1. Scope of Guidance

Planning fees are set by The Scottish Government and are the same for each Planning Authority within Scotland. The underpinning legislation which sets the fees is [The Town and Country Planning \(Fees for Applications\) \(Scotland\) Regulations 2022](#) as amended¹.

For any specific enquiries regarding fees, please contact [South Ayrshire Council Planning Service](#).

This guidance is applicable to the following types of planning applications and other associated applications:

- ✓ [Application for Planning Permission \(Householder\)](#)
- ✓ [Application for Planning Permission \(Non-Householder\)](#)
- ✓ [Application for Planning Permission in Principle](#)
- ✓ [Application for Further Planning Permission \(Section 42\)](#)
- ✓ [Approval of Matters Specified in Conditions](#)
- ✓ [Application for Advertisement Consent](#)
- ✓ [Application for Certificate of Lawfulness – Proposed Use or Development](#)
- ✓ [Application for Certificate of Lawfulness – Existing Use or Development](#)
- ✓ [Application for Prior Notifications \(and Approvals\)](#)
- ✓ [Application for Hazardous Substances Consent](#)
- ✓ [High Hedge Notices](#)
- ✓ [Pre-Application Enquiry for High Hedge Notices](#)
- ✓ [Application for Non-Material Variation\(s\)](#)
- ✓ [Pre-Application Enquiries](#)
- ✓ [Section 50 Premises License](#)

This guidance does not apply to the following types of applications as they do not require a fee:

- × Application for Listed Building Consent
- × Application for Conservation Area Consent
- × Application for Modification or Discharge of Planning Obligations
- × Proposal of Application Notice
- × EIA Screening / Scoping Opinion Requests

Some applications will require to be advertised in the local press. Further information on what types of applications will require publication and the associated cost, can be found [here](#).

¹ [The Town and Country Planning \(Fees for Applications\) \(Scotland\) Amendment Regulations 2026](#)

2. Payment of Fees (How to Pay)

It is important that you pay the submission fee in a timely manner. Failure to pay the requisite submission fee may result in your application being deemed invalid and this will delay consideration and determination of your submission.

The following payment methods are accepted:

- ✓ Payment via [ePlanning Scotland website](#) (at time of submission) * *this is the most preferred method of payment
- ✓ Payment via [South Ayrshire Council website](#)
- ✓ Payment via telephone using a debit or credit card
- ✓ Payment via BACS transfer – in certain circumstances

In any case of payment, the payee will be issued with a payment receipt. It is important to keep your payment receipt for your own records.

× **Please note, we do not accept cash or cheque payments.**

3. Fee Amendments

3.1 Exemptions

Some application types are exempt from submission fees.

3.1.1 Exempt Applications (Dwellings)

If the proposed works to a dwelling are comprised solely:

- a. in the curtilage or for the alteration or extension of a dwellinghouse, other than the erection of a dwellinghouse, for the purpose of providing means of access to or within the dwellinghouse for a disabled person who resides or proposes to reside in that dwellinghouse, or of providing facilities designed to secure that person's greater safety, health, or comfort; or
- b. for the purpose of providing means of access for disabled persons to or within a building or premises to which members of the public are admitted.

To allow South Ayrshire Council to assess your entitlement to this fee exemption you should provide a letter from your doctor or Occupational Therapist confirming your disability.

3.1.2 Exempt Applications (Public Buildings)

If the proposed works to a public building/premises comprise solely:

- a. For providing means of access for disabled persons to or within a building or premises to which members of the public are admitted

Then no fee will be applicable for the application.

3.1.3 Restrictions on Permitted Development Rights

If the works proposed to a dwelling would otherwise be permitted development, subject to meeting certain conditions as set out in [Regulations](#), then no fee will be applicable for the application.

3.2 Modifications

3.2.1 Community Councils

Where the application is made by an established Community Council², the fee payable in respect of the submission is reduced by one half.

3.2.2 Householder Developments within Conservation Areas

Where the application for alterations to a dwellinghouse would have otherwise been classed as 'Permitted Development' in meeting the relevant class(es) criteria set out within Schedule 1 of The Town and Country Planning (General Permitted Development) (Scotland) Order (as amended) and the only reason an application has been sought is due to the locus of the development being within a Conservation Area, the fee payable in respect of the submission is reduced by one quarter.

Process

3.2.2.1 As there is an assessment required to demonstrate that the proposed development otherwise accords with all other conditions of the respective permitted development class, the full application fee will be taken on receipt of a householder application in a conservation area.

3.2.2.2 Once the application has been allocated to a Planning Officer for assessment, we will assess the proposed development against the permitted development class, and, if the proposed development does satisfy all other conditions of the class, a 25% discount will be retrospectively applied and a refund for the difference in amount will be issued to the payee automatically – normally within one week of the date of validation.

3.2.2.3 Failure to provide correct payment in a timely manner may mean we are unable to validate your application, and subsequently may require your application to be withdrawn.

3.2.3 Sport and/or Recreational Facilities

Where an application is made by or for a club, society, trust or other organisation which is not established or conducted for profit and whose function/purpose is for the provision of facilities for sport or recreation, and the conditions specified in Schedule 1, Part 2, Paragraph 9, Sub-paragraph (2)³ of the Fee Regulations are satisfied, the fee payable is £742.

Proof of the applicant being not established nor conducted for profit may be requested by the Planning Service on receipt of an application to ensure compliance with the Regulations.

² As defined within Section 51 of the [Local Government \(Scotland\) Act 1973 \(legislation.gov.uk\)](#)

³ [The Town and Country Planning \(Fees for Applications\) \(Scotland\) Regulations 2022 \(legislation.gov.uk\)](#)

3.3 Reductions or Waivers

Under Regulation 5 of [The Town and Country Planning \(Fees for Applications\) \(Scotland\) Regulations 2022](#), the Council – as Planning Authority – may reduce or waive entirely a submission fee. In order to enact this provision, the Planning Authority must have a published ‘charter’ which sets out the circumstances when and where a reduction or waiver may be sought. This document is defined as a charter for the purposes of meeting this legislative requirement.

Circumstances where a reduction or waiver may be applied include, but are not limited to;

- a. Where the application relates to development which, in the opinion of the Planning Authority, has the primary purpose of contributing to a not-for-profit enterprise or a social enterprise, and
- b. Where the application relates to development which, in the opinion of the Planning Authority, is likely to contribute to improving the health of residents of the area to which the application relates.

For the avoidance of doubt, “not for profit enterprise” and “social enterprise” have the meanings as defined in Section 252(1F) of the 1997 Act⁴, i.e.:

- “not for profit enterprise” means an organisation which a person might reasonably consider to exist wholly or mainly to provide benefits for society.
- “social enterprise” means an organisation whose activities are wholly or mainly activities which a person might reasonably consider to be activities carried on for the benefit of society (“its social objects”), and which:
 - (a) generates most of its income through business or trade,
 - (b) reinvests most of its profits in its social objects,
 - (c) is independent of any public authority, and
 - (d) is owned, controlled and managed in a way that is consistent with its social objects.

Requests for reductions/waivers must be made in writing by the applicant and/or agent for any application and are subject to the approval of the Service Lead – Planning and Building Standards and are considered at their discretion.

⁴ [Town and Country Planning \(Scotland\) Act 1997 \(legislation.gov.uk\)](#)

4. Calculating Fees

Fees will be calculated in accordance with [The Town and Country Planning \(Fees for Applications\) \(Scotland\) Regulations 2022](#) and any subsequent amendments.

4.1 Floor or Site Area Calculations

Where your proposal is matched to a fee category with no 'pre-set' fee, we will calculate your submission fee using either the site area or floor space (whichever is appropriate per fee category). Please note the following:

- (a) **Where a fee is calculated based on site area**, please ensure the site area (delineated by the 'red line boundary' on a Location Plan) measurement includes the area of land that will be developed or built on and/or any land for which the use will change. Where possible, please ensure your measurement is recorded in Hectares (Ha).
- (b) **Where a fee is calculated based on floor space**, the measurement is based on the gross floor space (gross external area) of all storeys of the new building measured externally (i.e., to the external face of the perimeter walls) at each floor level. For the purposes of calculating a fee, floor space does not include other areas inside a building which are not readily usable by humans or animals, e.g., lift shafts, tanks, or loft spaces. Where possible, please ensure your measurement is recorded in Square Metres (Sq. m / m²)

Measurements which are not an exact multiple of the unit of measurement (as stipulated by the appropriate fee category) will be treated as a whole unit to calculate the fee, i.e., rounded up.

4.2 Alternative Developments

Where your proposal matches more than one fee category, fees under both categories will be calculated and the category with the highest amount payable shall be taken as the application fee.
