

# Protecting our communities during COVID-19

**During this uncertain time, some people including both adults and children may be at greater risk of harm and/or abuse. It is important that anyone experiencing harm or abuse can access support and that we work together to protect children and adults from neglect and harm.**

**We can all be vigilant to protect adults and children at risk. If you are worried about someone who is at risk or if you think you know someone who is being neglected or harmed please contact the relevant service below.**

*We want to make sure that the most vulnerable people are safe during this current situation.*

**If someone is in immediate danger call 999, alternatively the police can be contact on 101 for non emergencies**

If you are worried about a child or an adult it only takes a quick call for concerns to be raised. Contact your local health and social care partnership on:
