

eBuilding Standards.scot

Scotland's new online Building Standards service

www.eBuildingStandards.scot

From 24th August 2016

- New online applications for building warrants and associated submissions
- Familiar user experience for ePlanning.scot users
- Saving time and money every time you apply
- Phase 2 of the new eDevelopment.scot suite of online services
- Starting 24th August 2016

Featuring

- Online application submission
- Simple to use, consistent forms
- Location plan service
- Scope for collaborative online application development
- Swift delivery to your local authority
- Estimated average savings of around £280 for a building warrant application
