun working more from home it can sometimes be hard to get a space during the day also. Nothing in the ARA proposals addresses, nor could address, this problem. Residents just manage it as best they can. There's no reason not to let them go on doing so. If it works, don't fix it. You'll risk making the problem worse, which would infuriate everybody. 2. The current parking scheme in Bellevue Crescent requires, and receives, light enforcement. A charge of £60 pounds for this is not unreasonable. The ARA proposals for marked parking places for shared resident/non-resident use is likely to reduce the number of spaces available for residents, thus adding to the problem. We therefore object to the installation of marked bays as being unnecessary and counterproductive. 3. Clearly householders have short-term visitors, like friends and tradespeople, and don't want their visitors incurring parking penalties. People have managed that mainly by lending a residents' permit. We're told now that that's been an abuse. It doesn't need to be - the regulations could be amended to permit it. 4. The ARA proposal is to introduce a three-hour free parking slot for non-residents. The effect will be to further reduce the number of spaces needed for residents' parking. We object to that proposal. 5. The proposed visitor parking scheme is inadequately described. I am to pay £20 per annum for a permit that allows me, presumably, to register five vehicles that may then be permitted to park in Bellevue Crescent. - "Resident visitor permits would be available to anyone who lives in a property within the zone(s). This means that visitors can stay for longer than the maximum permitted stay (proposed as 3 hours). Up to 5 vehicles may be registered against each permit." I hope this doesn't mean I can arrange free all-day parking in Bellevue Crescent for five of my friends whenever they wish to come into town, and that other residents could do the same. And yet, given flexibility and ease of use in the registration process, this system could be used to permit parking for tradespeople carrying out work, as well as for visitors. It's just not clear how it is intended to work. We think flexibility in enforcement is all that's needed to accommodate visitors and tradespeople. 5. The £400 charge on firms to be permitted to park anywhere in the town centre seems unfairly high, and likely to make it harder to get a small firm to do work in town. 6. The proposal expressly indicates that the changes are intended to generate additional revenue. We strongly object to this, in principle. Council tax is the proper means	30/01/2024 18:39 PM

	<p>for the raising of revenue. If parking charges are ever adopted as sources of revenue, there will be inevitable and irresistible pressure to increase them at every opportunity. Self-financing of a scheme of parking/enforcement is one thing, cash-raising quite another. The ARA proposes charges for parking on the sea front, on the grounds that many other towns levy such charges. We think that free parking at the front is a feature of Ayr, and indeed Ayrshire, as a visitor attraction that should be retained. No mention is made in the proposals of where the County Buildings staff are to park their vehicles. Why make a problem for people unnecessarily? 7. We agree that more and easier parking is required to encourage footfall in the town centre. The provision of additional parking spaces, some of them free, should be made a central feature of the Town Centre Development Plan. 8. The comment in the proposal that seems to lament the provision of free parking spaces in supermarket car parks is gratuitous and hostile. We would like to see a mind-set more sympathetic to motorists' legitimate needs. 9. Obviously there is a need to regulate parking in the town centre, to ensure best use is made of the limited supply. And the use of new technology to accomplish this is to be welcomed. But this is just not appropriate in the wider area, like Bellevue Crescent. We strongly believe the status quo is the best that can be achieved, and should be left alone. Best regards, [REDACTED]</p>	
449	To ask people to pay to park outside their own homes is disgusting. We're already charged for road use and parking on public roads... it's called road tax!!	30/01/2024 19:51 PM
450	Living on Montgomerie Terrace where on-street parking is already at a premium, I strongly disagree with any plans to make it other than anything residents only parking. Furthermore, the additional proposed costs for the luxury of parking outside my own house, where I already pay a not significant amount of council tax, smacks of money grabbing. The idea that I would pay a premium for the *chance* of being able to park on my own street, competing with shared used bays is backwards.	30/01/2024 19:57 PM
451	I have two main objections to the proposed resident parking scheme: - 1. The street is busy enough with residents parking that by including non-residents we would be lucky to find a space. And then to be asked to pay for that while non-residents can park for free seems extremely unfair. 2. Asking tradespeople to pay £400 a year seems ludicrous if they only visit for a few days each year. This will discourage local tradesman from taking the work, and if they do, it will make the work more expensive as they seek to recover these costs. I do not believe that a major change is required to the current resident parking scheme. The only possible exception would be to create a scheme for carers or tradespeople to be able to park in the street at no extra cost.	30/01/2024 20:02 PM
452	As per Ayrshire Road Alliance's information about type B parking permits, "The permits can be used on any vehicle and, if necessary, given to visitors for the duration of their visit." Therefore the only potential change necessary would be to allow for residents to apply for an additional resident permit to cover tradespeople or carers if necessary. Parking spaces in residential areas are already scarce - charging residents more money for less availability is a disgrace.	30/01/2024 20:13 PM
453	I live in Ashgrove Street and your proposals will make it very difficult for visitors to park as people will park there for Morrisons and town centre. Across from the school is a death trap for kids trying to cross the road with people parked over driveways and pulling in and out all over the street? The safety of children pedestrians and residents should be the priority and the street should be made less accessible rather than allowing random parking in addition.	30/01/2024 20:26 PM
454	People who park on Union avenue. Get the bus or train to work. By making it permit only. Will make people park on Campbell Street and Gordon. It's hard enough trying to park outside are house without people parking and going to work. Make Campbell Street [REDACTED] parking permit also.	30/01/2024 21:19 PM

455	As an employee of South Ayrshire Council based in County Buildings I think it's disgusting that you are now looking to charge your employees to come to work. You are well aware that most of the time during these hours it is only council employees parking around the county buildings and you are looking to profit from these hard working employees. We get little benefits as it is so to even consider this knowing full well the people it affects the most is really terrible and shows the complete disregard you have for your workforce.	30/01/2024 21:43 PM
456	I currently park further away from town and walk in which should be lower cost than parking near to town which should be higher charge for the extra convenience. In addition charging for all areas including near the beach and surrounding streets hugely disadvantages local workers and residents.	30/01/2024 21:50 PM
457	Why are you trying to discourage people visiting Ayr? Learn from your Christmas time parking flexibility and from other local places such as Kilmarnock, Irvine, etc. You are killing the town centre and encouraging people to go to the cities. Try to think outside of the box. Ayr is not a big city. Encourage visitors. Advertise free parking. Don't limit times - encourage people to stay for meals, cinema, theatre, socialising. Make it a business advantage and not a burden.	30/01/2024 23:19 PM
458	This whole proposal should be rejected. It does not take into consideration the nuances of the community and would have a detrimental impact upon the neighbourhood. There is little to no management or enforcement of the current parking systems, that are flawed but considerably less complicated due to the fewer amount of components. Yes the parking system needs work but this proposal has looked at the needs solely on paper and not the reality on the ground. Opening residential streets for open bays with a three hour limit would be detrimental. It is a common occurrence to see cars parking within the neighbourhood at 3 hour limit conditions, being parked in the same spot for days and even weeks. The community has no confidence that the proposals would be successfully implemented, managed and enforced causing mayhem. This proposal would impose a 'parking tax' on the local community. The proposal to introduce free parking for 3 hours on residential streets that are heavily populated would cause mayhem, anger and frustration for the community and neighbourhood. This would be magnified if the fee for a residential permit is significantly risen whilst the streets would become a free-for-all thus increasing the likelihood of parking being exploited and residents being pushed out of their own street. Some of the residential streets barely/never have enough space of the residents. A considered price for residents permits would be understandable but only if the roads are NOT shared use. This proposal would have a detrimental impact on small businesses such as guest house. There are limited businesses that would require parking for more than three hours but there would disproportionately be disadvantaged by the proposal. There would be reputable businesses that would ensure their customers abide by parking systems who would be significantly impacted whilst others would twist or ignore the system to their benefit. Specific consultation with businesses in specific industries and on different streets where the demographics differ would be beneficial - each area/business have different requirements. The one size fits all approach would be detrimental to small businesses especially within the cost of living crises especially since these organisations facilitate further consumption within the town.	30/01/2024 23:46 PM
459	Post COVID the needs of parking within Ayr Town Centre has changed and these changes are not reflected in the documents which were produced when the strategy was adopted in 2020. There are sufficient car parking spaces to deal with the current number of vehicles in the town. There is an underused multi storey carpark at the rear of the High Street and the private carpark in Dalblair Road is underutilised. Both of these parking areas are in much closer proximity the the shopping centre. There needs a push to increase the footfall and encouragement to bring further business into the area to make the town a viable shopping centre. I do not object to paying a charge for parking in my own street if this guarantees a	30/01/2024 23:59 PM

	<p>space. I do not agree with shared parking spaces where the general public can park in my street without charge for up to 3 hours if I am having to pay for the privilege. Living in a terraced property within the conservation area the current parking permits only permits parking in my own street and not in my own back lane. What guarantee is there if i pay for parking that I can park in the immediate vicinity on another street if my own street has no spaces available? I do not have access to off street parking in my rear garden as there is a telegraph pole which blocks vehicle access to an opening which would be large enough for a vehicle, additionally, i would need planning and listed building consent to open a gate in my garden wall. The availability of a carers permit should be available at minimum or zero cost as any charge is a further tax on sick and vulnerable people. Business Parking permits in mainly residential streets should be charged differently to residential permits. Tradesperson parking permits needs to be addressed differently. Charging a tradesperson to park when completing work is an additional tax which will be passed on to householders thereby increasing further the amount we have to pay to maintain our properties. How can charges be levied for tradespeople who come from further afield than Ayr. Where is the opportunity for competitive charges for businesses to gain work in the area. Set up annual parking charges/permits during weekdays for local workforce i.e. council workers at a minimum cost. Parking charges during the working are a further tax on our workforce. This would avoid the need for them to leave their place of work to move vehicles.</p>	
460	<p>Unsure as to the whole point of this exercise as few people visit the town. Surely the admin & policing costs outweigh the revenue from charges. Is it feasible that businesses will pay? Who will follow up if they refuse?</p>	31/01/2024 09:05 AM
461	<p>a) I live in Zone B and refuse to pay for a permit because: - - I have no car (sold it, replacing it with e-bicycle) - so nothing to register against my property for £60 per annum - I have off street parking for any visitor - so no need to park in the street for the charge of £20. b) Being near to the town there is nothing to prevent anyone parking in my street, so it will have to be ILLEGAL to park across driveways. Double yellow lines? More cost? c) Monitoring in my street will not be so regular, so the free parking is bound to be extended. d) Charges levied against businesses (up to £540+ pa) will be recovered via the charges against their customers - there is no MENTION OF ANY REGULATION to ensure fairness in charging, therefore tradesmen will have total freedom to set any charge they like for the work done. e) The cost to Bed & Breakfast businesses will be prohibitive (£1,520 pa?) putting them out of business reducing the visitor potential, which the town sorely needs.</p>	31/01/2024 09:28 AM
462	<p>Parking should be free in Ayr to encourage footfall in the area</p>	31/01/2024 10:24 AM
463	<p>Clearly this is nothing more than a tax grab by unelected and unaccountable individuals who have no idea what goes in the respective residents' areas. Attempting to charge residents for parking outside their own front door is egregious. Where is the financial projection to support your numbers you're asking consultees to deliberate upon? The truth is that you couldn't care less about the affordability for residents, many of whom are living on the edge, during the worst cost of living crisis since the 1950s. I've got shirts older than council workers that think it's appropriate to sit in a Kilmarnock office and work out ways to screw money out of hard working individuals. Individuals that don't have the benefit of leasing expensive electric cars on their in house salary sacrifice scheme, subsidised by the residents that are being attacked, at a fraction of the cost on the open market, the way you do. You've been launching this offensive on us as far back as I can remember, 1990, and you keep trying it on! There is absolutely nothing wrong with the way in which residents currently park in their streets in Zone B - NO CHANGE REQUIRED. My message is to cease with this relentless decades long attack on our areas. You're probably not aware and no doubt don't care how many residents are 'spitting feathers' over your 'refined' proposals. Our</p>	31/01/2024 11:05 AM

	Councillors, who we believe are elected into office to protect us from opportunists such as yourselves, will we hope, see this 'refined' proposal for what it really is and consign it to the bin, where it belongs. We then hope they will launch a series of probing questions into ARA on an accusation of the misuse of taxpayer funds over four years. If you want to release money for your new IT system, sack a couple of the architects of this debacle, that'll easily get you a £100K. Anyone that thinks it's appropriate to spend four years of OUR MONEY on this claptrap needs to find another career! Please make sure this comment, in its unedited entirety, is sent to our local Ayr West councillors. Thank you for galvanising our community.	
464	As an academic with 20+ years of experience including statistical analysis and surveys, I am afraid to note that the Parking Consultation executed by Ayrshire Roads Alliance is lacking the most basic and fundamental characteristics of survey design and statistical analysis, and therefore, presents significant issues that simply invalidate the conclusions/recommendations made in the consultation outcomes report. This is most clearly observed in the "Permit Parking" section, for example, in Question 5, it is simple to observe (but unfortunately ignored in the report) that responses have different severity and one may not simply aggregate all "agree" and "strongly agree" and then claim it is not significantly different than the aggregate of "disagree" and "strongly disagree", when the highest quartile is "strongly disagree" with over 30% of responses (while only 10% of "strongly agree"). Likewise, Question 6 is falsely leading the respondent, when the respondent is not even aware of the proposed charge - it is like asking a group of people "do you like ice cream?" and then based on the overwhelmingly positive response, claim that the public agreed on paying £30 per scoop of ice cream.	31/01/2024 11:31 AM
465	The restoration of a single authority responsible for roads should take place as the Roads alliance is not serving the residents of South Ayrshire in a fair and appropriate manner.	31/01/2024 11:45 AM
466	You are proposing to charge residents in Park Circus £140 for two parking permits and a visitors' permit, while at the same time opening up the street to free parking by anybody for periods of up to three hours. This is a shocking reduction in amenity at a substantial cost. I have not observed that the existing system restricts the ability of tradesmen to work in the street. In the past few months I have had tradesmen working on both windows and a boiler. They were in no way restricted from parking their vehicles while working. The present permits are not specific to particular vehicles. As an elderly person I rely on visits from family members, who are able to use my second permit. This proposed scheme appears to be nothing but a substantial revenue grab, combined with a distinct loss in amenity.	31/01/2024 11:50 AM
467	We don't think visitors should have any free parking on residential streets as this penalises residents who already pay for a permit and pay council tax. All regulations should be enforced by having more traffic wardens. A requirement for residents to have their vehicles registered to their address is unreasonable as some residents will have company cars or properties elsewhere to which the vehicles might be registered.	31/01/2024 12:49 PM
468	If I were to design a system from scratch, it would probably involve a QR code on resident's permits, coupled with a web portal. Residents would be able to register online, and print their own permits, and delink any permits associated with their address from previous tenants etc. Residents would be able to generate as many permits as they like, but when scanned only the first two on the street are ok, from the third permit fines are issued for having too many vehicles on the street. The same QR code could be used for pay and display allowing a quick "zap" of any ticket/permit to instantly tell the parking warden if a fine is due.	31/01/2024 14:02 PM
469	I reject these new parking proposals. I have resided in Arran Terrace, Ayr for 25 years now and believe the current system for parking where we have access for	31/01/2024 14:06 PM

	up to 2 cars via resident permits works well in our street. The only time we have a problem is on the days of the Air Show. I think the proposed new charges of up to £140 a year is very unfair together with the fact there would be no guarantee of a parking space in on own street makes a bad situation worse.	
470	I reject these new parking proposals. I have resided in Arran Terrace, Ayr for 25 years now and believe the current system for parking where we have access for up to 2 cars via resident permits works well in our street. The only time we have a problem is on the days of the Air Show. I think the proposed new charges of up to £140 a year is very unfair together with the fact there would be no guarantee of a parking space in on own street makes a bad situation worse.	31/01/2024 14:07 PM
471	The parking for residents should remain vastly the same. There should be no changes that would result in further charges to residents nor allow the public to park in resident only streets. There are only just enough parking spaces as it is.	31/01/2024 14:24 PM
472	I teach survey design and statistical analysis at an undergraduate level, and the design of the "Parking Consultation" carried out by Ayrshire Roads Alliance would quite literally fail my class. Aggregating together and so equating "agree" with "strongly agree" and "disagree" with "strongly disagree" across many of the questions is misleading and erroneous - it blatantly neglects the clear difference in the strength of sentiments expressed with these different answers. Several of the questions would be classed as leading questions - written so as to lead the respondent into answering in a particular way. For example, in Question 6, respondents are asked if they wish "new permits which make it easier for tradespeople, carers etc. to operate?" - the permits are portrayed as entirely positive, with the cost of such permits omitted completely from the question. These are major issues which invalidate the entire exercise - it is shameful that South Ayrshire Council feel this is an appropriate way to "consult" the public and make decisions about their day to day lives.	31/01/2024 14:39 PM
473	The way this survey has been worded is ridiculous. Having just agree disagree questions allows any agenda to be pushed. Just because someone votes something to change doesn't mean they want it to change in a way that ARA want. If any additional charge is given to residents or people working/visiting these houses with no guarantee of a space this would be an absolute joke. I don't see how changing the parking will make people visits the town. Focus should be put in areas like the Kyle centre. There's already a multi-story car park in the town centre.	31/01/2024 14:42 PM
474	We are a garage operating in Green Street and would oppose the proposed parking charges and permits for Zone B9. We have customers dropping off cars daily for booked work, and depending on space available on any given day would need to park further up the road, therefore incurring visitation parking charges. This will put customers off driving to our premises (and the various other businesses in Green Street) if they need to pay additional charges to park outside or nearby. There could also be an impact of those directly affected by the charges moving vehicles to different areas of the street/surrounding streets and causing increased congestion and lack of available spaces. We feel there has been limited communication about these proposals and only discovered the information via NextDoor as neighbours were sharing the news there. As a highly commercial area (But not the 'hub' of the town centre) with multiple businesses present, it could deter customers and reduce potential footfall due to having to pay to simply visit a business.	31/01/2024 15:44 PM
475	As a resident in Belleview Crescent, I am astonished that I will be charged at all to park outside my home. What does not make sense is allowing non-residents to park for 3 hours free of charge. This has not been thought through and it beggars belief that anyone can park free outside my home, yet I have to pay for the privilege. It is unenforceable and will create a very difficult scenario for parking attendants, and should be abandoned. In addition, the cost to small trades people doing business in the street for a few days will be inhibitive and the costs	31/01/2024 16:26 PM

	will only be added to the homeowners' invoices. There are already plenty of parking spaces and car parks in the town and these are hardly ever full due to the already prohibitive cost. This is not London nor any big city, and to charge residents in a small town is an outrage. Any councillor voting in favour of this should take note that their voting behaviour will reflect on them at the ballot box.	
476	I have a driveway and have lived in Content Avenue for 60 years. On-street parking has changed considerably in recent years with formerly both sides regularly full with students driving around at speed looking for a place. Litter used to be a problem, with sometimes half-eaten takeaways left in the street. We pleaded for restrictions. Nowadays there are a few student/staff cars parked (today about 8) with spaces available. (Only one small paper bag!) I think this shows two things - there are sufficient spaces in the college itself and that the college has actively promoted their rules and good neighbour policy. But things could change if a new intake sees street parking is easy and handy for the rear college entrance, and if the college relaxes, we could see the mad scramble coming back. So on balance I would favour restrictions. Parking "bays" are mentioned. Probably not necessary and would limit numbers. But if this means road and kerb markings could I please have an empty bay opposite my driveway! I have a blue badge.	31/01/2024 16:46 PM
477	I have a driveway and have lived in Content Avenue for 60 years. 478	Keep the status quo. I don't have extra money to pay out yearly.... I already have a huge problem with people parking in Queens Terrace Ayr especially during good weather days. Would you like to find rubbish in your gardens after visitors to the beach have been??? Disgusting baby nappies; used sanitary wear - even used condoms..... Not enough policing or parking wardens to prevent it.....dog poo; fish & chip papers which attracts seagulls; rubbish bins overflowing..... How many more examples would you like????? All disgusting and we the residents are always out tidying outside our premises up changing the parking will only INCREASE these problems..... Please don't think police can help!!!! Not serious enough or time enough. THINK AGAIN!!!	31/01/2024 17:24 PM
479	How many consultations did this take and cost. I believe this consultation was started in 2021. SAC didn't notify residents in affected zones but manage to send out council tax reminders. Why??	31/01/2024 18:00 PM ID
480	Nothing but a tax on the hard working people of Ayr. A disgrace	31/01/2024 20:11 PM
481	1- It is unfair to implement a plan where residents in residential streets should be charged a stealth tax to park in their own street. Any permit costs should be minimal if charged at all. 2- Residents should not have to pay contractors extra for the cost of additional parking permits so that they can have maintenance carried out on their properties. Costs would of course be passed to the resident. 3- Streets with trees should not be included in any of the proposed changes as if parking bays are implemented, there will be a large reduction in the number of viable spaces as parking bays are likely to only be installed between trees when the current acceptable situation is to park against and between trees. This is the	31/01/2024 20:21 PM

	<p>case in some currently very busy B5 parking streets like Park Circus and Bellevue Crescent. 3- Carers are exempt from parking charges so it is disingenuous to ask about carers parking along with other visitors. 4- Would visitors parking permits have to be purchased again after the 5th visitor so multiple visitors parking permits would be required if multiple visitors visit though the year? 5- Is there evidence that parking permits are still required in all the B streets in a town which is clearly not used and visited as much as it was in the past? Wouldn't it be better to explore the reduction of the parking permits to the B zones which sit farther from the town as much as possible instead of increasing costs to those who live close to and use the town? 6- Should parking ticket machines, and additional road markings be allowed to be introduced to conservation areas which for instance do not allow residents to install driveways? 7- Permit issuing costs should be recouped from the revenue gained in ticketing illegally parked cars, not charged at high prices to the unfortunate residents of that street. 8- The parking system in Ayr should not be used as revenue generation. It should create a system that residents don't have to pay hundreds of pounds every year to park at their homes.</p>	
482	<p>As a resident in Glebe Street the neighbouring streets aren't used for the town centre to walk into and is primarily used as residential parking. If you want this area to be pay and display a better option would be giving residents' grants to make their garden into drives to prevent over parking. I think it's a disgrace that this street is being considered for pay and display.</p>	31/01/2024 20:22 PM
483	<p>I am a resident of the Ayr West Ward area. I am opposed to the the proposed outcomes of the Ayr Parking Consultation. I have been a resident here for 19 years and have never had any issues with parking on my street. I am greatly concerned that the proposed changes will adversely affect the ability of residents to park where they live. Furthermore, I strongly object to the introduction of an annual parking charge for the privilege of parking outside my own home, especially given that the proposed changes would make it more difficult to do so. In summary, the proposed parking changes address a non-existent problem, and will, in fact only create a problem for residents, as well as unfairly penalising them. The only proposed change to current residents parking permit schemes I consider remotely beneficial is to include a visitor/carer/tradesperson/business option.</p>	31/01/2024 20:41 PM
484	<p>The whole proposal should be rejected. Shared Use parking on residential streets would be detrimental to the community. Streets are already congested with residents, there is no capacity for expansion. Adding a substantial charge whilst opening the street to shared use is fundamentally unbalanced, dishonourable and unscrupulous. What calculations were made to generate the fee amounts? Residents should not have to pay more than the minimal administration cost for permits to park at their own home. What considerations have been taken in regards to the monitoring, implementing and enforcement of parking systems. The current parking system is not effectively monitored, implemented or enforced as there is often blatant misuse which is not challenged. Cars are parked in a 3 Hour Limit areas for multiple days, or on some occasion's weeks, with nothing done. This proposal would only push this issue onto residential streets that have no capacity for further use. What are the considerations for families and those with mobility issues? Shared Use would immediately impact upon their ability to park on the street, let alone outside their home. What are the considerations for different business models - Guest Houses vs Airbnb's - they both provide accommodation but only one would face additional fees, on top of residential permit fees, under this proposal which is discriminative.</p>	31/01/2024 21:28 PM
485	<p>Come on the town and businesses are on their knees. Let's make Ayr a nice tourist town that the visitors enjoy coming to</p>	31/01/2024 21:37 PM
486	<p>There has been suggestions that residents should pay to park outside their homes. In my opinion those who can afford it will remove their front gardens and</p>	31/01/2024 21:49 PM

	replace with monoblock or similar, which will cause drainage problems and the loss of habitat for birds and insects etc. There are already many streets in Ayr with virtually no front gardens in the whole street, aside from the problems I've outlined are aesthetically unpleasant. Keep the flora and fauna!	
487	As resident of Park Circus, which is in the B 3 zone, I strongly feel that it is grossly unfair that we should be charged £60 per permit, without any guarantee of a parking space. We would also have to pay £20 per annum for a visitor's permit up to a maximum of five vehicles. I am not clear as to what this means - does this mean that we have to register individual visitors' cars before they arrive, or can they just come and they can use a permit. As you are no doubt aware, Park Circus is a residential street with one B & B, and most households have two cars. The B & B is allowed permits for its guests, which is quite fair. As a result, parking in the street is fully taken up, and at times it is difficult for residents to find suitable parking near their homes. It has also been proposed that non-residents should be allowed to park free for up to three hours. This will compound an already difficult situation. I feel that these proposals are grossly unfair and will cause great difficulty to the residents, and should be thought through again.	31/01/2024 21:55 PM
488	People in all streets concerned should not be having to be charged £140 per year- and in some busy streets, may not be able to park at all. This is a 'tax' by the council, and the ARA, and people will be even more out of pocket if tradespeople come along, and have to [pay £400 per permit to simply come to your street in the affected areas/ wards and do work for you. Absolutely shocking.....	31/01/2024 22:36 PM
489	Strongly object to removing Residents Only exclusive areas. Strongly object to allowing 3 hours limited parking in resident areas - why should non-residents be allowed to park for free when Residents have to pay? Strongly object to Residents having to pay £60 per car plus £20 for visitor pass - far too high, given the already high band of Council Tax in our street. Strongly object to Tradespeople having to pay £400 per year - this will make it almost impossible to get tradespeople to work in our homes; or they will add the charge onto our bills. While I agree with the first 3 statements in section 7, I do NOT agree with proposed charges. Residents should pay maximum of £10 per year, per car, and be able to purchase permits for every car registered at their address. Limit Visitor pass to 4 per household, these should also be used for tradespeople/carers - maximum cost of £5 each per year. Residents must be prohibited from giving these to friends to use on ongoing basis.	31/01/2024 23:21 PM
490	ARA will no doubt have been forwarded Zone B fellow residents 4 page paper strongly advocating against parking changes proposed coming to our streets. I have just seen this by chance, insofar as AFA have not communicated with myself and many others on this proposal... an allegedly devious manoeuvre to influence the number of residential opinion statics in favour of proceeding with the changes suggested by ARA.....as well articulated in the referred to fellow residents document. The well-researched latter says it all as far as I am concerned. I recommend a well-publicised public gathering consultation, involving a presentation by ARA and affected residents , at the end of which a vote is taken to approve these parking changes, or modification thereof , or not at all	31/01/2024 23:44 PM

Review date:

18/03/25

Oversight Panel:

Cabinet and Regulatory Panel

negative impact	uncertain / not clear
positive impact	no impact / not applicable

Public sector equality duty

Eliminating unlawful discrimination, harassment, and victimisation?

Parking policies do not impact human rights.

Advancing equality of opportunity?

Parking policies are designed to enable ease of access to properties, services and town centre businesses.

Fostering good relations?

Key proposals are designed to support the popular 2 hours free parking scheme.

Consultation declaration

We confirm consultation has been carried out as part of this process.

Mitigating Actions Required (re **negative / unclear impacts)**

EQUALITIES: impact on socio-economic inequality

SE 1	Low Income / Income Poverty	Proposals include a range of modest price increases and decreases as well as special cheap days rates in certain car parks to support workers.
SE 2	Low and / or no wealth	Permit fees will be kept a very low rates and cost spreading payment options could be available
