

**South Ayrshire Council**

**Report by Assistant Director - People  
to Leadership Panel  
of 15 February 2022**

---

**Subject: 2022 Scottish Child Payment - Bridging Payments**

---

**1. Purpose**

- 1.1 The purpose of this report is to provide the Panel with information relating to the Scottish Government's Child Payment 'Bridging Payments' scheduled for 2022 and to request approval for the use of additional flexible funding, recently allocated to the Council from the Scottish Government, to offer these payments to a wider group of young people.

**2. Recommendation**

**2.1 It is recommended that the Panel:**

**2.1.1 considers the proposal for use of the Council's £533,000.00 allocation from the Scottish Government's recently announced £25 million, flexible funding to tackle financial insecurity; and**

**2.1.2 approves the use of this funding to support the payment of four Child Payment 'Bridging Payments' to a wider group of young people in 2022.**

**3. Background**

- 3.1 On 27 August 2021, the Scottish Government confirmed arrangements regarding four, seasonal, £130.00 Scottish Child Payment 'Bridging Payments' in 2022, which will follow on from the Family Pandemic Payments administered in the spring, summer, autumn and winter of 2021.

- 3.2 These Bridging Payments will be provided for all eligible children and young people of school age, including those aged under 6 who are enrolled in primary school.

- 3.3 The Bridging Payments will be funded on the same basis as the previous Family Pandemic Payments, with the Scottish Government funding payments for the children of families who are in receipt of a qualifying benefit for [Free School Meals](#), as a result of an assessment of household income and this will include families in receipt of Child Tax Credit and Working Tax Credit where the household income is £7,500.00 or less.

- 3.4/

- 3.4 When administering Covid-19 related Family Pandemic Payments in 2021 the Council extended the qualifying criteria to include families who were in receipt of a qualifying benefit for school Clothing Grants, as a result of an assessment of household income. Qualifying benefits for school Clothing Grants include families in receipt of Child Tax Credit and Working Tax Credit where the household income is £16,105.00 or less. The additional costs were supported via the Addressing Future Needs Grant and the Flexible Funding Grant which were distributed by the Scottish Government in late 2020. A further £250,000.00 to help fund future payments has already been allocated from the Council's Covid-19 Recovery Programme funding, approved by Leadership Panel on 15 June 2021.
- 3.5 Four, equal Bridging Payments of £130.00, totalling £520.00 require to be made in 2022, for each eligible child at Easter, Summer, October and Christmas, to broadly align with the start of school holidays. The funding required to fully commit to the Council's wider eligibility criteria for these payments and the circa 1,300 additional children currently entitled to school Clothing Grants, but not Free School Meals, totals £676,000.00.
- 3.6 On 29 November 2021, the Council's received an allocation of £533,000 from a Scottish Government £25 million flexible fund to tackle financial insecurity was confirmed. [Guidance](#) published with the funding provided advice that allocations should be used to support to low income households, including more specifically, guidance on the funds being used to *'Build upon supports already delivered by local authorities, such as Scottish Child Payment Bridging Payments.'* Colleagues within the Scottish Government's Social Justice Strategy Unit have confirmed that the proposed approach for use of the flexible funding is within the flexibility that local authorities have to support low income households.
- 3.7 The Scottish Government has confirmed that from 2023, Social Security Scotland will extend the 'Scottish Child Payment' to children aged under sixteen. These payments are currently only available to low-income families with children aged under six. It is expected that this weekly payment of £10 will replace the need for future Bridging Payments to be administered beyond 2022.
- 3.8 From 2023 low-income families will need to apply to Social Security Scotland for the 'Scottish Child Payment,' these payments will not be administered by the Council. Social Security Scotland's eligibility criteria will generally only extend to those children in receipt of Free School Meals, as a result of an assessment of household income.

#### **4. Proposals**

- 4.1 Officers from various services, including Finance, Revenue and Benefits, Thriving Communities, Organisational Development and Housing met to consider Addressing Future Needs and proposals for the use of the £533,000 allocation. It is proposed to use £426,000 flexible funding and £250,000 allocated from Covid-19 Recovery Programme funding to support low income households in South Ayrshire, by extending the eligibility criteria of four £130 Child Payment 'Bridging Payments' to families in receipt of a qualifying benefit for school Clothing Grants. This will benefit an additional circa 1,300 children within South Ayrshire.
- 4.2 If the recommendations in this report are approved, payments will be issued to align with the start of school holidays at Easter, Summer, October and Christmas 2022.

4.3 It is proposed that the balance of funding £107,000 be made available for a community resilience response including the delivery of food and pharmacy items, support for local food banks and a fuel poverty support fund.

4.4 In line with the conditions of the Scottish Government's flexible funding to tackle financial insecurity, the Council's intended use of the funding will be reported back to the Social Justice Strategy Unit before the 29 April 2022 deadline.
