--Dear [Redacted]

Thank you for your letter re your application process for a CAT to your club.

I am in full support of this. In considering, I come to the conclusions that this application if successful would greatly enhance not just the members but the wider community.

I am a an advocate of sport and leisure clubs being self sufficient in practise and delivery .Being able to determine their own future. I believe the council should be in a position to enable and assist such. I also believe in clubs such as yours being open to all age and abilities with clear strategies on youth development and resources for senior members to stay as fit and active for as long as possible.

I would wish you every success in the application and look forward to hearing good news! If I can be of any further help please get in touch.

Maybe one day I could have a set or two on your resurfaced courts ! used to play a bit but ill go in the senior section now!

Best regards

Derek
