TamJam Holdings Ltd – Venue 38, Carrick Street, Ayr  
Extended Hours Application – 29th April 2023  
Report by Licensing Standards Officer

I refer to the Extended Hours application submitted for the above premises which is situated in Carrick Street in Ayr, which is a mainly commercial area.

The application requests a terminal hour of 3.30am on Saturday 29<sup>th</sup> April 2023 and refers to 'an event of local or national significance' with the reason given as 'Ayr Pavilion Festival'.

At the Board meeting of 16<sup>th</sup> January 2020, the Board agreed a report regarding Extended Hours which gave a list of events that in the opinion of South Ayrshire Licensing Board, were of local or national significance. However, the Board also recognised that in addition to the examples given there was also scope for consideration of new significant events and activities in the area.

Members will be aware of the two day music festival that is coming to Ayr Low Green on 29<sup>th</sup> & 30<sup>th</sup> April for which the organiser has applied for an Occasional Licence until 10.30pm. This event is being headlined by a well known DJ who has local routes, I am aware that local operators expect some of the crowds to be moving on to their venues later that night. The operator has advised that the local hospitality trade do anticipate that due to the extremely large crowd who will attend the music event, it will take some time for everyone to disperse and they would like to offer patrons somewhere to continue the festivities.

Having considered the licensing objectives and being aware of the impact that this significant event will have on Ayr town centre and the premises within, I am of the opinion that the large capacity crowd will undoubtedly take considerable time to disperse from the area and therefore there are likely to be patrons who are looking to continue their night in a later opening venue. As these are one of a number of premises within Ayr Town Centre who regularly operate beyond 1am, they already comply with the mandatory conditions regarding Stewarding, CCTV, First Aider, Personal Licence Holders, toilet checks and Drug and Evacuation policies and therefore the systems in place will be similar to those provided at the 'music festival' itself but with a smaller capacity crowd. These premises currently mainly trade only on a Saturday night. In addition to this these premises operated throughout the festive period until 3.30am and no specific issues were noted as a result.

Considering the above and the fact that the 'music festival' on Ayr low green has attracted both local and national press attention and is attracting a significant number of people to the area, I am satisfied the application meets the criteria of an event of local or national significance.

However, the Board's current policy requires any application beyond 2.30am to be considered at a Board meeting and Members may have their own additional questions for the applicant.

Extended Hours Application – 30th April 2023  
Report by Licensing Standards Officer

I refer to the Extended Hours application submitted for the above premises which is situated in Carrick Street in Ayr which is a mainly commercial area.

The application requests a terminal hour of 3.30am on Sunday 30<sup>th</sup> April 2023 and refers to 'an event of local or national significance' with the reason given as 'Early Bank Holiday Sunday'.

At the Board meeting of 16<sup>th</sup> January 2020, the Board agreed a report regarding Extended Hours which gave a list of events that in the opinion of South Ayrshire Licensing Board, were of local or national significance and 'Sunday of Early May Day Holiday' was on the list.

These premises have enjoyed late opening for this reason for a number of years.

This application requests Extended Hours for one day only which is the day before holiday Monday 1<sup>st</sup> May, which has been identified by the Board, and I therefore have no objections.
