SOUTH AYRSHIRE LICENSING BOARD.

Minutes of a hybrid webcast meeting held on 15 January 2026 at 10.00 a.m.

Present: Councillors Laura Brennan-Whitefield (Chair); Martin Kilbride and Duncan Townson.

Attending
Remotely: Councillor Kenneth Bell.

Apologies: Councillors William Grant; Bob Pollock and Gavin Scott.

Attending: L. McChristie, Co-ordinator – Licensing and Depute Clerk to the Board; C. Andrew, Licensing Standards Officer; J. Chapman, Committee Services Officer and C. McCallum, Committee Services Assistant.

Opening Remarks

In the absence of the Chair, the Depute Clerk welcomed everyone to the meeting, outlined the procedures for conducting this meeting and advised that it would be broadcast live.

Appointment of Chair

The Depute Clerk to the Board sought nominations for the appointment of Chair. Councillor Kilbride seconded by Councillor Townson moved that Councillor Brennan-Whitefield chair this meeting of the Licensing Board. As this was an unopposed motion Councillor Brennan-Whitefield took the chair.

1. Declarations of Interest

There were no declarations of interest by Members of the Board in terms of the Councillors' Code of Conduct.

2. Date of Next Board Meeting

The Chair advised that the next Board meeting would be held on Thursday 12 February 2026 at 10.00 a.m.

3. Minutes of Previous Meeting

The **Minutes** of the Meeting of South Ayrshire Licensing Board of 9 December 2025 ([issued](#)) were submitted.

Due to the lack of members in attendance who had been present at the meeting of 9 December 2025, consideration of these minutes was continued to the next Board meeting,

The Board

Decided: to continue consideration of the Minutes of 9 December 2025 until the next Board meeting of 12 February 2026.

4. Update by Licensing Standards Officer (LSO)

The Licensing Standards Officer advised

- (1) that feedback following the festive season suggested that whilst hospitality venues were well supported at Christmas and New Year, the increased running cost of premises meant that profits were less than had been in previous years; and
- (2) that the rise in minimum wage and national insurance contributions for staff had a significant impact on all licensed premises large and small and as a result they are operating with less staff resulting in a lot of premises having shifts with only one staff member on duty. This is also significant in terms of the Boards policy statement and the expectation that a personal licence holder should always be on duty and this may mean that premises will require all staff to hold a personal licence (or at least have completed the SCPLH training) to ensure that all staff are trained to the same level and equipped with the knowledge they require regarding complying with the legislation; and
- (3) that whilst January is traditionally a quiet month for the licensed trade, the LSO is extremely busy with visits requested by licence holders and premises managers looking for information and guidance on future projects, events and increased facilities. This is extremely positive in terms of strong working relationships with the trade but also an indication of continued investment and new ideas for South Ayrshire this year; and
- (4) that there will be several significant events for the hospitality trade in 2026 but the most eagerly anticipated is the football world cup. The Scottish Government are very clear that the decisions regarding Licensing in each Local Authority area will lie firmly with the relevant Licensing Board. Each Board will take decisions regarding what is most appropriate for premises in their area and in anticipation of a future debate by the Board the LSO had met with a few licence holders to discuss their views about extended hours. Additionally, the South Ayrshire Local Licensing Forum will meet at the end of this month to hold a full discussion with the intention of providing feedback to the Board for their February meeting.

The Board

Decided: to note the update from the LSO.

SOUTH AYRSHIRE COUNCIL

**REPORT BY THE CLERK
TO THE LICENSING BOARD
OF 7 MAY 2026**

Subject: Revocation of Personal Licences

1. Purpose

To advise members on the revocations of personal licences.

2. Recommendation

To note the terms of the report

3. Background

The Licensing (Scotland) Act 2005 introduced personal licences. It is a condition of the personal licence that (a) the applicant undertakes refresher training within five years of the date of issue of the licence and (b) no later than 3 months after the expiry of five years from the date of issue produces evidence of the training to the Board. Failure to complete either part of the process means that the Board must revoke the personal licence. (Licensing (Scotland) Act 2005 section 87(3))

4. Current Position

Since the last report to the Board, a further 14 personal licences have been revoked under delegated powers. All licence holders affected have been advised by post to their last known address of the revocation of their licences. Revoked licence holders can still take refresher training and then reapply for another personal licence although there is a cost of £50 for the new application. (There is no fee payable if the refresher training is completed and intimated to the Board on time.)

Christopher O'Donnell – The Athletic Tavern, Dalrymple Street, Girvan
Extended Hours Application – 19th/20th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in Dalrymple Street in Girvan, in a mixed residential and commercial area.

The application requests a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'. South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are NOT late night operators and have a regular terminal hour of 12.30am Monday to Saturday and 12 Midnight on a Sunday and therefore the extended hours requested will add an additional 1.5 hours to trading on 19th /20th & 24th /25th June.

In order to ensure consistency, I have discussed the late night operating conditions with Mr O'Donnell and confirmed that he will require to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested.

Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having conformed that these premises have permission to show televised sport on their operating plan, I am also advised that the operator understands the suggestion that the event should be ticketed and has advised there will be a total of **50 tickets** available to purchase in advance (premises capacity on operating plan 69).

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**

- **No under 18's permitted on the premises**

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known.

In order to ensure consistency, I have discussed the late night operating conditions with Mr McDonald and confirmed that he will require to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested.

Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having conformed that these premises have permission to show televised sport on their operating plan, I am also advised that the operator understands the suggestion that the event should be ticketed and has advised there will be a total of **35 tickets** available to purchase in advance (premises capacity on operating plan 54).

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**

- **No under 18's permitted on the premises**

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

In order to ensure consistency, I have discussed the late night operating conditions with Karen Hamilton who is the bar manager/operator and confirmed that she is willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a **total of 60 tickets** available to regulars invited to purchase them (the maximum capacity as per operating plan is 150)

The applicant is therefore in agreement with the following condition being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

I refer to the Extended Hours applications submitted for the above premises which is situated in Main Street, Prestwick, which is a mainly commercial area with some residential properties nearby and to the rear.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

These particular premises are already granted later hours and have a regular terminal hour of 02.30am on a Thursday to Saturday and therefore already have the mandatory conditions attached to their licence. On a Monday to Wednesday the current terminal hour is 12.30am. However, as the game on Saturday 13th into Sunday 14th June has a kick off time of 2am, Extended Hours until 5am are requested to facilitate watching the full game on this date and as the game on 24th into 25th June begins at 11pm, a terminal hour of 2am is sought on that day.

Buzzworks Hospitality Ltd – Vics and The Vine, 132 Main Street, Prestwick
Extended Hours Application – 13th /14th and 24th/25th June 2026
Update Report by Licensing Standards Officer

I refer to the application which was originally considered by the South Ayrshire Licensing Board at their meeting on 29th April 2026 and deferred for further consultation and a visit by the LSO.

In order to establish the layout of the premises to determine how many patrons would be able to view the televisions when the football is being shown, I visited the premises on 7th May 2026 and have had discussions with the area manager John Kennedy.

The premises can be easily identified by three areas; the restaurant (known as the Vine) which currently has no televisions, the 'Terrace Room' at the front (which has a television and tables but is very open) and the bar area (known as Vic's) which has 4 clearly visible tv screens and screens at the bars. The overall capacity of the premises is 300.

Whilst the bar (Vics) is adequately provided for in terms of television viewing, this is not the case in the restaurant area which currently has no televisions. After discussion with the LSO and being aware of the glass front on the premises and potential noise impact, it was agreed that the rear section of the restaurant (furthest away from the road) could easily be sectioned off and stewarded and a new television screen erected that could comfortably be seen by customers who may wish to purchase tickets to sit in this area away from the main bar.

It was further agreed that whilst there is currently a television screen in the 'Terrace Room', this would not be suitable in terms of noise breakout if any volume was used and the operators will not be showing the football on this television.

With this in mind the operator has agreed to a reduced **capacity of 250** for the extended hours and confirmed that tickets will be sold in advance up to that number. The operators have also agreed to have a snack menu available after the kitchen is closed for general meals.

The operator has confirmed they agree with the addition of the conditions proposed in the original LSO report in relation to a ticketed event and the mandatory conditions for premises operating beyond 1am. They also agree no under 18's will be permitted to the premises during the extended hours.

I refer to the Extended Hours applications submitted for the above premises which is situated in Sandgate, Ayr, which is a mainly commercial area with some residential properties nearby.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and the maximum capacity of the premises is **204**.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

In order to establish the layout of the premises to determine how many patrons would be able to view the televisions when the football is being shown, I visited the premises on 7th May 2026 and have had discussions with the area manager John Kennedy.

The premises can easily be described as having 3 clearly defined areas; the restaurant (which has no televisions and is entered on the Sandgate), the 'Terrace Room' which is a small private area ideal for functions and has a television and the bar (known locally as the 'T' bar) which has a total of 5 screens and allows viewing from every area within. The overall capacity of the premises is 204.

It is obvious that the restaurant section of the premises is not suitable for viewing the football, however the other two areas will be easily stewarded and provide a good viewing experience for the customers. The operators have also agreed to have a snack menu available after the kitchen is closed for general meals and therefore the restaurant area will remain accessible for any patrons who wish to take advantage of this.

With this in mind the operator has agreed to a **capacity of 150** for the extended hours and confirmed that tickets will be sold in advance up to that number.

The operator has confirmed they agree with the addition of the conditions proposed in the original LSO report in relation to a ticketed event and the mandatory conditions for premises operating beyond 1am. They also agree no under 18's will be permitted to the premises during the extended hours.

Extended Hours Application – 13th /14th , 19th/20th and 24th/25th June 2026
Report by Licensing Standards Officer

I refer to the Extended Hours applications submitted for the above premises which is situated in West Portland Street in Troon which is in a mainly commercial area with some nearby residences.

The application requests a terminal hour of 5am on Saturday 13th June into Sunday 14th June 2026 and a terminal hour of 2am on Friday 19th June (into Sat 20th) and Wednesday 24th June (into Thursday 25th) and refers to 'an event of local or National Significance' with the reason given as 'Scotland's qualification in the Football World Cup'.

In order to ensure consistency, I have discussed the late night operating conditions with the applicants representative and confirmed that they are willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a total of **137 tickets** available to purchase in advance and a half time buffet will be provided.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

Extended Hours Application – 13th /14th, 19th/20th and 24th/25th June 2026
Update Report by Licensing Standards Officer

I refer to the application which was originally considered by the South Ayrshire Licensing Board at their meeting on 29th April 2026 and deferred for further consultation and a visit by the LSO.

In order to establish the layout of the premises to determine how many patrons would be able to view the televisions when the football is being shown, I visited the premises on 7th May 2026 and have had discussions with the area manager John Kennedy.

The premises has a narrow front and some small booth seating opposite the bar and then opens out into a wider multi use space at the rear which has a number of television screens and a projector offering a selection of viewing options for patrons in that area. Additionally, there is a smaller private dining space which has two television screens that can be seen from all tables. The overall capacity of the premises is 137.

Whilst the rear of the premises is adequately provided for in terms of television viewing, this is not the case from the bar area towards the main door as there is no television at the front of the premises. Initially the operator suggested the possibility of installing an additional screen however after the LSO discussing the large retractable windows at the front and the potential noise impact in future, it was decided that this was not the best option at this particular time. With this in mind the operator has agreed to a **capacity of 115** for the extended hours and confirmed that tickets will be sold in advance up to that number. The operators have also agreed to have a snack menu available after the kitchen is closed for general meals and therefore the seating at the front will remain accessible for any patrons who wish to take advantage of this.

The operator has confirmed they agree with the addition of the conditions proposed in the original LSO report in relation to a ticketed event and the mandatory conditions for premises operating beyond 1am. They also agree no under 18's will be permitted to the premises during the extended hours.

South Ayrshire licensing Board held a special meeting on 23rd February 2026 at which the Board confirmed it viewed the Scotland's Qualification in the World Cup as an event of National significance and encouraged licence holders to make applications for Extended Hours for the initial three Scotland games if required.

These particular premises are NOT late night operators and have a regular terminal hour of 12.30am Monday to Sunday and therefore the extended hours requested will add an additional 4.5 hours to trading on 13th/14th June and 1.5 hours on 19th /20th & 24th /25th June.

In order to ensure consistency, I have discussed the late night operating conditions with the applicant and confirmed that he is willing to comply with these requirements and to accept them as conditions in relation to the grant of the hours requested. Therefore, I would suggest the following conditions are added:

- **The Mandatory Conditions for premises opening beyond 1.00am**

This will ensure consistency with those premises who already have permission to open beyond 1am and will include CCTV, an SIA Door Steward, a personal licence holder on the premises, a first aider on the premises, a system of regular toilet checks and written policies in relation to the safe evacuation of patrons and the prevention of drug misuse.

Having confirmed that the premises have permission to show televised sport on their operating plan, I am also advised that the operator supports the suggestion that the event should be ticketed and has advised there will be a total of **140 tickets** available to purchase.

The applicant is therefore in agreement with the following conditions being added to the grant of Extended Hours:

- **Tickets must be sold in advance and the number of tickets sold is to be shared with the LSO and Police Scotland when requested prior to the event**
- **No under 18's permitted on the premises**

Considering the above, I would ask the Board to consider granting this application with the addition of the suggested conditions and to grant a delegation to the Depute Clerk to grant further extended hours for matches in the later stages of the tournament when these dates and times are known

Extended Hours Application – 19th/20th and 24th/25th June 2026
Update Report by Licensing Standards Officer

I refer to the application which was originally considered by the South Ayrshire Licensing Board at their meeting on 29th April 2026 and deferred for further consultation and a visit by the LSO.

In order to confirm the layout of the premises to determine how many patrons would be able to view the televisions when the football is being shown, I visited the premises on 7th May 2026 and had extensive discussions with the area manager Jay who has also previously been DPM at these premises (and the companies other premises in Ayr) and is therefore very familiar with the customers and how the premises operate.

The premises is one large area with a variety of seating options and there is one television which is positioned on the wall opposite the main bar, however it is housed within a wooden canopy, making it unable to be viewed from various positions within the premises. The overall capacity of the premises is 481.

The area manager is in agreement that patrons within the premises would only be able to view the television from selected parts of the premises and therefore after discussion with the LSO has agreed to a **capacity of 100** for the extended hours. It has been confirmed that tickets will be sold in advance up to that number, they intend to make a nominal charge for the tickets and proceeds will be donated to a local charity. The operators have also arranged for a snack menu to be available throughout.

The operator has confirmed they agree with the addition of the conditions proposed in the original LSO report in relation to a ticketed event and the mandatory conditions for premises operating beyond 1am. They also agree no under 18's will be permitted to the premises during the extended hours.

The premises is large and spacious with a variety of seating options on varying floor levels. Whilst there is only one large television it is positioned high up and the LSO was able to comfortably view it from a variety of positions throughout the premises. There is a seating area behind the main television at the side of the bar and there is a smaller television on the wall in this area. The overall capacity of the premises is 304.

Whilst there is only one main television, there is adequate seating on offer to allow patrons to choose where to watch from and the applicant intends to allow customers to choose their preferred seating and also show the football on the smaller television at the front of the premises for anyone preferring to sit closer to the screen. With this in mind the operator has agreed to a **capacity of 150** for the extended hours and confirmed that tickets will be sold in advance up to that number, they intend to make a nominal charge for the tickets and proceeds will be donated to a local charity.
